Form 10-K for the Fiscal Year Ended December 31, 2009
Filed February 24, 2010
File No. 1-08038**

Dear Mr. Whichard:

We have limited our review of your filing to disclosure relating to your contacts with countries that have been identified as a state sponsor of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comment or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. We note March 2010 news articles discussing your entry into the Middle East market and your plans to expand opportunities in the Middle East and North Africa through your joint venture with AlMansoori Petroleum Services, a subsidiary of UAE's AlMansoori Specialized Engineering. Iran and Syria, located in the Middle East and Sudan, located in North Africa, are identified by the State Department as state sponsors of terrorism and are subject to U.S. economic sanctions and export controls. Please describe to us the nature and extent of your past, current, and anticipated contacts with Iran, Syria and Sudan, whether through subsidiaries or other direct or indirect arrangements.

We note, for instance, from the AlMansoori Specialized Engineering website that it has offices in Iran; we note from an August 2007 news article that AlMansoori acquired Target Energy Group, including its subsidiary Target Well Control Syria. Tell us whether your or your joint venture's products or services will be used in AlMansoori's services or operations in Iran or Syria. In addition, your response should describe any services or products you have provided to Iran, Syria or Sudan and any agreements, commercial arrangements, or other contacts you have had with the governments of Iran, Syria or Sudan, or entities controlled by these governments.

2. Please discuss the materiality of your contacts with Iran, Syria or Sudan described in response to the foregoing comment, and whether those contacts constitute a material investment risk for your security holders. You should address materiality in quantitative terms, including the approximate dollar amounts of any associated revenues, assets, and liabilities for the last three fiscal years and subsequent interim period. Also, address materiality in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you may be aware, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with U.S.-designated state sponsors of terrorism. Your materiality analysis should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Iran, Syria and Sudan, including the possibility of reputational harm resulting from your joint venture with AlMansoori.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

filings;

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filings or in response to our comments on your filings.
