Notes to Consolidated Financial Statements

7. Policy Liabilities, page 139

1. Please tell us how much of the favorable \$465 million in claims development for prior years relates to the lines of business in Japan, separately breaking out the portion related to the impact of foreign exchange. Also, provide us a description of those lines and an analysis explaining with more specificity the reason for the favorable development unrelated to foreign exchange.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
