Report of Independent Registered Public Accounting Firm

To the Stockholder
First Midstate Incorporated

We have audited the accompanying statement of financial condition of First Midstate Incorporated (a Delaware corporation) as of June 30, 2017, and the related notes to the financial statement. This financial statement is the responsibility of First Midstate Incorporated's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of First Midstate Incorporated as of June 30, 2017 in conformity with accounting principles generally accepted in the United States of America.

FIRST MIDSTATE INCORPORATED
NOTES TO FINANCIAL STATEMENT

June 30, 2017

Note 1. Nature of Business, Use of Estimates and Significant Accounting Policies

Nature of business:

First Midstate Incorporated (the Company) is an investment banking firm predominantly involved with the underwriting of bond issues and consulting on the issuance of bonds for governmental units in the State of Illinois.

Management has evaluated the need for subsequent event recognition or disclosure through August 28, 2017, the date the financial statements were available to be issued.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Significant accounting policies:

Cash and cash equivalents:

For purposes of reporting cash flows, the Company considers all Treasury bills and bank repurchase agreements purchased with a maturity of three months or less to be cash equivalents.

Allowance for doubtful accounts:

The Company considers all receivables to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

Investments:

Due to the specialized accounting practices of securities brokers and dealers, the Company is not subject to the principles of accounting for investments in marketable securities mandated in FASB Accounting Standard Codification 320, "Investments – Debt and Equity Securities." Realized and unrealized gains or losses on these investments are recognized as net trading gains or losses on the income statement. Securities owned are recorded at fair value.

FIRST MIDSTATE INCORPORATED
NOTES TO FINANCIAL STATEMENT

June 30, 2017

Note 1. Nature of Business, Use of Estimates and Significant Accounting Policies - continued

Property and equipment:

Property and equipment is stated at cost. Depreciation is computed on the straight-line method over the following estimated useful lives:

	<u>Years</u>
Automobiles	5
Office equipment	3-7

It is the Company's policy to include amortization expense on assets with depreciation expense.

Other comprehensive income:

The Company does not have any other comprehensive income items and, therefore, nothing is reflected in this financial statement for accumulated other comprehensive income.

Note 2. Cash

Included in cash at June 30, 2017 is approximately \$20,911, which represents amounts segregated in "Special Bank Accounts for the Exclusive Benefit of Customers." No amount was required to be on deposit in the "Special Reserve Bank Accounts" at June 30, 2017, in accordance with the provisions of Rule 15c3-3 of the Securities Exchange Act of 1934.

Note 3. Concentrations of Credit Risk Arising from Cash Deposits in Excess of Insured Limits

The Company maintains its cash balances at a financial institution in Bloomington, Illinois. Accounts at the institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. At June 30, 2017, the Company's deposits did not exceed the federally insured limit.

Note 4. Investments and Fair Value Measurements

The Company held 142,920 shares of Sprott Physical Silver Trust and 1,500 shares of Central Fund of Canada Limited Class A at June 30, 2017.

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB 820, are used to measure fair value.

FIRST MIDSTATE INCORPORATED
NOTES TO FINANCIAL STATEMENT

June 30, 2017

Note 4. Investments and Fair Value Measurements - continued

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in circumstances and may include the Company's own data).

The following table presents the Company's fair value hierarchy for those assets at fair value on a recurring basis as of June 30, 2017. When available, the Company measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values at June 30, 2017 for Level 1 investments are summarized as follows:

	<u>Level 1</u>
Sprott Physical Silver Trust (Level 1)	\$ 901,825
Central Fund of Canada Ltd. Class A, (Level 1)	<u>18,495</u>
	<u><u>\$ 920,320</u></u>

FIRST MIDSTATE INCORPORATED
NOTES TO FINANCIAL STATEMENT

June 30, 2017

Note 5. Property and Equipment

	Acquisition Cost	Accumulated Depreciation and Amortization	Net
Automobiles	\$ 151,756	\$ 42,462	\$ 109,294
Office furniture and equipment	564,230	556,814	7,416
	<u>\$ 715,986</u>	<u>\$ 599,276</u>	<u>\$ 116,710</u>

Depreciation and amortization expense was \$29,198 for the year ended June 30, 2017.

Note 6. Income Taxes

The Company has elected to be taxed under sections of the Internal Revenue Code which provide that, in lieu of corporation income taxes, the stockholder separately accounts for his pro rata shares of the Company's items of income, deduction, losses and credits. Therefore, this statement does not include any provision for regular corporation federal and state deferred income taxes. This election changed the Company's tax year end to December 31, while the financial reporting year end remains June 30.

Note 7. Minimum Net Capital Requirements

The Company is subject to the Securities and Exchange Commission uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2017, the Company had net capital of \$840,966 which was \$740,966 in excess of its required net capital of \$100,000. The Company's aggregate indebtedness to net capital ratio was 0.36 to 1.

Note 8. Contingencies

In the normal course of business, the Company's clearing activities involve the execution, settlement and financing of customers' securities transactions. These activities may result in off-balance-sheet credit risk in the event the customers are unable to fulfill their contracted obligations.

Note 9. Accounting for Uncertain Tax Positions

The Company files income tax returns in the U.S. federal and state of Illinois jurisdictions. With few exceptions, the Company is no longer subject to U.S. federal, state, or local tax examinations by tax authorities for years before 2014.
