Preliminary Proxy Statement on Schedule 14A
Filed March 7, 2008
File No. 1-01204**

Dear Mr. Barry:

We have limited our review of your filing to those issues we have addressed in our comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Preliminary proxy statement filed March 7, 2008

Compensation Discussion and Analysis, page 10

1. You disclose that you attempt to deliver “top-tier direct compensation...” In future filings, please revise to quantify the percentiles of where you target your compensation and the percentiles represented by actual compensation. If there is a divergence from the targeted amount and the actual amount you paid or

awarded, provide a discussion of the reasons for such variance if material to an understanding of the compensation paid to an executive officer.

2. Although you have disclosed for the named executive officers, the general categories of metrics used to assess corporate performance and business unit performance, you have not disclosed the actual target within each metric. In future filings, please revise to disclose the actual quantitative targets. To the extent you believe that this disclosure is not required because it would result in competitive harm such that you may omit the disclosure under Instruction 4 to Item 402(b) of Regulation S-K, please provide a detailed supplemental analysis supporting your conclusion and provide appropriate disclosure under Instruction 4. In discussing how difficult it will be for you to achieve the target levels or other factors, provide as much detail as necessary without disclosing information that poses a reasonable risk of competitive harm.

Proposal to Approve the Adoption of 2008 Long-term Incentive Plan, page 40

3. We note that “[a] maximum of 13,000,000 shares of the company’s common stock would be available for delivery under the 2008 Incentive Plan.” Please provide us with the supplemental information required by Instruction 5 to Item 10 of Schedule 14A.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filing or in response to our comments on your filing.
