Dear Mr. Faulk:

We have reviewed your filings and have the following comments. Where indicated, we think you should revise your document in response to these comments. In some of our comments, we may ask you to provide us with supplemental information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. Form 10-K for the Year Ended December 31, 2008

Notes to Consolidated Financial Statements

Note 2. Monetization Financing Entities, page 48

1. We note that on June 30, 2008, the maturity dates of the lending arrangements with the Third Party were extended, which you determined to be a reconsideration event. Please provide a detailed discussion of the changes in characteristics of the lending arrangement that led you to determine this event as a reconsideration event under paragraph 7 of FIN 46(R). Tell us in detail how you analyzed the

design of the financing entities using paragraph five of FSP FIN 46(R)-6 and explain your assumptions. Please provide a summary of your analysis that led you to conclude that you are the primary beneficiary.

2. We note that notes totaling \$603M are included in long-term notes receivable and monetization loans totaling \$614M are included in debt payable within one year on your balance sheet. It appears that the maturity dates do not correspond to the classification, please explain.

As appropriate, please amend your filing and respond to these comments within 10 business days or tell us when you will provide us with a response. You may wish to provide us with marked copies of the amendment to expedite our review. Please furnish a cover letter with your amendment that keys your responses to our comments and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your amendment and responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filing or in response to our comments on your filing.
