Form 10-K for the Fiscal Year Ended December 31, 2006

Notes to Consolidated Financial Statements

Note 8 Variable Interest Entities and Preferred Securities of Subsidiaries

Variable Interest Entities, pages 67 and 68

1. We note that based on your analysis of the Borrower and Investor Entities under the provisions of FIN 46(R) you determined that those entities are variable interest entities and that you are not the primary beneficiary. Provide us with details of your FIN 46(R) analysis that support your conclusions. In addition, identify the reasons why you have accounted for these investments under the equity method of accounting. See paragraph 17 of APB 18.

2. We also note that you have offset \$5.0 billion of Class B interests in the entities against \$5.0 billion of International Paper debt obligations held by these entities pursuant to the provisions of FIN 39. Provide us with details of your FIN 39 analysis sufficient to support your conclusions. Explain why an investment in stock of an entity can be offset against debt under FIN 39.
3. Describe how you considered the provisions of Rules 3-09 and 4-08(g) of Regulation S-X in determining that the presentation of separate financial statements or summarized financial information of equity investments accounted for under the equity method of accounting is not required for these entities. Also, you should address your consideration of paragraph 20(d) of APB No. 18 in your response. Tell us whether the offsetting of your Class B interests in the entities against your debt obligations held by these entities impacted your consideration of these Rules. If so, tell us why you believe that the testing for significances using the net amount ("the offset amount") was a proper method for conducting this test.
4. Tell us what consideration you gave to providing supplemental information about the impact of these transactions on noncash investing and financing activities pursuant to paragraph 32 of SFAS No. 95.

Please respond to these comments within 10 business days or tell us when you will provide us with a response. Please submit all correspondence and supplemental materials on EDGAR as required by Rule 101 of Regulation S-T. If you amend your filing(s), you may wish to provide us with marked copies of any amendment to expedite our review. Please furnish a cover letter that keys your responses to our comments and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing any amendment and your responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filing or in response to our comments on your filing.
