2. We note that your statement that “the Chief Executive Officer and Chief Financial Officer concluded that the Company’s disclosure controls and procedures are effective in timely alerting them to material information relating to the Company (including its consolidated subsidiaries) required to be included in the Company’s periodic reports. However, as disclosed, your evaluation does not fully conform to the definition of disclosure controls and procedures set forth in Rules 13a-15(e) and 15d-15(e) of the Exchange Act. In this regard, please confirm to us, if true, that your disclosure controls and procedures were “effective” to ensure that information required to be disclosed in the reports that you file or submit under the Act is recorded, processed, summarized and reported, within the time periods specified in the Commission’s rules and forms and is accumulated and communicated to your management, including your principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Alternatively, please confirm to us, if true, that your disclosure controls and procedures were “effective” without defining them. Please comply with this comment in future Exchange Act filings.

Notes to the Consolidated Financial Statements, page 32

Note 17 - Commitments and Contingencies, page 48

3. We note that you have received estimates of costs associated with the remediation of two of your facilities from certain environmental experts. Please revise your disclosure in future filings to identify the third party experts. Further, it appears that these experts were acting as “experts” as defined under Rule 436 of Regulation C. Please advise us as to whether you are required to provide the consents of these experts in accordance with Rule 436 of Regulation C. For example, you would be required to do so if you were incorporating this information into a Securities Act filing.
