MISCELLANEOUS

FERRO CORPORATION

**1000 LAKESIDE AVENUE
CLEVELAND, OHIO 44114**

March 25, 2002

DEAR SHAREHOLDERS:

I cordially invite you to attend the annual meeting of shareholders of Ferro Corporation, which will be held on Friday, April 26, 2002. The meeting will be held at Ferro's executive offices located at 1000 Lakeside Avenue, Cleveland, Ohio, and will begin at 8:00 a.m. (Cleveland time).

The items proposed for action by the shareholders at the meeting are the election of directors and the designation of auditors. The following pages contain a description of these matters and include information about each of our directors and our auditors.

The record date for the meeting is March 4, 2002. Shareholders of record at the close of business on that day will be entitled to vote at the meeting.

Regardless of the number of shares you own, your participation is important. I would urge you to vote as soon as possible by telephone, the Internet or mail, even if you plan to attend the meeting. You may revoke your proxy at any time before the meeting regardless of your voting method. If you choose, you may also vote your shares personally at the meeting. In any case, your vote is important.

I look forward to seeing you at the annual meeting.

Very truly yours,

HECTOR R. ORTINO,
Chairman and Chief Executive Officer

PROXY STATEMENT

VOTING INFORMATION

The accompanying proxy is solicited by the Board of Directors of Ferro and will be voted in accordance with the instructions given (either in a signed proxy card or through the telephone or Internet procedures described below) unless revoked. A shareholder may revoke his or her proxy without affecting any vote previously taken by giving notice to the Company in writing or in open meeting.

The record date for determination of shareholders entitled to vote at the 2002 annual meeting is March 4, 2002. On that date the outstanding voting securities of Ferro were 34,490,650 shares of Common Stock, having a par value of \$1 each, and 852,825 shares of Series A ESOP Convertible Preferred Stock, no par value. Each share has one vote, and the Common Stock and the Series A ESOP Convertible Preferred Stock vote together as a single class.

You may cast your votes by any one of the following three ways:

By Telephone: Call the toll-free number (1-800-542-1160) printed on your proxy card. Follow the simple instructions and use the personalized control number printed on your proxy card to vote your shares. You will be able to confirm that your vote has been properly recorded. Telephone voting is available 24 hours a day. If you vote by telephone, you do not need to return your proxy card.

Over the Internet: Visit the web site (www.voteast.com) printed on your proxy card. Follow the simple instructions and use the personalized control number printed on your proxy card to vote your shares. You will be able to confirm that your vote has been properly recorded. Internet voting is available 24 hours a day. If you vote over the Internet, you do not need to return your proxy card.

By Mail: Mark, sign and date the enclosed proxy card and return it in the enclosed postage-paid envelope.

ELECTION OF DIRECTORS

The Board of Directors of Ferro presently consists of eleven members. The Board of Directors is divided into three classes, and the directors in each class are elected for terms of three years so that at each annual meeting the term of office of one class of directors expires. The terms of office of three directors of Ferro will expire on the day of the 2002 annual meeting, upon election of their successors.

Proxies solicited pursuant to this Proxy Statement granting authority to vote on the election of directors will be voted for the election of Sandra Austin Crayton, William B. Lawrence and Dennis W. Sullivan to serve for three-year terms expiring in 2005 and until their successors are elected; provided, however, that if the election of directors is by cumulative voting (see page 29 of this Proxy Statement) the persons appointed by the accompanying proxy intend to cumulate the votes represented by proxies they receive and distribute such votes in accordance with their best judgment. All of the candidates for election as directors are directors whose present terms of office will expire at the meeting.

If any nominee is not available at the time of the election, the Board will decrease the authorized number of directors. However, the Board has no reason to believe that any of the nominees will be unavailable.

Information is provided on the following pages regarding the principal occupation and the number of shares of Ferro stock owned on March 4, 2002 by each nominee and each of the other directors who will continue in office after the meeting.

- (a) The beneficial ownership of Mr. Ortino is set forth below his biography in a footnote on page 5 of this Proxy Statement. With respect to other officers named in the Summary Compensation Table on page 20 of this Proxy Statement, the shares reported for Mr. Lee, Ms. Pitts, Mr. Rieger and Mr. Wise include 17,600, 17,000, 22,700 and 26,600 shares, respectively, issued under the Performance Share Plan that are subject to risk of forfeiture based upon the terms of that plan.
- (b) Included in the shares owned by Mr. Ortino, Mr. Lee, Ms. Pitts, Mr. Rieger and Mr. Wise are 18,936, 7,291, 1,289, 930 and 7,538 shares, respectively, representing phantom shares in the voluntary Ferro Corporation Executive Employee Deferred Compensation Plan (formerly named the Ferro Corporation Executive Employee Deferred Bonus Plan).
- (c) Exercisable stock options as of May 3, 2002.

The percentage of shares of outstanding Common Stock, including options exercisable within 60 days of March 4, 2002, the record date, beneficially owned by all directors and executive officers as a group is 2.7%. The percentage of such shares beneficially owned by any director does not exceed 1.0%, except for Mr. Ortino, who owns 1.5% of the outstanding Common Stock. With regard to ESOP Convertible Preferred Stock, directors and executive officers as a group own .6% of the outstanding shares of that series.

Based upon the information available to Ferro, directors, executive officers and employees, as a group, own approximately 14.5% of the outstanding shares of Common Stock, assuming the exercise of stock options exercisable within 60 days of the record date and the conversion of the ESOP Convertible Preferred Stock into Common Stock.

The following table sets forth information about each person known by Ferro to be the beneficial owner of more than 5.0% of its outstanding Common Stock or stock convertible into Common Stock.

Name and address of beneficial owner	Amount and nature of beneficial ownership	Percent of class	
		Common Stock	ESOP Convertible Preferred Stock
Mario J. Gabelli and related entities One Corporate Center Rye, New York 10017	6,182,600 ⁽¹⁾	18.1%	—

- (1) Information regarding share ownership was obtained from Schedule 13D/ A filed May 22, 2001 by Mario J. Gabelli and related entities. Such reporting persons reported sole voting power as to 6,142,600 shares and sole investment power as to 6,182,600 shares.
- (2) Information regarding share ownership was obtained from Schedule 13G filed February 11, 2001 by Capital Group International, Inc. and Capital Guardian Trust Company. They reported sole voting power as to 2,337,200 shares and sole dispositive power as to 3,093,000 shares.
- (3) The beneficial owners of the Savings and Stock Ownership Plan are participating employees of the Company. The 852,825 shares of Convertible Preferred Stock are convertible into 2,216,321 shares of Common Stock, representing approximately 6.4% of the outstanding Common Stock. The Preferred Stock is nontransferable and, upon distribution of an account balance to a plan participant, such participant receives Common Stock issuable upon conversion of the Preferred Stock or cash payable upon redemption of the Preferred Stock. Each share of Preferred Stock carries one vote, voting together with the Common Stock on most matters. The Trustee votes in accordance with the instructions of plan participants.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires Ferro's officers and directors, and persons who own more than ten percent of a registered class of Ferro's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish Ferro with copies of all Section 16(a) forms they file.

Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to Ferro during 2001 and Forms 5 and amendments thereto furnished to Ferro with respect to 2001, no director, officer, beneficial owner of more than ten percent of its outstanding Common Stock, or stock convertible into Common Stock, or any other person subject to Section 16 of the Exchange Act failed to file on a timely basis during 2001 or prior fiscal years any reports required by Section 16(a) of the Exchange Act.

CERTAIN MATTERS PERTAINING TO THE BOARD OF DIRECTORS

During 2001, the Board met seven times and committees of the Board met from time to time upon call of the Chairman (or in the case of the Audit Committee, upon call of its Chairman). During 2001, each director attended at least 75% of the total number of meetings of the Board and the committees on which he or she served.

Each director who is not an employee of Ferro is paid an annual retainer fee of \$30,000. In addition, directors (other than employee directors) are paid an attendance fee of \$1,500 for meetings of the Board and \$1,000 for meetings of its committees. The Chairs of the Audit Committee, the Compensation and Organization Committee and the Finance Committee are each paid an additional annual retainer of \$4,000. The directors have the right to defer their fees into a Ferro Common Stock account. Amounts so deferred will be invested in Ferro Common Stock, together with dividends thereon that will be reinvested in Ferro Common Stock. The deferred account will be distributed after the retirement of the director.

Pursuant to the Stock Option Plan, on the date of the last annual meeting of shareholders, each nonemployee director who continued as a director after the annual meeting was automatically granted an option to purchase 2,500 shares of Common Stock.

Compensation and Organization Committee

The Compensation and Organization Committee considers and formulates recommendations with respect to the compensation of Ferro's officers and performs functions delegated by the Board with respect to the Stock Option Plan, the Performance Share Plan and the Annual Incentive Compensation Plan. The Committee serves as the nominating body for the Board in considering new director candidates and in reviewing the participation of current directors. The Committee reviews candidate credentials, conducts interviews and makes formal recommendations to the Board of Directors for the annual and any interim election of directors. In making its recommendations, the Committee considers a variety of factors, including background, experience, diversity, independence and compatibility with existing Board members. Any shareholder recommendations for members of the Board of Directors should be submitted in writing to the Secretary of Ferro. During 2001, the Committee met three times. A report of the Compensation and Organization Committee is set forth on pages 15 through 18 of this Proxy Statement. Ms. Crayton and Messrs. Bulkin and Sharp are the current members of the Compensation and Organization Committee, with Mr. Bulkin serving as Chairman.

Finance Committee

The Finance Committee reviews the Company's financial plans and recommends actions to management and/or the Board of Directors as the Committee deems appropriate. The Finance Committee reviews the Company's identified worldwide financing requirements and its plans to meet such requirements. Included among its responsibilities is the review of projected worldwide cash flow, the Company's financial objectives and strategies, major acquisitions, and investment performance of the Company's pension plans. In addition, the Committee must review and approve the annual capital appropriation budget. During 2001, the Committee met three times. Ms. Crayton and Messrs. Mee, Morley, Sullivan and Weissner are the current members of the Finance Committee, with Mr. Morley serving as Chairman. Ms. Warrior will become a member of this Committee for 2002.

Audit Committee

The Audit Committee of the Board of Directors met three times in 2001. The Audit Committee has oversight responsibilities with respect to the Company's financial audit and reporting process, system of internal controls, and process for monitoring compliance with law and with the Company's Code of Conduct. The Committee seeks to adopt best practices for its own procedures as well as for the presentation of the Company's financial position and the Company's adherence to internal controls. The Committee is also responsible for maintaining open communication between and among the Committee, management and the internal and outside auditors. Notwithstanding the above, the Committee is not responsible for conducting audits, preparing financial statements, or assuring the accuracy of financial statements or filings, all of which are the responsibility of management and the outside auditors. The Audit Committee performs its oversight functions and responsibilities pursuant to a written charter adopted and reviewed annually by the Company's Board of Directors. A copy of the charter was attached to the 2001 Proxy Statement.

The current members of the Audit Committee are Messrs. Lawrence, Morley, Sharp, Sullivan and Weissner, with Mr. Lawrence serving as Chairman. Dr. Hwang will become a member of this Committee for 2002. Each Member of the Audit Committee is "independent" under the listing standards of the New York Stock Exchange.

Report of the Audit Committee

The Audit Committee has reviewed and discussed with the Company's management and KPMG LLP, the Company's independent auditors, the audited financial statements of the Company for the fiscal year ended December 31, 2001. The Audit Committee has

also discussed with KPMG LLP all matters required by generally accepted auditing standards to be discussed. The Audit Committee has received the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1, has discussed with KPMG LLP its independence, and has concluded that KPMG LLP is independent.

Based on the review and discussions noted above, and consistent with the roles and responsibilities referred to above and in the Committee's Charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001 for filing with the Securities and Exchange Commission.

Audit Fees

KPMG LLP billed the Company aggregate fees of \$2,243,000 for the audit of the Company's annual financial statements and for reviews of the financial statements included in the Company's Forms 10-Q, all for the year ended December 31, 2001, including procedures performed on businesses formerly owned by dmc² that the Company acquired on September 7, 2001, for periods subsequent to that acquisition.

Financial Information Systems Design and Implementation Fees

For the 2001 fiscal year, KPMG LLP billed aggregate fees of \$30,000 for financial information systems design and implementation, which includes the types of services described in Paragraph (c)(4)(ii) of Rule 2-01 of Regulation S-X. The Audit Committee has considered whether the provision of such services for financial information systems design and implementation is compatible with maintaining KPMG LLP's independence.

All Other Fees

For the 2001 fiscal year, KPMG LLP billed \$2,435,000 in fees for all services other than those described above. These fees related principally to services provided by KPMG LLP in connection with the dmc² acquisition. Such services included audits of the historical financial statements of the predecessor dmc² entities (which audited statements were required for the Company's regulatory filings in 2001 and will be needed for

the Company's ongoing financial reporting obligations in the future) and other tax, advisory and audit-related services provided in connection with the acquisition. The Audit Committee has considered whether the provision of these other services is compatible with maintaining KPMG LLP's independence.

DESIGNATION OF AUDITORS

On recommendation of the Audit Committee, the Board of Directors has appointed KPMG LLP to continue as Ferro's auditors for the current year, subject to the approval of shareholders. Unless otherwise indicated, the accompanying proxy will be voted in favor of ratifying the selection of the firm to audit the books and accounts of Ferro for the current year ending December 31, 2002.

Representatives of KPMG LLP will be at the annual meeting, will have an opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

INFORMATION CONCERNING EXECUTIVE OFFICERS

Report of the Compensation and Organization Committee

The principal components of senior executive officer compensation at Ferro, and the role of the Compensation and Organization Committee of the Board of Directors as to each component in 2001, were as follows:

1. Annual salary level for the Chairman and Chief Executive Officer recommended by the Committee and approved by the Board, and annual salary level for other executive officers approved by the Committee.
2. Annual Incentive Compensation Plan (a cash bonus plan) under which achievement is measured primarily by attainment of mathematical targets and, for officers other than the Chairman and Chief Executive Officer, is measured to a lesser extent by nonmathematical determinations. The Committee adopts a plan each year, including the placement of senior executives in the plan, determination of the applicable percentage of salary to be used for bonus measurement, and determination of the mathematical targets by which the level of bonus achievement will be measured. The Committee approves the actual nonmathematical bonus awards to senior executive officers other than the Chairman and Chief Executive Officer (for whom the entire bonus award is based on mathematical determinations).
3. Performance Share Plan (a long-term incentive plan) under which annual performance share grants may be converted into shares of Common Stock based upon the degree of achievement of Performance Targets during the Performance Period. The Committee determines the award of performance shares and establishes the Performance Targets that will be applicable to determine the degree of conversion of performance share grants into Common Stock under the Performance Share Plan. Unless target levels of profitability performance are achieved, realization of values by the senior executives under the Performance Share Plan will be significantly below values reflected at the time of awards because nonachievement of Performance Targets will result in significant forfeiture of Performance Shares previously awarded.
4. Stock options, which are determined by the Committee pursuant to the terms of the Stock Option Plan.

Ferro retains independent executive compensation consultants for the benefit of both management and the Committee. Currently, Ferro's executive compensation consultant is Watson Wyatt & Company ("Watson Wyatt"). Watson Wyatt's advice is based on a variety of competitive data maintained by, or available to, Watson Wyatt.

From these data banks, Watson Wyatt derives recommended standards for compensation levels at Ferro based upon competitive levels at peer group companies.

Applying this data to Ferro, and to Mr. Ortino, Ferro's Chairman and Chief Executive Officer during 2001, the Committee recommended (and the Board approved), for 2001:

1. A salary level of \$700,000, which is in the second quartile of competitive market salary data as reported by Watson Wyatt.
2. An Annual Incentive Compensation Plan cash bonus target amount equal to 75% of salary, all of which was based on the mathematical application of performance factors. Payment of the bonus is based on the degree of achievement of a matrix of mathematical targets combining earnings per share growth, sales growth and acquisitions. These mathematical targets, if achieved, result in a bonus amount that is at the median of other companies in the marketplace for 2001 as reported by Watson Wyatt.
3. A Performance Share Plan award of 33,000 shares.
4. An award of stock options for 122,000 shares under the Stock Option Plan.

The stock option award level and the performance share award level are in the second quartile of long-term incentive programs of comparable companies in the marketplace as reported by Watson Wyatt.

The future value of stock option awards will, of course, be a function of the market value for Ferro stock in the future. The future value of performance share grants will be a function both of the future market value of Ferro stock and of the degree of achievement of the performance targets by which the conversion of such performance share grants is determined.

The recommendations of the Committee represented satisfaction with the manner in which Mr. Ortino performed his responsibilities as Chairman and Chief Executive Officer and his maturity, leadership, judgment and experience in the business of Ferro. The recommendations and actions of the Committee included consideration of Watson Wyatt's data as to competitive standards of compensation in the marketplace. Watson Wyatt advised the Company as to competitive levels of salary (fixed annual compensation), short-term incentive compensation (Ferro's Annual Incentive Compensation Plan) and long-term incentive compensation (Ferro's Stock Option Plan and Performance Share Plan). The Committee's policy is to attain competitive levels of executive compensation in each of these areas (salary, short-term incentive and long-term incentive).

Mr. Ortino strongly advocates, and the Committee concurs, that a substantial portion of executive compensation should be variable, based upon performance of the Company and results achieved by each member of management. Application of this principle resulted in 2001 long-term incentive compensation levels for senior executive officers at the median of other companies as reported by Watson Wyatt's competitive market data. Also, for 2001, Ferro's performance against the Annual Incentive Compensation Plan financial targets at the corporate level resulted in bonus attainment above target levels for all measures combined.

In making its determinations and recommendations with respect to Ms. Pitts and Messrs. Lee, Rieger and Wise, the Committee considered and discussed those same materials and information that were considered with respect to Mr. Ortino, as well as the advice and recommendations of Mr. Ortino as to such individuals. The Committee also considered its evaluation of the individual performance of those individuals. In the case of Ms. Pitts and Messrs. Lee and Rieger, who have direct responsibilities with respect to Company operations, their levels of achievement under the Annual Incentive Compensation Plan and Performance Share Plan are materially affected by the performance of those specific operations that are in their respective areas of responsibility. The Committee also approved the inclusion of Ms. Pitts and Messrs. Rieger and Wise in a special incentive plan that was instituted in connection with Ferro's acquisition of various businesses formerly owned by dmc². Payments under this plan were based upon the attainment of certain operating and cash flow results during the fourth quarter of 2001. Senior executive officers may also receive awards of phantom stock under the Acquisition Performance Reward Plan. This plan offers payouts based upon the success of the Company's acquisitions, including the amount of added sales of the new businesses. Upon the conclusion of a three-year performance period, a calculation determines the amount payable to a participant as a result of the conversion of such phantom stock into cash.

In 1993, the Internal Revenue Code was amended to add Section 162(m), which generally provides that certain compensation in excess of \$1 million per year paid to a company's chief executive officer and any of its four highest paid executive officers is no longer deductible by a company unless the compensation qualifies for an exception. Section 162(m) provides an exception for performance based compensation if certain procedural requirements, including shareholder approval of the material terms of the performance goals, are satisfied. In 1995, the Committee recommended, and the shareholders approved, certain changes to the Company's Performance Share Plan and Stock Option Plan that would qualify such plans under the Section 162(m) exception and preserve the tax deductibility to the Company of compensation paid to executives under

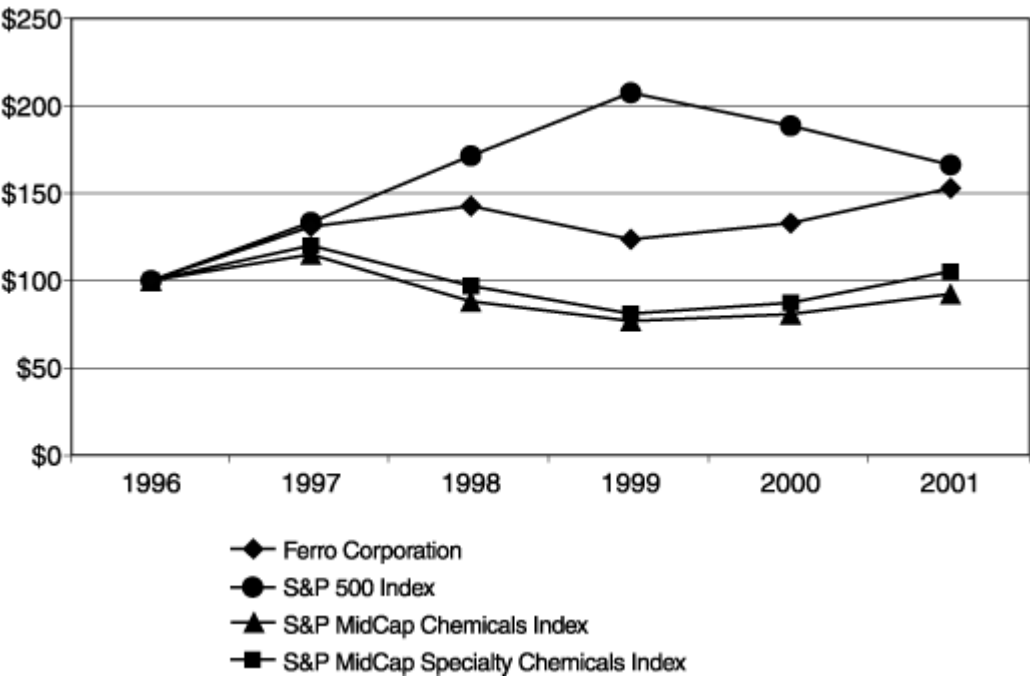

these plans in the future. Mr. Ortino received compensation in excess of \$1 million in 2001.

Performance Compared to Certain Standards

The chart set forth below compares Ferro’s cumulative total shareholder return for the five years ended December 31, 2001 to that of (a) the Standard & Poor’s 500 Index, (b) the Standard & Poor’s MidCap Specialty Chemicals Index (“New Index”) and (c) the Standard & Poor’s MidCap Chemical Index (“Old Index”), which index represented a designated group of companies deemed to have a peer group relationship to Ferro. The New Index consists of 10 companies (including Ferro) within the Company’s industry peer group. As of January 1, 2002, Standard & Poor’s is no longer computing the Old Index, so the performance of the Old Index is displayed here for comparative purposes as required by SEC Regulation S-K, Item 402(l)(4), but will not be provided in the future. In all cases, the information is presented on a dividend reinvested basis.

(1) The values reported above are based upon (a) the number of Performance Shares awarded under the Performance Share Plan times the market price of the Common Stock on the date of the award, and (b) the number of Reward Shares awarded under the Acquisition Performance Reward Plan times the market price of the Common Stock on the date of the completion of the acquisition. For both of the plans, the performance period is three years. Under the Performance Share Plan, if Ferro’s performance exceeds target levels, the number of shares can increase by up to 100% for shares awarded in 1999, 2000 and 2001. At December 31, 2001, the persons listed above hold the following number of Performance Shares, valued at the value of the underlying shares at December 31, 2001, applicable to performance periods not yet completed: Mr. Ortino, 66,000 shares, valued at \$1,702,800; Mr. Lee, 17,600 shares, valued at \$454,080; Ms. Pitts, 10,000 shares, valued at \$258,000; Mr. Rieger, 14,200 shares, valued at \$366,360; and Mr. Wise, 17,600 shares, valued at \$454,080. Dividends are payable under the Performance Share Plan to award recipients. Under the Acquisition Performance Reward Plan, if certain performance targets are met by the acquired businesses, the number of

shares can be increased by up to 100% of the shares awarded. At December 31, 2001, Mr. Lee holds 6,550 Reward Shares, which, based upon the value of the underlying shares at December 31, 2001, is valued at \$168,990.

- (2) Stock Option grants were awarded on February 25, 1999, February 11, 2000 and February 9, 2001.
- (3) Pursuant to the terms of the Performance Share Plan, the amounts listed were distributed in equal amounts of cash and shares of the Company.
- (4) In the year ended December 31, 2001, "All Other Compensation" includes company matching payments under the Ferro Stock Savings and Ownership Plan, as follows: Mr. Ortino, \$6,950, Mr. Lee, \$6,947, Ms. Pitts, \$6,950, Mr. Rieger, \$6,844 and Mr. Wise, \$6,828; personal use of leased vehicle, as follows: Mr. Ortino, \$9,215, Mr. Lee, \$1,728, Mr. Rieger, \$8,053 and Mr. Wise, \$8,725; taxable portion of benefits under health, hospitalization, and life insurance programs, as follows: Mr. Ortino, \$3,870, Ms. Pitts, \$1,150, Mr. Rieger, \$830, and Mr. Wise, \$612; contributions by the Company on behalf of the executives to the Supplemental Executive Defined Contribution Plan, as follows: Mr. Ortino, \$71,690, Mr. Lee, \$28,283, Ms. Pitts, \$9,999, Mr. Rieger, \$9,426 and Mr. Wise, \$8,889; and reimbursement by the Company for tax services, as follows: Mr. Ortino, \$4,000, Mr. Rieger, \$895 and Mr. Wise, \$2,250. In addition, dividends received from restricted stock granted under Performance Share Plans were as follows: Mr. Ortino, \$57,420, Mr. Lee, \$15,312, Ms. Pitts, \$8,700, Mr. Rieger, \$11,136 and Mr. Wise, \$15,312.

Stock Option Grants, Exercises and Year-End Values

The following table sets forth information regarding grants of stock options to each of the five highest paid executive officers of Ferro under Ferro’s Stock Option Plan during the fiscal year ended December 31, 2001. The exercisability of the stock options vests at the rate of 25% per year. In the case of death, retirement, disability or change in control, the options become 100% exercisable.

Option Grants in 2001

Name	Options Granted	% of Total Options Granted to Employees in 2001	Exercise Price	Expiration Date	Grant Date Present Value(1)
H. R. Ortino Chairman and Chief Executive Officer	122,000	17.5%	\$23.60	02/09/2011	\$864,980
K. H. Lee, Jr. Senior Vice President, Specialty Chemicals	25,000	3.6%	\$23.60	02/09/2011	\$177,250
M. W. Pitts Vice President, Industrial Coatings	21,000	3.0%	\$23.60	02/09/2011	\$148,890
R. A. Rieger Vice President, Ceramics, Colors and Electronic Materials	29,000	4.2%	\$23.60	02/09/2011	\$205,610
B. W. Wise Senior Vice President and Chief Financial Officer	33,000	4.7%	\$23.60	02/09/2011	\$233,970

(1) The grant date present value has been calculated using the Black-Scholes method of option valuation. The model assumes the following: (a) an option term of ten years; (b) an interest rate that represents the interest rate on a U.S. Treasury bond with a 30-year maturity; (c) volatility calculated using month-end stock prices for the past six years prior to grant date; and (d) the stock’s most recent annual dividend yield.

The following table shows information regarding stock option exercises during 2001 and information regarding options held at year-end.

Name	Shares Acquired On Exercise	Value Realized	Number of Unexercised Options at December 31, 2001	Value of Unexercised In-the-Money Options at December 31, 2001(1)
			Exercisable/ Unexercisable	Exercisable/ Unexercisable
H. R. Ortino Chairman and Chief Executive Officer	13,500	\$81,405	246,447/226,053	\$4,801,864/\$4,949,337

R. A. Rieger Vice President, Ceramics, Colors and Electronic Materials	—	—	7,250/45,250	\$141,172/\$992,072
B. W. Wise Senior Vice President and Chief Financial Officer	—	—	13,398/60,602	\$81,363/\$1,122,937

(1) Value of unexercised in-the-money options is based on Ferro’s NYSE closing Common Stock price on December 31, 2001, of \$25.80.

Performance Share Plan Awards

The following table sets forth information relating to Performance Share Plan (“Plan”) awards during 2001 to each of the five highest paid executive officers of Ferro. Each award under the Plan has a three-year performance cycle ending on December 31, 2003. A condition to vesting includes the continued employment of the Plan participant to the end of the Performance Period. However, in the case of death, disability or retirement, there is a pro rata payment at the end of the Performance Period based upon the portion of the Performance Period during which employment continued. Also, in the case of a change in control, a cash payment equal to (1) the aggregate value of Plan awards based on the remaining term in the executive’s employment agreement and the portion of the Performance Period that expired prior to the change in control, minus (2) the value of payments made under the Plan, is paid at the time of the change in control.

Performance Share Plan Awards in 2001

Name	Number of Shares	Estimated Future Share Payouts in Shares(a)		
		Threshold(50%)	Target(100%)	Maximum(200%)
H. R. Ortino Chairman and Chief Executive Officer	33,000	16,500	33,000	66,000
K. H. Lee, Jr. Senior Vice President, Specialty Chemicals	8,800	4,400	8,800	17,600
M. W. Pitts Vice President, Industrial Coatings	5,000	2,500	5,000	10,000
R. A. Rieger Vice President, Ceramics, Colors and Electronic Materials	7,600	3,800	7,600	15,200
B. W. Wise Senior Vice President and Chief Financial Officer	8,800	4,400	8,800	17,600

(a) Mr. Ortino, Ms. Pitts and Mr. Wise have performance measurements based on corporate earnings per share growth and sales growth. In addition to the corporate performance measurements, Messrs. Lee and Rieger have measurements based on their respective operating group sales growth and growth in operating profit. All of the above performance measurements are further adjusted for completed acquisitions.

Retirement Plan

Ferro maintains a noncontributory defined benefit retirement program for certain eligible employees, including officers. Under the retirement program, the monthly retirement benefit payable to a participating officer who retires with 30 or more years of service is 50% of the monthly average of the participant’s covered compensation during the five consecutive calendar years in which his covered compensation was the highest, reduced by 50% of his primary Social Security benefit. If the participating employee has less than 30 years of service, or retires prior to age 65, the monthly benefit is reduced. Covered compensation for purposes of benefits under the retirement program are comprised of basic salary, bonus and Performance Share Plan Awards. Benefits under the retirement program are paid under the Ferro Corporation Retirement Plan (the “Qualified Pension Plan”) and under the Ferro Corporation Nonqualified Retirement Plan (the “Nonqualified Pension Plan”). The Qualified Pension Plan provides a monthly pension at age 65 retirement (or at early retirement on or after age 55 with at least 10 years of credited service), payable for life with a guarantee of 120 monthly payments. Generally, for purposes of the Qualified Pension Plan, covered compensation means basic salary or wages, plus overtime, plus incentive compensation under Ferro’s U.S. incentive plan. The Internal Revenue Code limits the annual benefits payable from, and compensation that can be counted in calculating benefits under, the Qualified Pension Plan. In response to such limitations and for certain other purposes, Ferro has adopted the Nonqualified Pension Plan (formerly known as the Ferro Corporation Excess Benefits Plan). Ferro’s established normal retirement age is 65 under both the Qualified Pension Plan and Nonqualified Pension Plan, but in the case of Ferro officers, retirement benefits under the Nonqualified Pension Plan are not subject to reduction (reduction does apply to pre-age 65 commencement of early retirement benefits under the Qualified Pension Plan) if the officer retires after attainment of age 60. A participant’s right to receive and retain Nonqualified Pension Plan benefits is conditioned upon (i) Ferro’s receipt of a noncompetition, nonsolicitation, nondisparagement, and confidentiality agreement (in a form specified by Ferro) signed by the participant, and (ii) the participant’s continued compliance with the terms and conditions of such agreement. The following table shows estimated annual benefits payable upon retirement under both the Qualified Pension Plan and the Nonqualified Pension Plan to officers

with the specified years of service and the indicated average annual covered compensation over a five consecutive year period.

The five-year average covered compensation for the individuals listed in the Summary Compensation Table was: Mr. Ortino, \$1,441,289; Mr. Lee, \$429,161; Ms. Pitts, \$278,042; Mr. Rieger, \$291,694; and Mr. Wise, \$380,993. As of December 31, 2001, Mr. Ortino, Mr. Lee, Ms. Pitts, Mr. Rieger and Mr. Wise had 30, 5, 3, 3, and 2 whole years of service, respectively. Benefit amounts in the above Pension Table are stated in the form of a life annuity, with 120 payments guaranteed and a 50% surviving spouse annuity. Benefits listed in the above Pension Table are net of any deductions in the plans for Social Security, but they may be subject to offset for benefits that may be payable under another Ferro defined benefit pension plan (for example, an hourly plan).

Executive Employment Agreements and Change in Control Agreements

Ferro is a party to executive employment agreements (the “Executive Employment Agreements”) with Messrs. Ortino and Lee. The purpose of the Executive Employment Agreements is to reinforce and encourage the continued attention and dedication of

these officers to their assigned duties without distraction in the face of solicitations by other employers and the potentially disturbing circumstances arising from the possibility of a change in control of Ferro. Also, the Executive Employment Agreements limit the right of an officer to compete against Ferro after the termination of his or her employment. To that end, the Executive Employment Agreements obligate Ferro to provide certain severance benefits, described below, in the event of termination under certain circumstances.

Severance benefits are payable under the Executive Employment Agreements if the officer's employment is terminated for reasons other than for cause, disability, death or normal retirement or if the officer terminates his employment for "Good Reason." Good Reason will exist if (1) Ferro fails to honor any of its obligations or responsibilities under certain designated sections of the Executive Employment Agreements, (2) following a change in control, the officer receives a notice of termination from the Company for the purposes of preventing extension of the term of the officer's employment agreement or (3) the officer voluntarily resigned at any time during the three-month period following the first anniversary of a change in control. Severance benefits are also payable if a successor (whether direct or indirect, by purchase, merger, consolidation or otherwise) to all or substantially all of the business and/or assets of Ferro fails to expressly assume the Executive Employment Agreements.

The principal severance benefits to be paid to the officers under the Executive Employment Agreements are (1) a lump sum severance payment equal to a full year's compensation (base salary and incentive compensation) multiplied by three in the case of Mr. Ortino and multiplied by two in the case of Mr. Lee, (2) a lump sum calculated to approximate the present value of the additional retirement benefits to which the officer would have become entitled had he remained in the employment of Ferro for the same number of years used in computing the lump sum severance payment, (3) continued participation in Ferro's employee benefit programs such as group life, health and medical insurance coverage for the same number of years used in computing the lump sum severance payment and (4) a cash payment in an amount to reimburse, on an after-tax basis, that portion of any excise tax attributable to payments or benefits required to be made to the officer.

Ferro is also a party to change in control agreements (the "Change in Control Agreements") with Ms. Pitts and Messrs. Rieger and Wise. The purpose of the Change in Control Agreements is to reinforce and encourage the continued attention and dedication of these officers to their assigned duties without distraction in the face of the potentially disturbing circumstances arising from the possibility of a change in control. However, the Change in Control Agreements are not employment agreements. The principal severance benefits to be paid to the officers in the event their employment is

terminated following a change in control are substantially similar to the severance benefits outlined above for the officers under the Executive Employment Agreements. Under the Change in Control Agreements, the officers are also limited in their ability to compete against Ferro.

As security for its payment of the benefits provided for in the Executive Employment Agreements and the Change in Control Agreements, Ferro has established, in accordance with its obligation under the agreements, an escrow account at National City Bank and deposited into that escrow account a percentage of the amount that would be payable to each of the officers under the agreements. No officer has a right to receive any amount in the escrow account until Ferro has defaulted in its obligations to that officer under the agreement to which he or she is a party. Interest earned on the escrow account is paid to the Company.

SHAREHOLDER PROPOSALS FOR THE 2003 ANNUAL MEETING

Any shareholder who intends to present a proposal at the 2003 annual meeting and who wishes to have the proposal included in Ferro's proxy statement and form of proxy for that meeting must deliver the proposal to Ferro at its executive offices, 1000 Lakeside Avenue, Cleveland, Ohio 44114, not later than November 25, 2002.

Any shareholder who intends to present a proposal at the 2003 annual meeting other than for inclusion in Ferro's proxy statement and form of proxy must deliver the proposal to Ferro at its executive offices, 1000 Lakeside Avenue, Cleveland, Ohio 44114, not later than February 8, 2003 or such proposal will be untimely. Ferro reserves the right to exercise discretionary voting authority on the proposal if a shareholder has failed to submit the proposal by February 8, 2003.

MISCELLANEOUS

Ferro will bear the cost of preparing and mailing this statement, with the accompanying proxy and other instruments. Ferro will also pay the standard charges and expenses of brokerage houses, or other nominees or fiduciaries, for forwarding such instruments to and obtaining proxies from security holders and beneficiaries for whose account they hold registered title to shares of the Company. In addition to using the mail, directors, officers and other employees of Ferro, acting on its behalf, may also solicit proxies, and Morrow & Co., New York, New York, has been retained, at an estimated cost of \$7,500 plus expenses, to aid in the solicitation of proxies from brokers, institutional holders and individuals who own a large number of shares. Proxies may be

solicited personally, by telephone, or by telegram. This proxy statement and the accompanying proxy will be sent to shareholders by mail on or about March 25, 2002.

Under the Ohio General Corporation Law, if a shareholder desires cumulative voting for election of the directors, then the shareholder must provide written notice to the President, a Vice President or Secretary of Ferro at least forty-eight hours before the meeting. Upon announcement of this notice at the meeting, each shareholder will have cumulative voting rights. Cumulative voting means that each shareholder is entitled to that number of votes equal to the number of shares that he or she owns multiplied by the number of directors to be elected. Each shareholder may cast all of his or her votes for a single nominee or may distribute his or her votes among as many nominees as he or she sees fit. As indicated on page 2 of this Proxy Statement, if the election of directors is by cumulative voting, the persons appointed by the accompanying proxy intend to cumulate the votes represented by the proxies they receive and distribute such votes in accordance with their best judgment. Those nominees receiving the largest number of votes for the director positions to be filled will be elected to those positions. Abstentions will be deemed to be present for the purpose of determining a quorum for the meeting, but will be deemed not voting on the issues or matters as to which the abstention is applicable.

Only the business set forth above in this notice of meeting will be acted upon at the annual meeting of shareholders.
