EXPLANATORY NOTE

This amendment on Form 10-K/A constitutes Amendment No. 1 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2004, which was originally filed with the SEC on March 29, 2005. We are filing this Form 10-K/A to amend the audit report for Great Lakes Transmission Limited Partnership set forth in Item 15 of that report to refer to the standards of the Public Company Accounting Oversight Board.

This amendment only changes the audit report contained in Item 15 of the Annual Report as specified above. It does not affect the original consolidated financial statements and related footnotes of either ANR Pipeline Company or Great Lakes Transmission Limited Partnership as filed in the Annual Report and does not reflect events occurring after the original filing date of March 29, 2005.

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

(a) The following documents are filed as part of this report:

1. Financial statements.

The following consolidated financial statements are included in Part II, Item 8 of this report:

2. Financial statement schedules.

Schedule II — Valuation and Qualifying Accounts	36
-------------------------------------------------------	----

All other schedules are omitted because they are not applicable, or the required information is disclosed in the financial statements or accompanying notes.

3. Exhibits list	47
------------------------	----

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Partners and Management Committee
Great Lakes Gas Transmission Limited Partnership:

We have audited the accompanying consolidated balance sheets of Great Lakes Gas Transmission Limited Partnership and subsidiary (Partnership) as of December 31, 2004 and 2003, and the related consolidated statements of income and partners' capital, and cash flows for each of the years in the three year period ended December 31, 2004. These consolidated financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Great Lakes Gas Transmission Limited Partnership and subsidiary as of December 31, 2004 and 2003, and the results of their operations and their cash flows for each of the years in the three year period ended December 31, 2004 in conformity with U.S. generally accepted accounting principles.

GREAT LAKES GAS TRANSMISSION LIMITED PARTNERSHIP

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1 Organization and Management

Great Lakes Gas Transmission Limited Partnership (Partnership) is a Delaware limited partnership that owns and operates an interstate natural gas pipeline system. The Partnership transports natural gas for delivery to customers in the midwestern and northeastern United States and eastern Canada. Partnership ownership percentages are recalculated each year to reflect distributions and contributions.

The partners, their parent companies, and partnership ownership percentages are as follows:

<u>Partner (Parent Company)</u>	<u>Ownership %</u>	
	<u>2004</u>	<u>2003</u>
General Partners:		
El Paso Great Lakes, Inc. (El Paso Corporation)	46.61	46.33
TransCanada GL, Inc. (TransCanada PipeLines Ltd.)	46.61	46.33
Limited Partner:		
Great Lakes Gas Transmission Company (TransCanada PipeLines Ltd. and El Paso Corporation)	6.78	7.34

The day-to-day operation of Partnership activities is the responsibility of Great Lakes Gas Transmission Company (Company), which is reimbursed for its employee salaries, benefits and other expenses, pursuant to the Partnership's Operating Agreement with the Company.

2 Summary of Significant Accounting Policies

Principles of Consolidation and Basis of Presentation

The consolidated financial statements include the accounts of the Partnership and GLGT Aviation Company, a wholly owned subsidiary. GLGT Aviation Company owns a transport aircraft used principally for pipeline operations. Intercompany amounts have been eliminated.

For purposes of reporting cash flows, the Partnership considers all liquid investments with original maturities of three months or less to be cash equivalents.

The Partnership recognizes revenues from natural gas transportation in the period the service is provided.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the amounts reported as assets, liabilities, revenues and expenses and the disclosures in these financial statements. Actual results can, and often do, differ from those estimates.

Regulation

The Partnership is subject to the rules, regulations and accounting procedures of the Federal Energy Regulatory Commission (FERC). The Partnership's accounting policies follow regulatory accounting principles prescribed under Statement of Financial Accounting Standards (SFAS) No. 71, *Accounting for the Effects of Certain Types of Regulation*. Regulatory assets and liabilities have been established and represent probable future revenue or expense which will be recovered from or refunded to customers.

Accounts Receivable

Accounts receivable are reported net of an allowance for doubtful accounts of \$1,200,000 and \$2,304,000 for 2004 and 2003, respectively. Accounts receivable are recorded at the invoiced amount. Late fees are recognized as income when earned. The Partnership establishes an allowance for losses on accounts receivable if it is determined that all or a portion of the outstanding balance will not be collected. The Partnership also

considers historical industry data and customer credit trends. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote.

Gas Utility Plant and Depreciation

Gas utility plant is stated at cost and includes certain administrative and general expenses, plus an allowance for funds used during construction. The cost of plant retired is charged to accumulated depreciation. Depreciation of gas utility plant is computed using the straight-line method. The Partnership's principal operating assets are depreciated at an annual rate of 2.75%.

The allowance for funds used during construction represents the debt and equity costs of capital funds applicable to utility plant under construction, calculated in accordance with a uniform formula prescribed by the FERC. The rates used were 10.49%, 10.41% and 10.36% for years 2004, 2003, and 2002, respectively.

Asset Retirement Obligations

Effective January 1, 2003, the Partnership adopted SFAS No. 143 "Accounting for Asset Retirement Obligations" (Statement 143). Statement 143 requires recognition of the fair value of legal obligations associated with the retirement of tangible long-lived assets that result from the acquisition, construction, development, and/or normal operation of a long-lived asset. The Partnership has asset retirement obligations if it were to permanently retire all or part of the pipeline system; however, the fair value of the obligations cannot be determined because the end of the system life is indeterminable.

Income Taxes

The Partnership's tariff includes an allowance for income taxes, which the FERC requires the Partnership to record as if it were a corporation. The provisions for current and deferred income tax expense are recorded without regard to whether each partner can utilize its share of the Partnership's tax deductions. Income taxes are deducted in the Consolidated Statements of Income and the current portion of income taxes is returned to partners' capital. Recorded current income taxes are distributed to partners based on their ownership percentages.

Amounts equivalent to deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of assets and liabilities and their respective tax bases at currently enacted income tax rates.

3 Affiliated Company Transactions

Affiliated company amounts included in the Partnership's consolidated financial statements, not otherwise disclosed, are as follows:

	(In Thousands)		
	2004	2003	2002
Accounts receivable	\$ 12,827	16,062	15,989
Accounts payable	1,845	1,135	622
Transportation revenues:			
TransCanada PipeLines Ltd. and affiliates.....	164,810	166,578	163,442
El Paso Corporation and affiliates.....	20,581	23,877	24,875

Affiliated transportation revenues are primarily provided under fixed priced contracts with remaining terms ranging from 1 to 8 years.

The Partnership reimburses the Company for salaries, benefits and other incurred expenses. Benefits include pension, savings plan, and other post-retirement benefits. Operating expenses charged by the Company in 2004, 2003 and 2002 were \$17,388,000, \$25,758,000 and \$17,888,000, respectively.

The Company makes contributions for eligible employees of the Company to a voluntary defined contribution plan sponsored by one of the parent companies. The Company's contributions, which are based on matching employee contributions, amounted to \$475,000, \$396,000, and \$770,000 in 2004, 2003 and 2002, respectively.

The Company participates in the El Paso Corporation cash balance pension plan and post-retirement plan. The Company accounts for pension and post-retirement benefits on an accrual basis. The net expense (income) for each of the plans are as follows:

	(In Thousands)		
	2004	2003	2002
Pension	\$(743,000)	(2,600,000)	(5,400,000)
Post-Retirement	202,000	204,000	236,000

4 Debt

	(In Thousands)	
	2004	2003
Senior Notes, unsecured, interest due semiannually, principal due as follows:		
8.74% series, due 2003 to 2011	\$ 70,000	80,000
9.09% series, due 2012 to 2021	100,000	100,000
6.73% series, due 2009 to 2018	90,000	90,000
6.95% series, due 2019 to 2028	110,000	110,000
8.08% series, due 2021 to 2030	100,000	100,000
	470,000	480,000
Less current maturities	10,000	10,000
Total long term debt less current maturities	<u>\$460,000</u>	<u>470,000</u>

The aggregate estimated fair value of long term debt was \$559,800,000 and \$571,400,000 for 2004 and 2003, respectively. The fair value is determined using discounted cash flows based on the Partnership's estimated current interest rates for similar debt.

The aggregate annual required repayments of Senior Notes is \$10,000,000 for each year 2005 through 2008 and \$19,000,000 in 2009.

Under the most restrictive covenants in the Senior Note Agreements, approximately \$253,000,000 of partners' capital is restricted as to distributions as of December 31, 2004.

5 Income Taxes Payable by Partners

Income taxes payable by partners for the years ended December 31, 2004, 2003 and 2002 consists of:

	(In Thousands)		
	2004	2003	2002
Current			
Federal	\$30,187	23,201	26,612
State	1,349	1,037	1,189
	<u>31,536</u>	<u>24,238</u>	<u>27,801</u>
Deferred			
Federal	14,833	15,556	16,808
State	689	736	791
	<u>15,522</u>	<u>16,292</u>	<u>17,599</u>
	<u>\$47,058</u>	<u>40,530</u>	<u>45,400</u>

Income taxes payable by partners differs from the statutory rate of 35% due to the amortization of excess deferred taxes along with the effects of state and local taxes. The Partnership is required to amortize excess deferred taxes which had previously been accumulated at tax rates in excess of current statutory rates. Such amortization reduced income taxes payable by partners by \$575,000 for 2004 and \$900,000 for 2003 and 2002. The excess deferred taxes were fully amortized at December 31, 2004.

Amounts equivalent to deferred income taxes are principally comprised of temporary differences associated with excess tax depreciation on utility plant. As of December 31, 2004 and 2003, no valuation allowance is required. The deferred tax assets and deferred tax liabilities as of December 31, 2004 and 2003 are as follows:

	(In Thousands)	
	2004	2003
Deferred tax assets — other	\$ 4,889	5,168
Deferred tax liabilities — utility plant	(245,786)	(230,614)
Deferred tax liabilities — other	<u>(16,062)</u>	<u>(15,835)</u>
Net deferred tax liability	<u>\$ (256,959)</u>	<u>(241,281)</u>

6 Severance Costs

In 2003, the Partnership implemented a reorganization plan to reduce the work force, and recorded severance costs of approximately \$6 million. All amounts were substantially paid by December 31, 2003. Severance costs have been included in Operation and Maintenance expense.

7 Use Tax Refunds

In the first quarter of 2002, Great Lakes received a favorable decision from the Minnesota Supreme Court on use tax litigation and has collected refunds and related interest on litigated claims and pending claims for 1994 to 2001. The total amount received was \$13.7 million. The refunds are reflected in Property and Other Taxes (\$10.9 million) and the interest included in Other, Net (\$2.8 million).
