Independent Auditors' Report

The Plan Administrator
Trustmark 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of Trustmark 401(k) Plan (the Plan) as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TRUSTMARK 401(K) PLAN

Notes to Financial Statements

December 31, 2002 and 2001

(1) Plan Description

The following description of Trustmark 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) *General*

The Plan is a defined contribution plan established for the employees of Trustmark Corporation (the Company) and certain other associated companies. The Plan provides eligibility for participation on the first day of the month following the completion of at least 1,000 hours of service during the twelve-month period ending on the anniversary of a person's employment commencement date.

(b) *Plan Administration*

The Plan's record keeping functions are handled by Nationwide Life Insurance Company and Nationwide Trust Company. Trustmark National Bank serves as the Plan's trustee. The plan administrator and sponsor is Trustmark Corporation, parent company of Trustmark National Bank. Prior to January 31, 2002, Bysis Plan Services and Frontier and Reliance Trusts served as record keeper and trustee, respectively.

(c) *Employee Contributions*

The Plan allows participants to make voluntary before-tax salary deferral contributions, through payroll deductions, to separately invested funds in accordance with Section 401(k) of the Internal Revenue Code. If certain requirements of Internal Revenue Code Section 401(k) are not met in Plan operation, the salary deferral agreements of participants may, on a nondiscriminatory and uniform basis, be amended or revoked to preserve the qualified status of the Plan. Voluntary after-tax contributions by participants are not allowed. Participants may direct investment of their voluntary contributions among several investment options.

Effective January 1, 2002, the Plan was amended, whereby, participants may elect to contribute up to 25% of eligible compensation each period, subject to regulatory limitations. Prior to 2002, employee contributions were limited to 15% of eligible compensation. Any excess contributions must be returned to the applicable participant by April 15 of the calendar year following the year of excess contributions. The Plan was amended in the current year whereby rollover contributions from individual retirement accounts or other qualified plans are allowed.

In 2002, the Plan was amended whereby participants who were age 50 years or older by the end of calendar year were able to make catch-up contributions to the Plan. Catch-up contributions represent employee compensation deferrals in excess of IRS annual deferral limits. The IRS annual deferral limits and annual catch-up contribution limits are indicated in the following schedule:

<u>Calendar year</u>	<u>Deferral limit</u>	<u>Catch-up contribution limit</u>
2002	\$ 11,000	\$ 1,000
2003	12,000	2,000
2004	13,000	3,000
2005	14,000	4,000
2006	15,000	5,000
Thereafter	Indexed in \$500 increments	Indexed in \$500 increments

(d) Employer Contributions

Effective January 1, 2002, the Plan was amended whereby all employee contributions are matched by the employer at a rate of 100% of the first 3% and 50% of the next 3% of covered compensation. Prior to January 1, 2002, employee contributions were not matched by the employer. The Company contributed \$2,870,482 and \$2,671,871 to the Plan in 2002 and 2001. Under the amended provisions of the Plan, the employer may make discretionary contributions.

(e) Allocations

Employee and employer contributions are allocated directly to each participant's account in accordance with the individual participant's elections. Participant accounts are valued daily.

(f) Vesting

On the first day of the month coincident with or following a participant's sixty-fifth birthday, such participant is entitled to retire from active service with the employer, and 100% of the value of the participant's share of the Plan becomes fully vested. A participant also vests 100% upon death or termination of employment due to permanent disability.

Participants are immediately vested in their voluntary contributions and employer matching contributions and the investment earnings and losses thereon. Participants vest in the employer discretionary contributions as shown in the following schedule:

<u>Years vesting service</u>	<u>Vested percentage</u>
Less than 5	0%
5 or more	100%

TRUSTMARK 401(K) PLAN

Notes to Financial Statements

December 31, 2002 and 2001

Forfeitures of nonvested employer discretionary accounts are used to reduce the employer match contribution.

In case of termination of the Plan, the value of each participant's share of the Plan becomes fully vested as of the date of such termination.

(g) *Payment of Benefits*

On retirement, death, disability, or termination of service, a participant may elect to receive a lump-sum distribution equal to his or her vested account balance or a life annuity. In addition, hardship distributions are permitted if certain criteria are met.

(h) *Plan Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested benefit.

(2) Significant Accounting Policies

(a) *Basis of Presentation*

The Plan's financial statements are prepared using the accrual basis of accounting, with the exception of the payment of benefits, which are recognized as a reduction in the net assets available for benefits of the Plan as they are disbursed to participants. Purchases and sales of securities are recorded on a trade-date basis.

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Valuation of Investments*

Investments are stated at fair value. Cash equivalents are stated at cost which approximates fair value. The fair value of mutual funds and other securities traded on a national securities exchange are valued at the closing quoted market price on the last business day of the year.

(d) *Net Depreciation in Fair Value of Investments*

Net depreciation in fair value of investments, as recorded in the accompanying statement of changes in net assets available for benefits, includes changes in fair value of investments acquired, sold, or held during the year.

(e) *Administrative Fees*

Administrative fees are paid by the Plan. All other fees, including professional fees, are paid by the Company.

Notes to Financial Statements

December 31, 2002 and 2001

(3) Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31, 2002 and 2001 are as follows:

	<u>December 31,</u>	
	<u>2002</u>	<u>2001</u>
Investments at fair value as determined by quoted market price:		
Common stock of Trustmark Corporation	\$ 53,648,075	\$ 62,084,423
Performance Funds Trust Mutual Funds:		
Large-Cap Equity Fund	6,047,890	10,571,905
Mid-Cap Equity Fund	5,484,933	7,555,686
Federated Capital Preservation Fund	13,768,069	9,729,922

During 2002, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Investments at fair value as determined by quoted market price:	
Trustmark Corporation Stock Fund	\$ 1,419,642
Mutual Funds	<u>(6,441,905)</u>
Net depreciation in fair value of investments	<u>\$ (5,022,263)</u>

(4) Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 1, 1998, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(5) Related Parties

Trustmark National Bank serves as the investment advisor for the Performance Funds Trust Mutual Funds. Trustmark Corporation is the parent company of Trustmark National Bank. Trustmark National Bank also serves as the Plan's trustee.

2001 amounts pending distribution to participants	72,000	(72,000)
Per Form 5500	<u>\$ 72,000</u>	<u>\$ 102,250,886</u>

(7) Contingencies

The Company and its subsidiaries are parties to lawsuits and other claims that arise in the ordinary course of business. Some of the lawsuits assert claims related to various business activities; and some of the lawsuits allege substantial claims for damages. The cases are being vigorously contested. In the regular course of business, management evaluates estimated losses or costs related to litigation, and provision is made for anticipated losses whenever management believes that such losses are probable and can be reasonably estimated. At the present time, management believes, based on the advice of legal counsel, that the final resolution of pending legal proceedings will not have a material impact on the financial position or results of operations of either the Company or the Plan.
