Dear Mr. Bylsma:

We have reviewed your filings and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter within ten business days by providing the requested information or by advising us when you will provide the requested response. If you do not believe our comments apply to your facts and circumstances, please tell us why in your response.

After reviewing the information you provide in response to these comments, we may have additional comments.

Form 10-K for the Year ended May 28, 2011

General

1. Where a comment below requests additional disclosures or other revisions to be made, please show us in your supplemental response what the revisions will look like. These revisions should be included in your future filings, including your interim filings, if applicable.

Management's Discussion and Analysis

Financial Results, page 19

2. In both your discussions of consolidated and segment results, please quantify the impact of each factor when multiple factors contribute to material fluctuations. In your discussions of consolidated and segment net sales, please also provide a more comprehensive discussion of the factors that impacted your net sales. For example, in your discussion of consolidated net sales for the fiscal year ended May 28, 2011 compared to the fiscal year ended May 29, 2010, you state that the 25.1% increase was driven by a more robust global economic environment and was experienced across nearly all operating and geographic units. Please discuss and quantify the extent to which fluctuations in your net sales are attributable to changes in prices, changes in the volume of products sold, acquisitions, and the introduction of new products. Refer to Items 303(a)(3)(iii) of Regulation S-K and Financial Reporting Codification 501.04.

Liquidity and Capital Resources, page 25

3. Please enhance your liquidity disclosure to address the following:
 - Disclose the amount of foreign cash and short-term investments you have as compared to your total amount of cash and short-term investments as of the latest balance sheet date; and
 - Discuss the fact that if the foreign cash and short-term investments are needed for your operations in the U.S., you would be required to accrue and pay U.S. taxes to repatriate these funds but your intent is to permanently reinvest these foreign amounts outside the U.S. and your current plans do not demonstrate a need to repatriate the foreign amounts to fund your U.S. operations, if true.Refer to Item 303(a)(1) of Regulation S-K, SEC Release 33-8350 Section IV and Financial Reporting Codification 501.06.a.

Notes to the Financial Statements

Note 13. Income Taxes, page 65

4. During fiscal 2011, you repatriated \$18.8 million of undistributed foreign earnings. As of May 28, 2011, you did not provide for U.S. income taxes on undistributed earnings of foreign subsidiaries totaling approximately \$53.7 million as these earnings have been deemed to be permanently reinvested. Please address the following:
 - Please tell us whether the \$53.7 million represents the total amount of undistributed earnings of foreign subsidiaries or only the portion for which you have not provided for U.S. income taxes;

- Please tell us whether you had previously considered the \$18.8 million of undistributed foreign earnings to be permanently reinvested. If so, please tell us at what point you determined that they would not be;
- Please tell us the country from which these earnings were repatriated as well as the facts and circumstances that led you to repatriate these earnings; and
- Please tell us how you concluded that the remaining \$53.7 million should be considered permanently reinvested in light of your repatriation of the \$18.8 million.

Please refer to paragraph ASC 740-30-25-17.

Note 18. Operating Segments, page 73

5. Please help us better understand what your operating segments and reporting units are. You aggregate operating segments into two primary reportable segments, North American Furniture Solutions and non-North American Furniture Solutions. Please tell us whether you aggregate multiple operating segments into your North American Furniture Solutions. If so, please revise your disclosures throughout the filing to refer to the North American Furniture Solutions reportable segment rather than operating segment. On page 41, you indicate that you have two reporting units within this segment. Please tell us whether these are operating segments within the North American Furniture Solutions reportable segment. Please refer to ASC 280-10-50-1 through 9 and ASC 350-20-35.
