1. We note that you present measures entitled "utility electric margins" and "utility gas margins," which appear to be non-GAAP measures of gross profit. Please clearly label these measures as non-GAAP measures. Please also revise your presentation to reconcile your non-GAAP measures to the closest GAAP measures (such as operating income) avoiding presentation of a full income statement reconciliation. Lastly, your reconciliation should begin with the GAAP measure so this non-GAAP measure does not receive undue prominence. See Question 102.10 of the updated Non-GAAP Compliance and Disclosure Interpretations issued on May 17, 2016.
