PROXY STATEMENT

General

The Board of Directors of American Greetings Corporation (the “Board”) has ordered solicitation of the enclosed proxy in connection with the Annual Meeting of Shareholders (the “Annual Meeting”) to be held on Friday, June 28, 2002, at 2:30 P.M., Cleveland time, to consider and act upon matters specified in the Notice of Annual Meeting of Shareholders preceding this Proxy Statement.

The expense of soliciting proxies, including the costs of preparing, assembling and mailing the Notice, Proxy Statement and proxy, will be borne by the Company. Besides solicitation by mail, solicitations may be made by personal interview, telephone and facsimile by officers and other regular employees of the Company. The Company may also retain a proxy solicitor. Brokerage houses, banks and other persons holding shares in nominee names have been requested to forward solicitation materials to the beneficial owners of shares held of record by such persons. The Company will reimburse such persons for their reasonable expenses.

Shareholders have cumulative voting rights in the election of directors, provided that (a) any shareholder gives notice in writing to the Chairman, President, a Senior Vice President or the Secretary of the Company, not less than 48 hours before the time fixed for the holding of the meeting, that he or she desires that the voting at such meeting be cumulative, and (b) an announcement of the giving of such notice is made upon the convening of the meeting by the Chairman or the Secretary or by or on behalf of the shareholder giving such notice. If cumulative voting is so invoked, a shareholder may cumulate votes for the election of a nominee by casting a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the shareholder’s shares are entitled. The shareholder also may distribute his or her votes between or among two or more nominees on the same basis. Unless otherwise indicated by the shareholder, where cumulative voting is invoked, the persons named in the enclosed proxy will vote, in their discretion, for one or more of the nominees for whom authority was not withheld and will cumulate votes so as to elect the maximum number of nominees proposed by the Board. If cumulative voting is not invoked at the Annual Meeting with respect to the election of directors, the proxies will vote the number of shares on the proxy card for only those Board nominees for whom authority has not been withheld.

Under Ohio law, unless the writing appointing a proxy otherwise provides, a shareholder, without affecting any vote previously taken, may revoke his or her proxy by a later proxy or by giving notice of revocation in writing or in an open meeting. However, a shareholder’s presence at the meeting by itself will not operate to revoke that shareholder’s proxy.

Under Ohio law and the Company’s Amended Articles of Incorporation and Regulations, if a quorum is present at the meeting, the nominees for election as directors who receive the greatest number of votes cast for the election of directors at the meeting by the shares present in person or by proxy and entitled to vote will be elected directors.

The withholding of a vote with respect to the election of any nominee for director will have the practical effect of a vote against that nominee. If a quorum exists, a broker non-vote with respect to any share will not affect the election of directors since the share is not considered present for voting purposes.

The mailing address of the Company’s World Headquarters is One American Road, Cleveland, Ohio 44144. Copies of this Proxy Statement and forms of proxy will be first sent or given to shareholders on or about May 20, 2002.

Voting Securities and Record Date

As of April 29, 2002, there were outstanding, exclusive of treasury shares which cannot be voted, 65,273,145 Class A Common Shares (“Class A Common Shares”) entitled to one vote per share and 4,605,230 Class B Common Shares (“Class B Common Shares”) entitled to ten votes per share upon all matters presented to the shareholders. Each director, executive officer and holder of more than ten percent of the Company’s Common Shares is required to disclose in a timely fashion any transactions in the Company’s Common Shares. The Company periodically reminds these persons of their reporting obligations and assists each of them in making the required disclosures after the Company has been notified that a reportable event has occurred or is about to occur. The Company is required to disclose in this Proxy Statement any failure by any of these persons to make timely Section 16(a) reports. There were no known failures in FY 2002.

Supplemental Executive Retirement Plan. A description of the Company’s Supplemental Executive Retirement Plan can be found in the Report of the Compensation and Management Development Committee of the Board of Directors on Executive Compensation under the heading “Supplemental Executive Retirement Plan.” The total liability recorded by the Company under this plan at the end of FY 2002 was \$22,681,551. During FY 2002, retired officers received benefits under the plan aggregating \$985,877. Based upon estimates predicated upon present compensation, at age 65 Morry Weiss will receive \$185,580 annually, Jeffrey Weiss will receive \$90,622 annually, William R. Mason will receive \$89,032 annually and William S. Meyer will receive \$81,521 annually. James C. Spira is not a participant in the plan.

**REPORT OF THE COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE OF
THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

The Compensation and Management Development Committee of the Board of Directors (“Committee”) establishes, reviews and administers compensation plans for the Chairman and Chief Executive Officer, President and Chief Operating Officer and Executive Vice Presidents. Among other duties, it also reviews the compensation programs for other executive and non-executive officers of the Company and develops and reviews programs involving executive officer development and succession planning. The Committee consists solely of directors who are not officers or employees of the Company.

Statement on Philosophy of Executive Compensation

The Company’s compensation philosophy reflects its belief that the compensation of its executive and non-executive officers should (i) provide a compensation program that motivates officers to achieve their strategic goals by tying officers’ compensation to the performance of the Company and applicable business units, as well as to individual performance; (ii) provide compensation reasonably comparable to that offered by other leading companies so as to attract and retain talented executives; and (iii) align the interests of its officers with the long-term interests of the Company’s shareholders through the award of stock options, restricted stock and other stock-related programs.

The Company's philosophy is to pay its officers fairly, which may include offering certain executive officers total annual compensation exceeding \$1,000,000. The compensation packages offered to the Chairman and Chief Executive Officer, the President and Chief Operating Officer and Executive Vice Presidents respectively are based in part on surveys and/or the recommendations of an outside consulting firm, and in part on factors that are not easily measured, such as leadership and strategic foresight.

Implementation of Philosophy

During FY 2002 the Company's executive compensation plans allowed for base salary, an annual cash incentive, a supplemental executive retirement plan, stock options, restricted stock, deferred shares, stock appreciation rights, performance shares, performance units and a retirement profit sharing and savings plan.

Base Salary

Base salaries are established based upon the responsibilities and description of a given position and a comparison of compensation levels of similar positions in comparable companies gathered from compensation surveys and the recommendations of one or more outside compensation consulting firms. Individual performance reviews are generally conducted at least annually and are used in determining if an increase in base salary is merited. Such increases in FY 2002 were based on an individual's performance as well as increases described in third party compensation studies and achievement of the Company's and applicable division's profit goals.

Executive Incentive Plans

Key Management Annual Incentive Plan. In FY 2002, the Company revised its annual incentive plan for officers and certain key employees. The new Key Management Annual Incentive Plan ("Annual Incentive Plan") eliminated the revenue goal that had been included in prior plans. Under the Annual Incentive Plan the Board establishes goals based upon earnings targets set by the Board for the fiscal year as to the Company as a whole and for each business unit, and each participant is assigned a target incentive amount. In no instance may a participant's target incentive amount exceed 80% of the participant's fiscal year earnings, except in the case of the Chief Executive Officer, whose target incentive amount may not exceed 100% of the CEO midpoint/market median salary for peer group companies (currently \$1,009,000). If the participant's business unit and the Company in its entirety achieve target earnings goals, the participant's incentive is the target incentive amount. If the participant's business unit fails to achieve its goals, the incentive either is not paid or is decreased, depending upon the extent of the shortfall. For each percentage of shortfall, the target incentive is reduced by three or four percent, depending on the business unit involved. If the percentage of shortfall is more than ten percent, no incentive is paid. If the Company fails to achieve its goals, the participant's incentive is reduced by 50%. If the participant's business unit exceeds its goals, the incentive is increased. For each percentage of excess, the incentive is increased by three or four percent, depending on the business unit involved; provided, however, that the maximum incentive to be paid to any participant under the business unit component cannot exceed twice the target incentive amount. In no event will the compensation payable to the Chief Executive Officer or any Named Executive Officer under the Annual Incentive Plan exceed in the aggregate \$3,000,000 during any one fiscal year. The FY 2002 earnings target was established by the Board in February 2001 and in FY 2002 each Named Executive Officer earned an incentive under the Annual Incentive Plan. The Company's earnings targets are confidential and are not included in this Report in order to avoid compromising the Company's competitive position. It is the Board's belief that the earnings targets it has established are a good measure of the Company's performance.

Supplemental Executive Retirement Plan

The Supplemental Executive Retirement Plan provides that a participant in the plan who retires at age 65 with up to 20 years of service with the Company will receive up to 20% of final average compensation annually for life. Final average compensation is defined as the average of the two highest years of annual compensation during the officer's employment. Annual compensation is defined as annual base compensation plus the incentive that would have been paid under any annual incentive plan then in effect if the participant had achieved 100% of his or her target profit goal. Under the plan, a lesser amount will be payable in the event of early retirement. Benefits are not subject to any deduction for Social Security or other offset amounts. Benefits under the plan will be payable to the officer's beneficiary in the event of the officer's death until a total of 180 monthly payments have been made to both the officer and beneficiary.

Long-Term Incentive Compensation

The Company's long-term incentive compensation programs currently consist of grants of cash incentives, restricted stock, and stock options, thereby tying compensation for officers and certain key employees directly to shareholder return. An officer holding stock options benefits if the price of the Company's shares increases. In addition, since the right to exercise options vests over time, the programs create an incentive for an executive to remain with the Company. Other alternatives such as stock appreciation rights, deferred shares, performance shares and performance units are also available under the 1997 Equity and Performance Incentive Plan.

Under the existing employee stock option plans, officers and key employees of the Company and its subsidiaries are awarded stock options by the Committee to purchase Class A or Class B Common Shares of the Company. The options are granted at 100% of fair market value at the close of business on the last business day preceding the date of grant or at not less than market value on the date of grant (depending on plan provisions) and generally expire not later than ten years from the date of grant. The number of share options granted depends upon the level of the position and level of performance exhibited by a recipient.

Retirement Profit Sharing and Savings Plan

Under the American Greetings Retirement Profit Sharing and Savings Plan, in FY 2002, the Company made a discretionary contribution of 1.5 percent of credited compensation for all profit sharing eligible associates. It is impossible to estimate the annual benefits that any participant may be entitled to receive under the plan upon retirement since the amount of such benefits will depend upon a number of factors including, among other things, future net profits, the future credited compensation of the participants and the future net income of the trust fund. In addition, the plan allows eligible participants to make contributions through salary reduction as permitted under I.R.C. Section 401(k). The plan allows for the Company to match 40% of the first six percent of compensation deferred by each eligible participant (subject to IRS limitations), if the Company achieves at least 80% of its profit goal. The FY 2002 profit goal was achieved so the Company made a matching contribution. For the investment of all contributions under the plan, a participant may choose a Company stock fund, which is invested in Common Shares of the Company and/or the following mutual funds: Vanguard/Wellington Fund, Vanguard Prime Money Market Fund, Vanguard Total Bond Market Index Fund, Vanguard/PRIMECAP Fund, Vanguard/Wellesley Income Fund, Vanguard/Windsor II Fund, Vanguard International Growth Fund, Vanguard Extended Market Index Fund and Vanguard 500 Index Fund.

Chairman and Chief Executive Officer Compensation

Morry Weiss has served as Chairman and Chief Executive Officer of the Company since March 1, 1992. His compensation plan currently includes base salary, an annual incentive and stock options. Prior to FY 2002, Mr. Weiss’s compensation included base salary of \$618,600 and participation in an annual bonus plan. He was also eligible for additional annual bonus compensation of \$230,000 in cash or stock if the Company made its profit goal and \$138,000 if it did not.

In fixing his FY 2002 base salary and incentive target, as well as in determining the number of stock options granted to Mr. Weiss, the Committee and the Board reviewed the performance of both the Company and Mr. Weiss, as well as a William Mercer Compensation study that included compensation data of CEO’s at comparable companies. Based on that data, Mr. Weiss’ s FY 2002 compensation was at the median compensation of CEO’s at peer group companies.

For FY 2002, the Compensation and Management Development Committee of the Board of Directors maintained his base salary at \$618,600, but modified his incentive. Mr. Weiss is no longer eligible for the additional compensation of \$230,000 if the Company makes its profit goal and \$138,000 if it does not. Instead Mr. Weiss can achieve an incentive target of 100% of the CEO midpoint/market median salary for peer group companies (currently \$1,009,000), as established in annual compensation studies, if the Company achieves its earnings goal. In FY 2002, in addition to achieving its earnings goal, the Company needed to attain at least \$90,000,000 in restructure savings for Mr. Weiss to earn an incentive. The Company did meet both those conditions, and Mr. Weiss earned an incentive of \$1,906,002. The incentive target in FY 2003 and thereafter will be established by the Board based on achievement of specified performance goals. The Committee has also provided a split-dollar life insurance program for Mr. Weiss and his family.

President and Chief Operating Officer Compensation

The Company retained the William Mercer consulting firm to advise as to appropriate compensation for Mr. Spira and other senior management. Based upon recommendations in the Mercer study, Mr. Spira and the Company entered into an Employment Agreement, dated September 25, 2001, under which Mr. Spira is to act as the Company’s President and Chief Operating Officer from June 25, 2000, until June 25, 2003, at an annual base salary of \$500,000 which may be increased annually at the discretion of the Board of Directors.

Under the Employment Agreement Mr. Spira received the following grants of stock and stock options:

-
- (1) Company must achieve restructure savings goal in annual plan, earn \$1.14 per share, excluding special charges, and Board must declare an annual incentive.
 - (2) Company must attain annual incentive goals and Board must declare an annual incentive.
 - (3) September 5, 2011, or if Company does not achieve FY 2002 annual incentive goals, six months plus one day following later of date it is determined FY 2003 goals were not met or date of Mr. Spira’s termination.

Any options that have not vested shall become immediately vested upon Mr. Spira’s death or permanent and total disability or his termination without cause or a change in control of the Company.

Mr. Spira is not eligible to receive any other compensation, incentives or benefits, including incentives under the Annual Incentive Plan or Supplemental Executive Retirement Plan benefits. Apportion of the compensation paid to Mr. Spira in excess of \$1,000,000 was not performance-based and, therefore, under I.R.C. Section 162(m) was not deductible by the Company.

Impact of Section 162 of the Internal Revenue Code

The Revenue Reconciliation Act of 1993 amended I.R.C. Section 162 to eliminate the deductibility of certain compensation over \$1,000,000 paid to the Chief Executive Officer and other Named Executive Officers. In 2000, the Company’s shareholders reapproved compensation plans that were initially approved in 1994 for the Company’s Chairman and Chief Executive Officer and President and Chief Operating Officer that allow the Company to deduct for tax purposes amounts in excess of \$1,000,000 that are performance-based and that are payable to each individual under these compensation plans.

Summary

The Committee will continue to review the Company’s executive compensation programs to assure that such programs are consistent with the objective of increasing shareholder value.

CAUTIONARY STATEMENT

Certain statements contained in the President's letter, the Proxy Statement and the Annual Report to Shareholders are forward-looking. Many factors could cause actual results to differ materially from these statements, including a weak retail environment, loss of market share through competition, introduction of competing products by other firms, retailers' bankruptcies and consolidations, inventory reductions, the level of retail industry sales, competitive terms of sale offered by the Company to customers to expand or maintain business, lack of acceptance of new products by consumer or retailers and interest rate and foreign exchange fluctuations. Other factors, which are not all-inclusive, include the demand for the Company's goods and services; competitive factors in the industries in which the Company competes; the ability to achieve anticipated synergies and other cost savings in connection with acquisitions and corporate restructuring; and the timing, impact and other uncertainties of future acquisitions, as well as economic conditions in the various markets served by the Company's operations. Such factors are discussed in the Company's filings with the SEC.

Shareholder Proposals

Shareholders may submit proposals on matters appropriate for shareholder action, consistent with regulations of the SEC. If a shareholder intends to present a proposal at next year's Annual Meeting, it must be received by the Secretary of the Company (at One American Road, Cleveland, Ohio 44144) no later than January 19, 2003, in order to be considered timely for inclusion in the Company's Proxy Statement and form of proxy relating to that meeting.

Auditors

The firm of Ernst & Young LLP and its predecessors have been the independent auditors of the Company since its incorporation in 1944. The Company contemplates no change. Representatives of Ernst & Young LLP will be present at the Annual Meeting and will have the opportunity to make a statement if they want to do so. They will also be available to respond to appropriate questions.

Other Business

The management knows of no other matters to be acted upon at the meeting, but if any such matters properly come before the meeting, it is intended that the persons voting the proxies will vote them according to their best judgment.

Important Notice Regarding Delivery of Shareholder Documents

The Securities and Exchange Commission recently approved a rule that allows us to send a single set of our Annual Report and Proxy Statement to any household at which two or more shareholders reside if we believe the shareholders are members of the same family. This process is called “householding”. This reduces the volume of duplicate information received at your household and helps to reduce our costs. Each shareholder will continue to receive a separate proxy card or voting instruction card. If you wish to have this service, you do not need to do anything. We will household your documents until you inform us otherwise. However, if you would prefer to receive multiple copies, please contact National City Bank at **1-800-622-6757**. You may opt-out of householding at any time by contacting National City Bank and your request will be effective in 30 days.

ELECTRONIC ACCESS TO FUTURE DOCUMENTS
NOW AVAILABLE

In the future, American Greetings Corporation expects to provide its Annual Reports and Proxy Statements over the Internet. If you give your consent to receive these documents via the Internet, we will advise you when these documents become available on the Internet. Once you give your consent, it will remain in effect until you notify the Corporation by mail that you wish to resume mail delivery of the Annual Reports and Proxy Statements. Even though you give your consent, you still have the right to request copies of these documents at any time by mail.
