RE: Lowe's Companies, Inc.
Form 10-K for the year ended February 2, 2007
Filed April 3, 2007
File No. 1-7898

Dear Mr. Hull:

We have reviewed your filings and have the following comments. We have limited our review to only disclosures concerning certain stockholder matters and your operating results in the third quarter of 2007 and will make no further review of your documents. Where indicated, we think you should revise your disclosures in future filings in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with supplemental information so we may better understand your disclosure. After reviewing this information, we may or may not raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Form 10-K for the fiscal year ended February 2, 2007

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters, page 16

1. We note that your annual report on Form 10-K for the fiscal year ended February 2, 2007 does not include or incorporate the equity compensation plan information table information required by Item 201(d) of Regulation S-K. In future filings on

Form 10-K, please include under Item 12 of Form 10-K the equity compensation plan information table information required by Item 201(d). Pursuant to General Instruction G(3) of Form 10-K, if you choose, you may incorporate such information from your definitive proxy statement provided the proxy statement is filed with the Commission not later than 120 days after the end of the fiscal year covered by the Form 10-K.

Form 10-Q for the quarterly period ended November 2, 2007

Management's Discussion and Analysis of Financial Condition and Results of Operations, page 13

2. We note your disclosure that you experienced a challenging sales environment in the third quarter of 2007 and that you expect the external pressures facing your industry to continue to 2008. We also note from your risk factors on page 10 of your Form 10-K for the fiscal year ended February 2, 2007 that these external pressures include the health and stability of the general economy and the home improvement industry. While your current discussion of operations and your focus on managing expenses address many factors that have impacted your results, we believe that you should enhance this discussion in future filings to include more specific quantified information. This will allow a reader to more clearly understand how the current sales environment impacts your financial results and will also enable a reader to better understand how future trends may also impact your results. This additional quantified information could include, but not be limited to, the following areas:
 - Whether your disciplined inventory management goes beyond the delay of the fourteenth RDC and management of seasonal products and if so, provide more quantified details;
 - How much delaying sales staffing prior to meeting sale thresholds affects expenses;
 - How much savings are expected from the delay of the RDC;
 - Consider more formal presentation of the results of your product categories on a quarterly basis;
 - Provide more quantified detail concerning regional results, both positive and negative;
 - Provide more quantified detail concerning the impact of the weather.

Please advise us of your intentions in this matter.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require. In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in their filings;
