MORTGAGE SERVICES

MORTGAGE SERVICES

Overview

- Secondary-market purchases of nonconforming residential mortgage loans from correspondents
- \$7.7 billion acquired in 2001, with net gain of \$3.4 billion
- Decision One mortgage banking subsidiary (purchased in 1999) originated \$3.0 billion in 2001
- \$18.3 billion total loans outstanding as of December 31, 2001
- Primarily A and A- borrowers
- Primarily first mortgages; combined original LTV is 88%
- ROE over 20%

MORTGAGE SERVICES

Competitive Landscape

- Industry consolidation has resulted in fewer, better capitalized, more rational competitors
- Major competitors include Citifinancial Mortgage, RFC/GMAC, Countrywide and Wall Street firms
- Banks withdrawing from nonconforming market under regulatory pressure
- GSEs increasing market share

MORTGAGE SERVICES

Business Model

- Channel for real estate secured growth – complementary to branches
- Imperfect market creating opportunities
- Centralized operations with sophisticated front-end controls, underwriting and valuation
- Focus on relationship management and value-added services rather than price
- Enhances credit quality/product mix of Household portfolio

MORTGAGE SERVICES

Business Model (cont.)

- Disciplined loan valuation and underwriting
 - 100% of loans are underwritten to Mortgage Services guidelines
 - Borrower's ability to pay is primary consideration
 - Valuation based on proprietary pricing/credit models
 - No delinquent loans purchased
- In 2001, purchased 75% of loans presented to us
- 90% of all first liens and 69% of all second liens purchased in 2001 had a prepayment penalty

MORTGAGE SERVICES

2001 Financial Performance
