Note 1 – Significant Accounting Policies, page 66

General

1. We note a significant portion of your income is derived from non-interest revenues. In future filings please disclose your accounting policy for recognition of the following non-interest revenue items, which appear material as a percentage of total non-interest income. Include the period over which the revenue is recognized, the method(s) you use for recognition and the specific accounting literature you use to determine the appropriateness of your policy. Provide us with your proposed future disclosure.
 - credit and debit card revenue;
 - merchant processing services;
 - trust and investment management fees; and
 - deposit service charges.

Note 21 – Derivative Instruments, page 93

2. For each type of hedging relationship entered into during the periods presented, please tell us how you determined that they met the criteria for hedge accounting pursuant to paragraphs 20, 21, 28 and 29 of SFAS 133. Specifically address the following for each type of hedging relationship:
 - the nature and terms of each hedged item or transaction (including any conversion, call, or interest rate deferral features);
 - the nature and terms of the derivative instruments;
 - the specific documented risk being hedged;
 - the type of SFAS 133 hedge (fair value, cash flow, etc.); and
 - the quantitative measures you use to assess hedge effectiveness (at inception and on an ongoing basis) and calculate hedge ineffectiveness.
3. Please tell us whether you use the short-cut method or matched terms for assuming no ineffectiveness for any of your hedging relationships that qualify for hedge accounting treatment under SFAS 133. If so, please tell us how you determine the hedging relationship meets each of the conditions in paragraph 68 or 65 of SFAS 133.

Please furnish a cover letter that keys your responses to our comment and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your responses to our comment.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. - the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filing or in response to our comments on your filing.
