Lord, Abnett & Co. LLC (the “Managing Member”), a Delaware limited liability company, has a 100% interest in the Company.

Company revenue is largely dependent on the total value of assets and sales of domestic investment companies (“Investment Companies”) which are sponsored and managed by the Managing Member. The Company relies on Footnote 74 of the SEC Release No.34-70073, adopting amendments to 17 C.F.R. § 240.17a-5 for effecting securities transactions via subscriptions, and is therefore exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934.

The Managing Member has represented it will continue to make capital contributions to the Company to ensure the continued operations of the Company and compliance with capital requirements through September 30, 2023.

equate the proportional cost of a service or product to the proportional use or benefit derived by the Company.

Income Taxes

The Company is a single member limited liability company and is treated as a disregarded entity for federal tax purposes. Accordingly, there is no provision for federal and state income tax in the accompanying financial statement. Such taxes are the responsibility of the Managing Member.

Use of Estimates

The preparation of this financial statement in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of this financial statement. Actual results could differ from these estimates.

3. Regulatory Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1 under the Securities Exchange Act of 1934), which requires the maintenance of minimum regulatory net capital and requires that the ratio of aggregate indebtedness to regulatory net capital, both as defined, shall not exceed 15 to 1. Regulatory net capital and aggregate indebtedness may fluctuate on a daily basis.

As of September 30, 2022, the Company had regulatory net capital of \$70,609,869 and a regulatory net capital requirement of \$1,015,585. The Company's ratio of aggregate indebtedness to regulatory net capital is 0.22 to 1 as of September 30, 2022. Rule 15c3-1 provides that equity capital may not be withdrawn, or cash dividends paid, if the resulting net capital of the broker/dealer is less than the amount required under Rule 15c3-1.

4. Fair Value Measurements

The Company applies Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – unadjusted quoted prices in active markets for identical investments;

Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.); and

Level 3 – significant unobservable inputs (including the Company's own assumptions in determining the fair value of investments).

Lord Abbett Distributor LLC
Notes to Statement of Financial Condition
September 30, 2022

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques employed maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Company's investment assets included in cash and cash equivalents, at fair value as of September 30, 2022:

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 45,361,577	\$ -	\$ -	\$ 45,361,577

Investments in open-ended money market funds are valued at their net asset value at the close of each business day. Changes in valuation techniques may result in transfers into or out of an assigned level within the three-tier hierarchy. There have been no such transfers between levels for the fiscal year ended September 30, 2022.

5. Related-Party Transactions

As noted above, the Company receives certain services from the Managing Member and, as a result, due to Managing Member represents allocated expenses and certain direct expenses paid for by the Managing Member on behalf of the Company, which are reimbursable to the Managing Member.

Amounts due to and due from the Managing Member as of September 30, 2022 are as follows:

Due to Managing Member:	\$2,441,657
Due from Managing Member:	\$35,957

The Managing Member did not contribute additional capital to the Company during the fiscal year ended September 30, 2022, as it was not deemed necessary.

Distribution and service fees revenue are derived from the Investment Companies which are sponsored and managed by the Managing Member. Such revenues are collected monthly from the Investment Companies.

For the fiscal year ended September 30, 2022, expenses that were allocated from the Managing Member were comprised of personnel services, facilities and equipment, consultant agency and other personnel costs, travel and entertainment, and research and market data services.

6. Commitments and Contingencies

From time to time, the Company is involved in litigation matters arising in connection with the conduct of its business. Based on available information and consultation with legal counsel, the Company does not believe that such matters will have a material effect on the Company's financial condition, results of operations or cash flows for the fiscal year ended September 30, 2022.

7. Other Matters

Management continues to monitor and evaluate the global impact of the coronavirus and the Russian/Ukrainian conflict and its effect on the U.S and global financial markets. To date, there has been no material impact for the Company's performance due to the above factors.

8. Subsequent Events
