Form 10-K for the Fiscal Year Ended December 31, 2013  
Filed February 26, 2014  
Response Letter dated November 12, 2014  
File No. 000-12014**

Dear Mr. Masschelin:

We have reviewed your filing and response letter and have the following additional comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter within ten business days by amending your filing, by providing the requested information, or by advising us when you will provide the requested response. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your filing and the information you provide in response to these comments, we may have additional comments.

Form 10-K for the Fiscal Year ended December 31, 2013

Business, page 3

Oil and gas production, production prices and production costs, page 6

1. We note your response to prior comment one from our letter dated October 16, 2014 and your proposed alternative disclosure to reporting annual amounts of production. As indicated in our prior comment, we believe that the language of Item 1204(a) of Regulation S-K contemplates disclosure of total annual amounts of production, and not daily production rates. Please revise your disclosure accordingly. As also indicated in our prior comment, if you believe it is useful to investors to disclose daily production rates, you may do so.
