Notes to the Financial Statements

December 31, 2018

(1) Description of Business

Horace Mann Investors, Inc. (Investors or the Company) is registered as a broker-dealer under the Securities Exchange Act of 1934 and files financial statements pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. Investors is a wholly owned subsidiary of Horace Mann Educators Corporation (Parent) and is a member of Financial Industry Regulatory Authority, Inc. (FINRA) and Securities Investors Protection Corporation (SIPC).

Investors is registered with FINRA as a broker-dealer, for the sale of variable life insurance, variable annuities, mutual funds, 529 plans, and individual equity securities on a non-solicited basis. In addition, Investors' acts as a Registered Investment Advisor, through its registration with the Securities and Exchange Commission (SEC), offering investment advisory and financial planning services. The Company has a required net capital of \$250,000 to support these activities. Investors operates under SEC Rule 15c3-3(k)(2)(i) and SEC Rule 15c3-3(k)(2)(ii) exemptions, clearing all transactions on a fully disclosed basis. Investors does not carry customer accounts, hold customer funds or safekeep customer securities.

Investors serves as a distributor of affiliate Horace Mann Life Insurance Company's (HMLIC) variable annuity contracts through registered representatives. HMLIC introduced a new annuity series in 2017 which pays fees based upon a level percentage of account value in lieu of paying commissions up front on each deposit. Beginning in 2018, two legacy annuity products were reintroduced which pay upfront commissions. Since Investors receives the majority of commission revenue from the distribution of HMLIC's contracts, it is dependent on the ongoing operations of HMLIC.

Investors is the introducing broker-dealer for Horace Mann Retirement Advantage mutual fund open architecture platform for 403(b)(7) and other defined contribution accounts.

Investors serves as distributor of Ameritas Variable Life Insurance Company's variable universal life contracts as well as 529 plans through several state sponsored programs. Investors is also the introducing broker-dealer for mutual fund brokerage, with accounts carried by Raymond James Clearing. Investors' investment advisory activity involves offering fee-based mutual fund and exchange-traded fund portfolios through its relationships with Raymond James & Associates, Inc., Envestnet, Inc., and AssetMark Investment Services, Inc.

The Company's business involves various risks and uncertainties which are based on general business environments. Conditions in the U.S. and international financial markets affect the sale and profitability of securities products. In general, sales of variable annuities decrease when financial markets are declining or experiencing a higher than normal level of volatility over an extended period of time. Therefore, a weak or volatile financial market performance may adversely affect sales of variable annuity products to potential customers and may reduce the market value of existing customers' investments in variable annuity products, in turn reducing the commissions and distribution fees that Investors receives.

(2) Significant Accounting Policies

(a) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and revenue and expenses during the period. Actual results could differ from those estimates.

(b) Revenue Recognition

Investors recognizes revenue from contracts with customers for the sale or servicing of variable annuities, variable life products, mutual funds and managed accounts as follows:

HORACE MANN INVESTORS, INC.

Notes to the Financial Statements

December 31, 2018

- (a) **Commission Revenues** - Investors receives commission revenue from HMLIC and authorized third-party vendors on the sale of certain variable annuities, variable life products and mutual funds.

- Annuity commission revenues and related expenses are recognized when the signed annuity application and premium is submitted to HMLIC.
- Insurance commission revenues and related expenses are recognized when the premium is remitted to the insurance carrier and the policy requirements are met.
- Mutual fund commission revenues and related expenses are recorded on the trade date. The Company believes that the performance obligation is satisfied on the trade date because that is when underlying financial instrument is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to the customer.
- Trailing commissions from mutual funds and variable annuities are recorded over the period earned.

Investors acts in an agent capacity and therefore commission revenues are recorded net of the commission expenses paid to registered representatives.

- (b) **Asset-Based Fees** - Investors receives asset-based fees on the servicing of managed accounts and certain variable annuities. Investors receives these asset-based fees on a quarterly basis, in advance, including pro-rated quarterly fees on a monthly basis for new accounts. Investors recognizes the asset-based fees during the period in which the revenue is earned. Investors acts in an agent capacity and therefore fees are recorded net of the asset-based fee expenses paid to registered representatives.

- (c) **Distribution Fees** - Investors receives monthly distribution payments of 12b-1 fees. These distribution payments are calculated monthly based on the net asset value of the funds. Investors believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. The ultimate amount of these fees is dependent upon the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence. Investors does not believe it can overcome these constraints until the market value of the fund and the investor activity are known, usually monthly or quarterly. Distribution fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods. Investors acts in an agent capacity and therefore distribution fees are recorded net of distribution fee expenses paid to registered representatives.

- (d) **Administrative Service Fees** - Investors receives monthly administrative service fees to cover expenses incurred to satisfy its performance obligations under the distribution agreements with HMLIC and fees are recognized ratably as revenue each month as services are provided.

The following table presents the opening and closing balances of receivables, contract assets and contract liabilities from contracts with customers:

As of	Commission Income /Distribution Fee Receivable	Contract Assets	Contract Liabilities

December 31, 2018	141,981	-	-
Change Increase (Decrease)	\$ (25,929)	\$ -	\$ -

In general, satisfaction of performance obligations occur on a monthly basis and payment is received in the subsequent month. The recognition and measurement of revenue is based on assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are established at a point in time or over time; whether constraints on variable consideration should be applied due to uncertain future events; and in assessing principal versus agent status.

(c) Cash and Cash Equivalents

Cash and cash equivalents are comprised of cash and money market demand accounts.

(d) Comprehensive Income

The Company currently has no differences between comprehensive income as defined by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 220, *Comprehensive Income*, and its net income as presented in the Statement of Operations.

HORACE MANN INVESTORS, INC.

Notes to the Financial Statements

December 31, 2018

(e) *Income Taxes*

Investors is included in the Parent's consolidated federal income tax return. In accordance with the tax-sharing agreement, its income tax expense or benefit is generally computed as if Investors was filing a separate federal income tax return. For state income tax purposes, Investors is included in unitary filings with other Horace Mann entities and may receive a tax expense or benefit as the unitary group's income or losses are apportioned amongst the entities. Federal and State income tax balances receivable or payable are due from or to the Parent.

Deferred tax assets and liabilities are recognized for all future tax consequences attributable to "temporary differences" between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date.

The Company evaluates deferred tax assets periodically to determine if they are realizable. Factors in the determination include the performance of the business including the ability to generate capital gains from a variety of sources and tax planning strategies. If, based on available information, it is more likely than not that deferred income tax assets will not be realized, then a valuation allowance must be established with a corresponding charge to net income. Charges to establish a valuation allowance could have an adverse effect on the Company's results of operations and financial position.

The Company records liabilities for uncertain tax filing positions in accordance with FASB ASC Topic 740, *Income Taxes*, where it is more-likely-than-not that the position will not be sustainable upon audit by taxing authorities. These liabilities are reevaluated routinely and are adjusted appropriately based upon changes in facts or law. The Company has no unrecorded liabilities from uncertain tax filing positions.

The Company's effective tax rate would be affected to the extent there were unrecognized tax benefits that could be recognized. There are no positions for which it is reasonably possible that the total amount of unrecognized tax benefit will significantly increase within the next 12 months.

(f) *Fair Value Measurements*

The Company, in accordance with FASB ASC Topic 820, *Fair Value Measurement*, has an established framework for measuring fair value that includes a hierarchy used to classify the inputs used in measuring fair value.

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels. When the inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement in its entirety.

The carrying amount of the assets approximates fair value. The fair value of the financial assets (which consist of cash and cash equivalents) carried at fair value were measured using quoted market prices in active markets (Level 1 inputs).

HORACE MANN INVESTORS, INC.

Notes to the Financial Statements

December 31, 2018

(g) *Adopted Accounting Standards*

In May 2014, the FASB issued accounting guidance, with an effective date that was deferred to January 1, 2018, to provide a single comprehensive model in accounting for revenue arising from contracts with customers. The Company adopted the guidance on January 1, 2018, using the modified retrospective transition method. As a result of our implementation, we changed our presentation of revenues related to commissions, asset-based fees and distribution fees from a gross presentation to a net presentation. Investors acts in an agent capacity and utilizes a net presentation. The adoption did not have a material impact on Net Income on the Statements of Operations or Stockholder's Equity or on the Statement of Financial Condition.

(3) *Transactions with Related Parties*

Investors has common management and shares office facilities with the Parent and other subsidiaries of the Parent, and is a party to several intercompany service agreements. Under these agreements, Investors paid \$2,000,267 for the management, administrative and data processing services, and utilization of personnel in 2018. Of this total, \$1,079,048 is included in salaries and other payroll expenses, \$495,229 is located in regulatory fees and expenses and \$425,990 in other expenses on the Statement of Operations. Intercompany balances are settled monthly. Investors receives service fees for certain administrative services performed for the Parent and other affiliated companies. The terms of the service contracts are determined by management and may be modified annually.

Investors pays commissions to its registered representatives via Horace Mann Service Corporation (HMSC), an employer service affiliate of HMLIC and Investors. In 2018, commissions of \$5,681,324 were paid by Investors to registered reps via HMSC.

In 2018, Investors recognized \$4,244,743 of commission revenue as well as \$622,533 of trail commission revenue for the sale and servicing of HMLIC variable annuity contracts. Investors also earned \$225,000 in administrative services fees from HMLIC.

(4) *Income Taxes*

Current tax receivable	78,404
Deferred tax liability	(1,862)
Deferred state tax asset	60,908
Net income tax asset	<u>\$ 73,696</u>

HORACE MANN INVESTORS, INC.

Notes to the Financial Statements

December 31, 2018

Based on the Company's historical earnings, future expectations of adjusted taxable income, as well as reversing gross deferred tax liabilities, the Company believes it is more likely than not that gross deferred tax assets will be fully realized and that a valuation allowance with respect to the realization of the total gross deferred tax assets is not necessary.

At December 31, 2018, the Company had available the following carryforwards:

	<u>Pretax Amount</u>	<u>Expiration Years</u>
State net operating loss carryforward	\$ 506,076	2025-2030

The components of the income tax expense for 2018 were as follows:

Current	\$ 35,402
Deferred	<u>(30,096)</u>
Total income tax expense	<u>\$ 5,306</u>

Income tax expense differed from the expected tax computed by applying the federal corporate rate of 21% to income before income tax expense as follows:

Expected federal tax on income	\$ 75,229
Add tax effects of:	
Allocated non-deductible expenses	1,908
Provision to return adjustment	(933)
State net operating loss carryforward (net)	(37,981)
State tax expense (net)	<u>(32,917)</u>
Total income tax expense	<u>\$ 5,306</u>

The Company's federal income tax returns for years prior to 2014 are no longer subject to examination by the Internal Revenue Service (IRS).

The Company classifies all interest and penalties as income tax expense. As of December 31, 2018, the Company has recorded \$0 in liabilities for tax related interest and penalties on its Statement of Financial Condition.

(5) Employee Pension and Postretirement Benefits

All of Investors personnel are employees of HMSC. Salaries, pension and related benefits are allocated by HMSC to Investors for these services. Employees participate, to the extent they meet the minimum eligibility requirements, in various benefit plans sponsored by the Parent. The Parent sponsors two qualified and two non-qualified retirement plans. Expense allocated by HMSC to Investors in 2018 for the qualified and non-qualified plans total \$51,335 and \$6,195, respectively, and is located in salaries and other payroll expenses in the Statement of Operations.

Substantially all employees participate in a 401(k) plan. The Parent matches each dollar of employee contributions in the 401(k) plan up to a 5% maximum – in addition to providing an automatic 3% “safe harbor” contribution. The Company contribution vests after 5 years of service.

HORACE MANN INVESTORS, INC.

Notes to the Financial Statements

December 31, 2018

Employees, who were hired prior to 1998, have a vested accrued benefit in a frozen qualified defined benefit plan. Participants' ceased accruing benefits for earnings and years of service in the frozen qualified defined benefit plan in 2002. The Parent's policy for the frozen defined benefit plan is to contribute to the plan amounts which are actuarially determined to provide sufficient funding to meet future benefit payments as defined by federal laws and regulations. All assets for the qualified plans are held in their respective plan trusts.

Certain employees participate in a non-qualified defined contribution plan while certain retirees are receiving benefits under the frozen non-qualified defined benefit plan. The non-qualified plans were established for specific employees whose otherwise eligible earnings exceeded the statutory limits under the qualified plans. Benefit accruals under the non-qualified defined benefit plan were frozen in 2002 and all participants are currently in payment status. Both the non-qualified frozen defined benefit plan and the non-qualified contribution plan are unfunded plans with contributions made at the time payments are made to participants.

(6) Net Capital Requirement

Investors, as a broker-dealer, is subject to the SEC's net capital requirements. Those requirements prohibit a broker-dealer from engaging in any securities transaction at a time when (a) its "aggregate indebtedness" exceeds 15 times its "net capital," as those terms are defined in Rule 15c3-1; or (b) its net capital is less than the minimum required. At December 31, 2018 Investors' net capital and required net capital were \$1,533,920 and \$250,000, respectively, and its ratio of aggregate indebtedness to net capital was .22 to 1.

(7) Contingent Liabilities

In the ordinary course of business, the Company is subject to litigation, arbitration and regulatory matters. The Company, after consultation with outside legal counsel, believes that the amount for which it could be liable, if any, will not have a material adverse effect on the Statement of Financial Condition or Statement of Operations.

(8) Subsequent Events

The Company evaluated its December 31, 2018 financial statements for subsequent events through February 27, 2019, the date that the financial statements were issued. The Company is not aware of any subsequent events which would require recognition or disclosure in the financial statements, other than the below:

Report of Independent Registered Public Accounting Firm

The Board of Directors
Horace Mann Investors, Inc.:

We have reviewed management's statements, included in the accompanying Horace Mann Investors, Inc. Exemption Report (the Exemption Report), in which (1) Horace Mann Investors, Inc. (the Company) identified the following provisions of 17 C.F.R. § 15c3-3 (k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3 (k) (2)(i) and (2)(ii) (the exemption provisions); and (2) the Company stated that it met the identified exemption provisions throughout the year ended December 31, 2018 without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k) (2)(i) and (2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Pursuant to SEC Rule 17a-5(e)(4)**

The Board of Directors
Horace Mann Investors, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934 and with the Securities Investor Protection Corporation (SIPC) Series 600 Rules, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) for the year ended December 31, 2018, which were agreed to by Horace Mann Investors, Inc. (the Company) and SIPC, solely to assist you and SIPC in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, and noted no differences;
2. Compared the Total Revenue amount reported on the Annual Audited Form X-17A-5 Part III for the year ended December 31, 2018, with the Total Revenue amount reported in Form SIPC-7 for the year ended December 31, 2018, and noted no difference;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, and noted no differences;
4. Recalculated the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related supporting schedules and working papers supporting the adjustments, and noted no differences.

We were not engaged to, and did not, conduct an examination or a review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.
