**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2020**

**Note 1. Nature of Business and Summary of Significant Accounting Policies**

Nature of business:

Coombe Financial Services, Inc. (the “Company”) was formed on September 13, 1963, and began operating as a broker-dealer upon approval of its registration with the National Association of Securities Dealers, Inc. in April of 2001. The Company made a Sub-Chapter S Corporation election with the Internal Revenue Service in 2001. The Company’s business consists of providing subscription only brokerage, financial and employee benefit services to individuals and institutions.

The Company is a broker-dealer registered with the SEC and is a member of the Financial Industry Regulatory Authority (FINRA). The Company operates under the provisions of Paragraph (k)(1) of Rule 15c3-3 of the United States Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule. The requirements of Paragraph (k)(1) provide that the Company limit its activities (both principal and agent) to transactions in certain redeemable securities of registered investment companies (mutual funds) or insurance products. Under this exemption, the broker-dealer may briefly handle customer funds and/or securities, but must promptly transmit such funds and securities received in connection with its broker or dealer activities. Additionally, it cannot hold funds or securities for, or owe money or securities, to customers.

Revenue recognition:

The Company recognizes revenue from contracts with customers pursuant to ASC 606 Revenue from Contracts with Customers. Under ASC 606, revenue is recognized upon satisfaction of performance obligations by transferring control over goods or services to a customer.

The Company receives commission income for brokerage services related to customer investments in mutual funds, insurance and annuity contracts. The Company may receive commissions paid up front, overtime, upon the investor’s exit from the mutual fund, insurance or annuity contract (that is, a contingent deferred sales charge), or as a combination thereof. The Company believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the mutual funds, insurance and annuity contracts both of which are highly susceptible to factors outside the Company’s influence, the Company does not believe that it can overcome this constraint until the market value of the mutual funds, insurance and annuity contracts and the investor activities are known, which are usually monthly or quarterly.

**Note 1. Nature of Business and Summary of Significant Accounting Policies, Continued**

Accounts receivable:

Accounts receivable primarily consists of trade receivables from brokerage services related to customer investments in mutual funds, insurance and variable annuities. The Company regularly reviews its accounts receivable for any uncollectible amounts. The review of uncollectible amounts is based on an analysis of the Company's collections experience, customer credit worthiness, and current economic trends. Based on management's review of accounts receivable no allowance for doubtful accounts is considered necessary.

Securities owned:

Management determines the appropriate classification of its securities owned at the time of purchase and reevaluates such designation at each statement of financial condition date. At December 31, 2020, securities owned consisted of marketable equity securities classified as trading securities and are reported at their aggregate fair value with realized and unrealized gains and losses included in income. Realized gains and losses are determined using the specific identification method and are included in earnings in the year of sale.

Property and equipment:

Property and equipment are stated at cost and are depreciated on a straight-line basis over the estimated useful lives of the related assets, which range from 5 to 15 years.

Operating lease:

The company has elected, for all underlying classes of assets, to not recognize right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement, and do not include an option to purchase the underlying asset that the Company is reasonably certain to exercise. The Company recognizes lease cost associated with our short-term leases on a straight-line basis over the lease term.

**Note 1. Nature of Business and Summary of Significant Accounting Policies, Continued**

Income taxes:

The Company, with the consent of its stockholder, has elected under the provisions of Sub-Chapter "S" of the Internal Revenue Code to be an S Corporation. In lieu of Federal and State corporate income taxes, the stockholders of an S Corporation are taxed individually on their proportionate share of the Company's taxable income. Accordingly, the financial statements reflect no provision or liability for Federal or State income taxes.

The Company evaluates the effect of uncertain tax positions in accordance with provisions of accounting principles generally accepted in the United States of America. Material adjustments resulting from tax examinations, if any, are disclosed and interest and penalties resulting from such adjustments are reported as interest expense and other expense when incurred. The Company has not recognized any benefits from uncertain tax positions and believes it has no uncertain tax positions for which it is reasonably possible that the total amount of unrecognized tax benefits will significantly increase or decrease within 12 months from the statement of financial condition date. As of December 31, 2020, the Company's Federal and New York State income tax returns for tax years 2016 and beyond remain subject to examination by the applicable taxing jurisdictions.

Accounting estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates are used in the determination of depreciation and accounts receivable, among others.

**Note 1. Nature of Business and Summary of Significant Accounting Policies, Continued**

Fair value of financial instruments:

Accounting principles generally accepted in the United States of America (GAAP) defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by GAAP are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

Credit Losses:

In June 2016, the FASB issued ASU No. 2016-13, "Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments," which introduced an expected credit loss model for the impairment of financial assets measured at amortized cost. The model replaces the probable, incurred loss model for those assets and broadens the information an entity must consider in developing its expected credit loss estimate for assets measured at amortized cost. The Company adopted ASU No. 2016-13 on January 1, 2020 using the modified retrospective approach with no material impact to its financial position, results of operations or cash flows.

Subsequent Events

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed up to and including the date financial statements were issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

**Note 2. Property and Equipment**

Property and equipment consist of the following at December 31, 2020:

Computer equipment	\$ 21,756
Furniture and fixtures	6,510
Leasehold improvements	<u>60,365</u>
	88,631
Accumulated depreciation	<u>(88,631)</u>
	<u>\$ 0</u>
Total	

The Company recorded depreciation expense of \$6,599 for the year ended December 31, 2020.

**Note 3. Retirement Plans**

The Company has adopted a 401(k) plan which allows employees to make salary deferral elections within limitations established by the Internal Revenue Code. Employer safe harbor contributions are at 3% of gross salary for qualified employees. The Company may also make discretionary profit sharing contributions. Employer contributions to the plan for the year ended December 31, 2020 amounted to \$5,000.

**COOMBE FINANCIAL SERVICES, INC.**  
**NOTES TO FINANCIAL STATEMENTS, Continued**  
**DECEMBER 31, 2020**

**Note 4. Net Capital Requirements**

The Company is subject to the United States Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2020, the Company had net capital of \$14,012, which is \$9,012 in excess of its' required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital on December 31, 2020 was 2.22 to 1.

**Note 5. Fair Value Measurements**

Fair value of assets measured on a recurring basis at December 31, 2020 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<b>Securities owned at Fair Value:</b>				
Common stock, at fair value	<u>\$ 20,990</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$20,990</u>

**Note 6. Related Party Transactions**

The Company leases office space from its sole stockholder under an operating lease with the initial term beginning January 1, 2020 and ending January 31, 2020. The lease automatically renews each month unless canceled. Lease expense for the year ended December 31, 2020 amounted to \$24,000 and is included in occupancy and equipment on the statement of operations.

On July 1, 2014 the Company entered an expense sharing agreement with Coombe Bender & Co., LLC whereby the Company from time to time may directly pay for certain expenses actually incurred by the related party. The Company provides an invoice to the related party on a quarterly or more frequent basis listing the expenses it paid on behalf of the related party to be reimbursed.

The expense sharing agreement also specifies that each party share equally in certain common expenses including but not limited to, research, equipment expense, technical support expense, and telecommunciations and computer expense, and miscellaneous administrative fees including postage and supplies. For 2020 the total amount of expenses incurred by the Company and reimbursable by Coombe Bender & Co., LLC pursuant to the expense sharing agreement was \$22,297. As of December 31, 2020, \$2,403 was due from Coombe, Bender & Co., LLC under this arrangement.

As of December 31, 2020, \$3,485 was due from the stockholder for a short-term loan.

---

**Note 7. Paycheck Protection Program Loan**

The Company received a loan in the amount of \$45,000 under the Paycheck Protection Program established by the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The loan was made in April 2020 and was forgivable to the extent proceeds of the loan were used for eligible expenditures described in the CARES Act. The Company spent 100% of the loan proceeds to pay eligible expenses. On November 4, 2020, the Company received "Notice of Paycheck Protection Program Forgiveness Payment" stating that the entire loan was forgiven.

**Note 8. Concentration of Risk**

Credit Risk

The Company holds substantially all cash balances with two financial institutions which may, at times, exceeds federally insured limits.

Business Risk

The Company's revenues and profitability are affected by many conditions, including changes in economic conditions, inflation, political events, and investor sentiment. Because these factors are unpredictable and beyond the Company's control, earnings may fluctuate significantly from year to year.

**Note 9. Commitments and Contingencies**

The Company had no commitments, no contingent liabilities and had not been named as a defendant in any lawsuit at December 31, 2020 or during the year then ended.

The Company has issued no guarantees at December 31, 2020 or during the year then ended.

**Note 10. Uncertainty**

In March 2020, the World Health Organization (WHO) declared COVID-19 a global pandemic. This pandemic event has resulted in significant business disruption and uncertainty in both global and U.S. markets. While the Company believes that it is in an appropriate position to sustain the potential short-term effects of these world-wide events, the direct and long-term impact to the Company and its financial statements is undetermined at this time.

## Assertions Regarding Exemption Provisions

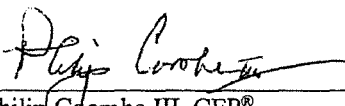

We, as members of management of Coombe Financial Services, Inc ("the Company"), are responsible for compliance with the annual reporting requirements under Rule 17a-5 of the Securities Exchange Act of 1934. Those requirements compel a broker or dealer to file annual reports with the Securities Exchange Commission (SEC) and the broker or dealer's designated examining authority (DEA). One of the reports to be included in the annual filing is an exemption report prepared by an independent public accountant based upon a review of assertions provided by the broker or dealer. Pursuant to that requirement, the management of the Company hereby makes the following assertions:

- (1) We identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (1) (the "exemption provisions") and
- (2) We met the identified exemption provisions throughout the period from January 1, 2020 to December 31, 2020 without exception.

These exemption provisions include:

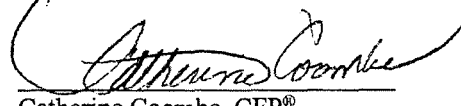

- (i) The broker's or dealer's transactions as dealer (as principal for its own account) are limited to the purchase, sale and redemption of redeemable securities of registered investment companies or of interests or participations in an insurance company separate account.
- (ii) The broker's or dealer's transactions as broker (agent) are limited to:  
The sale and redemption of redeemable securities of registered investment companies or of interest or participation in an insurance company separate account, whether or not registered as an investment company.
- (iii) The broker or dealer promptly transmits all funds and delivers all securities received in connection with its activities as a broker or dealer, and does not otherwise hold funds for securities for, or owe money or securities to, customers.

Any questions regarding the above referenced exemption provisions and the Company's compliance with 17 C.F.R. § 240.15c3-3: (k)(1) may be directed to Philip Coombe, III or Catherine Coombe.
