2020 PROXY STATEMENT**

Tuesday, May 19, 2020

Life Center - Auditorium

Houston, Texas 77032

To Our Valued Shareholders:

April 7, 2020

Jeffrey A. Miller

Chairman of the Board,
President and Chief Executive Officer

“Turning to 2020, . . . we will continue to deliver on our value proposition, stay focused on safety and service quality, exercise capital discipline, and work to drive margins, free cash flow, and returns.”

On behalf of our Board of Directors, we are pleased to invite you to attend the Halliburton Company Annual Meeting of Shareholders. The meeting will occur at the Halliburton Life Center Auditorium, 3000 N. Sam Houston Parkway East, Houston, Texas 77032, on Tuesday, May 19, 2020, at 9:00 a.m. Central Daylight Time.

As we turn the page on Halliburton's 100th year, we enter our next century with a clear sense of purpose – to help our customers satisfy the world's need for the affordable and reliable energy provided by oil and gas, more effectively and efficiently, safely and ethically, while minimizing environmental impact. We will continue to do what we do best – collaborate and engineer solutions to maximize our customers' asset value – while generating industry-leading returns and strong cash flow for our shareholders.

2019 marks the end of the first full decade of the shale revolution that propelled the United States to become the world's top hydrocarbon producer. Our company was an early participant in this development and invested and innovated alongside our customers from the beginning. As unconvensionals entered the maturation phase, our North America customers shifted their focus from growth to capital discipline, which impacted our business through reduced customer activity and additional pricing pressure. In contrast, the recovery in international markets continued in 2019, and our international growth outpaced the market. Overall, I am pleased with the performance of our hardworking and dedicated employees. The Halliburton team executed our value proposition, delivered exceptional safety and service quality, and stayed focused on generating healthy returns and strong free cash flow.

Turning to 2020, like other companies in the energy industry and beyond, our business is being impacted by the COVID-19 virus and the unprecedented decline in commodity prices. Halliburton has withstood many challenges in the past and grown stronger as a result; many times in fact over the last 100 years. I am confident that this time will be no different. Halliburton is a market leader in an industry that's essential to the entire world. We have an excellent business, great customers, an outstanding workforce, and a strong balance sheet. The market will eventually recover. Until then, we will control what we can control and continue to deliver on our value proposition, stay focused on safety and service quality, exercise capital discipline, and work to drive margins, free cash flow, and returns.

Your vote and the representation of your shares are very important. Please review the proxy materials for detailed information on the proposals presented this year. We hope you will vote as soon as possible. If you attend the meeting, you may vote in person even if you have previously voted.

Thank you for your ongoing support of and continued interest in Halliburton. We look forward to seeing you at our Annual Meeting.

Sincerely,

A handwritten signature in black ink that reads "Jeffrey A. Miller". The signature is stylized with a large, looped "J" and "M".

2019 Performance Highlights

We generated **\$22.4 billion** of total company revenue, with improvements across all of our international regions. Our international business outgrew the international rig count for the second year in a row.

We achieved exceptional safety and service quality performance during 2019. Our total recordable incident rate and non-productive time **improved over 20%**, both historical bests across our business. This is a result of our employees' continued commitment to safety and process execution.

We quickly adapted to market conditions by reducing our capital expenditures by **24%** to approximately \$1.5 billion in 2019. These capital expenditures were predominantly made in our Sperry Drilling, Production Enhancement, Artificial Lift, Wireline and Perforating, and Production Solutions product service lines.

During 2019, we generated \$2.4 billion of operating cash flow and had \$1.5 billion of capital expenditures, resulting in over **\$900 million of free cash flow**. This demonstrates our ability to generate consistent free cash flow in different business environments. We additionally returned over \$700 million to shareholders through dividends and share repurchases.

* Management believes free cash flow, defined as "operating cash flow" less "capital expenditures", is an important liquidity measure and useful to investors and management for assessing the business's ability to generate cash.

Named Executive Officers (page 25)

For 2019, our NEOs were:

Name	Age	Occupation
Jeffrey A. Miller	56	Chairman, President and Chief Executive Officer
Lance Loeffler	43	Executive Vice President and Chief Financial Officer
Eric J. Carre	54	Executive Vice President – Global Business Lines
Joe D. Rainey	63	President – Eastern Hemisphere
Mark J. Richard	58	President – Western Hemisphere

Executive Compensation (pages 23-53)

Objectives (page 29)

Our executive compensation program is composed of base salary, a short-term incentive, and long-term incentives and is designed to achieve the following objectives:

- Provide a clear and direct relationship between executive pay and our performance on both a short-term and long-term basis;
- Target market competitive pay levels with a comparator peer group;
- Emphasize operating performance drivers;
- Link executive pay to measures that drive shareholder value;
- Support our business strategies; and
- Maximize the return on our human resource investment.

2019 Shareholder Engagement

Halliburton has always maintained open communications with the shareholder community. Seeking feedback from our shareholders on a regular basis is a critical part of our approach to managing our executive compensation program. Our ongoing, open dialogue with our shareholders helps ensure that the Board and management have a regular pulse on the views of our shareholders. These communications provide us important perspectives on adjustments to improve and better explain our program.

During 2019, members of our senior management team participated in over 100 shareholder meetings and 19 conferences. As is our practice, in the fall of 2019, we also engaged in targeted outreach with numerous shareholders. **During this fall outreach, we contacted shareholders representing more than 50% of our outstanding common stock and met with many of those shareholders, who collectively hold 31% of our outstanding common stock. We previewed changes to our compensation program under consideration by our Compensation Committee and solicited their feedback on our compensation program, as well as our company strategy and performance, corporate governance, sustainability, and other topics. Our newly-appointed Compensation Committee Chair participated in this outreach effort.** Based on the most recent feedback from shareholders, we made several significant modifications to our compensation program for the 2020 plan year.

What we heard

(during our ongoing 2019 investor discussions)

What we did

(effective for the 2020 plan year)

Shareholders seek increased emphasis on free cash flow and capital discipline

Replaced CVA with two distinct metrics that focus on our ability to manage cash and generate earnings, given our capital intensive, cyclically driven business. Short-term incentives will be based on the following independent metrics and weightings:

- 75% NOPAT
- 25% Asset Turns

Shareholders support the use of three-year relative ROCE for long-term incentives, but would like an additional performance component directly linked to stock price

Introduced a relative TSR modifier that compares performance against the Oilfield Services Index (OSX); modifier imposes an award penalty for bottom quartile performance and provides an incentive for top quartile performance

Shareholders want more emphasis on performance-based long-term incentives

Changed the mix of long-term incentive vehicles for NEOs (as illustrated below) to 70% performance units and 30% restricted stock; stock options have been eliminated

Shareholders expressed concern about PUP awards being paid 100% in cash

Rebalanced the long-term incentive pay mix so that 65% is delivered in equity; changed PUP cycle to issue awards 50% in stock and 50% in cash (contingent on three-year performance period)

Increased Emphasis on Long-Term Performance-Based Equity**Historic Long-Term Incentive Mix****New Long-Term Incentive Mix**

Corporate Governance

Corporate Governance Guidelines and Committee Charters

Our Board has long maintained a formal statement of its responsibilities and guidelines to ensure effective governance in all areas of its responsibilities. Our Corporate Governance Guidelines are available on our website at www.halliburton.com by clicking on the tab “About Us”, and then the “Corporate Governance” link. The guidelines are reviewed periodically and revised as appropriate to reflect the dynamic and evolving processes relating to corporate governance, including the operation of the Board.

In order for our shareholders to understand how the Board conducts its affairs in all areas of its responsibility, the full text of the charters of our Audit; Compensation; Health, Safety and Environment; and Nominating and Corporate Governance Committees are also available on our website.

Except to the extent expressly stated otherwise, information contained on or accessible from our website or any other website is not incorporated by reference into and should not be considered part of this proxy statement.

Code of Business Conduct

Our Code of Business Conduct, which applies to all of our employees and Directors and serves as the code of ethics for our principal executive officer, principal financial officer, principal accounting officer or controller, and other persons performing

similar functions, is available on our website. Any waivers to our Code of Business Conduct for our Directors or executive officers can only be made by our Audit Committee. There were no waivers of the Code of Business Conduct in 2019.

Related Persons Transactions Policy

Our Board has adopted a written policy governing related persons transactions as part of the Board’s commitment to good governance and independent oversight. The policy covers transactions involving any of our Directors, executive officers, nominees for Director, greater than 5% shareholders, or any of their immediate family members, among others.

The types of transactions covered by this policy are transactions, arrangements, or relationships, or any series of similar transactions, arrangements, or relationships, including any indebtedness or guarantee of indebtedness, in which (1) we or any of our subsidiaries were or will be a participant, (2) the aggregate amount involved exceeds \$120,000 in any calendar year, and (3) any related person had, has, or will have a direct or indirect material interest.

Under the policy, we generally only enter into or ratify related persons transactions when the Board determines such transactions are in our best interests and the best interests of our shareholders. In determining whether to approve or ratify a related persons transaction, the Board will consider the following factors and other factors it deems appropriate:

- whether the related persons transaction is on terms comparable to terms generally available with an unaffiliated third party under the same or similar circumstances;
- the benefits of the transaction to us;
- the extent of the related person’s interest in the transaction; and
- whether there are alternative sources for the subject matter of the transaction.

The Board of Directors and Standing Committees of Directors

The Board has standing Audit; Compensation; Health, Safety and Environment; and Nominating and Corporate Governance Committees. Each standing Committee is comprised of Directors who, in the business judgment of the Board, are independent, after considering all relevant facts and circumstances, including the independence standards set forth in our Corporate Governance Guidelines.

Our independence standards meet New York Stock Exchange, or NYSE, independence requirements. Our independence standards and compliance with those standards are periodically reviewed by the Nominating and Corporate Governance Committee. There were no relevant transactions, arrangements, or relationships not disclosed in this proxy statement that were considered by the Board in making its determination as to the independence of the Directors.

Board Leadership

Our Board believes that it is important to maintain flexibility to determine the appropriate leadership of the Board and whether the roles of Chairman and Chief Executive Officer should be combined or separate. Our Corporate Governance Guidelines provide that the Board consider annually whether it is appropriate for the same individual to fill both of those roles. When making that determination, the Board considers issues such as industry and financial expertise, in-depth knowledge of Halliburton and its business, and succession planning. In 2019, the Board decided that a combined leadership role would currently best serve the needs of the Company and its shareholders. The Board believes that Jeffrey A. Miller, our Chairman, President and Chief Executive

Officer, with his industry expertise, financial expertise, and in-depth knowledge of Halliburton and its business, is the correct person to fill both roles. The Board also believes that Mr. Miller is best suited to lead the Board's discussion and evaluation of the Company's business, financial, and health, safety, environment and sustainability strategy and performance. With the exception of Mr. Miller, the Board is composed of independent Directors.

Robert A. Malone is our Lead Independent Director. The Lead Independent Director's role and responsibilities are set forth in the Lead Independent Director Charter adopted by the Board. These include the following:

Robert A. Malone LEAD INDEPENDENT DIRECTOR	✓ liaises between the independent Directors and the Chairman	✓ advises management on and approves information sent to the Board
	✓ approves agendas for Board meetings	✓ approves schedules for meetings of the Board
	✓ presides over meetings and executive sessions of the independent Directors	✓ authorizes the retention of outside advisors and consultants who report directly to the Board
	✓ leads the Board's annual evaluation of the CEO	✓ schedules meetings of the independent Directors as appropriate

Our Lead Independent Director Charter is available on our website at www.halliburton.com.

Board and Committee Risk Oversight

We have implemented an Enterprise Risk Management (ERM) program to identify and analyze enterprise-level risks and their potential impact on our business. The objectives of our ERM program are to:

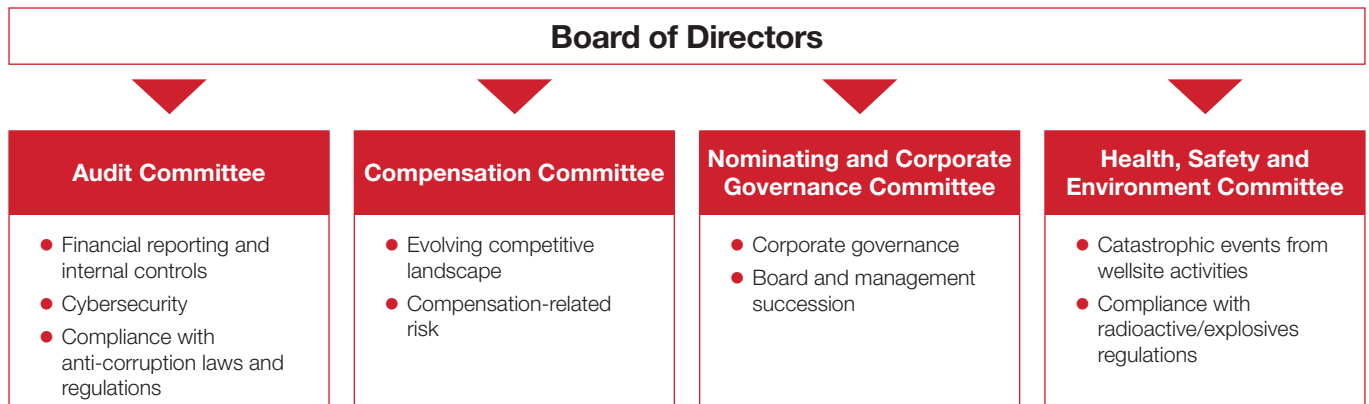

- increase the probability of achieving higher returns on capital and reducing cash flow volatility by identifying:
 - current and developing risks; and
 - significant controls and potential gaps related to identified risks;
- ensure that our key risks are being effectively managed; and
- assess whether our compensation policies are reasonably likely to have a materially adverse effect on us.

Our internal processes to identify and manage risks include our Code of Business Conduct, extensive policies and business practices, our financial controls, Internal Assurance Services

audits of our internal controls and health, safety, environment, and sustainability, the activities of the Ethics & Compliance group of the Law Department, and our ERM program.

The Board provides oversight of the ERM program. The Audit Committee receives an annual ERM report on risk assessment and risk management in which risks are identified and assigned a significance rating based on potential consequences of the risk and the likelihood of occurrence.

Our Chief Executive Officer, who is primarily responsible for managing our day-to-day business, is ultimately responsible to the Board for all risk categories. Our executive officers are assigned responsibility for the various risk categories. The Board has delegated to its Committees the responsibility to monitor certain risks and receive regular updates on those risks. Certain risks monitored by each Committee are shown below.

Independent Committees

The Board believes that it has a strong governance structure in place to ensure independent oversight on behalf of all shareholders. All standing Committees of the Board are comprised solely of independent Directors. We have established processes for the effective oversight of critical issues entrusted to independent Directors, such as:

- the integrity of our financial statements;
- CEO and senior management compensation;
- CEO and senior management succession planning;
- the election of our Lead Independent Director;
- membership of our independent Committees;
- Board, Committee, and Director evaluations; and
- nominations of Directors.

Board Attendance

During 2019, the Board held 4 meetings and met in Executive Session, without management present, on 4 occasions.

Committee meetings were held as follows:

Audit Committee	7
Compensation Committee	3
Health, Safety and Environment Committee	4
Nominating and Corporate Governance Committee	4

Nine members of the Board attended 100% of the total number of meetings of the Board and the Committees on which he or she served during 2019 and all members of the Board attended at least 94% of those meetings.

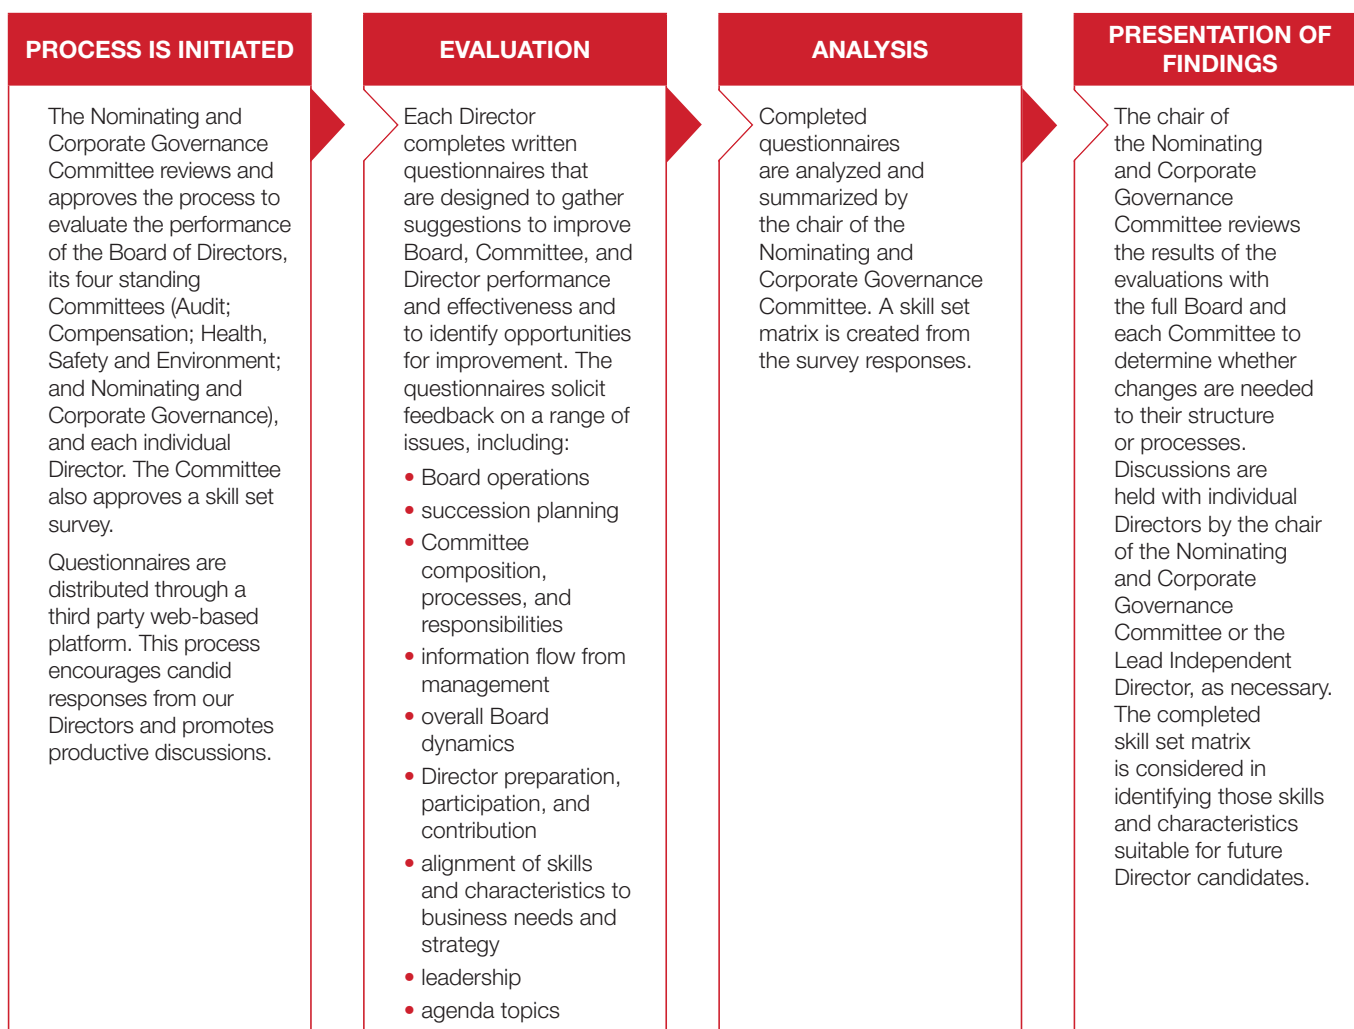

All of our Directors attended the 2019 Annual Meeting, as required by our Corporate Governance Guidelines.

Evaluation of Board and Director Performance

The Board believes that a rigorous evaluation process is an essential component of strong corporate governance practices. The Nominating and Corporate Governance Committee annually conducts a three-part evaluation process to evaluate Board effectiveness and aid in succession planning. This process consists of a full Board evaluation, Committee evaluations, and individual Director evaluations. The evaluations, which are distributed and obtained through a third party platform, seek feedback on Board and Committee performance, processes,

effectiveness, and opportunities for improvement. The results of the evaluations are reviewed and discussed with the Board, its Committees, and each individual Director.

As part of the annual process, each Director also completes a skill set survey. The Board uses the survey responses to evaluate the experience and expertise of existing Directors and to identify the skills and characteristics of future Director candidates to achieve and maintain an optimum mix of skills and characteristics.

Shareholder Nominations of Directors

Our By-laws provide that shareholders may nominate persons for election to the Board at a meeting of shareholders.

Shareholder nominations require written notice to the Corporate Secretary at the address of our principal executive offices set forth on page 60 of this proxy statement, and for the Annual Meeting of Shareholders in 2021, must be received not less than 90 days nor more than 120 days prior to the anniversary date of the 2020 Annual Meeting of Shareholders, or no later than February 18, 2021, and no earlier than January 19, 2021. The shareholder notice must contain, among other things, certain information relating to the shareholder and the proposed nominee as described in our By-laws. In addition, the proposed nominee may be required to furnish other information as we may reasonably require to determine the eligibility of the proposed nominee to serve as a Director.

Our By-laws also provide for proxy access for shareholder nominations of directors. The provision permits up to 20

shareholders owning 3% or more of our outstanding common stock continuously for at least three years to nominate and include in our proxy materials for a meeting of shareholders up to two directors or 20% of the Board, whichever is greater, provided that the shareholder(s) and the nominee(s) satisfy the requirements specified in the By-laws.

Our By-laws further provide that if a shareholder owning at least 1% of our issued and outstanding common stock continuously for at least one year as of the date the written notice of the nomination is submitted to us proposes a nominee not submitted under the proxy access provision, our Corporate Secretary will (i) obtain from such nominee any additional relevant information the nominee wishes to provide in consideration of his or her nomination, (ii) report on each such nominee to the Nominating and Corporate Governance Committee, and (iii) facilitate having each such nominee meet with the Nominating and Corporate Governance Committee as the Committee deems appropriate.

Qualifications of Directors

Candidates nominated for election or reelection to the Board should possess the following qualifications:

- Personal characteristics:
 - high personal and professional ethics, integrity, and values;
 - an inquiring and independent mind; and
 - practical wisdom and mature judgment;
- Broad training and experience at the policy-making level in business, government, education, or technology;
- Expertise that is useful to us and complementary to the background and experience of other Board members, so that an optimum balance of experience and expertise of members of the Board can be achieved and maintained;
- Willingness to devote the required amount of time to carry out the duties and responsibilities of Board membership;
- Commitment to serve on the Board for several years to develop knowledge about our business;
- Willingness to represent the best interests of all of our shareholders and objectively evaluate management performance; and
- Involvement only in activities or interests that do not create a conflict with the Director's responsibilities to us and our shareholders.

The Nominating and Corporate Governance Committee is responsible for assessing the appropriate mix of skills and characteristics required of Board members and periodically reviews and updates the criteria. In selecting Director nominees, the Board considers the personal characteristics, experience, and other criteria as set forth in our Corporate Governance Guidelines, as well as our specific needs and the needs of our Board at the time.

We value all types of diversity, including diversity of our Board. In evaluating the overall qualifications of a potential nominee, the Committee and Board take into account overall Board diversity in personal background, race, gender, age, and nationality.

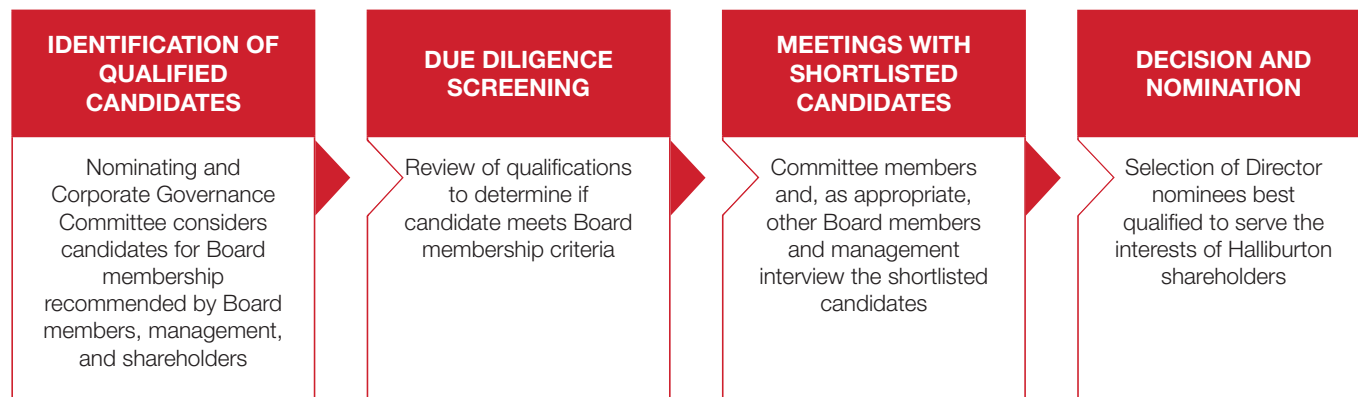

Process for the Selection of New Directors

The Board is responsible for filling vacancies on the Board and ensuring regular refreshment of the Board. Our Corporate Governance Guidelines provide that each non-management Director shall retire from the Board immediately prior to the annual meeting of shareholders following his or her seventy-second (72nd) birthday. The Board has delegated to the Nominating and Corporate Governance Committee the duty of selecting and recommending candidates to the Board for approval. The

Nominating and Corporate Governance Committee will consider candidates for Board membership recommended by Board members, our management, and shareholders. The Committee may also retain an independent executive search firm to identify candidates for consideration and to gather additional information about the candidate's background, experience, and reputation. A shareholder who wishes to recommend a candidate should notify our Corporate Secretary.

The Nominating and Corporate Governance Committee, in consultation with the Board, will determine the specific criteria for a new Director candidate. After the Nominating and Corporate Governance Committee identifies a candidate, the Committee will determine the appropriate method to evaluate the candidate. The preliminary determination regarding a candidate is based on the likelihood that the candidate will meet the Board membership criteria listed in our Corporate Governance Guidelines. The Committee will determine, after discussion with the Chairman of

the Board and other Board members, whether a candidate should continue to be considered. If a candidate warrants additional consideration, the Committee and others, as appropriate, will interview the candidate. Once the evaluation and interviews are completed, the Committee will recommend to the Board whether the candidate should be appointed to the Board or proposed for election by shareholders and the Board will act on such recommendation.

Communication to the Board

To foster better communication from our shareholders and other interested persons, we maintain a process for shareholders and others to communicate with the Audit Committee and the Board. The process has been approved by both the Audit Committee and the Board and meets the requirements of the NYSE and the SEC. The methods of communication with the Board include telephone, mail, and e-mail.

Proposal No. 1 Election of Directors

In considering whether a current Director should be nominated for election as a Director, the Nominating and Corporate Governance Committee and the Board considered, among other matters, the expertise and experience of the Director, the annual performance evaluation of the Director, the Director's attendance at, preparation for, and engagement in Board and Committee meetings, the

diversity of the Board, the tenure of the Director, and the overall distribution of tenure among Directors to ensure sufficient experience with the Company's operations, performance, and technology and the cycles of the industry. A summary of the qualifications and experience of our non-management Directors is provided under Information about Nominees for Director.

✓ AFTER CONSULTATION WITH THE NOMINATING AND CORPORATE GOVERNANCE COMMITTEE, THE BOARD OF DIRECTORS RECOMMENDS A **VOTE FOR** THE ELECTION OF EACH OF THE DIRECTOR NOMINEES LISTED UNDER INFORMATION ABOUT NOMINEES FOR DIRECTOR.

The ten nominees are all current Directors. If any nominee is unwilling or unable to serve, favorable and uninstructed proxies will be voted for a substitute nominee designated by the Board. If a suitable substitute is not available, the Board will reduce the number of Directors to be elected. Each nominee has indicated approval of his or her nomination and his or her willingness to serve if elected. The Directors elected will serve for the ensuing year and until their successors are elected and qualify.

Our Corporate Governance Guidelines provide that each non-management Director shall retire from the Board immediately prior to the annual meeting of shareholders following his or

her seventy-second (72nd) birthday. Though she has reached age 72, the Board has requested that Nance K. Dicciani, Chair of the Board's Health, Safety and Environment Committee and a long-term member of the Audit Committee, stand for reelection. Given the several recent additions to our Board and the Board's tenure balance, the Board believes that it is in the best interest of the Company and its shareholders to retain Ms. Dicciani's intimate knowledge of the Company, its health, safety, environment, and sustainability matters, and its financial statements and significant accounting systems and controls.

Directors' Compensation

Directors' Fees

All non-management Directors receive an annual retainer of \$115,000, which remains unchanged since 2014. The Lead Independent Director receives an additional annual retainer of \$30,000, and the chair of each Committee receives an additional annual retainer for serving as chair as follows: Audit - \$25,000;

Compensation - \$20,000; Health, Safety and Environment - \$15,000; and Nominating and Corporate Governance - \$15,000. Non-management Directors are permitted to defer all or part of their fees under the Directors' Deferred Compensation Plan.

Directors' Equity Awards

All non-management Directors receive an annual equity award with a value of approximately \$185,000, which remains unchanged since 2014, consisting of restricted stock units (RSUs), each of which represents the right to receive a share of common stock at a future date. These annual awards are made on or about the first day of August. The actual number of RSUs is determined by dividing \$185,000 by the average of the closing price of our common stock on the NYSE on each business day during the month of July. The value of the award may be more or less than \$185,000 based on the methodology described above for determining the number of RSUs to be awarded and the closing price of our common stock on the NYSE on the date of the award. Non-management Directors are permitted to defer all of their RSUs under the Directors' Deferred Compensation Plan.

Additionally, when a non-management Director first joins the Board, he or she receives an equity award shortly thereafter of RSUs equal to a prorated value of the annual equity award of \$185,000. The factor used to determine the prorated award is the number of whole months of service from the beginning of the month in which Board service begins to the following first of August divided by 12. The number of RSUs awarded is determined by dividing the prorated award amount by the average of the closing price of our common stock on the NYSE on each business day during the month immediately preceding the Director joining the Board.

Directors may not sell, assign, otherwise transfer, or encumber restricted shares (which were previously granted to non-management Directors) or RSUs until the restrictions are removed. Restrictions on RSUs lapse 25% a year over four years of service with the applicable underlying shares of common stock distributed annually to the non-management Director unless the Director elected to defer receipt of the shares under the Directors' Deferred Compensation Plan. If a non-management Director has a separation of service from the Board before completing four years of service from the applicable award date, any unvested RSUs would be forfeited, unless the Board determines to accelerate vesting. Restrictions on restricted shares and RSUs lapse following termination of Board service only under specified circumstances, which include death or disability, retirement under the Director mandatory retirement policy, or early retirement after at least four years of service.

During the restriction period, Directors have the right to (i) vote restricted shares, but not shares underlying RSUs, and (ii) receive dividends or dividend equivalents in cash on restricted shares and RSUs that have not been deferred. RSUs that have been deferred receive dividend equivalents under the Directors' Deferred Compensation Plan.

Directors' Deferred Compensation Plan

The Directors' Deferred Compensation Plan is a nonqualified deferred compensation plan and participation is completely voluntary. Under the plan, non-management Directors are permitted to defer all or part of their retainer fees and all of the shares of common stock underlying their RSUs when they vest. If a non-management Director elects to defer retainer fees under the plan, then the Director may elect to have his or her deferred fees accumulate under an interest-bearing account or translate on a quarterly basis into Halliburton common stock

equivalent units (SEUs) under a stock equivalents account. If a non-management Director elects to defer receipt of the shares of common stock underlying his or her RSUs when they vest, then those shares are retained as deferred RSUs under the plan. The interest-bearing account is credited daily with interest at the prime rate of Citibank, N.A. The SEUs and deferred RSUs are credited quarterly with dividend equivalents based on the same dividend rate as Halliburton common stock and those amounts are translated into additional SEUs or RSUs, respectively.

After a Director's retirement, distributions under the plan are made to the Director in a single distribution or in annual installments over a 5- or 10-year period as elected by the Director. Distributions under the interest-bearing account are made in cash, while distributions of SEUs under the stock

equivalents account and deferred RSUs are made in shares of Halliburton common stock. Ms. Dicciani and Messrs. Al Khayyal, Bennett, Boyd, and Carroll have deferred retainer fees under the plan. Ms. Dicciani and Messrs. Al Khayyal, Albrecht, Bennett, Boyd, Carroll, and Grubisich have deferred RSUs under the plan.

Directors' Stock Ownership Requirements

We have stock ownership requirements for all non-management Directors to further align their interests with our shareholders. As a result, all non-management Directors are required to own Halliburton common stock in an amount equal to or in excess of the greater of (A) the annual base retainer in effect on the date the non-management Director is first elected to the Board multiplied by five or (B) \$500,000. The Nominating and Corporate Governance Committee reviews the holdings of all

non-management Directors, which include restricted shares, other Halliburton common stock, and RSUs owned by the Director, at each May meeting. Each non-management Director has five years to meet the requirements, measured from the date he or she is first elected to the Board. Each non-management Director currently meets the stock ownership requirements or is on track to do so within the requisite five-year period.

Director Clawback Policy

We have a clawback policy under which we will seek, in all appropriate cases, to recoup incentive compensation paid to, awarded to, or credited for the benefit of a Director, if and to the extent that:

- it is determined that, in connection with the performance of that Director's duties, he or she breached his or her fiduciary duty by knowingly or recklessly engaging in a material violation of a U.S. federal or state law, or recklessly disregarded his or her duty to exercise reasonable oversight; or
- the Director is named as a defendant in a law enforcement proceeding for having breached his or her fiduciary duty by knowingly or recklessly engaging in a material violation of a U.S. federal or state law, the Director disagrees with the allegations relating to the proceeding, and either (A) we initiate a review and determine that the alleged action is not indemnifiable or (B) the Director does not prevail at trial, enters into a plea arrangement, agrees to the entry of a final administrative or judicial order imposing sanctions, or otherwise admits to the violation in a legal proceeding.

The disinterested members of the Board and the disinterested members of the Compensation Committee and the Nominating and Corporate Governance Committee may be involved in reviewing, considering, and making determinations regarding the Director's alleged conduct, whether recoupment is appropriate or required, and the type and amount of incentive compensation to be recouped from the Director.

The policy also provides that, to the extent permitted by applicable law and not previously disclosed in a filing with the SEC, we will disclose in our proxy statement the circumstances of any recoupment arising under the policy or that there has not been any recoupment pursuant to the policy for the prior calendar year. There was no recoupment under the policy in 2019.

Matching Gift Programs

To further our support for charities, Directors may participate in the Halliburton Foundation's matching gift programs for educational institutions, not-for-profit hospitals, and medical foundations. For each eligible contribution, the Halliburton Foundation makes a contribution of 2.25 times the amount contributed by the Director, subject to approval by its Trustees. The maximum aggregate of all contributions each calendar year by a Director eligible for matching is \$50,000, resulting in a maximum aggregate amount contributed annually by the Halliburton Foundation in the form of

matching gifts of \$112,500 for any Director who participates in the programs. Neither the Halliburton Foundation nor we have made a charitable contribution, within the preceding three years, to any charitable organization in which a Director serves as an employee or an immediate family member of the Director serves as an executive officer that exceeds in any single year the greater of \$1 million or 2% of such charitable organization's consolidated gross revenues.

Proposal No. 2 Ratification of Selection of Principal Independent Public Accountants

The Audit Committee is responsible for the appointment, compensation, retention, oversight of the work, and evaluation of the principal independent public accountants retained to audit our financial statements. The Audit Committee and Board have approved the selection of KPMG LLP as our principal independent public accountants to examine our financial statements and books and records for the year ended December 31, 2020, and a resolution will be presented at the Annual Meeting to ratify this selection. The Audit Committee and Board believe that the continued retention of KPMG to serve as our principal independent public accountants for the year ended December 31, 2020, is in the best interests of Halliburton and our shareholders. Representatives of KPMG are expected to be present at the Annual Meeting and be available to respond to appropriate questions from shareholders.

KPMG began serving as our principal independent public accountants for the year ended December 31, 2002. The Audit Committee routinely reviews the performance and retention of our independent public accountants, including an evaluation

of service quality, the nature and extent of non-audit services, and other factors required to be considered when assessing independence from Halliburton and its management. The Audit Committee also periodically considers whether there should be a rotation of the principal independent public accountants.

The affirmative vote of the holders of a majority of the shares of our common stock represented at the Annual Meeting and entitled to vote on the matter is needed to approve the proposal.

If the shareholders do not ratify the selection of KPMG, the Board will reconsider the selection of independent public accountants.

✓ **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS PRINCIPAL INDEPENDENT PUBLIC ACCOUNTANTS TO EXAMINE OUR FINANCIAL STATEMENTS AND BOOKS AND RECORDS FOR THE YEAR ENDING DECEMBER 31, 2020.**

Audit Committee Report

We operate under a written charter, a copy of which is available on Halliburton's website at www.halliburton.com. As required by the charter, we review and reassess the charter annually and recommend any changes to the Board for approval. We are also mindful of the observations provided in the Securities and Exchange Commission's Statement on Role of Audit Committees in Financial Reporting and Key Reminders Regarding Oversight Responsibilities.

Halliburton's management is responsible for preparing Halliburton's financial statements and the principal independent public accountants are responsible for auditing those financial statements. The Audit Committee's role is to provide oversight of management in carrying out management's responsibility and to appoint, compensate, retain, oversee the work of, and evaluate the principal independent public accountants. The Audit Committee is not providing any expert or special assurance as to Halliburton's financial statements or any professional certification as to the principal independent public accountants' work.

In fulfilling our oversight role for the year ended December 31, 2019, we:

- reviewed and discussed Halliburton's audited financial statements with management;
- discussed with KPMG LLP, Halliburton's principal independent public accountants, the matters required by Auditing Standard 1301 relating to the conduct of the audit;

- received from KPMG the written disclosures and the letter required by the Public Company Accounting Oversight Board regarding KPMG's independence;
- evaluated KPMG's service quality; and
- discussed with KPMG its independence and reviewed other matters required to be considered under Securities and Exchange Commission rules regarding KPMG's independence.

Based on the foregoing, we recommended to the Board that the audited financial statements be included in Halliburton's Annual Report on Form 10-K for the fiscal year ended December 31, 2019, for filing with the Securities and Exchange Commission.

Fees Paid to KPMG LLP

During 2018 and 2019, we incurred the following fees for services performed by KPMG LLP.

	2018	2019
	(In millions)	(In millions)
Audit fees	\$ 11.8	\$ 10.7
Audit-related fees	0.2	0.1
Tax fees	0.3	0.5
TOTAL	\$ 12.3	\$ 11.3

Audit Fees

Audit fees represent the aggregate fees for professional services rendered by KPMG for the integrated audit of our annual financial statements for the fiscal years ended December 31, 2018, and December 31, 2019. Audit fees also include the audits of many of our subsidiaries in regards to compliance with statutory requirements in foreign countries and reviews of our financial statements included in the Forms 10-Q we filed during fiscal years 2018 and 2019.

Audit-Related Fees

Audit-related fees were incurred for assurance and related services that are traditionally performed by the independent public accountants. These services primarily include attestation engagements required by contractual or regulatory provisions.

Tax Fees

The aggregate fees for tax services primarily consisted of international tax compliance and tax return services related to our expatriate employees. In 2018, tax compliance and preparation fees total \$0.2 million and tax advisory fees total \$0.1 million, and in 2019, tax compliance and preparation fees total \$0.1 million and tax advisory fees total \$0.4 million.

Fee Approval Policies and Procedures

The Audit Committee has established a written policy that requires the approval by the Audit Committee of all services provided by KPMG as the principal independent public accountants that examine our financial statements and books and records and of all audit services provided by other independent public accountants. Prior to engaging KPMG for the annual audit, the Audit Committee reviews a Principal Independent Public Accountants Auditor Services Plan. KPMG then performs services throughout the year as approved by the Committee. KPMG reviews with the

Committee, at least quarterly, a projection of KPMG's fees for the year. Periodically, the Audit Committee approves revisions to the plan if the Committee determines changes are warranted. Our Audit Committee also considered whether KPMG's provision of tax services as reported above are compatible with maintaining KPMG's independence as our principal independent public accountants. All of the fees described above for services provided by KPMG were approved in accordance with the policy.

Proposal No. 3 Advisory Approval of Executive Compensation

Pursuant to Section 14A of the Securities Exchange Act of 1934, our shareholders are being presented with the opportunity to vote to approve, on an advisory basis, the compensation of our Named Executive Officers (NEOs) as disclosed in this proxy statement. As reaffirmed by our shareholders at the 2017 Annual Meeting of Shareholders, consistent with our Board's recommendation, we are submitting this proposal for a non-binding vote on an annual basis.

As described in detail under Compensation Discussion and Analysis, our executive compensation program is designed to attract, motivate, and retain our NEOs, who are critical to our success. Under the program, our NEOs are rewarded for the achievement of specific annual, long-term, and strategic goals, corporate goals, and the realization of increased shareholder returns. Please read Compensation Discussion and Analysis for additional details about our executive compensation program, including information about the fiscal year 2019 compensation of our NEOs and our Board's ongoing commitment to ensure that our program aligns with our long-term strategy and shareholder value creation.

The Compensation Committee continually reviews the compensation program for our NEOs to ensure the program achieves the desired goals of aligning our executive compensation structure with our shareholders' interests and current market practices. We believe our executive compensation program achieves the following objectives identified under Compensation Discussion and Analysis:

- Provide a clear and direct relationship between executive pay and our performance on both a short-term and long-term basis;
- Target market competitive pay levels with comparator peer group;
- Emphasize operating performance drivers;
- Link executive pay to measures that drive shareholder returns;
- Support our business strategies; and
- Maximize the return on our human resource investment.

We are asking our shareholders to indicate their support for our NEOs' compensation as described in this proxy statement and vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the compensation paid to Halliburton's Named Executive Officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative discussion, is hereby approved."

Our Board and our Compensation Committee value the opinions of our shareholders. The say-on-pay vote is advisory and, therefore, not binding on us, our Board, or our Compensation Committee. However, the Compensation Committee considers shareholder feedback in its ongoing review of our executive compensation program.

 **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.**

Compensation Committee Report

We have reviewed and discussed the Compensation Discussion and Analysis with Company management and, based on such review and discussion, we recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

Compensation Discussion and Analysis

2019 CD&A At-A-Glance

This year's Compensation Discussion and Analysis (CD&A) reviews the objectives and elements of Halliburton's executive compensation program and discusses the 2019 compensation earned by our NEOs. It also explains the significant actions the Compensation Committee took based on its ongoing commitment to consider shareholder feedback and to ensure our senior leadership team continues to deliver the reliable execution, strong cash flow, and industry-leading returns that our shareholders expect. During 2019, we:

✓ Continued robust shareholder engagement, with a key focus on executive compensation matters	➤ Contacted shareholders representing more than 50% of our outstanding common stock to obtain their views on our program; we met with shareholders representing approximately 31% of our outstanding common stock
✓ Continued robust Board involvement in shareholder engagement	➤ The newly-appointed Chair of the Compensation Committee participated in numerous shareholder meetings
✓ Modified financial metrics for determining short-term incentives to increase our emphasis on free cash flow and capital discipline	➤ Replaced CVA with two distinct metrics for the 2020 plan year: <ul style="list-style-type: none"> • Net Operating Profit After-Taxes (NOPAT) • Asset Turns
✓ Increased emphasis on performance-based long-term incentives	➤ Modified our long-term incentive mix starting with the 2020 plan year: <ul style="list-style-type: none"> • Increased weight of performance units to 70% (up from 50%) • Reduced weight of restricted stock to 30% • Eliminated stock options for NEOs
✓ Added a second financial metric for determining long-term performance-based awards under the Performance Unit Plan (PUP)	➤ Added a relative Total Shareholder Return (TSR) modifier for the 2020 PUP performance cycle; compares performance to the Oilfield Services Index (OSX); penalizes bottom quartile performance or rewards top-quartile performance
✓ Increased equity component of long-term incentives	➤ Changed PUP to issue awards 50% in stock (previously delivered entirely in cash) starting in 2020 so that 65% of long-term incentives is delivered in equity (contingent on three-year performance period)
✓ Approved new “double-trigger” change-of-control provisions	➤ Amended the Stock and Incentive Plan on February 13, 2019, for future grants

Despite the challenging market dynamics in 2019 with reduced customer activity and pricing pressure in North America, we grew revenue across all of our international regions and outperformed the international rig count for the second year in a row. In total, we generated \$22.4 billion of revenue and approximately \$2.4 billion of cash from operating activities during the year.

Our Return on Capital Employed (ROCE) for the three-year period ending December 31, 2019, was 3.36%, which positioned the Company above the 75th percentile relative to our performance peer group.

Despite outperforming our performance peer group, there were no annual incentives paid to any of our NEOs for the 2019 plan year. Additionally, the Compensation Committee decided base salaries would remain unchanged for 2020, except for Messrs. Loeffler and Richard, both of whom received the second half of their two-year promotion-related increases.

More information about our 2019 business achievements, and the resulting compensation actions taken by the Compensation Committee, are described in 2019 Performance Overview.

Results of 2019 Advisory Vote on Executive Compensation

In 2019, our compensation program received the support of 63% of the total votes cast at our Annual Meeting. These results showed measurable improvement from the prior year and indicated that we are headed in a good direction. Nevertheless, as discussed below, we continued our extensive outreach efforts as part of our commitment to ensure shareholder support for our compensation program moving forward. During the fall of 2019, we contacted shareholders representing more than 50% of our outstanding common stock and met with many of those shareholders, who collectively hold 31% of our outstanding common stock.

We solicited their feedback on company strategy and performance, corporate governance, executive compensation, sustainability, and other topics. We continue to hear from our shareholders that they support our overall compensation program design and are appreciative of our ongoing efforts to consider their feedback as our program evolves. As detailed below, based on the most recent feedback from shareholders, the Committee made several significant modifications to our compensation program for the 2020 plan year.

Key Activities and Changes

Board Responsiveness to Shareholder Feedback

Halliburton has always maintained open communications with the shareholder community. Seeking feedback from our shareholders on a regular basis is a critical part of our approach to managing our executive compensation program. Our ongoing, open dialogue with our shareholders helps ensure that the Board and management have a regular pulse on the views of our shareholders. These communications validate that our shareholders continue to be broadly supportive of the overall philosophy, objectives, and design of our program. They also provide us important perspectives on how to improve and better explain our program. While continuing to emphasize performance-based pay, shareholder feedback has resulted in several enhancements to our compensation program over the years, including:

- Increased transparency around the target setting process, metric selection rationale, and the associated payout calculations.
- Eliminated special or one-time stock grants for internal promotions.

- Eliminated most executive perquisites.
- Implemented a double-trigger change-of-control provision in our Stock and Incentive Plan.

During 2019, members of our senior management team participated in over 100 shareholder meetings and 19 conferences. As is our practice, in the fall of 2019, we also engaged in targeted outreach with numerous shareholders.

During this fall outreach, we contacted shareholders representing more than 50% of our outstanding common stock and met with many of those shareholders, who collectively hold 31% of our outstanding common stock. We previewed changes to our compensation program under consideration by our Compensation Committee and solicited their feedback on our compensation program, as well as our company strategy and performance, corporate governance, sustainability, and other topics. Our newly-appointed Compensation Committee Chair participated in this outreach effort. Based on the most recent feedback from shareholders, we made several significant modifications to our compensation program for the 2020 plan year.

What we heard

(during our ongoing 2019 investor discussions)

What we did

(effective for the 2020 plan year)

Shareholders seek increased emphasis on free cash flow and capital discipline

Replaced CVA with two distinct metrics that focus on our ability to manage cash and generate earnings, given our capital intensive, cyclically driven business. Short-term incentives will be based on the following independent metrics and weightings:

- 75% NOPAT
- 25% Asset Turns

Shareholders support the use of three-year relative ROCE for long-term incentives, but would like an additional performance component directly linked to stock price

Introduced a relative TSR modifier that compares performance against the Oilfield Services Index (OSX); modifier imposes an award penalty for bottom quartile performance and provides an incentive for top quartile performance

Shareholders want more emphasis on performance-based long-term incentives

Changed the mix of long-term incentive vehicles for NEOs (as illustrated below) to 70% performance units and 30% restricted stock; stock options have been eliminated

Shareholders expressed concern about PUP awards being paid 100% in cash

Rebalanced the long-term incentive pay mix so that 65% is delivered in equity; changed PUP cycle to issue awards 50% in stock and 50% in cash (contingent on three-year performance period)

Increased Emphasis on Long-Term Performance-Based Equity

New Long-Term Incentive Mix

2019 Performance Overview

We experienced challenging market dynamics in 2019 as our customers in the North American market fundamentally shifted from growth to capital discipline, impacting our business through reduced customer activity and additional pricing pressure, while the international markets continued on the road to recovery. We executed our value proposition, delivered exceptional safety and service quality, and remained focused on generating healthy returns and strong cash flow. 2019 marked the end of the first full decade of the shale revolution that propelled the United States to become the world's top hydrocarbon producer. Our company was an early participant in this development and invested and innovated alongside

our customers since the beginning. As unconventional enter the maturation phase, we are committed to the North American market and are taking appropriate actions to thrive in the new environment. We intend to continue our cost containment measures and to right size our fleet, high grade our customer portfolio, systematically improve our service delivery, grow our share of services per well, and develop differentiating technology that benefits both Halliburton and our customers. Internationally, we will continue focusing on profitable growth and improving our margins. We believe we have the right footprint and an enhanced technology portfolio to compete successfully across the international markets.

2019 Revenue

We generated **\$22.4 billion** of total company revenue, with improvements across all of our international regions. Our international business outgrew the international rig count for the second year in a row.

Safety and Service Quality

>20% Improvement

We achieved exceptional safety and service quality performance during 2019. Our total recordable incident rate and non-productive time **improved over 20%**, both historical bests across our business. This is a result of our employees' continued commitment to safety and process execution.

Capital Discipline

We quickly adapted to market conditions by reducing our capital expenditures by **24%** to approximately \$1.5 billion in 2019. These capital expenditures were predominantly made in our Sperry Drilling, Production Enhancement, Artificial Lift, Wireline and Perforating, and Production Solutions product service lines.

Cash Flow Execution

During 2019, we generated \$2.4 billion of operating cash flow and had \$1.5 billion of capital expenditures, resulting in over **\$900 million of free cash flow**. This demonstrates our ability to generate consistent free cash flow in different business environments. We additionally returned over \$700 million to shareholders through dividends and share repurchases.

* Management believes free cash flow, defined as "operating cash flow" less "capital expenditures", is an important liquidity measure and useful to investors and management for assessing the business's ability to generate cash.

We delivered superior ROCE performance over the one-, three-, and five-year period ending December 31, 2019, relative to the Oilfield Services Index (OSX), our two largest competitors, and our performance peer group. The details are depicted in the chart below:

We delivered TSR over the three-, five-, and ten-year period ending December 31, 2019, that exceeded the TSR of the OSX. We also outperformed our two largest competitors and our performance peer group for the five- and ten-year period ending December 31, 2019. The details are depicted in the chart below:

CEO Pay: Reported vs. Realized

In reviewing executive compensation, the Compensation Committee considers the difference between total compensation as reported in the Summary Compensation Table (“reported pay”) and realized pay. Since Mr. Miller was appointed CEO in 2017, his realized pay was consistently lower than reported pay, demonstrating the “at-risk” nature of his compensation and our compensation program’s pay-for-performance design. In the illustration below, total realized compensation consisted of the following:

- base salary paid;
- cash incentive payouts under the Halliburton Annual Performance Pay Plan;
- the value realized upon exercise of stock options;
- value of restricted stock vested during the year; and
- performance-based award paid for the year.

In 2017, Mr. Miller received a one-time stock award in connection with his promotion to President and CEO, a practice that was discontinued in 2018 in response to shareholder feedback. The chart shows Mr. Miller’s 2017 reported pay with and without this internal promotion grant. It also shows how TSR aligns with CEO pay over three years.

Our Executive Compensation Program Objectives

Our executive compensation program is designed to achieve the following objectives:

- Provide a clear and direct relationship between executive pay and our performance on both a short-term and long-term basis;
- Target market competitive pay levels with comparator peer group;
- Emphasize operating performance drivers;
- Link executive pay to measures that drive shareholder returns;
- Support our business strategies; and
- Maximize the return on our human resource investment.

Good Compensation Governance Practices At-A-Glance

What We Do	What We Don't Do
 Use mix of relative and absolute financial metrics	 No repricing of underwater stock options
 The majority of total direct compensation opportunity is performance-based, at-risk, and long-term (65% of long-term incentives is equity-based effective 2020)	 No excessive perquisites
 Deliver rewards that are based on the achievement of long-term objectives and the creation of shareholder value	 No guaranteed bonuses or uncapped incentives
 Maintain a clawback policy in the event of a material financial restatement or fraud	 No single trigger vesting upon a change of control (applicable to awards to NEOs for 2019 forward)
 Maintain robust executive and Director stock ownership requirements	 No excise tax gross-ups
 Use an independent, external compensation consultant	 No hedging or pledging of company securities by executives and Directors
 Benchmark against a relevant group of peer companies	 No buyout or exchange of underwater options
 Rigorous oversight of incentive metrics, goals, and pay-for-performance relationship	 No special or one-time stock grants for internal promotions
 Hold an annual say-on-pay vote	 No liberal share counting or recycling

Elements of our Executive Compensation Program for 2019

Halliburton's executive compensation program for the 2019 plan year was composed of base salary, a short-term incentive, and long-term incentives as described below (changes for the 2020 plan year are highlighted in red):

	Reward Element	Objective	Key Features	How Award Value is Determined	2019 Decisions
<div>FIXED</div> <div>AT RISK</div>	Base Salary	Compensates executives based on their responsibilities, experience, and skillset.	Fixed element of compensation paid in cash.	Benchmarked against a group of comparably sized corporations and industry peers.	Base salaries were adjusted consistent with our compensation philosophy. (Page 35)
	Short-Term Incentive	To motivate and incentivize performance over a one-year period.	Award value and measures are reviewed annually. Targets are set at the beginning of the year.	Performance measured against Cash Value Added (CVA) performance measures. For 2020, performance measured against: <ul style="list-style-type: none"> 75% NOPAT 25% Asset Turns 	Award values were targeted at the market median for 2019. (Page 35)
	Long-Term Incentives	To motivate and incentivize sustained performance over the long-term. Aligns interests of our NEOs with long-term shareholders.	Value is delivered 50% performance units; 35% restricted stock; and 15% stock options. Performance units measured over three years against targets set at the beginning of the performance period. For 2020: <ul style="list-style-type: none"> 70% performance units measured over three years (1/2 in stock; 1/2 in cash) with relative TSR modifier 30% restricted stock Stock options eliminated 	The 2019 performance units measured against ROCE performance relative to performance peers. Restricted stock and stock options have time-based vesting and value is driven by our share price.	Awards were targeted at the market median for 2019. (Page 36)

As illustrated below, the majority of our CEO's and NEOs' total direct compensation opportunity is performance-based, at-risk, and long-term. The graphs depict the mix of total target direct compensation set for our CEO and NEOs for the 2019 plan year. As part of its process, the Compensation Committee makes decisions about target long-term incentive award opportunities for the following year during its regular December meeting. For the 2019 plan year, the Compensation Committee approved restricted stock and stock option grants in December 2018.

(1) Reflects the compensation mix of Messrs. Loeffler, Carre, and Rainey. Mr. Richard was not included because he was not a NEO for the entire year.

Setting Executive Compensation

Role of the Compensation Committee

The Compensation Committee oversees the executive compensation program and has overall responsibility for making final decisions about total compensation for all of the NEOs, except for the CEO, which is set by the entire Board of Directors. As part of its annual process, the Committee works closely with senior management (as appropriate) and the Committee's independent compensation consultant. This process ensures consistency from year to year and adherence to the responsibilities listed in the Committee's Charter, which is available on our website.

The CEO does not provide recommendations concerning his own compensation, nor is he present when his compensation

is discussed by the Committee. The Committee, with input from its independent compensation consultant, discusses the elements of his compensation in executive session and makes a recommendation to all of the non-management Directors for discussion and final approval. At the Committee's request, a member of our management team may attend the executive session to answer questions from the Committee.

The CEO, with input from the Committee's independent compensation consultant, assists the Committee in setting compensation for the other NEOs.

Use of Independent Consultants and Advisors

The Committee engaged Pearl Meyer as its independent compensation consultant during 2019. Pearl Meyer does not provide any other services to us. The primary responsibilities of the independent compensation consultant were to:

- Provide independent and objective market data;
- Conduct compensation analysis;
- Recommend potential changes to the comparator peer group and performance peer group;
- Recommend plan design changes;

- Advise on risks associated with compensation plans; and
- Review and advise on pay programs and pay levels.

These services are provided as requested by the Committee throughout the year. Based on their review of our executive compensation program, Pearl Meyer concluded that our compensation plans do not appear to present any material risks to the Company or its shareholders in the design, metrics, interaction between, or administration of the incentive plans.

Role of Benchmarking, Peer Companies, and Market Data

The Committee regularly assesses the market competitiveness of the Company's executive compensation program based on data from a comparator peer group. The companies comprising the comparator peer group are selected based on the following considerations:

- Market capitalization;
- Revenue and number of employees;
- Global impact and reach; and
- Industry affiliation.

Industry affiliation includes companies that are involved in the oil and natural gas and energy services industries. The comparator peer group is reviewed annually by the Committee to ensure relevance, with data provided to the Committee by the independent compensation consultant.

The 2019 comparator peer group was composed of the following peer companies within the energy industry, as well as selected companies representing general industry. This peer group was utilized to determine market levels of total compensation for the 2019 plan year and was unchanged from 2018:

3M Company	Hess Corporation
Anadarko Petroleum Corporation	Honeywell International Inc.
Apache Corporation	Johnson Controls International plc
Baker Hughes	National Oilwell Varco, Inc.
Caterpillar Inc.	Occidental Petroleum Corporation
ConocoPhillips	Raytheon Company
Deere and Company	Schlumberger Limited
Emerson Electric Co.	Transocean Ltd.
Fluor Corporation	Weatherford International plc

Because of variances in market capitalization and revenue size among the companies comprising our comparator peer group, the market data is size adjusted by revenue as necessary so that it is comparable with our trailing 12 months revenue. These adjusted values are used to compare our executives' compensation to those of the comparator peer group.

Total compensation for each NEO is structured to target market competitive pay levels in base salary and short- and long-term incentive opportunities. We also place an emphasis on variable pay at risk, which enables this compensation structure to position actual pay above or below the 50th percentile of our comparator peer group depending on performance.

A consistent pre-tax, present value methodology is used in assessing stock-based and other long-term incentive awards.

The independent compensation consultant gathers and performs an analysis of market data for each NEO, comparing each of their individual components of compensation and total compensation to that of the comparator peer group. This competitive analysis consists of comparing the market data of each of the pay elements and total compensation at the 25th, 50th, and 75th percentiles of the comparator peer group to current compensation for each NEO.

Pay for Performance Analysis

As part of its analysis, the Committee reviews one-, three-, and five-year pay for performance against our performance peer group as identified in the section entitled “Long-term Incentives”. The review examines the degree of alignment between our ROCE performance compared to the ROCE performance of our performance peer group and our CEO’s realizable compensation relative to the realizable compensation of the CEOs in our comparator peer group.

Total realizable compensation consisted of the following:

- base salary paid;
- cash incentive payouts;
- in-the-money value of stock options grants during the one-, three-, and five-year periods valued as of December 31, 2018;
- face value of restricted stock grants during the one-, three-, and five-year periods valued as of December 31, 2018; and
- for performance-based awards, (i) target value for awards still outstanding as of December 31, 2018, and (ii) realized value for performance periods beginning and ending within the one-, three-, and five-year periods.

This analysis supported the Committee’s determination that our pay and performance are appropriately aligned.

Determination of CEO and NEO Target Total Compensation

When determining target total compensation for the CEO, the Committee takes into consideration competitive market pay levels for the CEOs in the comparator peer group. The Committee also considers the CEO’s performance and accomplishments in the areas of business development and expansion, management succession, development and retention of management, ethical leadership, and the achievement of financial and operational objectives.

Each year, our CEO and the members of the Board agree upon a set of objectives addressing the following areas:

- Leadership and vision;
- Integrity;
- Keeping the Board informed on matters affecting Halliburton;
- Performance of the business;
- Development and implementation of initiatives that provide long-term economic benefits;
- Accomplishment of strategic objectives; and
- Development of management.

The Board determined that Mr. Miller met these objectives in 2019 through the following achievements:

LEADERSHIP AND VISION

- Managed through a seamless CFO and Western Hemisphere leadership transition
- Facilitated the addition of two Directors to the Board
- Led the organization through the business cycle with effective stakeholder communication and maintained high visibility with employees, shareholders, and customers

INTEGRITY

- Maintained unwavering commitment to our Code of Business Conduct

KEEPING THE BOARD INFORMED

- Communicated regularly with the members of the Board providing status reports and notifications on business issues and providing unfettered access to management and subject matter experts

PERFORMANCE OF THE BUSINESS

- Outperformed the OSX, our two largest competitors, and our performance peer group in terms of ROCE over the one-, three-, and five-year periods ending December 31, 2019; delivered superior TSR performance relative to the OSX over the three-, five-, and ten-year periods ending December 31, 2019, and outperformed our two largest competitors and our performance peer group and in terms of TSR for the five- and ten-year period ending December 31, 2019
- Maintained unwavering commitment to our Health, Safety and Environment program

DEVELOP AND IMPLEMENT INITIATIVES THAT PROVIDE LONG-TERM ECONOMIC BENEFITS

- Continued Company focus on evolving market trends, first of its kind technology development, and automation
- Continued to institutionalize Continuous Improvement which drives profitability, capacity, and greater flexibility

ACCOMPLISHMENT OF STRATEGIC OBJECTIVES

- Continued our international diversification by strengthening our international business
- Executed key integration initiatives across multiple segments of the business

DEVELOPMENT OF MANAGEMENT

- Exposed the next generation of management to the Board, further enhanced the management/employee succession process, and focused senior management on talent development and diversity initiatives

Other NEO compensation is determined similar to that of the CEO by evaluating each NEO's performance and considering the market competitive pay levels of the comparator peer group for the NEO's position. The Compensation Committee also considers the importance of keeping our management team focused and stable, especially given that other oilfield services companies have aggressively recruited our NEOs and other executives in the past. In fact, over thirty of our former executives have departed to become CEOs and/or senior executives of other oilfield services companies.

2019 Executive Compensation Outcomes

Base Salary

The Committee generally targets base salaries at the median of the comparator peer group. The Committee also considers the following factors when setting base salary:

- Level of responsibility;
- Experience in current role and equitable compensation relationships among internal peers;
- Performance and leadership; and
- External factors involving competitive positioning, general economic conditions, and marketplace compensation trends.

No specific formula is applied to determine the weight of each factor.

Salary reviews are conducted annually to evaluate each executive. Individual salaries are not necessarily adjusted each year.

The Committee approved the following base salary adjustments effective January 1, 2019:

- Mr. Miller received a 7.1% increase in annual base salary (\$1,400,000 to \$1,500,000) to align his base salary with the market median of our comparator peer group;
- Mr. Loeffler received a 73.3% increase in annual base salary (\$375,000 to \$650,000) in recognition of his promotion to CFO in November 2018. While this adjustment was significant, it still

positions Mr. Loeffler's salary below the market median for a CFO role. As per its normal practice, the Committee intends to bring Mr. Loeffler's base salary to the market median over a multi-year period.

- Mr. Carre received a 6.7% increase in annual base salary (\$750,000 to \$800,000) to position his base salary at the market median of our comparator peer group; and
- Mr. Rainey received a 4.0% increase in annual base salary (\$875,000 to \$910,000) based on performance and internal equity.

The Committee approved the following base salary adjustments effective February 1, 2019:

- Mr. Richard received a 16.0% increase in annual base salary (\$625,000 to \$725,000) in recognition of his promotion to President – Western Hemisphere. Mr. Richard's salary is still positioned below the market median for his role. The Committee intends to bring Mr. Richard's base salary to the market median over a multi-year period.

At its regular December 2019 meeting, the Compensation Committee determined that base salaries for our NEOs would remain unchanged for 2020, with the exceptions of Messrs. Loeffler and Richard, both of whom received the second half of their two-year promotion-related increases.

Short-term (Annual) Incentive

The Annual Performance Pay Plan is designed to reward executives and other key members of management for improving financial results that drive the creation of economic value for our shareholders and provide a means to connect individual cash compensation directly to our performance. It is administered in accordance with the terms of the Stock and Incentive Plan.

The Annual Performance Pay Plan provides an incentive to our NEOs to generate more earnings than normally expected by the investors who have provided us with capital to grow our business. For 2019, we measured achievement of this objective using Cash Value Added, or CVA. CVA is a financial measurement

that demonstrates the amount of economic value added to our business.

The Committee selected CVA for our Annual Performance Pay Plan because it is a key financial measure on which we set our performance expectations for the year and we believe it is a proven driver of value creation for shareholders. However, the Committee also considers other business performance factors that are important to our investors, including health, safety, environment, and service quality, in determining the final payout amounts under the Annual Performance Pay Plan.

$$\text{CVA} = \text{Net Operating Profit After Taxes} - \text{Capital Charge}$$

OPERATING INCOME

- + Interest Income
- + Foreign Currency Gains (Losses)
- + Other Nonoperating Income (Expense), Net

= NET OPERATING PROFIT

- Income Taxes

= NET OPERATING PROFIT AFTER TAXES

NET INVESTED CAPITAL

- X Weighted Average Cost of Capital

= CAPITAL CHARGE

At the beginning of each plan year, the Committee approves an incentive award schedule that equates levels of CVA performance with cash reward opportunities. The performance goals range from “Threshold” to “Target” to “Maximum”. Threshold reflects the minimum CVA performance level which must be achieved in order for any award to be earned and Maximum reflects the maximum awards that can be earned.

The performance goals are based on our annual operating plan, as reviewed and approved by our Board, and are set at levels to meet or exceed shareholder expectations of our performance, as well as expectations of the relative performance to our competitors. Given the cyclical nature of our business, our performance goals

vary from year to year, which can similarly impact the difficulty in achieving the goals.

CVA is computed monthly and aggregated throughout the calendar year. Adjustments in the calculation of CVA may, at times, be approved by the Committee and can include the treatment of unusual items that may have impacted our actual results.

The Committee set the 2019 performance goals for our NEOs based on company-wide consolidated CVA results. Threshold CVA was based on 90% of planned Operating Income, Target CVA on 100% of planned Operating Income, and Maximum CVA on 110% of planned Operating Income.

The Committee set the 2019 award levels, targeted to the market median, for our NEOs based on the company-wide consolidated CVA results. The performance goals for the 2019 plan year are noted in the table below:

Metric	Threshold	Target	Maximum	Actual
CVA	\$5 M	\$57 M	\$238 M	-\$2,208 M

Individual incentive award opportunities are established as a percentage of base salary at the beginning of the plan year based on market competitive targets. The maximum award a NEO can receive is limited to two times the target opportunity level. The

level of achievement of annual CVA performance determines the dollar amount of incentive compensation payable to participants following completion of the plan year.

The Committee set incentive award opportunities under the plan as follows:

NEO	Threshold	Target	Maximum
Mr. Miller	60%	150%	300%
Mr. Loeffler	40%	100%	200%
Mr. Carre	40%	100%	200%
Mr. Rainey	44%	110%	220%
Mr. Richard	44%	110%	220%

Threshold, Target, and Maximum opportunity dollar amounts can be found in the Grants of Plan-Based Awards in Fiscal 2019 table.

Because the 2019 CVA actual results were below Threshold, our NEOs did not receive a CVA payout.

Over the past ten years, the Annual Performance Pay Plan achieved Maximum performance levels five times, Target performance levels two times, and fell short of the Threshold performance level three times, resulting in no payout.

Long-Term Incentives

The Stock and Incentive Plan is designed to reward consistent achievement of value creation and operating performance goals, align management with shareholder interests, and encourage long-term perspective and commitment. Long-term incentives represent the largest component of total executive compensation opportunity.

Using a mix of incentive vehicles allows us to provide a diversified yet balanced long-term incentive program that effectively addresses volatility in our industry and in the stock market, in addition to maintaining an incentive to meet performance goals. For the 2019 plan year, the Committee used the following combination of equity vehicles for long-term incentive grants:

Vehicle	Weighting	Purpose
Performance Units	50% of Award	Rewards achievement of specific financial goals measured over a three-year performance period
Restricted Stock ⁽¹⁾	35% of Award	Supports leadership retention/stability objectives; five-year vesting period
Stock Options ⁽²⁾	15% of Award	Rewards for stock price appreciation; three-year vesting period

(1) Restricted stock grants are generally subject to a graded vesting schedule of 20% per year over five years. However, different vesting schedules may be utilized at the discretion of the Committee. Shares of restricted stock receive dividend or dividend equivalent payments.

(2) Stock option awards vest over a three-year graded vesting period with 33 1/3% of the grant vesting each year. All options are priced at the closing stock price on the date the grant is approved by the Committee.

In determining the size of long-term incentive awards, the Committee first considers market data for comparable positions and then may adjust the awards upwards or downwards based on the Committee's review of internal equity. This can result in positions of similar magnitude and pay receiving awards of varying size. Awards are targeted to the market median.

As part of its process, the Compensation Committee makes decisions about target long-term incentive award opportunities for the following year during its regular December meeting. For the 2019 plan year, the Compensation Committee approved restricted stock and stock option grants in December 2018. Exercise prices

for stock options are set at the closing stock price on the date the grant is approved.

For the 2020 plan year, grants of restricted stock for NEOs were approved by the Compensation Committee at its December 2019 meeting using the new equity mix (70% performance units and 30% restricted stock). We also added a TSR modifier that increases or decreases the long-term incentives payout based on our relative TSR performance. Stock Options were eliminated for NEOs beginning with the 2020 plan year.

2017 Cycle Performance Unit Program

The 2017 cycle Performance Unit Program provides NEOs and other selected executives with incentive opportunities based on our consolidated ROCE during a three-year performance period. This program reinforces our objectives for sustained long-term performance and value creation. It also reinforces strategic planning processes and balances short- and long-term decision making.

Based on feedback from our shareholders and to more closely align with our strategy of delivering industry-leading returns

across the business cycle, in 2015, we modified the metrics in our Performance Unit Program to 100% relative ROCE. The program measures ROCE on a relative basis to the results of our performance peer group used for the Performance Unit Program. The three-year performance period aligns this measurement with our and our performance peer group's business cycles.

ROCE indicates the efficiency and profitability of our capital investments and is determined based on the ratio of earnings divided by average capital employed. The calculation is as follows:

$$\text{ROCE} = \frac{\text{Net income} + \text{After-tax interest expense}}{\text{Shareholders' equity (average of beginning and end of period)} + \text{Debt (average of beginning and end of period)}}$$

Why ROCE?

✓ Highly correlated to stock price performance over the long-term, applying drivers that management can directly influence.

✓ Aligned with our strategy of delivering industry-leading returns across the business cycle.

✓ Reinforces the Company's objective for sustained long-term performance and value creation.

✓ Overwhelmingly supported by our shareholders.

✓ Eliminates the subjectivity inherent in setting long-term absolute targets in a cyclical industry.

✓ Provides our management team with clear line of sight to long-term financial results.

The performance peer group used for the Performance Unit Program is comprised of oilfield equipment and services companies and domestic and international exploration and production companies. This peer group is used for the Performance Unit Program because these companies represent the timing, cyclical, and volatility of the oil and natural gas industry and provide an appropriate industry group for measuring our relative performance. The peer group, disclosed in our 2018 proxy statement, was used for the 2017 cycle of the Performance Unit Program.

The table below shows the incentive opportunity based on Halliburton's ROCE performance relative to that of our performance peer group. The 2017 cycle of the Performance Unit Program ended on December 31, 2019, and we achieved ROCE of 3.36%, which was above the 75th percentile of our performance peer group's ROCE of 1.28% and yielded an award paid at 200% of the target opportunity level.

2017 Cycle – Performance Matrix

Halliburton Ranking vs. Performance Peer Group	Threshold 25 th Percentile	Target 50 th Percentile	Maximum 75 th Percentile
Incentive Opportunity as a % of Target	25%	100%	200%

The NEOs received payments in 2020 as set forth in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table. The program allows for rewards to be paid in cash, stock, or a combination of cash and stock.

2019 Cycle Performance Unit Program

The Committee set the performance measures on a 100% relative ROCE basis for the 2019 cycle of the Performance Unit Program, with performance measured for the three-year period ending December 31, 2021.

The performance peer group for the 2019 cycle Performance Unit Program is the same as the performance peer group used for the 2018 cycle Performance Unit Program and consists of the following companies:

Anadarko Petroleum Corporation	Nabors Industries Ltd.
Apache Corporation	National Oilwell Varco, Inc.
Baker Hughes	Schlumberger Limited
Chesapeake Energy Corporation	Superior Energy Services, Inc
Devon Energy Corporation	TechnipFMC
Hess Corporation	Transocean Ltd.
Marathon Oil Corporation	Weatherford International plc
Murphy Oil Corporation	The Williams Companies, Inc.

At the end of the three-year performance period, the ROCE of the Company and the performance peer group will be calculated and percentiles will be determined. The table below details the incentive opportunity based on Halliburton's performance relative to the performance peer group. If Halliburton's relative

performance ranking is below the 25th percentile, there will be no payment. If Halliburton's relative performance ranking is between the 25th, 50th, and 75th percentiles, the payout will be interpolated accordingly.

2019 Cycle – Performance Matrix

Halliburton Ranking vs. Performance Peer Group	Threshold 25 th Percentile	Target 50 th Percentile	Maximum 75 th Percentile
Incentive Opportunity as a % of Target	25%	100%	200%

Individual incentive opportunities are established based on market references and the NEO's role within the organization. The Threshold, Target, and Maximum columns under the heading Estimated Future Payouts Under Non-Equity Incentive Plan Awards in the Grants of Plan-Based Awards in Fiscal

2019 table indicate the potential payout for each NEO under the Performance Unit Program for the 2019 cycle. The potential payouts are performance driven and completely at risk. Actual payout amounts, if any, will not be determined until the three-year cycle closes on December 31, 2021.

Supplemental Executive Retirement Plan

The objective of the Supplemental Executive Retirement Plan, or SERP, is to provide a competitive level of pay replacement upon retirement. The current pay replacement target is 75% of base salary at age 65 with 25 years of service, using the highest annual salary during the last three years of employment.

The material factors and guidelines considered in making an allocation include: (i) retirement benefits provided, both qualified and nonqualified; (ii) current compensation; (iii) length of service; and (iv) years of service to normal retirement.

The calculation takes into account the following variables: (i) base salary; (ii) years of service; (iii) age; (iv) employer portion of qualified plan savings; (v) age 65 value of any defined benefit plan; and (vi) existing nonqualified plan balances and any other retirement plans.

Several assumptions are made annually and include a base salary increase percentage, qualified and nonqualified plan contributions and investment earnings, and an annuity rate. These factors are reviewed and approved annually by the Committee in advance of calculating any awards.

To determine the annual benefit, external actuaries calculate the total lump sum retirement benefit needed at age 65 from all company retirement sources to produce an annual retirement benefit of 75% of highest annual salary during the last three years of employment. Company retirement sources include any Company contributions to qualified benefit plans and contributions to nonqualified benefit plans. If the combination of these two sources does not yield a total retirement balance that will meet the 75% objective, then contributions may be made annually through the SERP to bring the total benefit up to the targeted level.

To illustrate, assume \$10 million is needed at age 65 to produce an annual retirement benefit equal to 75% of base salary. The participant is projected to have \$3 million in his qualified benefit plans resulting from Company contributions at retirement and \$4 million in his nonqualified retirement plans resulting from Company contributions at retirement. Since the total of these two sources is \$7 million, a

shortfall of \$3 million results. This is the amount needed to achieve the 75% pay replacement objective. This shortfall may be offset through annual contributions to the SERP.

Participation in the SERP is limited to the direct reports of the CEO and other selected executives as recommended by the CEO and approved at the discretion of the Committee. However, participation one year does not guarantee future participation. In 2019, the Committee authorized retirement allocations under the SERP to all NEOs as listed in the Supplemental Table: All Other Compensation and the 2019 Nonqualified Deferred Compensation table.

All of the NEOs, except Mr. Loeffler, are fully vested in their respective account balances. Balances for active and terminated participants earn interest at an annual rate of 5% and 10%, respectively.

Other Executive Benefits and Policies

Retirement and Savings Plan

All NEOs may participate in the Halliburton Retirement and Savings Plan, which is the defined contribution benefit plan available to all eligible U.S. employees. The matching contribution amounts we contributed on behalf of each NEO are included in the Supplemental Table: All Other Compensation.

Elective Deferral Plan

All NEOs may participate in the Halliburton Elective Deferral Plan, which was established to provide highly compensated employees with an opportunity to defer earned base salary and incentive compensation in order to help meet retirement and other future income needs.

Participants may elect to defer up to 75% of their annual base salary and up to 75% of their incentive compensation into the plan. Deferral elections must be made on an annual basis, including the type and timing of distribution. Plan earnings are based on

the NEO's choice of up to 12 investment options with varying degrees of risk, including the risk of loss. Investment options may be changed by the NEO daily.

In 2019, none of our NEOs participated in this plan. Messrs. Rainey and Richard have account balances from participation in the plan in prior years. Messrs. Miller, Loeffler, and Carre are not participants in the plan. Further details can be found in the 2019 Nonqualified Deferred Compensation table.

Benefit Restoration Plan

The Halliburton Company Benefit Restoration Plan provides a vehicle to restore qualified plan benefits which are reduced as a result of limitations on contributions imposed under the Internal Revenue Code or due to participation in other plans we sponsor and to defer compensation that would otherwise be treated as excessive remuneration within the meaning of Section 162(m) of the Internal Revenue Code. Awards are made annually to those who meet these criteria and earned interest at an annual rate as defined by the plan document. Awards and corresponding interest balances are 100% vested and distributed upon separation.

In accordance with the plan document, participants earn monthly interest at the 120% AFR rate, provided the interest rate shall be no less than 6% per annum or greater than 10% per annum. Because the 120% AFR rate was below the 6% minimum interest threshold, plan participants earned interest at an annual rate of 6% in 2019.

In 2019, all NEOs received awards under this plan in the amounts included in the Supplemental Table: All Other Compensation and the 2019 Nonqualified Deferred Compensation table.

Perquisites

Effective January 1, 2019, we eliminated several perquisites including tax gross ups for personal use of corporate aircraft, executive physical examinations, and financial planning reimbursements. We also eliminated reimbursements for country club dues for all of our NEOs.

We do not provide cars to our NEOs. However, a car and part-time driver is available for Mr. Miller's limited use as needed for security purposes and so that he can work while in transit to meet customers or attend business-related functions.

We provided security at the personal residences of Messrs. Miller and Loeffler during 2019.

As a result of the recommendations provided by an independent, third-party security consultant, the Board has determined that Mr. Miller must use company aircraft for all travel. The security study also recommends that his spouse and children use

company-provided aircraft. The only personal use of the company aircraft in 2019 for other NEOs is for spousal and dependent travel on select business trips.

Mr. Rainey is an expatriate under our long-term expatriate business practice. A differential is commonly paid to expatriates in assignment locations where the cost of goods and services is greater than the cost for the same goods and services in the expatriate's home country. Differentials are determined by Mercer/ORC, a third-party consultant. Mr. Rainey receives certain assignment allowances, including a goods and services differential and host country housing and utilities. He also participates in our tax equalization program, which neutralizes the tax effect of the international assignment and approximates the tax obligation the expatriate would pay in his home country.

Specific amounts for the above-mentioned perquisites are detailed for each NEO in the Supplemental Table: All Other Compensation.

Clawback Policy

We have a clawback policy under which we will seek to recoup incentive compensation in all appropriate cases paid to, awarded, or credited for the benefit of any of our executive officers, which include all NEOs, if and to the extent that:

- The amount of incentive compensation was calculated based on the achievement of financial results that were subsequently reduced due to a restatement of our financial results;
- The officer engaged in fraudulent conduct that caused the need for the restatement; and
- The amount of incentive compensation that would have been paid to, awarded, or credited for the benefit of the officer, had our financial results been properly reported, would have been lower than the amount actually paid, awarded, or credited.

The policy also provides that we will seek to recoup incentive compensation in all appropriate cases paid to, awarded to, or credited for the benefit of any of our executive officers, which include all NEOs, and certain other senior officers, if and to the extent that:

- It is determined that, in connection with the performance of that officer's duties, he or she breached his or her fiduciary duty by knowingly or recklessly engaging in a material violation of a U.S. federal or state law, or failed to supervise an employee who substantially participated in such a violation; or

- The officer is named as a defendant in a law enforcement proceeding for having breached his or her fiduciary duty by knowingly or recklessly engaging in a material violation of a U.S. federal or state law, the officer disagrees with the allegations relating to the proceeding, and either (i) we initiate a review and determine that the alleged action is not indemnifiable or (ii) the officer does not prevail at trial, enters into a plea arrangement, agrees to the entry of a final administrative or judicial order imposing sanctions, or otherwise admits to the violation in a legal proceeding.

The disinterested members of the Board and the disinterested members of the Compensation Committee and the Nominating and Corporate Governance Committee may be involved in reviewing, considering, and making determinations regarding the officer's alleged conduct, whether recoupment is appropriate or required, and the type and amount of incentive compensation to be recouped from the officer.

The policy also provides that, to the extent permitted by applicable law and not previously disclosed in a filing with the SEC, we will disclose in our proxy statement the circumstances of any recoupment arising under the policy or that there has not been any recoupment pursuant to the policy for the prior calendar year. There was no recoupment under the policy in 2019.

Stock Ownership Requirements

We have stock ownership requirements for our executive officers, which include all the NEOs, to further align their interests with our shareholders.

Our CEO is required to own Halliburton common stock in an amount equal to or in excess of six times his annual base salary. Executive officers that report directly to the CEO are required to own an amount of Halliburton common stock equal to or in excess of three times their annual base salary, and all other executive officers are required to own an amount of Halliburton common stock equal to or in excess of two times their annual base salary. The Committee reviews their holdings, which include restricted shares and all other Halliburton common stock owned by the

officer, at each December meeting. Each executive officer has five years to meet the requirements, measured from the date the officer becomes subject to the ownership level for the applicable office.

After the five-year stock ownership period, as described above, executive officers who have not met their minimum ownership requirement must retain 100% of the net shares acquired upon restricted stock vesting until they achieve their required ownership level. During this time period, any stock option exercise must be an exercise and hold.

As of December 31, 2019, all NEOs met the requirements.

Hedging and Pledging Policy

We have a policy under which our Directors and executive officers, which include all NEOs, and certain senior officers are prohibited from:

- hedging activities related to Halliburton securities; and
- the pledging of Halliburton securities.

The policy defines hedging activities as the use of any financial instrument designed to hedge or offset a change in the market value of any Halliburton security, and defines pledging as the use of a Halliburton security or any related derivative security as collateral for any form of indebtedness.

Additionally, the policy:

- discourages all employees and Directors from speculative activities in Halliburton securities and related derivative securities, such as puts or call options;
- applies to all Halliburton securities, including restricted stock, restricted stock units, options, and debt securities, which are issued by any Halliburton entity, and any other security directly or indirectly exercisable for or convertible or exchangeable into any Halliburton security; and
- applies regardless of whether or not the securities were acquired from our equity compensation plans.

Elements of Post-Termination Compensation and Benefits

Termination events that trigger payments and benefits include normal or early retirement, cause, death, disability, and voluntary termination. Post-termination or change-in-control payments may include severance, accelerated vesting of restricted stock and stock options, payments under cash-based short- and long-term

incentive plans, payout of nonqualified account balances, and health benefits, among others. The impact of various events on each element of compensation for the NEOs is detailed in the Post-Termination or Change-In-Control Payment table.

Impact of Regulatory Requirements on Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation paid to the CEO, CFO, or any of the three other most highly compensated officers to the extent the compensation exceeds \$1 million in any year. Effective for tax years beginning after December 31, 2017, Section 162(m) has been revised to eliminate the performance-based compensation exception.

Prior to this change in the tax law, our Stock and Incentive Plan enabled qualification of stock options, stock appreciation rights, and performance share awards, as well as short- and long-term

cash performance plans under Section 162(m). Our policy is to utilize available tax deductions whenever appropriate and consistent with our compensation philosophy. When designing and implementing our executive compensation program, the Committee considers all relevant factors, including tax deductibility of compensation, and will consider the federal tax deductibility of compensation in excess of \$1 million a year to the extent doing so is consistent with our executive compensation objectives.

Salary. The amounts in the Salary column reflect the salary earned by each NEO.

Stock Awards. The amounts in the Stock Awards column reflect the grant date fair value of the restricted stock awarded in 2019. Except where there is a distinction to make between the two types of awards, this proxy statement refers to both restricted stock and restricted stock units as “restricted stock”. We calculate the fair value of restricted stock awards by multiplying the number of restricted shares or units granted by the closing stock price on the grant date.

Option Awards. As discussed in Compensation Discussion and Analysis, we discontinued granting Option Awards to NEOs in 2019.

Non-Equity Incentive Plan Compensation. The Non-Equity Incentive Plan Compensation column reflect amounts earned in 2019 and paid in 2020 for the 2017 cycle Performance Unit Program.

The 2017 cycle Performance Unit Program amounts paid to each NEO are: \$5,730,380 for Mr. Miller; \$2,485,124 for Mr. Carre; \$3,307,924 for Mr. Rainey; and \$1,656,000 for Mr. Richard. Mr. Loeffler was not a participant in the 2017 cycle Performance Unit Program. The amounts paid to the NEOs for the 2017 cycle Performance Unit Program differ from what is shown in the Grants of Plan-Based Awards in Fiscal Year 2019 table under Estimated Future Payments Under Non-Equity Incentive Plan Awards. That table indicates the potential award amounts under the 2019 cycle Performance Unit Program, which will close on December 31, 2021.

As discussed in the Compensation Discussion and Analysis, no amounts were earned by our NEOs under the 2019 Halliburton Annual Performance Pay Plan because the minimum threshold performance level was not achieved.

Change in Pension Value and NQDC Earnings. The amounts in the Change in Pension Value and NQDC Earnings column are attributable to the above-market earnings for various nonqualified plans. The methodology for determining what constitutes above-

market earnings is the difference between the interest rate as stated in the applicable nonqualified plan document and the Internal Revenue Service Long-Term 120% AFR rate as of December 31, 2019. The 120% AFR rate used for determining above-market earnings in 2019 was 2.52%.

Supplemental Executive Retirement Plan Above-Market Earnings. The current interest rate for active participant accounts in the Supplemental Executive Retirement Plan is 5% as defined by the plan document. The above-market earnings for active participants equaled 2.48% (5% (plan interest) minus 2.52%) for 2019.

NEOs earned above-market earnings for their balances associated with the plan as follows: \$122,789 for Mr. Miller; \$3,920 for Mr. Loeffler; \$37,791 for Mr. Carre; and \$132,303 for Mr. Rainey.

Benefit Restoration Plan Above-Market Earnings. In accordance with the plan document, participants earn monthly interest at the 120% AFR rate, provided the interest rate shall be no less than 6% per annum or greater than 10% per annum. Because the 120% AFR rate was below the 6% minimum interest threshold, the above-market earnings associated with this plan were 3.48% (6% (plan interest) minus 2.52%) for 2019.

NEOs earned above-market earnings for their balances associated with the plan as follows: \$16,511 for Mr. Miller;

\$736 for Mr. Loeffler; \$7,675 for Mr. Carre; \$16,212 for Mr. Rainey; and \$4,582 for Mr. Richard.

Elective Deferral Plan Above-Market Earnings. The average NEO earnings for the balances associated with the Elective Deferral Plan were 9.02% for 2019. The above-market earnings associated with this plan equaled 6.50% (9.02% minus 2.52%) for 2019.

NEOs earned above-market earnings for balances associated with the plan as follows: \$260,952 for Mr. Rainey; and \$83,992 for Mr. Richard. Messrs. Miller, Loeffler, and Carre are not participants in and do not have any prior balances in the Elective Deferral Plan.

The amounts shown in this column differ from the amounts shown for the Supplemental Executive Retirement Plan, the Benefit Restoration Plan, and the Elective Deferral Plan in the 2019 Nonqualified Deferred Compensation table under the Aggregate Earnings in Last Fiscal Year column because that table includes all earnings and losses and the Summary Compensation Table shows above-market earnings only.

All Other Compensation. Detailed information for amounts included in the All Other Compensation column can be found in the Supplemental Table: All Other Compensation.

Supplemental Table: All Other Compensation

The following table details the components of the All Other Compensation column of the Summary Compensation Table for 2019.

Halliburton Foundation. The Halliburton Foundation allows NEOs and other employees to donate to approved universities, medical hospitals, and primary schools of their choice. In 2019, the Halliburton Foundation matched donations up to \$20,000 on a 2.25 for 1 basis. Mr. Miller participated in the Halliburton Foundation's matching program for Directors, which allowed his 2019 contributions up to \$50,000 to qualified organizations to be matched on a 2.25 for 1 basis.

Halliburton Giving Choices. The Halliburton Giving Choices Program allows NEOs and other employees to donate to approved not-for-profit charities of their choice. We match donations by contributing ten cents for every dollar contributed by employees. The amounts shown represent the match amounts the program donated to charities on behalf of the NEOs in 2019.

Halliburton Political Action Committee. The Halliburton Political Action Committee, or HALPAC, allows NEOs and other eligible employees to donate to political candidates and participate in the political process. We match the NEOs' and other employees' donations to HALPAC dollar-for-dollar to a 501(c)(3) status nonprofit organization of the contributor's choice. The amounts shown represent the match amounts donated to charities on behalf of the NEOs in 2019.

Restricted Stock Dividends. This is the amount of dividends paid on restricted stock held by NEOs in 2019. Restricted stock units granted to employees do not receive dividend payments.

Retirement and Savings Plan Employer Match. This is the contribution we made on behalf of each NEO to the Retirement and Savings Plan, our defined contribution plan. We match employee contributions up to 5% of each employee's eligible base salary up to the 401(a)(17) compensation limit of \$280,000 in 2019.

Retirement and Savings Plan Basic Contribution. This is the contribution we made on behalf of each NEO to the Retirement and Savings Plan. If actively employed on December 31, 2019, or if they meet retirement eligibility requirements of the plan as of their separation date, each employee receives a contribution equal to 2% of their eligible base pay up to the 401(a)(17) compensation limit of \$280,000 in 2019.

Benefit Restoration Plan. This is the award earned under the Benefit Restoration Plan in 2019 as discussed in the Benefit Restoration Plan section of Compensation Discussion and Analysis. Associated interest, awards, and beginning and ending balances for the Benefit Restoration Plan are included in the 2019 Nonqualified Deferred Compensation table.

Supplemental Executive Retirement Plan. This is the award approved under the Supplemental Executive Retirement Plan in 2019 as discussed in the Supplemental Executive Retirement Plan section of Compensation Discussion and Analysis. Associated interest, awards, and beginning and ending balances for the Supplemental Executive Retirement Plan are included in the 2019 Nonqualified Deferred Compensation table.

Expatriate Assignment. In 2019, Mr. Rainey received compensation associated with his expatriate assignment similar in type to that received by other expatriates on comparable

assignments. He received \$89,392 for cost of living adjustment; \$91,000 mobility premium; \$1,002,226 for tax equalization; \$112,786 for imputed housing allowance; \$13,320 for imputed vacation travel; and \$13,070 for auto imputed allowance.

All Other.

- **Aircraft Usage.** As a result of the recommendations provided by an independent, third-party security consultant, the Board has determined that Mr. Miller must use company aircraft for all travel. The security study also recommends that his spouse and children use company-provided aircraft. The only personal use of company aircraft in 2019 for other NEOs was for spousal and dependent travel on select business trips. For 2019, the incremental cost to us for this personal use of our aircraft was as follows: \$50,214 for Mr. Miller and \$9,839 for Mr. Loeffler. For total compensation purposes in 2019, we valued the incremental cost of the personal use of aircraft using a method that takes into account: landing, parking, hanger, flight planning services, and dead-head costs; crew travel expenses; supplies and catering; aircraft fuel and oil expenses per hour of flight; any customs, foreign permit, and similar fees; and passenger ground transportation. NEOs are not reimbursed for the tax impact of any imputed income resulting from aircraft usage.
- **Home Security.** We provide security for residences based on risk assessments. In 2019, home security costs were as follows: \$3,363 for Mr. Miller and \$25,277 for Mr. Loeffler.
- **Car/Driver.** A car and part-time driver is available for Mr. Miller's limited use as needed for security purposes and so that he can work while in transit to meet customers or attend business-related functions. In 2019, the cost to us was \$8,622.
- **Other Compensation for Mr. Richard.** In 2019, Mr. Richard received \$37,184 in imputed income for relocation and \$10,350 in service anniversary gifts.

(1) Opportunity levels under the 2019 cycle of the Performance Unit Program.

(2) Opportunity levels under the 2019 Halliburton Annual Performance Pay Plan.

As indicated by footnote (1), the opportunities for each NEO under the 2019 cycle Performance Unit Program if the Threshold, Target, or Maximum levels are achieved are reflected under Estimated Future Payouts Under Non-Equity Incentive Plan Awards. The potential payouts are performance driven and completely at risk. For more information on the 2019 cycle Performance Unit Program, refer to Long-term Incentives in Compensation Discussion and Analysis.

As indicated by footnote (2), the opportunities for each NEO under the 2019 Halliburton Annual Performance Pay Plan are also reflected under Estimated Future Payouts Under Non-Equity Incentive Plan Awards. The potential payouts are performance driven and completely at risk. For more information on the 2019 Halliburton Annual Performance Pay Program, refer to Short-term (Annual) Incentive in Compensation Discussion and Analysis. No amounts were earned by our NEOs under the 2019 Halliburton Annual Performance Pay Plan because the minimum threshold performance level was not achieved.

All restricted stock awards are granted under the Stock and Incentive Plan. The awards listed under All Other Stock Awards: Number of Shares of Stock or Units were awarded to each NEO on the date indicated by the Compensation Committee.

The restricted stock grants awarded to the NEOs during 2019 are subject to a graded vesting schedule of 20% per year over five years. All restricted shares are priced at fair market value on the date of grant. Quarterly dividends are paid on the restricted shares at the same time and rate payable on our common stock, which was \$0.18 per share during 2019. The shares may not be sold or transferred until fully vested. The shares remain subject to forfeiture during the restricted period in the event of the NEO's termination of employment or an unapproved early retirement.

Outstanding Equity Awards at Fiscal Year End 2019

The following table represents outstanding stock option and restricted stock awards for our NEOs as of December 31, 2019. The market value of shares or units of stock not vested was determined by multiplying the number of unvested restricted shares at year end by the closing price of our common stock on the NYSE of \$24.47 on December 31, 2019.

2019 Option Exercises and Stock Vested

The following table represents stock options exercised and restricted shares that vested during fiscal year 2019 for our NEOs.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)

The value realized for vested restricted stock awards was determined by multiplying the fair market value of the shares (closing price of our common stock on the NYSE on the vesting date) by the number of shares that vested. Shares vested on various dates throughout the year. The value listed represents the aggregate value of all shares that vested for each NEO in 2019.

2019 Nonqualified Deferred Compensation

The 2019 Nonqualified Deferred Compensation table reflects balances in our nonqualified plans as of January 1, 2019, contributions made by the NEO and us during 2019, earnings (the net of the gains and losses on funds, as applicable), distributions, and the ending balance as of December 31, 2019. The plans are described in Compensation Discussion and Analysis.

Employment Contracts and Change-in-Control Arrangements

Employment Contracts

All of our NEOs have employment agreements with us that contain substantial non-compete and non-solicitation provisions post separation.

The employment agreements provide that if the agreement is terminated by the employee for good reason or by death, disability, or retirement or his employment is terminated by the

Company for any reason other than cause or a fiduciary violation, all restrictions on restricted stock and units will lapse. In addition, in the case of a termination by the employee for good reason or termination by the Company for any reason other than cause or a fiduciary violation, the employee will receive a lump sum cash payment equal to two years of his base salary then in effect.

Change-In-Control Arrangements

We do not maintain individual change-in-control agreements or provide for excise tax gross-ups on any payments associated with a change-in-control. Some of our compensation plans, however, contain change-in-control provisions, which could result in payment of specific benefits.

Under the Stock and Incentive Plan, in the event of a change-in-control, awards granted after February 13, 2019, are subject to double-trigger vesting, such that, if a participant is terminated due to involuntary termination without cause, death, disability, good reason (as defined in an employment agreement, or a similar constructive termination event, in each case, only if a severance benefit is payable upon termination of employment due to such event pursuant to an employment agreement) or other event as specified in the participant's award document within the period beginning on the date of the public announcement of a transaction that, if consummated, would constitute a corporate change and ending on the date that is the earlier of the announcement of the termination of the proposed transaction or two years after the consummation of the transaction (a Qualifying Termination), the following will occur automatically:

- any outstanding options and stock appreciation rights shall become immediately vested and fully exercisable for the full term thereof;
- any restrictions on restricted stock awards shall immediately lapse;
- all performance measures upon which an outstanding performance award is contingent are deemed achieved and the holder shall receive a payment equal to the target amount of the award he or she would have been entitled to receive; and
- any outstanding cash awards, including stock value equivalent awards, immediately vest and are paid based on the vested value of the award.

Under the Annual Performance Pay Plan:

- in the event of a change-in-control during a plan year, a participant experiencing a Qualifying Termination will be entitled to payment equal to the target amount of the award he or she would have been entitled to receive, without proration; and
- in the event of a change-in-control after the end of a plan year but before the payment date, a participant will be entitled to an immediate cash payment equal to the incentive earned for the plan year.

Under the Performance Unit Program:

- in the event of a change-in-control during a performance cycle, a participant experiencing a Qualifying Termination will be entitled to payment equal to the target amount of the award he or she would have been entitled to receive, without proration; and
- in the event of a change-in-control after the end of a performance cycle but before the payment date, a participant will be entitled to an immediate cash payment equal to the award earned for that performance cycle.

Under the Employee Stock Purchase Plan, in the event of a change-in-control, unless the successor corporation assumes or substitutes new stock purchase rights:

- the purchase date for the outstanding stock purchase rights will be accelerated to a date fixed by the Compensation Committee prior to the effective date of the change-in-control; and
- upon such effective date, any unexercised stock purchase rights will expire and we will refund to each participant the amount of his or her payroll deductions made for purposes of the Employee Stock Purchase Plan that have not yet been used to purchase stock.

Post-Termination or Change-in-Control Payments

The following tables and narratives represent the impact of certain termination events or a change-in-control on each element of compensation for NEOs as of December 31, 2019.

Resignation. Resignation is defined as leaving employment with us voluntarily, without having attained early or normal retirement status (see the applicable sections below for information on what constitutes these statuses). Upon resignation, the following actions will occur for the NEO's various elements of compensation:

- **Severance Pay.** No severance would be paid to the NEO.
- **Restricted Stock.** Any restricted stock holdings would be forfeited upon the date of resignation. Restricted stock holdings information can be found in the Outstanding Equity Awards at Fiscal Year End 2019 table.
- **Stock Options.** The NEO must exercise outstanding, vested options within 30 - 90 days after the NEO's resignation or the options will be forfeited as per the terms of the stock option agreements. Any unvested stock options would be forfeited. Stock option information can be found in the Outstanding Equity Awards at Fiscal Year End 2019 table.
- **Performance Units.** The NEO would not be eligible to receive payments under the Performance Unit Program.
- **Nonqualified Plans.** The NEO is entitled to any vested benefits under the applicable nonqualified plans as shown in the 2019 Nonqualified Deferred Compensation table. Payments from the Supplemental Executive Retirement Plan and Benefit Restoration Plan are paid out of an irrevocable grantor trust. The principal and income of the trust are treated as our assets and income for federal income tax purposes and are subject to the claims of our general creditors to the extent provided in the plan. The Elective Deferral Plan is unfunded and we make payments from our general assets. Payments from these plans may be paid in a lump sum or in annual installments for a maximum ten-year period.
- **Health Benefits.** The NEO is not eligible for the \$12,000 credit to assist in paying for retiree medical costs.

Early Retirement. A NEO becomes eligible for early retirement when the NEO has attained age 55 with ten years of service or when the NEO's age and years of service equals 70 points. Eligibility for early retirement does not guarantee retention of stock awards (lapse of forfeiture restrictions on restricted stock and ability to exercise outstanding options for the remainder of the stated term). Early retirement eligibility is a condition that must be met before the Compensation Committee will consider retention of stock awards upon separation from employment. For example, if a NEO is eligible for early retirement but is leaving us to go to work for a competitor, then the NEO's stock awards would not be considered for retention.

Early Retirement (Without Approval). The impact on the NEO's various elements of compensation is the same as described under Resignation except as follows:

- **Health Benefits.** A NEO that was age 40 or older as of December 31, 2004, and qualifies for early retirement under our health and welfare plans, which require that the NEO has attained age 55 with ten years of service or that the NEO's

age and years of service equals 70 points with a minimum of ten years of service, is eligible for a \$12,000 credit toward retiree medical costs incurred prior to age 65. The credit is only applicable if the NEO chooses Halliburton retiree medical coverage. This benefit is amortized as a monthly credit applied to the cost of retiree medical coverage based on the number of months from the time of early retirement to age 65. For example, if a NEO is 10 years or 120 months away from age 65 at the time of the NEO's early retirement, the NEO will receive a monthly credit in the amount of \$100 (\$12,000/120 months). Should the NEO choose not to elect coverage with Halliburton after the NEO's separation, the NEO would not receive any cash in lieu of the credit.

Early Retirement (With Approval). The following actions will occur for the NEO's various elements of compensation:

- **Severance Pay.** No severance would be paid to the NEO.
- **Restricted Stock.** Any stock holdings restrictions would lapse upon the date of retirement. Restricted stock holdings information can be found in the Outstanding Equity Awards at Fiscal Year End 2019 table.
- **Stock Options.** The NEO will be granted retention of the NEO's option awards. The unvested awards will continue to vest per the vesting schedule outlined in the NEO stock option agreements and any vested options will not expire until 10 years from the grant award date. Stock option information can be found in the Outstanding Equity Awards at Fiscal Year End 2019 table.
- **Performance Units.** The NEO will participate on a prorated basis for any Performance Unit Program cycles that have not been completed at the time of the NEO's retirement. These payments, if earned, are paid out and the NEO would receive payments at the same time as other participants, which is usually no later than March of the year following the close of the cycle.
- **Nonqualified Plans.** The NEO is entitled to any vested benefits under the applicable nonqualified plans as shown in the 2019 Nonqualified Deferred Compensation table. Refer above to Resignation for more information on Nonqualified Plans.
- **Health Benefits.** Same as described under Early Retirement (Without Approval).

Normal Retirement. A NEO would be eligible for normal retirement should the NEO cease employment at age 65 or later. The impact on the NEO's various elements of compensation is the same as described under Early Retirement (With Approval) except as follows:

- **Health Benefits.** The NEO is not eligible for the \$12,000 credit to assist in paying for retiree medical costs.

Termination (For Cause). Should we terminate a NEO for cause, such as violating our Code of Business Conduct, the impact on the NEO's various elements of compensation is the same as described under Resignation.

Termination (Without Cause). Should we terminate a NEO without cause, such as termination at our convenience, then the provisions of the NEO's employment agreement related to severance payments and lapsing of stock restrictions would apply. Payments for these items are conditioned on a release agreement being executed by the NEO. The impact on the NEO's various elements of compensation is the same as described under Normal Retirement except as follows:

- **Severance Pay.** Severance is paid according to terms of the applicable employment agreement. Each NEO would receive severance in the amount of two times base salary at the time of termination.
- **Performance Units.** No payment would be paid to the NEO under the Performance Unit Program.

Change-in-Control. Should a change-in-control take place, the following actions will occur for the NEO's various elements of compensation:

- **Annual Performance Pay Plan.** A NEO experiencing a Qualifying Termination will be entitled to payment equal to the target amount of the award he or she would have been entitled to receive, without proration. In the event of a change-in-control after the end of a plan year but before the payment date, the NEO is entitled to an immediate cash payment equal to the incentive earned for the plan year.
- **Restricted Stock.** Restricted shares granted under the Stock and Incentive Plan prior to February 13, 2019, are automatically vested. Restricted shares granted on or after February 13, 2019, only vest in the event of a Qualifying Termination. Restricted stock holdings information can be found in the Outstanding Equity Awards at Fiscal Year End 2019 table.
- **Stock Options.** Any outstanding options granted under the Stock and Incentive Plan prior to February 13, 2019, shall become immediately vested and fully exercisable by the NEO. No stock options were granted to NEOs in 2019. Stock option information can be found in the Outstanding Equity Awards at Fiscal Year End 2019 table.
- **Performance Units.** For performance cycles beginning prior to 2019, in the event of a change-in-control during a performance cycle, the NEO will be entitled to an immediate cash payment equal to the maximum amount he or she would have been entitled to receive for the performance cycle, prorated through the date of the change-in-control. For the 2019 performance cycle, a NEO experiencing a Qualifying Termination will be entitled to payment equal to the target amount of the award he or she would have been entitled to receive, without proration. In the event of a change-in-control after the end of a performance cycle but before the payment date, the NEO is entitled to an immediate cash payment equal to the incentive earned for that performance cycle.

Equity Compensation Plan Information

CEO Pay Ratio

For 2019, the annual total compensation of our CEO was 146 times the median of the annual total compensation of all employees, based on annual total compensation of \$12,770,467 for the CEO and \$87,289 for the median employee. There was no material change in our employee demographics and compensation structure; therefore, the median employee identified in 2017 was utilized in our 2019 analysis. What follows is a description of the methodology used from 2017.

This disclosure is based on an October 1, 2017, employee population of 52,833, of which 21,862 were U.S. employees and 30,971 were non-U.S. employees. We excluded from this employee population 2,637 non-U.S. employees from 47 countries as the total number of employees from these non-U.S. jurisdictions was less than 5% of our total employee population. After applying the exclusion, the total employee population was 50,196.

The median employee was identified using base pay, overtime pay, bonuses, allowances, and premiums. We used the total gross wages of all employees as of our determination date of October 1, 2017, as a reasonable estimate of the median total gross wages for the employee population and identified all employees within 1% of the median total gross wages. From this group we selected an employee as a reasonable representative of our median employee. Annual total compensation for both the CEO and the median employee was calculated in accordance with Item 402(c)(2)(x) of Regulation S-K.

The annual total compensation for our CEO includes both the amount reported in the "Total" column of our 2019 Summary Compensation Table, \$12,753,614, and the estimated value of our CEO's health and welfare benefits, \$16,853. Due to the flexibility afforded in calculating the CEO pay ratio, the ratio may not be comparable to CEO pay ratios presented by other companies.

Proposal No. 4 Proposal to Amend and Restate the Halliburton Company Stock and Incentive Plan

Introduction

The Halliburton Company Stock and Incentive Plan was last approved by shareholders at the 2019 annual meeting and reserved 33,020,801 shares for issuance thereunder.

The proposed amendment and restatement of the Stock and Incentive Plan replenishes the pool of shares of Halliburton common stock available for issuance under the Stock and Incentive Plan by adding 16,000,000 shares. This proposal also adds net operating profit after taxes and asset turns as potential

performance criteria with respect to performance awards. The Stock and Incentive Plan is the only active plan used to grant awards of the types described in this proposal.

Our Board is requesting that shareholders approve the amendment and restatement of the Stock and Incentive Plan which amendment and restatement was adopted by the Board on February 11, 2020, subject to shareholder approval.

General

In order to give Halliburton the flexibility to responsibly address its future equity compensation needs, Halliburton is requesting that shareholders approve the amendment and restatement which adds 16,000,000 shares to the Stock and Incentive Plan (the “Plan”). In addition, the amendment and restatement adds net operating profit after taxes and asset turns as potential performance criteria with respect to performance awards to accommodate the 2020 changes to the Annual Performance Pay Plan discussed under Board Responsiveness to Shareholder Feedback.

The Plan contains the following important features:

- All awards under the Plan are subject to a one-year minimum vesting period, with the exception of 5% of shares available for awards;
- The Plan contains a prohibition against “liberal share counting” or “liberal share recycling” with respect to shares available for awards under the Plan;
- The Plan provides that all shares available for award are available for awards of incentive stock options;
- Repricing of stock options and stock appreciation rights is prohibited unless prior shareholder approval is obtained;

- Stock options and stock appreciation rights must be granted with an exercise price that is not less than 100% of the fair market value on the date of grant;
- The ability to automatically receive replacement stock options when a stock option is exercised with previously acquired shares of Halliburton common stock, or so-called “stock option reloading”, is not permitted;
- In any single calendar year, the value of awards granted under the Plan when added to any cash or other compensation paid to a non-management Director outside of the Plan may not exceed \$750,000; and
- For awards granted on or after February 13, 2019, a “double-trigger” change-of-control provision has been implemented.

The 16,000,000 shares to be added under the Plan pursuant to the amendment and restatement of the Plan, in combination with the remaining authorized shares and shares added back into the Plan from forfeitures, are expected to satisfy Halliburton’s equity compensation needs through the 2021 annual meeting of shareholders. This being the case, if the amendment and restatement is approved, Halliburton anticipates seeking the authorization of additional shares under the Plan in 2021.

Share Reserve (adjusted for 1997 and 2006 stock splits where applicable)

Shares authorized under the Stock and Incentive Plan	231,199,680
Shares granted (less available cancellations and shares expired) from 1993 through March 1, 2020, from the Plan ⁽¹⁾	217,409,419
Remaining shares available for grant as of March 1, 2020	13,790,261
Additional shares being requested under the amendment and restatement of the Plan	16,000,000
Total shares available for grant under the amended and restated Stock and Incentive Plan	29,790,261

⁽¹⁾ As of March 1, 2020, Halliburton had total outstanding awards of 27,360,812 options with a weighted average exercise price of \$40.25 and a weighted average life of 6.14 years, and 18,454,010 full value awards.

If the amendment and restatement of the Plan is approved by shareholders, the aggregate number of shares of Halliburton common stock that will be available for issuance under the Plan would increase to 29,790,261 shares, based on the estimates set forth above, all of which shall be available for awards of incentive stock options. Each share issued as restricted stock (or pursuant to the vesting of a stock unit or a performance share award) will count as the issuance of 1.60 shares reserved under the Plan, while each share granted as a stock option or stock appreciation right will count as the issuance of 1.0 share reserved under the Plan. If awards granted under the Plan are forfeited or terminate before being exercised, then the shares underlying those awards will again become available for awards under the Plan.

The Plan does not provide for “liberal share counting” or “liberal share recycling”. Liberal share counting or liberal share recycling refers to circumstances where shares granted and exercised may be added back to an incentive plan for future issuance, including the following situations:

- Shares tendered or withheld in payment of an exercise price;
- Shares tendered or withheld to satisfy tax withholding obligations;
- Shares reacquired by an issuer with the proceeds of an option exercise price; and
- Shares that are not issued due to a net settlement of an award.

In each of the situations above, such shares are no longer available for awards under the Plan. For example, shares withheld from an award to satisfy tax withholding obligations are no longer available

for awards under the Plan, and a stock appreciation right or option will be counted in full against the number of shares available for issuance under the Plan, regardless of whether a net settlement occurs resulting in a fewer number of shares issued than are covered by the stock appreciation right or option.

The number of stock option shares or stock appreciation rights, singly or in combination, together with shares or share equivalents under performance awards granted to any individual who is an employee in any one calendar year, shall not in the aggregate exceed 1,000,000. The cash value determined as of the date of grant of any performance award not denominated in common stock granted to any individual who is an employee for any one calendar year shall not exceed \$30,000,000. The amendment and restatement of the Plan provides that the value of awards (based on fair market value determined as of the date of grant) granted to a non-management Director in any single calendar year, when added to any cash or other compensation payable to such Director in the same calendar year, shall not exceed \$750,000.

In the event of any recapitalization, reorganization, merger, consolidation, combination, exchange, stock dividend, stock split, extraordinary dividend or divestiture (including a spin-off), or any other change in the corporate structure or shares of common stock occurring after the date of the grant of an award, the Compensation Committee shall make appropriate adjustments to the number and price of shares of common stock or other consideration subject to such awards and the award limits set forth in the preceding paragraph.

The Stock and Incentive Plan

Types of Awards

The Plan provides for the grant of any or all of the following types of awards:

- stock options, including incentive stock options and nonqualified stock options;
- stock appreciation rights, either independent of, or in connection with, stock options;
- restricted stock;
- restricted stock units;
- performance awards; and
- stock value equivalent awards.

Term

The Plan has an indefinite term.

Any stock option granted in the form of an incentive stock option must satisfy the requirements of Section 422 of the Internal Revenue Code (IRC). Awards may be made to the same person on more than one occasion and may be granted singly, in combination, or in tandem as determined by the Compensation Committee. To date, only awards of nonqualified stock options, restricted stock, restricted stock units, and performance awards have been made under the Plan.

Administration

The Board has appointed the Compensation Committee to administer the Plan. Subject to the terms of the Plan, and to any approvals and other authority as the Board may reserve to itself from time to time, the Compensation Committee, consistent with the terms of the Plan, will have authority to:

- select the individuals to receive awards and determine the timing, form, amount or value, and term of grants and awards, including providing for terms regarding the accelerated vesting

of an award otherwise subject to minimum vesting provisions, and the conditions and restrictions, if any, subject to which grants and awards will be made and become payable under the Plan;

- construe the Plan and prescribe rules and regulations for the administration of the Plan; and
- make any other determinations authorized under the Plan as the Compensation Committee deems necessary or appropriate.

Eligibility

A broad group of our employees and employees of our affiliates are eligible to participate in the Plan. The selection of participants from eligible employees is within the discretion of the Compensation Committee. Non-management Directors are eligible to

participate in the Plan. As of January 1, 2020, approximately 14,000 employees (including employees and executive officers) and nine non-management Directors were eligible for awards under the Plan as determined by the Compensation Committee.

Stock Options

Under the Plan, the Compensation Committee may grant awards in the form of stock options to purchase shares of common stock. The Compensation Committee will determine the number of shares subject to an option, the manner and time of the option's exercise, and the exercise price per share of stock subject to the option. Options may not become exercisable in less than one year from the date of grant, provided that up to 5% of the shares available for grant under the Plan may be awarded without regard to the minimum one-year vesting period. The term of an option may not exceed ten years. We do not receive any consideration

for granting stock options. The exercise price of a stock option will not be less than the fair market value of the common stock on the date the option is granted. Repricing of stock options and reloading of stock options are prohibited unless prior shareholder approval is obtained. The Compensation Committee will designate each option as a nonqualified or an incentive stock option.

The option exercise price may, at the discretion of the Compensation Committee, be paid by a participant in cash, shares of common stock, or a combination of cash and common stock.

Stock Appreciation Rights

The Plan also authorizes the Compensation Committee to grant stock appreciation rights either independent of, or in connection with, a stock option. The exercise price of a stock appreciation right will not be less than the fair market value of the common stock on the date the stock appreciation right is granted. If granted with a stock option, exercise of stock appreciation rights will result in the surrender of the right to purchase the shares under the option as to which the stock appreciation rights were exercised. Upon exercising a stock appreciation right, the holder receives for each share for which the stock appreciation right is exercised, an amount equal to the difference between the exercise price and the fair market value of the common stock on the date of exercise.

Payment of that amount may be made in shares of common stock, cash, or a combination of cash and common stock, as determined by the Compensation Committee. Stock appreciation rights may not become exercisable in less than one year from the date of grant, provided that up to 5% of the shares available for grant under the Plan may be awarded without regard to the minimum one-year vesting period. The term of a stock appreciation right grant may not exceed ten years. Repricing of stock appreciation rights and reloading of stock appreciation rights are prohibited unless prior shareholder approval is obtained. We do not receive any consideration for granting stock appreciation rights.

Restricted Stock

The Plan provides that shares of common stock subject to specific restrictions may be awarded to eligible individuals as determined by the Compensation Committee. The Compensation Committee will determine the nature and extent of the restrictions on the shares, the duration of the restrictions, and any circumstance under which restricted shares will be forfeited. The restriction

period may not be less than one year from the date of grant, provided that up to 5% of the shares available for grant under the Plan may be awarded without regard to the minimum one-year vesting period. During the period of restriction, recipients will have the right to receive dividends and the right to vote the shares.

Restricted Stock Units

The Plan authorizes the Compensation Committee to grant restricted stock units. A restricted stock unit is a unit evidencing the right to receive one share of common stock or an equivalent cash value equal to the fair market value of a share of common stock. The Compensation Committee will determine the nature and extent of the restrictions on the restricted stock units, the duration of the restrictions, and any circumstance under which restricted stock units will be forfeited. The restriction period may

not be less than one year from the date of grant, provided that up to 5% of the shares available for grant under the Plan may be awarded without regard to the minimum one-year vesting period. The Compensation Committee may provide for the payment of dividend equivalents during the period of restriction, but recipients will not have the right to receive actual dividends or to vote the shares underlying the restricted stock units.

Performance Awards

The Plan permits the Compensation Committee to grant performance awards to eligible individuals. Performance awards are awards that are contingent, in whole or in part, on the achievement of one or more performance measures. Performance awards may be settled in cash or stock, as determined by the Compensation Committee. The number of shares or share equivalents under performance awards, singly or in combination, together with the number of stock option shares or stock appreciation rights, granted to any individual in any one calendar year, shall not in the aggregate exceed 1,000,000. The cash value (determined as of the date of grant) of any performance award that is not denominated in stock granted to any one participant in a calendar year may not exceed \$30,000,000. The vesting period of a performance award may not be less than one year from the date of grant, provided that up to 5% of the shares available for grant under the Stock and Incentive Plan may be awarded without regard to the minimum one-year vesting period.

The performance criteria that may be used by the Compensation Committee in granting performance awards consist of objective tests based on the following:

- earnings
- cash flow
- customer satisfaction
- revenues
- financial return ratios

- profit return and margins
- market share
- working capital
- net operating profit after-taxes
- asset turns
- cash value added performance
- return on capital
- shareholder return and/or value
- operating profits (including EBITDA)
- net profits
- earnings per share
- stock price
- cost reduction goals
- debt to capital ratio
- any other criteria as determined by the Compensation Committee.

The Compensation Committee may select one criterion or multiple criteria for measuring performance. The measurement may be based on our overall corporate performance, subsidiary or business unit performance, or comparative performance with other companies or other external measures of selected performance criteria. The Compensation Committee will also determine the length of time over which performance will be measured and the effect of a recipient's death, disability, retirement, or other termination of service during the performance period.

Stock Value Equivalent Awards

The Plan permits the Compensation Committee to grant stock value equivalent awards to eligible individuals. Stock value equivalent awards are rights to receive the fair market value of a specified number of shares of common stock, or the appreciation in the fair market value of the shares, over a specified period of time, pursuant to a vesting schedule, all as determined by the Compensation Committee. Stock value equivalent awards may not vest earlier than one year from the date of grant, provided

that up to 5% of the shares available for grant under the Plan may be awarded without regard to the minimum one-year vesting period. Payment of the vested portion of a stock value equivalent award shall be made in cash, based on the fair market value of the common stock on the payment date. The Compensation Committee will also determine the effect of a recipient's death, disability, retirement, or other termination of service during the applicable period.

Amendment

The Plan provides that the Board may at any time terminate or amend the Plan. However, the Board may not, without approval of the shareholders, amend the Plan to effect a “material revision” of the Plan, where a “material revision” includes, but is not limited to, a revision that:

- materially increases the benefits accruing to a Holder under the Plan;
- materially increases the aggregate number of securities that may be issued under the Plan;
- materially modifies the requirements as to eligibility for participation in the Plan; or

- changes the types of awards available under the Plan.

No amendment or termination of the Plan shall, without the consent of the optionee or participant, alter or impair rights under any options or other awards previously granted.

The summary of the Plan provided above is a summary of the principal features of the Plan. This summary, however, does not purport to be a complete description of all of the provisions of the Plan. It is qualified in its entirety by references to the full text of the Plan. A copy of the Plan can be found in Appendix A to this proxy statement.

Change-in-Control

Awards granted on or after February 13, 2019, are subject to double-trigger vesting, such that, if a participant is terminated due to involuntary termination without cause, death, disability, good reason (as defined in an employment agreement, or a similar constructive termination event, in each case, only if a severance benefit is payable upon termination of employment due to such event pursuant to an employment agreement) or other event as specified in the participant's award document within the period beginning on the date of the public announcement of a transaction that, if consummated, would constitute a corporate change and ending on the date that is the earlier of the announcement of the termination of the proposed transaction or two years after the consummation of the transaction, the following will occur automatically:

- any outstanding options and stock appreciation rights shall become immediately vested and fully exercisable for the full term thereof;
- any restrictions on restricted stock awards or restricted stock unit awards shall immediately lapse;
- all performance measures upon which an outstanding performance award is contingent shall be deemed achieved and the holder shall receive a payment equal to the target amount of the award he or she would have been entitled to receive; and
- any outstanding cash awards, including stock value equivalent awards, shall immediately vest and be paid based on the vested value of the award.

Plan Benefits

All awards to directors, executive officers, and employees are made at the discretion of the Compensation Committee. Therefore, the benefits and amounts that will be received or allocated under the Plan, as amended and restated, are not determinable at this time.

Federal Income Tax Treatment

The following summarizes the current U.S. federal income tax consequences generally arising for awards under the Plan.

A participant who is granted an incentive stock option does not realize any taxable income at the time of the grant or at the time of exercise, but in some circumstances may be subject to an alternative minimum tax as a result of the exercise. Similarly, we are not entitled to any deduction at the time of grant or at the time of exercise. If the participant makes no disposition of the shares acquired pursuant to an incentive stock option before the later of two years from the date of grant and one year from the date of exercise, any gain or loss realized on a subsequent disposition of the shares will be treated as a long-term capital gain or loss. Under these circumstances, we will not be entitled to any deduction for federal income tax purposes. If the participant fails to hold the shares for that period, the disposal is treated as a disqualifying disposition. The gain on the disposition is ordinary income to the participant to the extent of the difference between

the option price and the fair market value on the exercise date. Any excess is long-term or short-term capital gain, depending on the holding period. Under these circumstances, we will be entitled to a tax deduction equal to the ordinary income amount the participant recognizes in a disqualifying disposition.

A participant who is granted a nonqualified stock option does not have taxable income at the time of grant, but does have taxable income at the time of exercise. The income equals the difference between the exercise price of the shares and the market value of the shares on the date of exercise. We are entitled to a corresponding tax deduction for the same amount.

The grant of a stock appreciation right will produce no U.S. federal tax consequences for the participant or us. The exercise of a stock appreciation right results in taxable income to the participant, equal to the difference between the exercise price of the shares and the market price of the shares on the date of exercise, and a corresponding tax deduction to us.

A participant who has been granted an award of restricted shares of common stock or an award of restricted stock units will not realize taxable income at the time of the grant. When the restrictions lapse, the participant will recognize taxable income in an amount equal to the excess of the fair market value of the shares or cash received at that time over the amount, if any, paid for the shares. We will be entitled to a corresponding tax deduction. Dividends on restricted stock and dividend equivalents, if any, on restricted stock units paid to the participant during the restriction period will also be compensation income to the participant and will be deductible as compensation expense by us.

A participant who has been granted a performance award will not realize taxable income at the time of the grant, and we will not be entitled to a tax deduction at that time. A participant will realize ordinary income at the time the award is paid equal to the amount of cash paid or the value of shares delivered, and we will be entitled to a corresponding tax deduction.

The grant of a stock value equivalent award produces no U.S. federal income tax consequences for the participant or us. The payment of a stock value equivalent award results in taxable income to the participant equal to the amount of the payment received, valued with reference to the fair market value of the common stock on the payment date. We are entitled to a corresponding tax deduction for the same amount.

In order for Halliburton to deduct the amounts described above, such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses. The ability to obtain a deduction for awards under the Plan could also be limited by IRC Section 280G, which provides that certain excess parachute payments made

in connection with a change in control of an employer are not deductible. The ability to obtain a deduction for amounts paid under the Plan could also be affected by IRC Section 162(m), which limits the deductibility, for U.S. federal income tax purposes, of compensation paid to certain employees to \$1 million during any taxable year. As a result, we may from time to time in the future, make award payments under the Plan to executive officers that are not deductible.

We may withhold any taxes required by law to be withheld in connection with any award.

IRC Section 409A generally provides that any deferred compensation arrangement which does not meet specific requirements regarding (i) timing of payouts, (ii) advance election of deferrals, or (iii) restrictions on acceleration of payouts will result in immediate taxation of any amounts deferred to the extent not subject to a substantial risk of forfeiture. Failure to comply with Section 409A may result in the early taxation (plus interest) to the holder of deferred compensation and the imposition of a 20% penalty on the holder on such deferred amounts included in the holder's income. In general, to avoid a Section 409A violation, amounts deferred may only be paid out on separation from service, disability, death, a change-in-control, an unforeseen emergency (other than death), each as defined under Section 409A, or at a specified time. Furthermore, the election to defer generally must be made in the calendar year prior to performance of services, and any provision for accelerated payout, other than for the reasons specified above, may cause the amounts deferred to be subject to early taxation and to the imposition of the excise tax. Based on current guidance, we expect that we will be able to structure future awards in a manner that complies with Section 409A.

General/Vote Required

The closing price of our common stock on March 20, 2020, as traded on the NYSE, was \$5.05 per share.

The affirmative vote of the holders of a majority of the shares of Halliburton's common stock represented at the Annual Meeting and entitled to vote on the matter is needed to approve the proposal.

 **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE PROPOSED AMENDMENT AND RESTATEMENT OF THE HALLIBURTON COMPANY STOCK AND INCENTIVE PLAN.**

General Information

We are providing these proxy materials to you in connection with the solicitation by the Board of Directors of Halliburton Company of proxies to be voted at our 2020 Annual Meeting of Shareholders and at any adjournment or postponement of the meeting. By executing and returning the enclosed proxy, by following the enclosed voting instructions, or by voting via the Internet or by telephone, you authorize the persons named in the proxy to represent you and vote your shares on the matters described in the Notice of Annual Meeting.

The Notice of Internet Availability of Proxy Materials is being sent to shareholders on or about April 7, 2020. Our Annual Report on Form 10-K, including financial statements, for the fiscal year ended December 31, 2019, accompanies this proxy statement. The Annual Report on Form 10-K shall not be considered as a part of the proxy solicitation materials or as having been incorporated by reference.

Subject to space availability, all shareholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting and each may be accompanied by one guest. Admission to the Annual Meeting will be on a first-come, first-served basis. Registration will begin at 8:00 a.m. and the Annual Meeting will begin at 9:00 a.m. Please note that we will ask you to present valid picture identification, such as a driver's license or passport, when you check in at the registration desk.

If you hold your shares in "street name" (that is, through a broker or other nominee), you must bring a proxy issued in your name from the record holder to the meeting.

You may not bring cameras, recording equipment, electronic devices, large bags, briefcases, or packages into the Annual Meeting.

If you attend the Annual Meeting, you may vote in person. If you are not present, you can only vote your shares if you have voted via the Internet, by telephone, or returned a properly executed proxy; in these cases, your shares will be voted as you specify. If you return a properly executed proxy and do not specify a vote, your shares will be voted in accordance with the recommendations of the Board. You may revoke the authorization given in your proxy at any time before the shares are voted at the Annual Meeting.

We intend to hold our Annual Meeting in person. However, developments regarding the coronavirus (COVID-19) pandemic may change this. We are sensitive to the public health concerns our shareholders may have and the protocols that federal, state, and local governments may impose. In the event it is not possible or advisable to hold our Annual Meeting in person, we will announce alternative arrangements for the meeting as promptly as practicable, which may include holding the meeting solely by means of remote communication. We may also need to change the date or the time of the meeting. Please monitor our website at www.halliburton.com for updated information. If you are planning to attend our meeting, please check the website one week prior to the meeting date. As always, we encourage you to vote your shares prior to the Annual Meeting.

It is important that you retain a copy of the control number found on the proxy card, voting instruction form, or Notice of Internet Availability of Proxy Materials, as such number will be required in order for shareholders to gain access to any meeting held solely by means of remote communication.

The record date for determination of the shareholders entitled to vote at the Annual Meeting is the close of business on March 20, 2020. Our common stock, par value \$2.50 per share, is our only class of capital stock that is outstanding. As of March 20, 2020,

there were 873,350,914 shares of our stock outstanding. Each outstanding share of common stock is entitled to one vote on each matter submitted to the shareholders for a vote at the Annual Meeting. We will keep a complete list of shareholders entitled to vote at our principal executive offices for ten days before and will have the list available at the Annual Meeting. Our principal executive offices are located at 3000 N. Sam Houston Parkway East, Administration Building, Houston, Texas 77032.

Votes cast by proxy or in person at the Annual Meeting will be counted by the persons we appoint to act as election inspectors for the Annual Meeting. Except as set forth below, the affirmative vote of the majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the subject matter will be the act of the shareholders. Shares for which a shareholder has elected to abstain on a matter will count for purposes of determining the presence of a quorum and, except as set forth below, will have the effect of a vote against the matter.

Each Director shall be elected by the vote of the majority of the votes cast by holders of shares represented in person or by proxy and entitled to vote in the election of Directors, provided that if the number of nominees exceeds the number of Directors to be elected and all shareholder-proposed nominees have not been withdrawn before the tenth (10th) day preceding the day we mail the Notice of Internet Availability of Proxy Materials to shareholders for the Annual Meeting, the Directors shall be elected by the vote of a plurality of the shares represented in person or by proxy at the Annual Meeting and entitled to vote on the election of Directors. A majority of the votes cast means that the number of shares voted "for" a Director must exceed the number of votes cast "against" that Director; we will not count abstentions. As a condition to being nominated by the Board for continued service as a Director, each Director nominee has signed and delivered to the Board an irrevocable letter of resignation limited to and conditioned on that Director failing to achieve a majority of the votes cast at an election where Directors are elected by majority vote. For any Director nominee who fails to be elected by a majority of votes cast, where Directors are elected by majority vote, his or her irrevocable letter of resignation will be deemed tendered on the date the election results are certified. Such resignation shall only be effective upon acceptance by the Board.

The election inspectors will treat broker non-vote shares, which are shares held in street name that cannot be voted by a broker on specific matters in the absence of instructions from the beneficial owner of the shares, as shares that are present and entitled to vote for purposes of determining the presence of a quorum. In determining the outcome of any matter for which the broker does not have discretionary authority to vote, however, those shares will not have any effect on that matter. A broker may be entitled to vote those shares on other matters.

In accordance with our confidential voting policy, no particular shareholder's vote will be disclosed to our officers, Directors, or employees, except:

- as necessary to meet legal requirements and to assert claims for and defend claims against us;
- when disclosure is voluntarily made or requested by the shareholder;
- when the shareholder writes comments on the proxy card; or
- in the event of a proxy solicitation not approved and recommended by the Board.

The proxy solicitor, the election inspectors, and the tabulators of all proxies, ballots, and voting tabulations are independent and are not our employees.

Advance Notice Procedures

Under our By-laws, no business, including nominations of a person for election as a Director, may be brought before an Annual Meeting unless it is specified in the notice of the Annual Meeting or is otherwise brought before the Annual Meeting by or at the direction of the Board or by a shareholder who meets the requirements specified in our By-laws and has delivered notice to us (containing the information specified in the By-laws). To be timely, a shareholder's notice for matters to be brought before the Annual Meeting of Shareholders in 2021 must be delivered to or mailed and received at our principal executive offices, 3000 N. Sam Houston Parkway East, Administration

Building, Houston, TX 77032, not less than 90 days nor more than 120 days prior to the anniversary date of the 2020 Annual Meeting of Shareholders, or no later than February 18, 2021, and no earlier than January 19, 2021. These requirements are separate from and in addition to the SEC's requirements that a shareholder must meet in order to have a shareholder proposal included in our proxy statement. This advance notice requirement does not preclude discussion by any shareholder of any business properly brought before the Annual Meeting in accordance with these procedures.

Proxy Solicitation Costs

We are soliciting the proxies accompanying this proxy statement and we will bear the cost of soliciting those proxies. We have retained Innisfree M&A Incorporated to aid in the solicitation of proxies. For these services, we will pay Innisfree a fee of \$17,500 and reimburse it for out-of-pocket disbursements and expenses. Our officers and employees may solicit proxies personally and

by telephone or other electronic communications with some shareholders if proxies are not received promptly. We will, upon request, reimburse banks, brokers, and others for their reasonable expenses in forwarding proxies and proxy materials to beneficial owners of our stock.

Shareholder Proposals for the 2021 Annual Meeting

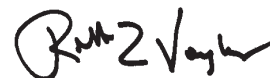

Shareholders interested in submitting a proposal for inclusion in the proxy materials for the Annual Meeting of Shareholders in 2021 may do so by following the procedures prescribed in SEC Rule 14a-8. To be eligible for inclusion, shareholder proposals

must be received by our Corporate Secretary at 3000 N. Sam Houston Parkway East, Administration Building, Houston, TX 77032, no later than December 8, 2020. The 2021 Annual Meeting will be held on May 19, 2021.

Other Matters

As of the date of this proxy statement, we know of no business that will be presented for consideration at the Annual Meeting other than the matters described in this proxy statement. If any other matters should properly come before the Annual Meeting for action by shareholders, it is intended that proxies will be voted on those matters in accordance with the judgment of the person or persons voting the proxies.

The Plan is also intended to provide employees with additional incentive and reward opportunities designed to enhance the profitable growth of the Company over the long term. The Plan was established February 18, 1993, as the Halliburton Company 1993 Stock and Incentive Plan, has been amended from time to time thereafter. III. Effective Date and Duration of the Plan

The Plan as amended and restated herein was adopted by the Board on February 11, 2020, is subject to approval by the Company’s stockholders and will become effective as of the date of such approval. Subject to the provisions of Article XIII, the Plan shall remain in effect until all Options and Stock Appreciation Rights granted under the Plan have been exercised or expired by reason of lapse of time, all restrictions imposed upon Restricted Stock Awards and Restricted Stock Unit Awards have lapsed and all Performance Awards and Stock Value Equivalent Awards have been satisfied.

IV. Administration

- (a) Composition of Committee: The Plan shall be administered by a Committee of Directors of the Company which shall be appointed by the Board.

- (b) **Powers:** The Committee shall have authority, in its discretion, to determine which eligible individuals shall receive an Award, the time or times when such Award shall be made, whether an Incentive Stock Option, nonqualified Option or Stock Appreciation Right shall be granted, the number of shares of Common Stock which may be issued under each Option, Stock Appreciation Right, Restricted Stock Award and Restricted Stock Unit Award, and the value of each Performance Award and Stock Value Equivalent Award. The Committee shall have the authority, in its discretion, to establish the terms and conditions applicable to any Award, subject to any specific limitations or provisions of the Plan. In making such determinations the Committee may take into account the nature of the services rendered by the respective individuals, their responsibility level, their present and potential contribution to the Company's success and such other factors as the Committee in its discretion shall deem relevant. Notwithstanding any provision of the Plan to the contrary, the Committee may provide for the acceleration of vesting or exercisability of an Award upon a Corporate Change, upon a termination of employment or service by reason of death, disability, retirement or otherwise or for any other reason.
- (c) **Additional Powers.** The Committee shall have such additional powers as are delegated to it by the other provisions of the Plan. Subject to the express provisions of the Plan, the Committee is authorized to construe the Plan and the respective Award Documents executed thereunder, to prescribe such rules and regulations relating to the Plan as it may deem advisable to carry out the Plan, and to determine the terms, restrictions and provisions of each Award, including such terms, restrictions and provisions as shall be requisite in the judgment of the Committee to cause designated Options to qualify as Incentive Stock Options, and to make all other determinations necessary or advisable for administering the Plan. The Committee may correct any defect or supply any omission or reconcile any inconsistency in any Award Document relating to an Award in the manner and to the extent the Committee shall deem expedient to carry the Award into effect. The determinations of the Committee on the matters referred to in this Article IV shall be conclusive.
- (d) **Delegation of Authority.** The Committee may delegate some or all of its power to the Chief Executive Officer of the Company as the Committee deems appropriate; provided, however, that the Committee may not delegate its power with regard to the selection for participation in the Plan of an officer or other person subject to Section 16 of the Exchange Act or decisions concerning the timing, pricing or amount of an Award to such an officer or other person and any delegation of the power to grant Awards shall be permitted by applicable law.
- (e) **Engagement of an Agent.** The Company may, in its discretion, engage an agent to (i) maintain records of Awards and Holders' holdings under the Plan, (ii) execute sales transactions in shares of Common Stock at the direction of Holders, (iii) deliver sales proceeds as directed by Holders, and (iv) hold shares of Common Stock owned without

restriction by Holders, including shares of Common Stock previously obtained through the Plan that are transferred to the agent by Holders at their discretion. Except to the extent otherwise agreed by the Company and the agent, when an individual loses his or her status as an employee or non-management Director of the Company, the agent shall have no obligation to provide any further services to such person and the shares of Common Stock previously held by the agent under the Plan may be distributed to the person or his or her legal representative.

V. Grant of Options, Stock Appreciation Rights, Restricted Stock Awards, Restricted Stock Unit Awards, Performance Awards and Stock Value Equivalent Awards; Shares Subject to the Plan

- (a) **Award Limits.** The Committee may from time to time grant Awards to one or more individuals determined by it to be eligible for participation in the Plan in accordance with the provisions of Article VI. The aggregate number of shares of Common Stock that may be issued under the Plan shall not exceed 29,790,261 shares, all of which shall be available for Awards of Incentive Stock Options. Shares issued as Restricted Stock Awards, Restricted Stock Unit Awards or pursuant to Performance Awards will count against the shares available for issuance under the Plan as 1.60 shares for every 1 share issued in connection with the Award. Notwithstanding anything contained herein to the contrary, the number of Option shares or Stock Appreciation Rights, singly or in combination, together with shares or share equivalents under Performance Awards granted to any Holder who is an employee in any one calendar year, shall not in the aggregate exceed 1,000,000. The cash value determined as of the date of grant of any Performance Award not denominated in Common Stock granted to any Holder who is an employee in any one calendar year shall not exceed \$30,000,000. The fair market value, determined as of the date of grant, of Awards granted to a Holder who is a non-management Director in any one calendar year, when added to any cash or other compensation payable to such a Holder in such calendar year, shall not exceed \$750,000. Any shares which remain unissued and which are not subject to outstanding Options or Awards at the termination of the Plan shall cease to be subject to the Plan, but, until termination of the Plan, the Company shall at all times reserve a sufficient number of shares to meet the requirements of the Plan. If Awards are forfeited or are terminated for any other reason before being exercised or settled, then the shares underlying such Awards shall again become available for Awards under the Plan. Notwithstanding the foregoing, the following shares shall not become available for Awards under the Plan: (i) shares tendered by an Optionee or withheld by the Company for payment of an option price, (ii) shares tendered by a Holder or withheld by the Company to satisfy the Company's tax withholding obligation in connection with an Award, (iii) shares reacquired in the open market or

otherwise using cash proceeds from the exercise of Options, and (iv) shares that are not issued to a Holder due to a net settlement of an Award. For purposes of clarity, Stock Appreciation Rights and Options shall be counted in full against the number of shares available for issuance under the Plan, regardless of the number of shares issued upon settlement of the Stock Appreciation Rights and Options. The aggregate number of shares which may be issued under the Plan shall be subject to adjustment in the same manner as provided in Article XIII with respect to shares of Common Stock subject to Options then outstanding. The 1,000,000-share limit on Holders who are employees with respect to Stock Options and Stock Appreciation Rights Awards, singly or in combination, together with shares or share equivalents under Performance Awards granted to any Holder who is an employee in any calendar year shall be subject to adjustment in the same manner as provided in Article XIII. Separate stock certificates shall be issued by the Company for those shares acquired pursuant to the exercise of an Incentive Stock Option and for those shares acquired pursuant to the exercise of any Option which does not constitute an Incentive Stock Option.

- (b) **Stock Offered.** The stock to be offered pursuant to the grant of an Award may be authorized but unissued Common Stock or Common Stock previously issued and reacquired by the Company.

VI. Eligibility

Only employees of the Company or any Parent Corporation or Subsidiary of the Company and non-management Directors shall be eligible for Awards under the Plan as determined by the Committee in its sole discretion. Each Award shall be evidenced in such manner and form as may be prescribed by the Committee.

VII. Stock Options

- (a) **Stock Option Agreement.** Each Option shall be evidenced by an Option Agreement between the Company and the Optionee which shall contain such terms and conditions as may be approved by the Committee. The terms and conditions of the respective Option Agreements need not be identical. Specifically, an Option Agreement may provide for the payment of the option price, in whole or in part, by the delivery of a number of shares of Common Stock (plus cash if necessary) having a Fair Market Value equal to such option price.
- (b) **Restriction Period To Be Established by the Committee.** The Committee shall establish the Restriction Period applicable to an Option; provided, however, that such Restriction Period shall not be less than the Minimum Criteria. Notwithstanding the foregoing, Awards of Options may utilize the Minimum Criteria Exception.
- (c) **Option Period.** The term of each Option shall be as specified by the Committee at the date of grant; provided that, in no case, shall the term of an Option exceed ten (10) years.

- (d) **Limitations on Exercise of Option.** An Option shall be exercisable in whole or in such installments and at such times as determined by the Committee.
- (e) **Option Price.** The purchase price of Common Stock issued under each Option shall be determined by the Committee, but such purchase price shall not be less than the Fair Market Value of Common Stock subject to the Option on the date the Option is granted.
- (f) **Options and Rights in Substitution for Stock Options Granted by Other Corporations.** Options and Stock Appreciation Rights may be granted under the Plan from time to time in substitution for stock options held by employees of corporations who become, or who became prior to the effective date of the Plan, employees of the Company or of any Subsidiary as a result of a merger or consolidation of the employing corporation with the Company or such Subsidiary, or the acquisition by the Company or a Subsidiary of all or a portion of the assets of the employing corporation, or the acquisition by the Company or a Subsidiary of stock of the employing corporation with the result that such employing corporation becomes a Subsidiary.
- (g) **Repricing Prohibited.** Except for adjustments pursuant to Article XIII, the purchase price of Common Stock for any outstanding Option granted under the Plan may not be decreased after the date of grant nor may an outstanding Option granted under the Plan be surrendered to the Company as consideration for the grant of a new Option with a lower purchase price, cash or a new Award unless there is prior approval by the Company stockholders. Any other action that is deemed to be a repricing under any applicable rule of the New York Stock Exchange shall be prohibited unless there is prior approval by the Company stockholders.

VIII. Stock Appreciation Rights

- (a) **Stock Appreciation Rights.** A Stock Appreciation Right is the right to receive an amount equal to the Spread with respect to a share of Common Stock upon the exercise of such Stock Appreciation Right. Stock Appreciation Rights may be granted in connection with the grant of an Option, in which case the Option Agreement will provide that exercise of Stock Appreciation Rights will result in the surrender of the right to purchase the shares under the Option as to which the Stock Appreciation Rights were exercised. Alternatively, Stock Appreciation Rights may be granted independently of Options in which case each Award of Stock Appreciation Rights shall be evidenced by a Stock Appreciation Rights Agreement between the Company and the Holder which shall contain such terms and conditions as may be approved by the Committee. The terms and conditions of the respective Stock Appreciation Rights Agreements need not be identical. The Spread with respect to a Stock Appreciation Right may be payable either in cash, shares of Common Stock with a Fair Market Value equal to the Spread or in a combination of cash and shares of Common Stock as determined by the Committee in its sole discretion.

- (b) **Restriction Period To Be Established by the Committee.** The Committee shall establish the Restriction Period applicable to a Stock Appreciation Right; provided, however, that such Restriction Period shall not be less than the Minimum Criteria. Notwithstanding the foregoing, Awards of Stock Appreciation Rights may utilize the Minimum Criteria Exception.
- (c) **Exercise Price.** The exercise price of each Stock Appreciation Right shall be determined by the Committee, but such exercise price shall not be less than the Fair Market Value of a share of Common Stock on the date the Stock Appreciation Right is granted.
- (d) **Exercise Period.** The term of each Stock Appreciation Right shall be as specified by the Committee at the date of grant; provided that, in no case, shall the term of a Stock Appreciation Right exceed ten (10) years.
- (e) **Limitations on Exercise of Stock Appreciation Right.** A Stock Appreciation Right shall be exercisable in whole or in such installments and at such times as determined by the Committee.
- (f) **Repricing Prohibited.** Except for adjustments pursuant to Article XIII, the exercise price of a Stock Appreciation Right may not be decreased after the date of grant nor may an outstanding Stock Appreciation Right granted under the Plan be surrendered to the Company as consideration for the grant of a new Stock Appreciation Right with a lower exercise price, cash or a new Award unless there is prior approval by the Company stockholders. Any other action that is deemed to be a repricing under any applicable rule of the New York Stock Exchange shall be prohibited unless there is prior approval by the Company stockholders.

IX. Restricted Stock Awards

- (a) **Restriction Period To Be Established by the Committee.** The Committee shall establish the Restriction Period applicable to Restricted Stock Awards; provided, however, that such Restriction Period shall not be less than the Minimum Criteria. Notwithstanding the foregoing, Restricted Stock Awards may utilize the Minimum Criteria Exception.
- (b) **Other Terms and Conditions.** Common Stock awarded pursuant to a Restricted Stock Award shall be represented by a stock certificate registered in the name of the Holder of such Restricted Stock Award or, at the option of the Company, in the name of a nominee of the Company. The Holder shall have the right to receive dividends during the Restriction Period, to vote the Common Stock subject thereto and to enjoy all other stockholder rights, except that
 - (i) the Holder shall not be entitled to possession of the stock certificate until the Restriction Period shall have expired,
 - (ii) the Company shall retain custody of the stock during the Restriction Period,
 - (iii) the Holder may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of the stock during the Restriction Period, and
 - (iv) a breach of the terms and conditions established by the Committee pursuant to the Restricted Stock Award shall cause a forfeiture of the Restricted Stock Award. The Committee may, in its

sole discretion, prescribe additional terms, conditions or restrictions relating to Restricted Stock Awards as shall be set forth in a Restricted Stock Award Agreement.

- (c) **Payment for Restricted Stock.** A Holder shall not be required to make any payment for Common Stock received pursuant to a Restricted Stock Award, except to the extent otherwise required by law and except that the Committee may, in its discretion, charge the Holder an amount in cash not in excess of the par value of the shares of Common Stock issued under the Plan to the Holder.
- (d) **Miscellaneous.** Nothing in this Article shall prohibit the exchange of shares issued under the Plan (whether or not then subject to a Restricted Stock Award) pursuant to a plan of reorganization for stock or securities in the Company or another corporation a party to the reorganization, but the stock or securities so received for shares then subject to the restrictions of a Restricted Stock Award shall become subject to the restrictions of such Restricted Stock Award. Any shares of stock received as a result of a stock split or stock dividend with respect to shares then subject to a Restricted Stock Award shall also become subject to the restrictions of the Restricted Stock Award.

X. Restricted Stock Unit Awards

- (a) **Restriction Period To Be Established by the Committee.** The Committee shall establish the Restriction Period applicable to Restricted Stock Unit Awards; provided, however, that such Restriction Period shall not be less than the Minimum Criteria. Notwithstanding the foregoing, Restricted Stock Unit Awards may utilize the Minimum Criteria Exception.
- (b) **Other Terms and Conditions.** The Committee may, in its sole discretion, prescribe additional terms, conditions or restrictions relating to the Restricted Stock Unit Award as shall be set forth in a Restricted Stock Unit Award Agreement. Cash dividend equivalents may be converted into additional Restricted Stock Units or may be paid during, or may be accumulated and paid at the end of, the Restriction Period with respect to a Restricted Stock Unit Award, as determined by the Committee. The Committee, in its sole discretion, may provide for the deferral of a Restricted Stock Unit Award.
- (c) **Payment for Restricted Stock Unit.** A Holder shall not be required to make any payment for Common Stock received pursuant to a Restricted Stock Unit Award, except to the extent otherwise required by law and except that the Committee may, in its discretion, charge the Holder an amount in cash not in excess of the par value of the shares of Common Stock issued under the Plan to the Holder.
- (d) **Restricted Stock Units in Substitution for Units Granted by Other Corporations.** Restricted Stock Unit Awards may be granted under the Plan from time to time in substitution for restricted stock units held by employees of corporations who become, or who became prior to the effective date of the Plan, employees of the Company or of any Subsidiary as a result of a merger or consolidation of the employing corporation with the Company or such Subsidiary, or the acquisition by the Company or a Subsidiary of all or a portion

of the assets of the employing corporation, or the acquisition by the Company or a Subsidiary of stock of the employing corporation with the result that such employing corporation becomes a Subsidiary.

XI. Performance Awards

- (a) Performance Period. The Committee shall establish, with respect to and at the time of each Performance Award, a performance period over which the performance applicable to the Performance Award of the Holder shall be measured and a Restriction Period; provided, however, that such Restriction Period shall not be less than the Minimum Criteria. Notwithstanding the foregoing, Performance Awards may utilize the Minimum Criteria Exception.
- (b) Performance Awards. Each Performance Award may have a maximum value established by the Committee at the time of such Award.
- (c) Performance Measures. A Performance Award granted under the Plan shall be awarded contingent, in whole or in part, upon the achievement of one or more performance measures. The performance criteria for Performance Awards shall consist of objective tests based on the following: earnings, cash flow, return on capital, cash value added performance, stockholder return and/or value, revenues, operating profits (including EBITDA), net profits, earnings per share, stock price, cost reduction goals, debt to capital ratio, financial return ratios, profit return and margins, market share, working capital, net operating profit after taxes, asset turns, customer satisfaction and any other criteria as determined by the Committee. The Committee may select one criterion or multiple criteria for measuring performance. Performance criteria may be measured on corporate, subsidiary or business unit performance, or on a combination thereof. Further, the performance criteria may be based on comparative performance with other companies or other external measure of the selected performance criteria.
- (d) Payment. Following the end of the performance period, the Holder of a Performance Award shall be entitled to receive payment of an amount, not exceeding the maximum value of the Performance Award, if any, based on the achievement of the performance measures for such performance period, as determined by the Committee in its sole discretion. Payment of a Performance Award (i) may be made in cash, Common Stock or a combination thereof, as determined by the Committee in its sole discretion, (ii) shall be made in a lump sum or in installments as prescribed by the Committee in its sole discretion, and (iii) to the extent applicable, shall be based on the Fair Market Value of the Common Stock on the payment date.
- (e) Termination of Service. The Committee shall determine the effect of termination of service during the performance period on a Holder's Performance Award.

XII. Stock Value Equivalent Awards

- (a) Stock Value Equivalent Awards. Stock Value Equivalent Awards are rights to receive an amount equal to the Fair Market Value of shares of Common Stock or rights to receive

an amount equal to any appreciation or increase in the Fair Market Value of Common Stock over a specified period of time, which is subject to a Restriction Period as established by the Committee, without payment of any amounts by the Holder thereof (except to the extent otherwise required by law) or satisfaction of any performance criteria or objectives. Each Stock Value Equivalent Award may have a maximum value established by the Committee at the time of such Award.

- (b) Award Period. The Committee shall establish the Restriction Period applicable to Stock Value Equivalent Awards; provided, however, that such Restriction Period shall not be less than the Minimum Criteria. Notwithstanding the foregoing, Stock Value Equivalent Awards may utilize the Minimum Criteria Exception.
- (c) Payment. Following the end of the determined period for a Stock Value Equivalent Award, the Holder of a Stock Value Equivalent Award shall be entitled to receive payment of an amount, not exceeding the maximum value of the Stock Value Equivalent Award, if any, based on the then vested value of the Award. Payment of a Stock Value Equivalent Award (i) shall be made in cash, (ii) shall be made in a lump sum or in installments as prescribed by the Committee in its sole discretion, and (iii) shall be based on the Fair Market Value of the Common Stock on the payment date. Cash dividend equivalents may be paid during, or may be accumulated and paid at the end of, the determined vesting period with respect to a Stock Value Equivalent Award, as determined by the Committee.
- (d) Termination of Service. The Committee shall determine the effect of termination of service during the applicable vesting period on a Holder's Stock Value Equivalent Award.

XIII. Recapitalization or Reorganization

- (a) Except as hereinafter otherwise provided, in the event of any recapitalization, reorganization, merger, consolidation, combination, exchange, stock dividend, stock split, extraordinary dividend or divestiture (including a spin-off) or any other change in the corporate structure or shares of Common Stock occurring after the date of the grant of an Award, the Committee shall, in its discretion, make such adjustment as to the number and price of shares of Common Stock or other consideration subject to such Awards as the Committee shall deem appropriate in order to prevent dilution or enlargement of rights of the Holders.
- (b) The existence of the Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of debt or equity securities having any priority or preference with respect to or affecting Common Stock or the rights thereof, the dissolution or liquidation of the Company or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding.

- (c) The shares with respect to which Options, Stock Appreciation Rights or Restricted Stock Units may be granted are shares of Common Stock as presently constituted, but if, and whenever, prior to the expiration of an Option, Stock Appreciation Rights or Restricted Stock Unit Award, the Company shall effect a subdivision or consolidation of shares of Common Stock or the payment of a stock dividend on Common Stock without receipt of consideration by the Company, the number of shares of Common Stock with respect to which such Award relates or may thereafter be exercised (i) in the event of an increase in the number of outstanding shares shall be proportionately increased, and, as applicable, the purchase price per share shall be proportionately reduced, and (ii) in the event of a reduction in the number of outstanding shares shall be proportionately reduced, and, as applicable, the purchase price per share shall be proportionately increased.
- (d) If the Company recapitalizes or otherwise changes its capital structure, thereafter upon any exercise of an Option or Stock Appreciation Right or payment in settlement of a Restricted Stock Unit Award theretofore granted, the Holder shall be entitled to purchase or receive, as applicable, under such Award, in lieu of the number of shares of Common Stock as to which such Award relates or shall then be exercisable, the number and class of shares of stock and securities and the cash and other property to which the Holder would have been entitled pursuant to the terms of the recapitalization if, immediately prior to such recapitalization, the Holder had been the holder of record of the number of shares of Common Stock then covered by such Award.
- (e) Notwithstanding any provisions of the Plan to the contrary, in the event of an employee Holder's Qualifying Termination, unless an Award Document otherwise provides, as of the date of such Holder's termination of service (i) any outstanding Options and Stock Appreciation Rights shall become immediately vested and fully exercisable for the full term thereof, (ii) any restrictions on Restricted Stock Awards or Restricted Stock Unit Awards shall immediately lapse, (iii) all performance measures upon which an outstanding Performance Award is contingent shall be deemed achieved and the Holder shall receive a payment equal to the target amount of the Award he or she would have been entitled to receive, without proration, and (iv) any outstanding cash Awards including Stock Value Equivalent Awards shall immediately vest and be paid based on the vested value of the Award.
- (f) Except as hereinbefore expressly provided, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Common Stock subject to Awards theretofore granted, the purchase price per share of Common Stock subject to Options or the calculation of the Spread with respect to Stock Appreciation Rights.

- (g) Notwithstanding the foregoing, the provisions of this Article XIII shall be administered in accordance with Section 409A of the Code, and settlement of Awards under Section 13(e) will be delayed until the scheduled payment or vesting date to the extent required to comply with Section 409A of the Code or to avoid the taxes imposed thereunder.

XIV. Amendment or Termination of the Plan

The Board in its discretion may terminate the Plan or alter or amend the Plan or any part thereof from time to time; provided that no change in any Award theretofore granted may be made which would impair the rights of the Holder without the consent of the Holder, and provided, further, that the Board may not, without approval of the stockholders, amend the Plan to effect a "material revision" of the Plan, where a "material revision" includes, but is not limited to, a revision that: (a) materially increases the benefits accruing to a Holder under the Plan, (b) materially increases the aggregate number of securities that may be issued under the Plan, (c) materially modifies the requirements as to eligibility for participation in the Plan, or (d) changes the types of awards available under the Plan.

XV. Other

- (a) No Right To An Award. Neither the adoption of the Plan nor any action of the Board or of the Committee shall be deemed to give an employee or a non-management Director any right to be granted an Option, a Stock Appreciation Right, a right to a Restricted Stock Award, Restricted Stock Unit Award, Performance Award or Stock Value Equivalent Award or any other rights hereunder except as may be evidenced by an Award or by an Option or Stock Appreciation Agreement duly executed on behalf of the Company, and then only to the extent of and on the terms and conditions expressly set forth therein. The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of funds or assets to assure the payment of any Award.
- (b) No Employment Rights Conferred. Nothing contained in the Plan or in any Award made hereunder shall:
 - (i) confer upon any employee any right to continuation of employment with the Company or any Subsidiary; or
 - (ii) interfere in any way with the right of the Company or any Subsidiary to terminate his or her employment at any time.
- (c) No Rights to Serve as a Director Conferred. Nothing contained in the Plan or in any Award made hereunder shall confer upon any Director any right to continue their position as a Director of the Company.
- (d) Other Laws; Withholding. The Company shall not be obligated to issue any shares of Common Stock pursuant to any Award at any time, when the offering of the shares of Common Stock covered by such Award has not been registered under the U.S. Securities Act of 1933, as amended (the "Act") or such other country, U.S. federal or state laws, rules or regulations as the Company deems applicable and, in the opinion of legal counsel for the Company, there is no exemption from the registration. The Company intends

to use reasonable efforts to ensure that no such delay will occur. In the event exemption from registration under the Act is available upon vesting of an Award, the Participant, if requested by the Company to do so, will execute and deliver to the Company in writing an agreement containing such provisions as the Company may require to assure compliance with applicable securities laws. By accepting an Award, the Participant agrees that the shares of Common Stock which the Participant may acquire upon vesting of an Award will not be sold or otherwise disposed of in any manner which would constitute a violation of any applicable U.S. federal, state or non-U.S. securities laws. Furthermore, the Participant also agrees (i) that the Company may refuse to register the transfer of the shares of Common Stock acquired under an Award on the stock transfer records of the Company if such proposed transfer would in the opinion of counsel to the Company constitute a violation of any applicable securities law, and (ii) that the Company may give related instructions to its transfer agent, if any, to stop registration of the transfer of the shares of Common Stock acquired under the Plan. No fractional shares of Common Stock shall be delivered, nor shall any cash in lieu of fractional shares be paid. The Company shall have the right to deduct in connection with all Awards any taxes required by law to be withheld and to require any payments necessary to enable it to satisfy its withholding obligations. The Committee may permit the Holder of an Award to elect to surrender, or authorize the Company to withhold, shares of Common Stock (valued at their Fair Market Value on the date of surrender or withholding of such shares) in satisfaction of the Company's withholding obligation, subject to such restrictions as the Committee deems appropriate.

- (e) No Restriction on Corporate Action. Nothing contained in the Plan shall be construed to prevent the Company or any Subsidiary from taking any corporate action which is deemed by the Company or such Subsidiary to be appropriate or in its best interest, whether or not such action would have an adverse effect on the Plan or any Award made under the Plan. No Holder, beneficiary or other person shall have any claim against the Company or any Subsidiary as a result of any such action.
- (f) Restrictions on Transfer. No Award may be sold, assigned, pledged, exchanged, hypothecated, encumbered, disposed of, or otherwise transferred, except by will or the laws of descent and distribution or pursuant to a "qualified domestic relations order" as defined by the Code or Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended, or similar order. Upon any attempt to transfer, assign, pledge, hypothecate or otherwise dispose of an Award or of such rights contrary to the provisions of an Award Document or in the Plan, the Award and such rights shall immediately become null and void. The Committee may prescribe and include in the respective Award Documents hereunder other restrictions on transfer. Upon a Holder's death, the Holder's personal representative or other person entitled to succeed to the rights of the Holder (the "Successor Holder") may exercise such rights as are provided under the applicable Award Document. A Successor Holder must

furnish proof satisfactory to the Company of his or her rights to exercise the Award under the Holder's will or under the applicable laws of descent and distribution. Notwithstanding the foregoing, the Committee shall have the authority, in its discretion, to grant (or to sanction by way of amendment to an existing grant) Awards (other than Incentive Stock Options) which may be transferred by the Holder for no consideration to or for the benefit of the Holder's Immediate Family, to a trust solely for the benefit of the Holder and his Immediate Family, or to a partnership or limited liability company in which the Holder and members of his Immediate Family have at least 99% of the equity, profit and loss interest, in which case the Award Document shall so state. A transfer of an Award pursuant to this Paragraph (f) shall be subject to such rules and procedures as the Committee may establish. In the event an Award is transferred as contemplated in this Paragraph (f), such Award may not be subsequently transferred by the transferee except by will or the laws of descent and distribution, and such Award shall continue to be governed by and subject to the terms and limitations of the Plan and the relevant written instrument for the Award and the transferee shall be entitled to the same rights as the Holder under Articles XIII and XIV hereof as if no transfer had taken place. No transfer shall be effective unless and until written notice of such transfer is provided to the Committee, in the form and manner prescribed by the Committee. The consequences of termination of employment shall continue to be applied with respect to the original Holder, following which the Awards shall be exercised by the transferee only to the extent and for the periods specified in the Plan and the related Award Document. The Option Agreement, Stock Appreciation Rights Agreement, Restricted Stock Award Agreement, Restricted Stock Unit Award Agreement or other Award Document shall specify the effect of the death of the Holder on the Award.

- (g) Governing Law. This Plan shall be construed in accordance with the laws of the State of Texas, except to the extent that it implicates matters which are the subject of the General Corporation Law of the State of Delaware which matters shall be governed by the latter law.
- (h) Foreign Awardees. Without amending the Plan, the Committee may grant Awards to eligible persons who are foreign nationals on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to foster and promote achievement of the purposes of the Plan and, in furtherance of such purposes, the Committee may make such modifications, amendments, procedures, subplans and the like as may be necessary or advisable to comply with the provisions of laws and regulations in other countries or jurisdictions in which the Company or its Subsidiaries operate.
- (i) Clawback or Recoupment. Notwithstanding any other provisions in this Plan, any Award shall be subject to clawback, recovery or recoupment by the Company under any clawback or recoupment policy adopted by the Company, whether before or after the date of grant of the Award.
