PROPOSAL 1 Election of Directors

The Board of Directors recommends that shareholders vote **FOR** the election of Steven E. Nielsen, Jennifer M. Fritzsche, Carmen M. Sabater and Luis Avila-Marco as directors.

The Articles of Incorporation of the Company provide that the Board of Directors (the "Board") shall be divided into three classes, with each class serving a staggered three-year term and with each class having as equal a number of directors as possible.

Our Board currently consists of nine members. Four director nominees have been nominated for election at the Annual Meeting. The nominees are Steven E. Nielsen, Jennifer M. Fritzsche, Carmen M. Each nominee has consented to serve if elected to the Board. If any director nominee becomes unable to accept their nomination or election, which is not anticipated, the persons named as proxies will vote for the election of such other person as the Board may recommend. Proxies cannot be voted for a greater number of persons than the number of nominees named above.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE INFORMATION

BOARD LEADERSHIP STRUCTURE

Chairman of the Board and Chief Executive Officer

Steven E. Nielsen serves as our Chairman of the Board and our Chief Executive Officer. The Board, in its determination of its leadership structure, is seeking to ensure the Board has strong independent leadership balanced by the need for the Board to have accountability and extensive knowledge of the Company's business operations, strategy, industry knowledge and experience and risk profile. The Board believes that the Company is best served by having one person serve as both Chairman of the Board and Chief Executive Officer because this structure provides cohesive leadership and clear accountability and direction. In his capacity as Chief Executive Officer, Mr. Nielsen possesses an intimate knowledge of the industry and the daily operations of the Company and its relationships with customers and employees, which enables him to provide the Board with leadership in setting its agenda and focusing its discussions on critical matters facing the Company. As the individual with primary responsibility for managing the Company's day-to-day operations, Mr. Nielsen is also best positioned to chair regular meetings of the Board and ensure that key business issues are brought to the attention of the Board. The combined role as Chairman and Chief Executive Officer also ensures that the Company presents its message and strategy to shareholders, employees, customers and other stakeholders with a unified, single voice. The Board believes that when it has a combined leadership structure, it is important to have a defined board leadership role for an independent director, which is discussed below.

Lead Independent Director

The Company's Corporate Governance Guidelines require that, where the Chairman of the Board is not an independent director, the independent members of the Board will select an independent director to serve as the Lead Independent Director. The independent directors have appointed Richard K. Sykes as the lead independent director. Mr. Sykes also chairs the Corporate Governance Committee and is a member of the Executive Committee and the Compensation Committee. As lead independent director, Mr. Sykes performs a variety of tasks, including:

- Chairing executive sessions of the non-management directors;
- Acting as a liaison and consulting with the Chairman and committee chairs regarding agendas for meetings, setting meeting schedules and calling meetings of the independent directors;
- Representing the Board or coordinating with the Chairman in communications with shareholders;
- Coordinating with the Chairman on the Board's consideration of any risk matters;
- Coordinating with the Compensation Committee and Corporate Governance Committee in connection with periodic evaluations of the Board and committees and on the design and structure of the Board and its committees; and
- Ensuring that information needs relating to meetings of the Board and its committees are met.

Board Independence

Board independence and oversight of the senior management of the Company are enabled by the presence of independent directors who have substantive knowledge of the Company's business. This structure provides our Board with the ability to provide oversight of the critical functions of the Company, such as the integrity of the Company's financial statements, the evaluation and compensation of executive management and the nomination of directors. In accordance with the Company's Corporate Governance Guidelines, independent directors meet without management present as needed at regularly scheduled executive sessions.

In accordance with the Company's Corporate Governance Guidelines, the Board monitors the independence of its members using standards set forth in the guidelines, which reflect the independence requirements set forth in the New York Stock Exchange ("NYSE") Corporate Governance listing standards, SEC Rules and the Company's Corporate Governance Guidelines. Under these standards, the Board of Directors has determined that each of the eight of the nine members of the Board are independent and that such group constitutes a majority of the Board. Mr. Nielsen, who serves as our President and Chief Executive Officer, is the only non-independent director.

COMMITTEES OF THE BOARD

The Board has the authority to appoint committees to perform certain functions and currently has (i) an Audit Committee, (ii) a Compensation Committee, (iii) a Corporate Governance Committee, (iv) an Executive Committee and (v) a Finance Committee. Each member of the Audit Committee, the Compensation Committee, the Corporate Governance Committee and the Finance Committee is independent within the meaning of the NYSE Corporate Governance Listing Standards and the Company's Corporate Governance Guidelines. The Corporate Governance Committee also annually reviews the committee assignments and will periodically rotate committee members subject to the needs and expertise of the Board. The Board has also established written charters for each of its Audit Committee, Compensation Committee, Corporate Governance Committee and Finance Committee, which, together with the Company's Corporate Governance Guidelines, are available on the Company's website at www.dycomind.com. Copies of each may also be obtained, without charge, upon written request to the Secretary of the Company at 11780 U.S. Highway 1, Suite 600, Palm Beach Gardens, Florida 33408.

- reviewing information technology and cybersecurity matters, including strategies, risks and cybersecurity threats, identification and mitigation plans and data privacy protection;
- resolving disagreements between management and the Company's independent auditors regarding financial reporting;

The Board has determined that the Chair of the Audit Committee, Peter T. Pruitt, qualifies as an "audit committee financial expert" within the meaning of applicable regulations of the Securities and Exchange Commission ("SEC"), promulgated pursuant to the Sarbanes-Oxley Act of 2002, and has "accounting or related financial management expertise" within the meaning of the NYSE listing standards.

SELECTION OF DIRECTORS

Director Candidates

The Corporate Governance Committee is responsible for reviewing and recommending to the Board the director nominees for election by shareholders of the Company, including those nominees that are recommended by shareholders in accordance with the procedures set forth in the Company's Amended and Restated By-laws and applicable law.

Identifying Director Candidates

The Corporate Governance Committee identifies and evaluates director candidates, which includes requesting from directors and others, recommendations for director candidates, engaging third-party search firms, meeting from time to time to evaluate information and background materials relating to potential candidates, and the interviewing of selected candidates by members of the Corporate Governance Committee and the Board. Before nominating a sitting director for reelection, the Corporate Governance Committee will also consider the director's performance on, participation in and contributions to the activities of the Board.

The Corporate Governance Committee is open to considering director nominee candidates from many sources, including shareholders. If a shareholder wishes to recommend a nominee for director, written notice should be sent to the Secretary of the Company in accordance with the instructions set forth under "General Information—Additional Information—Submission of Proposals for Inclusion in 2025 Proxy Materials" on page 75 of this Proxy Statement. The Corporate Governance Committee will evaluate shareholder recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Skills, Diversity and Qualifications

The Board and the Corporate Governance Committee believe that the Board's membership should reflect the diversity of experience, background, skills, personal characteristics, geography, race and ethnicity, and gender required to represent the Company's constituents and to meet its corporate governance, oversight and advisory functions. While the Company has not adopted a formal diversity policy, it believes that a board made up of qualified directors from diverse backgrounds will contribute a variety of perspectives, opinions and experiences to board discussions and decisions and will result in creating balanced and thoughtful corporate strategies. The Board and Corporate Governance Committee also ensure that the Board has the expertise required to fulfill all of its legal and regulatory requirements, including the requirements for each of its committees. Accordingly, in considering whether to recommend any particular candidate for inclusion in the slate of recommended director nominees, the Corporate Governance Committee will consider numerous attributes, including those described above, as well as the candidate's integrity, business acumen, knowledge of the Company's business and industry and experience that will complement the current members of the Board of Directors.

Conflicts of Interest

The Corporate Governance Committee assesses whether there is any conflict of interest with respect to the Company and the director nominee. This is accomplished through various means, including the performance of background checks and the completion of questionnaires by director candidates.

A Balanced Approach

The Corporate Governance Committee does not assign specific weights to particular criteria, and no particular criterion is a prerequisite for a prospective nominee. The Corporate Governance Committee believes that the backgrounds and qualifications of our directors, considered as a group, should provide a diverse mix of background, experience, perspectives, personal characteristics, knowledge and abilities that will allow the Board to fulfill its responsibilities and operate effectively.

BOARD ROLE IN RISK OVERSIGHT

The **Board** takes an active role in overseeing enterprise-level risks both as the full Board, and through its committees. The committees of the Board are primarily responsible for the oversight of risk as follows:

the **Audit Committee** has oversight over the financial reporting, accounting and internal control risks. The Audit Committee also has oversight over cybersecurity and information security risk and reviews any potential conflicts of interest, including any proposed related party transactions.

the **Compensation Committee** oversees the Company's executive compensation arrangements, including the identification and management of risks that may arise from the Company's compensation policies and practices.

the **Finance Committee** has oversight over the Company's financial exposure, including liquidity, credit and interest rate risks, and acquisition and disposition plans above a certain threshold.

the **Corporate Governance Committee** has oversight over the establishment of practices and procedures that promote good governance, a culture of ethics and compliance and mitigate governance risk. The Corporate Governance Committee is also responsible for reviewing the performance of the Board, our Chairman and Chief Executive Officer and individual directors. The Corporate Governance Committee ensures that each committee of the Board engages in an annual performance self-evaluation based upon criteria and processes established by the Corporate Governance Committee and focuses on succession planning for the Board and the executive officers of the Company.

The Board has determined that the full Board is the most effective body for the general oversight of enterprise level risks and this oversight is enhanced by its current leadership structure as our Chief Executive Officer, in his role of Chairman of the Board, is best able to understand, evaluate and raise critical business and other risks to the attention of the Board in a timely manner. The Board has delegated primary oversight of certain risk oversight matters to committees of the Board as described above, based on the subject matter expertise of each of the committees as set forth in each of their charters, which the Company believes further enhances the Board's overall oversight of strategic risk exposure. The Board receives regular reports from the committee chairs, and the Board and its committees receive, as appropriate, reports from the Company's internal auditor and other officers of the Company on a quarterly basis to ensure it is apprised of risks, how these risks may relate to one another and how management is addressing these risks. In addition, the Audit Committee has established procedures for the receipt, retention and review of complaints regarding accounting and auditing matters and related to concerns about internal controls over financial reporting. Such procedures include the receipt of reports at least quarterly from the Company's Management Disclosure Committee and the General Counsel and are intended to reduce risk by encouraging the reporting of any issues or concerns regarding questionable accounting matters and ensuring that such complaints are promptly and effectively addressed. The Board and its committee regularly engage and consult with outside advisors and experts, including outside counsel and the independent auditors, to assess certain risks and to better anticipate the impact of possible future risks.

The Company conducts an annual enterprise-wide assessment of short-term and long-term risks that also aligns with our annual disclosure controls processes and procedures. The risks considered as part of this assessment include those inherent in the Company's business, as well as the risks from external sources such as competitors, the economy and credit markets, regulatory and legislative developments, and cybersecurity and data protection risks. Each of the risks identified are ranked and weighted based upon its potential impact to the business and the likelihood of occurrence. A report of these risks is presented annually to the Board by our internal auditor and updates are provided as appropriate. The objectives of the risk assessment process include (i) determining whether there are risks that require additional or higher priority mitigation efforts; (ii) developing a defined list of key risks to be shared with the Audit Committee, the Board and senior management; (iii) contributing to the development of internal audit plans; (iv) facilitating the NYSE governance requirement that the Audit Committee discuss policies around risk assessment and risk management; and (v) facilitating discussion of the risk factors to be included in Item 1A of the Company's Annual Report on Form 10-K.

Cybersecurity Risk Management and Governance

Cybersecurity governance is a critical component of the Company's overall risk management framework and an area of focus for our Board and management. Our Board has delegated primary responsibility for overseeing risks from cybersecurity threats to the Audit Committee. The Audit Committee oversees information technology and cybersecurity, including strategies, risk identification and mitigation, and data privacy protection ("Information Security").

The Company's Chief Information Officer has been serving in this role for the company for 17 years and has over 30 years of experience in various information security and related technology roles. The Chief Information Officer oversees an internal information security team, which works in partnership with the Company's internal audit department to review information technology-related controls with our external auditors as part of the overall internal controls process. The Chief Information Officer, who is in regular communication with the information security team, reports regularly to the Chief Executive Officer regarding vulnerabilities, new and developing threats, and compliance matters and also reports to the Audit Committee. The Audit Committee receives reports from the Chief Information Officer on a periodic basis, and more frequently, as needed, regarding cybersecurity-related matters. Such reports include updates with respect to existing and new cybersecurity risks, cybersecurity risk management and mitigation, cybersecurity incidents, as applicable, and key information security initiatives and recent developments.

Our Company's cybersecurity and information security plan includes:

- Policies and security awareness training, including periodic employee phishing simulations;
- Identification and remediation of information security risks and vulnerabilities in our IT systems;
- Security operations training including logging, monitoring and response techniques and procedures;
- Conducting regular security assessments to identify vulnerabilities, test compliance, proactively address security risks and prioritize those risks based on their likelihood and potential impact;
- Engaging with our internal and external auditors and third-party cybersecurity consultants to assess our cybersecurity program and ensure adherence to applicable industry standards, practices and laws;
- Implementation of strong access controls, including multi-factor authentication, least privilege access, role-based access control and network segmentation; and
- Testing of incident response plans.

For more information on our cybersecurity and information security risk management and governance, see "Part I, Item 1C. Cybersecurity" in the Company's Annual Report in Form 10-K for fiscal 2024.

BOARD PRACTICES, POLICIES AND PROCESSES

Board Meetings and Attendance

The Board held ten meetings during fiscal 2024 and all directors attended at least 90% of the meetings of the Board and attended at least 80% of all the meetings of the committees on which they served during the period. Mr. Avila-Marco joined the Board on June 14, 2023 and has attended all meetings since joining the Board. Although the Company does not have a formal policy regarding attendance by the Board members at the Annual Meeting, it encourages and expects all of its directors to attend. All of the directors then serving on the Board attended the 2023 Annual Meeting.

Corporate Governance Guidelines, Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers

The Company is committed to the highest ethical standards, sound corporate governance practices and compliance with NYSE, SEC and other regulatory and legal requirements. It requires the highest possible honest and ethical conduct in all aspects of its business from all of its employees, including its directors, executive management and Senior Financial Officers. In furtherance of these goals, the Board has adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethics, and a Code of Ethics for Senior Financial Officers. These policies are intended to create a corporate environment that supports and encourages ethical and honest behavior, the avoidance of conflicts of interest, compliance with applicable laws and regulations and the prompt reporting of violations and concerns without fear of retaliation. The above-described codes of conduct and governance guidelines are available on the Company's website

at www.dycomind.com. Copies of each may also be obtained, without charge, upon written request to the Secretary of the Company at 11780 U.S. Highway 1, Suite 600, Palm Beach Gardens, Florida 33408. These documents are periodically reviewed in light of legal and corporate governance developments and may be modified as appropriate. Please note that the information contained in or connected to the Company's website is not intended to be part of this Proxy Statement.

The Company's Code of Ethics for Senior Financial Officers and its Code of Business Conduct and Ethics, each meet the definition of a code of ethics as defined in Item 406(b) of Regulation S-K of the Securities Act of 1933. The Code of Ethics for Senior Financial Officers applies to the Chief Executive Officer, Chief Financial Officer, Principal Accounting Officers, Controllers and other employees performing similar functions. The Code of Business Conduct and Ethics applies to all directors, officers, managers and employees of the Company. These codes reflect the Company's expectation that its directors, officers and other employees conduct themselves with the highest standard of business ethics. The Company discloses amendments to provisions of the Code of Ethics for Senior Financial Officers and the Code of Business Conduct and Ethics, or a waiver from the Code of Ethics for Senior Financial Officers and the Code of Business Conduct and Ethics for the Chief Executive Officer, Chief Financial Officer, Controller and other employees performing similar functions by posting such information on the Company's website at www.dycomind.com.

Shareholding Requirements and Stock Ownership Guidelines for Non-Employee Directors

The Board believes that directors and senior managers should have a significant financial stake in the Company to align their interests with those of the Company's shareholders. To this effect, the Board has established stock ownership guidelines that require non-employee directors to own shares of Company common stock with a value of not less than a specified multiple of annual cash retainer. In addition, the Chief Executive Officer and certain other executive officers of the Company are subject to stock ownership and/or shareholding requirements. The stock ownership guidelines and shareholding requirements for the Chief Executive Officer and other executive officers and key employees are further described under "Executive Compensation—Compensation Discussion and Analysis—Stock Ownership Guidelines for the Chief Executive Officer" on page 49 of this Proxy Statement.

For non-employee directors, the stock ownership guidelines require share ownership of Company common stock that approximates a value of five times the annual cash retainer paid to such non-employee director. For directors elected prior to November 2017, the guidelines require share ownership of Company common stock that approximates a value of five times the annual cash retainer in effect as of November 20, 2017 (the "Effective Date"). Non-employee directors generally are expected to comply with the stock ownership guidelines within five years after appointment or election to the Board of Directors. In the case of a non-employee director elected after the Effective Date, the number of shares such individual director is expected to own shall be determined based on the value of a share of common stock of the Company on the date of his or her election and such director's annual cash retainer as of that date. Under these guidelines, stock ownership includes shares (including time vesting restricted stock units) owned directly or held in trust by an individual. The guidelines do not include shares that an individual has the right to acquire through stock options, performance vesting restricted stock or performance vesting restricted stock units.

Each individual director is also required to retain 50% of the net after-tax shares which he or she acquires under the Company's equity plans until the applicable threshold is achieved. If a non-employee director does not attain the shareholding requirement as of the day immediately prior to the payment of any cash retainer or other service period fees for service on the Board (except for meeting or committee fees) that otherwise would be made in cash, then 60% of the payment will be paid in restricted stock or restricted stock units, as determined by the plan administrator of the non-employee directors equity plan. Once achieved, ownership of the guideline amounts must be maintained for as long as the individual director is subject to these guidelines.

The Board periodically reviews the stock ownership guidelines and updates them as required. As of January 27, 2024, each non-employee director has exceeded, or is making satisfactory progress toward, the stock ownership threshold.

Prohibition of Hedging or Pledging of Company Stock by Non-Employee Directors and Executive Officers

The Company's Insider Trading Policy prohibits hedges and pledges of the Company's common stock by a director or executive officer of the Company. A "hedge" would include any instrument or transaction through which an executive officer or non-employee director offsets decreases of his or her exposure to risk of price fluctuation in the Company's common stock. The policy also prohibits pledges of the Company's common stock by an executive officer or director, such as using Company common stock as collateral for a loan or by holding Company common stock in a margin account (with the exception of the use of a margin account to purchase Company common stock only in connection with the exercise of Company-granted stock options). The Board believes this policy better aligns the interests of the members of the Board and its executives with the interests of the Company's shareholders.

Board and Committee Evaluations

The Corporate Governance Committee leads annual evaluations of the Board, committees and individual director performance. The evaluation process is designed to facilitate ongoing, systematic examination of the Board's effectiveness and accountability, and to identify opportunities for improving its operations and procedures. On an annual basis, the Board and each standing committee conducts an annual performance evaluation in accordance with the criteria and processes established by the Corporate Governance Committee. Individual director feedback is also discussed with each director, as appropriate. In fiscal 2024, the Board conducted a separate self-evaluation, and each of its standing committees conducted a separate evaluation of its own performance and of the adequacy of its charter and reported on the results of its evaluation to the Board.

Board Continuing Education

The Board is committed to ensuring that all directors are provided with robust opportunities to receive interactive board education on a variety of topics, including enterprise risk management, industry business issues, disclosure trends and practices, and corporate governance. Directors may choose to attend any combination of courses or events, in-person or online director education programs sponsored by outside parties, online training courses and certain other educational experiences, as may be approved by the Corporate Governance Committee from time to time. The Corporate Governance Committee also oversees and monitors this continuing education program and ensures that members of the Company's senior management, as well as appropriate outside advisors and experts, regularly attend Board or committee meetings to present and engage with all directors.

Dodd-Frank Clawback Policy

In May 2023, the Board adopted a new clawback policy to comply with the requirements of the New York Stock Exchange Listed Company Manual (the "NYSE Listing Standards"), promulgated pursuant to the final rules adopted by the Securities and Exchange Commission under Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. This clawback policy applies to all current and former executive officers of the Company, as defined in Rule 10D-1 of the Exchange Act, and is triggered by a restatement of the Company's financial results. The clawback policy is administered by the Compensation Committee, which determines the amount of erroneously awarded compensation to be recovered and the method of recovery, in accordance with the NYSE Listing Standards. The compensation amount subject to the policy is the amount of incentive-based compensation, calculated on a pre-tax basis, awarded to any executive officer or former executive officer that exceeds the amount of incentive-based compensation that otherwise would have received by such executive had it been determined based on the restated amount. The clawback policy also prohibits providing indemnification to any executive officer for any amount that may be recovered from such executive officer pursuant to the policy. The clawback policy is in addition to, and does not prohibit recovery or recoupment under, the Company's other policies and agreements so long as there is not a duplicative recoupment of the same compensation. A copy of the Company's new clawback policy has been filed as an exhibit to the Company's Annual Report on Form 10-K for fiscal 2024.

Communications with the Board

The Board has adopted a formal process by which shareholders and other interested parties may communicate with one or more of the Company's non-management directors. Shareholders who wish to communicate with a director or one or more of the non-management directors should direct their communications in writing to:

Dycom Industries, Inc.
c/o Ryan F. Urness, General Counsel and Secretary
11780 U.S. Highway 1, Suite 600
Palm Beach Gardens, Florida 33408
Email: corporatesecretary@dycominc.com

All such communications should be clearly marked "Shareholder Communication to the Dycom Industries, Inc. Board of Directors."

The Secretary of the Company has primary responsibility for monitoring director-related communications from shareholders and other interested parties and forwarding collected communications to the intended recipient, provided they meet certain criteria. In general, communications are forwarded to the intended director or director group as long as the communications do not relate to ordinary business, legal or administrative matters or other non-substantive or inappropriate matters further described in the Company's Internal Process for Handling Communications to and from Directors. All concerns and complaints relating to accounting, internal accounting controls or auditing practices, including those reported as a violation of the Code of Business Conduct and Ethics or the Code of Ethics for Senior Financial Officers, will be referred to the Audit Committee in accordance with the Company's Audit Committee Procedures for Complaints Regarding Accounting, Internal Accounting Controls and Auditing Matters. Each of the Code of Business Conduct and Ethics, the Internal Process for Handling Communications to and from Directors and the Audit Committee Procedures for Complaints Regarding Accounting, Internal Accounting Controls and Auditing Matters are available on the Company's website at www.dycomind.com.

Majority Voting and Director Resignation Requirements

The Company's Amended and Restated By-laws provide for a majority voting standard for uncontested director elections. Under this standard, a director nominee will be elected only if the affirmative vote of shares of common stock represented and entitled to vote at an annual meeting exceeds the votes cast opposing that nominee. Pursuant to the standard, a director is required to tender his or her resignation to the Board if the director fails to receive the required number of votes. The Board shall nominate for election or re-election only those candidates who agree to tender, promptly following the person's failure to receive the required vote for election or re-election at the next annual meeting at which such person would face election or re-election, an irrevocable resignation that will be effective upon the Board's acceptance of the resignation. In addition, the standard requires the Board to fill director vacancies and new directorships only with candidates who agree to tender, promptly following their appointment to the Board, the same form of irrevocable resignation tendered by incumbent directors. The Corporate Governance Committee will evaluate and make a recommendation to the Board with respect to the tendered resignation. In its review, the Corporate Governance Committee will consider any factors that it deems relevant.

Where a director has failed to receive a majority of the votes cast in an uncontested director election and the Corporate Governance Committee has provided its recommendation, the Board must take action on the Corporate Governance Committee's recommendation within 90 days following certification of the shareholders' vote and publicly disclose its decision and the rationale for the decision on a Current Report on Form 8-K furnished with the SEC within four business days after its decision. Absent a determination by the Board that it is in the best interests of the Company for an unsuccessful incumbent to remain as a director (based on such factors that the Board deems relevant), the Board shall accept the resignation. In accordance with the Company's Corporate Governance Guidelines, an unsuccessful incumbent director will not participate in any deliberations of the Corporate Governance Committee or the Board with respect to the tendered resignation. The Corporate Governance Guidelines also provide procedures to address a situation in which all members of the Corporate Governance Committee are unsuccessful incumbents.

If the Board accepts the resignation of an unsuccessful nominee for director, it may fill the resulting vacancy or decrease the size of the Board in accordance with the Company's Amended and Restated By-laws or the Company's Articles of Incorporation. If a director's resignation is not accepted by the Board, such director will continue to serve as a director until the next succeeding annual meeting and until his or her successor is duly elected or until the director's earlier

resignation, removal from office or death. In contested elections, the plurality voting standard will apply. A contested election is an election in which the Secretary of the Company determines that the number of director nominees exceeds the number of directors to be elected to the Board.

Service on Other Boards

Pursuant to the Company's Corporate Governance Guidelines, directors are expected to devote sufficient time and attention to carrying out their duties and responsibilities and ensure that their other responsibilities, including service on other public company boards, do not materially interfere with their responsibilities for the Board. In the event that a director wishes to serve as a board member of another company, they must inform the Chairman of the Board and the Chair of the Corporate Governance Committee of such intention. The Board will review whether such additional board service is likely to impair such director's service on the Board or applicable committees or would create a conflict of interest with the Company. The Company also prohibits any member of the Board from simultaneously serving on more than three public company boards unless the Board determines that such service will not adversely affect such director's service on the Board or applicable committees.

Board Tenure and Mandatory Retirement

The Corporate Governance Committee will, as part of its annual assessment of the composition of the Board, review a director's continuation on the Board and consider such director's qualifications, experience, skills, diversity and Board tenure into account. Under the Company's Corporate Governance Guidelines and its Bylaws, a director is generally required to retire when he or she reaches age 68, and such retirement shall take effect at the expiration of such individual's then-current term of office. The Board may waive this requirement as to any director if it deems a waiver to be in the best interests of the Company. The Board also limits the maximum tenure of a non-employee director to the greater of twelve years or four full terms. The Corporate Governance Committee may, by unanimous vote, extend a non-employee director's term for one additional three-year term.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board has adopted a written policy and procedures for the review of all transactions where the amount involved will exceed \$120,000 in any fiscal year in which the Company is a participant and any director or nominee, executive officer or security holder of more than five percent of the Company's common stock (or, in the case of the foregoing persons, their immediate family members) has a direct or indirect financial interest (each, a "related person transaction").

A member of the Board or any of our executive officers proposing to enter into such transaction must report the proposed related person transaction to the Company's General Counsel. The policy calls for the proposed related person transaction to be reviewed, and if deemed appropriate, approved by the Audit Committee. Generally, the Audit Committee will approve the transaction if the Audit Committee determines the transaction is beneficial to the Company and contains the same or reasonably comparable terms as would be obtained in an arm's-length transaction with an unrelated third party.

Neither the Company nor any of its subsidiaries has engaged in any related person transaction during fiscal 2024.

DIRECTOR COMPENSATION

COMPENSATION OF NON-EMPLOYEE DIRECTORS

The Company's compensation program for non-employee directors is designed to enable the Company to attract, retain and motivate highly qualified directors to serve on the Board. The program is also intended to be competitive with other companies in the Peer Group (as defined under "Executive Compensation—Compensation Discussion and Analysis—Role of Compensation Consultant and Peer Group Comparison" beginning on page 37 of this Proxy Statement) and to further align the interests of these directors with our shareholders by compensating directors with a mix of cash and equity-based compensation. Directors who are employees of the Company are not entitled to receive any additional compensation for serving on the Board or its committees.

The Compensation Committee is also responsible for recommending to the Board changes in director compensation. The Compensation Committee periodically reviews non-employee director compensation trends and data from the Peer Group and other relevant and comparable market data including reports on the competitiveness of compensation for non-employee directors received from its independent Compensation Consultant. In May 2023, at the request of the Compensation Committee, the Company's Compensation Consultant prepared a report regarding non-employee director compensation. This report evaluated the competitiveness of the Company's non-employee director compensation program against the Peer Group. The Compensation Consultant recommended certain changes to the Company's non-employee director compensation program. As a result, for fiscal 2024, the non-employee director compensation program (i) maintains the individual meetings fees at \$2,250 for each in-person quarterly and special meeting attended and to \$1,000 for each telephonic meeting attended, (ii) increases the annual retainer fee to \$75,000 from \$65,000, (iii) increases the amount of each non-employee director's annual equity award to \$150,000 from \$140,000, (iv) increases the fees for service as non-management Lead Director to \$25,000 from \$20,000, and (v) maintains the fees for service as the chair of a standing committee to a range of \$10,000 to \$20,000, as described in more detail below.

Directors' Fees

Non-employee directors received the following prorated retainer fees for fiscal 2024: (i) an annual retainer fee of \$75,000; and (ii) a fee of \$25,000 for service as non-management Lead Independent Director. Also, Board members serving as a Chair of a committee received the following fees for fiscal 2024: (i) \$20,000 for service as Audit Committee chair, (ii) \$15,000 for service as Compensation Committee chair, (iii) \$10,000 for service as Finance Committee chair and (iv) \$15,000 for service as Corporate Governance Committee chair. Directors' fees are paid in four quarterly installments. In addition, non-employee directors receive \$2,250 for each quarterly or special meeting of the Board of Directors attended in person and \$1,000 for each telephonic meeting attended.

Non-Employee Directors Equity Plan

The 2017 Non-Employee Directors Equity Plan (the "Director Equity Plan") provides for the grant of (i) an annual equity award to each continuing non-employee director as of the date of the Company's annual meeting of shareholders and (ii) an equity award upon a new non-employee director's initial election or appointment to the Board. The Director Equity Plan permits the grant of awards consisting of non-qualified stock options, shares of restricted stock, restricted stock units (or "RSUs") and deferred restricted stock units. In each case, the value, type and terms of such awards are approved by the Board, based on the recommendation of the Compensation Committee.

For fiscal 2024, the Compensation Committee determined that the grant date fair value of annual awards provided to each non-employee director would be \$150,000, allocated 100% to restricted stock units (based on the values provided to the Compensation Committee by the Compensation Consultant). Mr. Luis Avila-Marco also received an initial grant

DIRECTOR COMPENSATION

of 1,512 shares of restricted stock on June 14, 2023, consistent with his appointment as a new non-employee director of the Board. The Compensation Committee, with input from its independent Compensation Consultant, determined that granting the annual equity award in the form of restricted stock units was consistent with general market practices, as well as those of the Peer Group. Accordingly, each continuing director was granted restricted stock units which vest, generally subject to continuing service, ratably over three years following the grant date. In addition, non-employee directors may elect to receive up to 100% of their cash retainer fee in restricted shares of Company common stock, subject to a six-month restriction on transfer. The number of shares of restricted stock or restricted stock units to be granted to a non-employee director is determined by (i) dividing (a) the U.S. dollar amount of the director's annual retainer(s) elected, or required, to be received in the form of restricted stock or restricted stock units by (b) the fair market value of a share of Company common stock on the date such fees are payable and (ii) rounding up to the nearest whole share of common stock. Non-employee directors are also permitted to defer settlement of their restricted stock units until the earlier of their termination of service on the Board for any reason and a date specified by such director. As discussed in greater detail above in the section entitled "Board of Directors and Corporate Governance Information—Board Practices, Policies and Processes—Shareholding Requirements and Stock Ownership Guidelines for Non-Employee Directors" on page 22 of this Proxy Statement, the Board has established stock ownership guidelines for the non-employee directors to further align their economic interests with those of the Company's shareholders. Under the Director Equity Plan, 235,000 shares of common stock are authorized for issuance and, as of January 27, 2024, the Company had 115,623 shares available for future awards under the plan.

⁽²⁾ Each RSU entitles the recipient to one share of the Company's common stock upon settlement. The amounts in this column represent the fees that were earned or paid in cash plus the grant date fair value of restricted shares for the annual retainer(s) which the director elected to receive in restricted shares during fiscal 2024. For fiscal 2024, the total number of restricted shares and aggregate grant date fair value which were elected by non-employee directors to be paid in shares are as follows: Luis Avila-Marco, 2 shares having an aggregate grant date fair value of \$165, Jennifer M. Fritzsche, 291 shares having an aggregated grant date fair value of \$26,491, Stephen C. Robinson, 261 shares having an aggregate grant date fair value of \$23,671, and Carmen M. The stock awards exclude the amounts a director elected to receive in restricted stock or RSUs in lieu of their annual cash retainer(s) as described in footnote (2) above. See Note 19 to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the fiscal year ended January 27, 2024 regarding assumptions underlying valuation of equity awards. The stock awards vest, subject to continuing service, ratably over three years following the grant date. These amounts do not reflect whether the recipient has actually realized or will realize a financial benefit from the awards.

PROPOSAL 2 Advisory Vote on Executive Compensation

The Board of Directors recommends that shareholders vote **FOR** the resolution approving, on a non-binding advisory basis, the compensation of the Named Executive Officers.

On an annual basis, the Company provides its shareholders with the opportunity to participate in a non-binding advisory vote to approve the compensation of the Named Executive Officers as disclosed in this Proxy Statement in accordance with the compensation disclosure rules of the SEC. This proposal, commonly known as a “Say-on-Pay” proposal, gives our shareholders the opportunity to express their views on our Named Executive Officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement.

The Company’s executive compensation program has been designed to attract, motivate and retain highly performing executives and align the interests of those executives with the long-term interests of the Company’s shareholders. We believe the program also supports the Company’s pay-for-performance principles by placing a substantial amount of total executive compensation, including compensation of the Chief Executive Officer, “at risk” based on the performance of the Company.

The Company seeks to implement and maintain sound compensation governance practices to ensure adherence to its pay-for-performance philosophy while appropriately managing risk and aligning its executive compensation program with the long-term financial interests of shareholders. The Compensation Committee regularly reviews the executive compensation program to ensure alignment with the Company’s business strategies and pay-for-performance philosophy and general market practices.

2023 SAY-ON-PAY ADVISORY VOTE RESULTS

The Company believes these strong approval results demonstrate a desire by its shareholders that the Company maintain the current objectives and practices of its executive compensation program.

The Company values the opinions of its shareholders and annually submits the compensation of its Named Executive Officers to a non-binding shareholder advisory “Say-on-Pay” vote. At our May 2023 Annual Meeting, approximately 96% of the votes cast on our “Say-on-Pay” proposal were cast for approval of the compensation of our Named Executive Officers. We believe that this indicates strong support for our continued focus on aligning our Named Executive Officer compensation programs with the

interests of our shareholders. During fiscal 2024, we continued to focus on pay for performance, “at risk” compensation, supporting the Company’s business goals and strategies while simultaneously discouraging excessive risk taking. On an ongoing basis, the Compensation Committee reviews the executive compensation program to ensure its continued alignment with the Company’s pay-for-performance philosophy and general market practices.

For the reasons highlighted above, and more fully discussed in the “Executive Compensation—Compensation Discussion and Analysis” section (“CD&A”) beginning on page 33 of this Proxy Statement, the Board of Directors unanimously recommends a vote **FOR** the following resolution:

“RESOLVED, that the shareholders approve the compensation of the Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the accompanying compensation tables and related narrative disclosure in this Proxy Statement.”

This vote is required pursuant to Section 14A of the Exchange Act and is advisory and non-binding; however, the Compensation Committee and our Board will review the voting results and consider shareholder views in connection with the design and implementation of the executive compensation program.

COMPENSATION HIGHLIGHTS FOR FISCAL YEAR 2024

Overview of Executive Compensation

The Company's executive compensation program is designed to reward executive officers who contribute to the Company's sustained growth and successful execution of its strategy and operating plans. Total direct compensation is targeted to be comparable to those companies, including members of the Company's Peer Group (as defined under "Role of Compensation Consultant and Peer Group Comparison" on page 37 of this Proxy Statement), with which the Company competes for executive talent. The executive compensation program is designed to maintain a strong link between compensation and performance and is comprised of the following compensation elements:

Pay Mix

The following charts illustrate the performance-based nature of the executive compensation program as a percentage of target total direct compensation (which is composed of base salary, target annual cash incentive awards and the grant date fair value of target equity-based incentive awards). For specific target amounts of annual cash incentive awards and equity-based incentive awards, see the Grant of Plan-Based Awards Table on page 52 of this Proxy Statement:

CEO Target Compensation

All Other NEOs Target Compensation

The Compensation Committee sets challenging but realizable performance measures that are earned fully only as a result of exceptional performance. Consistent with the Company’s pay-for-performance philosophy, the Compensation Committee selects financial performance measures under the Company’s annual and long-term incentive plans that support the Company’s short- and long-term business plans and strategies and incent management to focus on creating sustainable shareholder value. The Compensation Committee continually reassesses the performance measures and goals used.

Key Executive Compensation Practices

To achieve the objectives of our performance-based executive compensation program, the Compensation Committee employs strong governance practices as outlined below.

WE DO

- Have robust stock ownership guidelines for the Chief Executive Officer (five times base annual salary) and non-employee directors (five times annual cash retainer).
- Have shareholding requirements for Named Executive Officers (other than the Chief Executive Officer) and key employees.
- Have standardized timing of annual equity award grants.
- Have designed our executive compensation program to discourage excessive risk-taking.
- Compensation Committee has retained an expert independent compensation consultant to benchmark and analyze compensation measures.
- Perquisites and executive benefits are limited to Company-paid premiums for term life insurance and long-term disability insurance.
- Require an annual “Say-on-Pay” vote on the compensation of Named Executive Officers.
- Have a Dodd-Frank Clawback Policy applicable to current and former executive officers.

WE DON'T

- Have any single trigger employment agreements for Named Executive Officers.
- Reprice or offer cash buyouts of stock options without shareholder approval and we require one-year minimum vesting period for performance-based awards.
- Offer any golden parachute excise tax gross-ups.
- Have any supplemental health benefit or retirement arrangements for Named Executive Officers.
- Permit vesting of less than one year on any compensation awards that are settled solely with equity.
- Allow stock options to be “discounted” and they may only be granted with an exercise or measurement price that is not lower than the fair market value of the underlying shares on the grant date.
- Permit hedging, pledging or short sales of Company equity securities.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This section of the Proxy Statement describes the Company's performance during fiscal 2024 and provides an overview and analysis of the Company's executive compensation program during that period. It discusses the Company's compensation principles and objectives, compensation-setting process, major elements of compensation paid under this program and other related Company policies. It also reviews the actions taken by the Compensation Committee.

During fiscal 2024 the Company's Named Executive Officers were:

Steven E. Nielsen President and Chief Executive Officer	H. Andrew DeFerrari Senior Vice President, Chief Financial Officer, and Treasurer	Daniel S. Peyovich Executive Vice President and Chief Operating Officer	Jason T. Lawson Vice President and Chief Human Resources Officer	Ryan F. Urness Vice President, General Counsel and Secretary
---	---	---	--	--

The Compensation Committee establishes the Company's overall executive compensation philosophy and oversees the executive compensation program in accordance with its charter. This charter is available on the Company's website at www.dycomind.com.

Compensation Principles

Our executive compensation program is aligned with our business strategy and our culture and is designed to attract and retain top talent, reward performance and maximize shareholder value. Our holistic view of performance considers the individual's ability to deliver business results, their leadership skills, their business experience and their ability to execute the Company's strategic goals. Our total compensation program for the Named Executive Officers is highly performance-based and competitive in the marketplace, with Company performance determining a significant portion of total compensation. The executive compensation program is designed to maintain a strong link between compensation and performance and is intended to achieve the following objectives:

- **Shareholder Value.** Support the Company's business goals and strategies by incenting profitable growth and increasing shareholder value;
- **Shareholder Alignment.** Align the interests of the Named Executive Officers with the long-term interests of shareholders;
- **Market Competitive.** Attract, retain and motivate highly performing executives who drive business and financial performance with market competitive compensation and benefits;
- **Pay-for-Performance.** Link significant portions of executive compensation to the achievement of performance goals established by the Compensation Committee for the annual incentive plan and for performance-vesting restricted stock units granted under the equity incentive plan;
- **Stock Ownership of Executives.** Promote Company stock ownership via stock holding requirements and stock ownership guidelines; and
- **Mitigate Risks.** Discourage excessive risk-taking while encouraging the taking of appropriate risks necessary to execute the Company's business strategies.

EXECUTIVE COMPENSATION

As discussed below, overall levels of executive compensation are established based on an assessment of the Company's performance as a whole. Individual executive compensation is determined based on an assessment of the experience, skills and performance of each Named Executive Officer, as well as the compensation levels of comparable positions in the Peer Group and general market practices. The relative compensation of individual Named Executive Officers reflects the different roles, responsibilities and performance of each of the Named Executive Officers, as compared to comparable positions in the Peer Group with which the Company competes for talent.

Compensation and Risk

The Compensation Committee continually evaluates and monitors the risks and effectiveness associated with the Company's compensation principles and the structure of its executive compensation program. The Compensation Committee encourages the taking of appropriate business risks to execute the Company's strategy and goals while balancing against promoting excessive risk-taking. With respect to the core elements of compensation:

- Base salary provides a fixed level of compensation irrespective of Company performance and, therefore, does not encourage risk-taking.
- Annual cash incentives are designed to reward achievement of short-term performance objectives. Undue risk is mitigated through a combination of plan design and policies which place a cap on the maximum annual cash incentive available to the Chief Executive Officer, the Chief Operating Officer and other Named Executive Officers.
- Long-term equity-based compensation is administered in a number of ways to mitigate risk:
 - The executive compensation program is designed to deliver a significant portion of an executive's compensation in the form of long-term incentive opportunities which focus the executive on maximizing long-term shareholder value and overall financial performance.
 - Performance vesting restricted stock units are only paid out if the Company achieves certain pre-established performance goals that are important drivers of long-term performance, and the maximum number of performance units that may be paid out with respect to an annual performance period or a three-year performance period is capped.
 - The Company has established stock ownership guidelines for the Chief Executive Officer and non-employee directors. Other Named Executive Officers are subject to shareholding requirements with respect to time vesting equity awards granted under the Company's equity plans.
 - Named Executive Officers must obtain approval from the Company's General Counsel before entering into any 10b5-1 Plan or before the purchase or sale of any shares of Company common stock, including those purchased or sold during any window of time where trading is permitted. Requiring approval ensures that executives are unable to use non-public information for personal benefit.

The Compensation Committee reviewed and discussed the findings of this risk evaluation with management and believes that the executive compensation program does not motivate employees to take risks that are reasonably likely to have a material adverse effect on the Company.

Objectives and Elements of Our Compensation Program

Pay Is "At Risk" and Aligned with Performance

The executive compensation program is designed to support the Company's pay-for-performance principles. "At risk" compensation includes annual cash incentive and equity-based awards through which the performance of the Company and the individual executive is recognized.

Annual cash incentive awards under the annual incentive plan and performance vesting restricted stock units under the equity incentive plans are performance-based awards and represent "at-risk" compensation because they require minimum levels of performance against the Company's strategic goals and operating plans for any payout to occur.

The following charts illustrate the performance-based nature of the executive compensation program as a percentage of target total direct compensation, which is composed of the fiscal 2024 approved base salary, target annual cash incentive awards and the grant date fair value of target equity-based incentive awards. For target amounts of annual cash incentive awards and equity-based incentive awards, see the Grant of Plan-Based Awards Table on page 52 of this Proxy Statement:

CEO Target Compensation

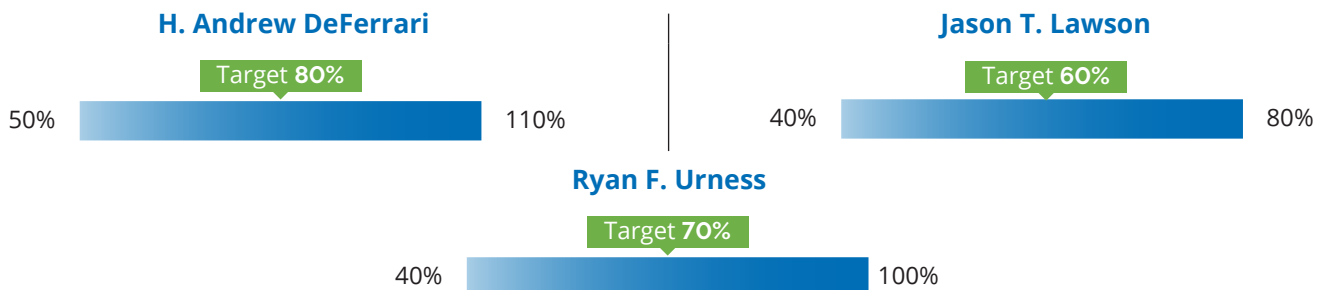

All Other NEOs Target Compensation

The mix of compensation elements for Mr. Nielsen and Mr. Peyovich differs from those of the other Named Executive Officers. Mr. Nielsen’s and Mr. Peyovich’ target mix is designed to place more of their compensation at risk to reflect the greater level of responsibility they have for the Company’s overall performance and strategic execution. Each of Mr. Peyovich and Mr. Nielsen participates in a separate annual incentive program and receives a portion of his total compensation in the form of stock options to increase their pay-at-risk and better align their compensation directly to the Company’s performance.

For fiscal 2024, the annual cash incentive award was targeted at 120% of base salary for Mr. Nielsen and 90% of base salary for Mr. Peyovich. Mr. Nielsen’s and Mr. Peyovich’s equity-based incentive awards consisted of time vesting restricted stock units, performance vesting restricted stock units and time vesting stock options. The equity incentives for fiscal 2024 for the other Named Executive Officers consisted of time vesting restricted stock units and performance vesting restricted stock units.

For fiscal 2024, the annual cash incentive award range for Mr. DeFerrari, Mr. Lawson and Mr. Urness was as follows:

EXECUTIVE COMPENSATION

In order to achieve its objectives, the Compensation Committee has designed the executive compensation program utilizing three major pay elements:

		Base salary	Cash	Provides a fixed amount of cash compensation for performing day-to-day responsibilities and successfully fulfilling core job functions. The Compensation Committee reviews base salary annually and periodically approves increases based on a review of Peer Group and general market practices and a Named Executive Officer's level of responsibility, experience, skills and contributions and individual performance.
		Annual incentive compensation	Cash	Provides the opportunity for annual cash incentive awards for achieving short-term financial performance goals that align with the Company's business strategy based upon the quality of earnings in relation to margin performance and cash flow. The Compensation Committee sets award opportunities as a percentage of base salary.
At-risk		Long-term equity-based incentive compensation	Equity	Provides for long-term incentive awards in the form of performance vesting restricted stock units and time vesting stock options. Performance vesting restricted stock units are earned based on achieving long-term performance goals and the satisfaction of service vesting conditions. Stock options align incentives of the executives with those of the Company's shareholders because stock options have value only if the Company's stock price increases from the date of the grant. The Company also grants time vesting restricted stock units that are earned based on the satisfaction of service vesting conditions. Awards are payable in Company common stock and aligns the interest of executives with the long-term interests of the Company's shareholders.

The Compensation Committee considers each pay element individually and all pay elements in aggregate when making decisions regarding amounts that may be awarded under any one of the pay elements.

Determining Performance Measures

The Compensation Committee sets challenging but realizable performance measures that are fully earned only as a result of exceptional performance. As part of our pay-for-performance philosophy, if targets and pre-determined goals are not fully met, payouts may be reduced or not paid. Consistent with the Company's pay-for-performance philosophy, the Compensation Committee selects and sets financial performance measures under the annual and long-term incentive plans that support the Company's short- and long-term business plans and strategies and incent management to focus on actions that create sustainable shareholder value. In setting targets for the short- and long-term performance measures, the Compensation Committee considers the Company's annual and long-term business goals and strategies and certain other factors, including the Company's projected operating environment and economic and industry conditions. The Compensation Committee recognizes that performance goals will change over time to reflect market practices and evolving business priorities. Accordingly, the Compensation Committee continually reassesses the performance measures and goals used.

Role of the Compensation Committee

The Compensation Committee oversees the design of the executive compensation program and is responsible for adopting and periodically reviewing the Company's executive compensation philosophy, strategy and principles, as well as overseeing the administration of the program. Each year, the Compensation Committee reviews our executive compensation program to ensure it continues to reflect the Company's commitment to align the objectives and rewards of our executive officers with the creation of value for our shareholders. The compensation program has been designed to reinforce the Company's pay-for-performance philosophy by delivering total compensation that motivates and rewards short-and long-term financial performance to maximize shareholder value and to be externally competitive to attract and retain top executive talent. The Compensation Committee also annually reviews the individual performance of the Named Executive Officers and approves their compensation. Decisions with respect to determining the amount and form of compensation for the Named Executive Officers are based on the methodology described below.

The Compensation Committee, together with management and the Compensation Consultant, prepare and review detailed information regarding historic base salaries and actual compensation payouts, both cash and equity, under the Company's incentive plans. The overall purpose of this information is to present, in a comprehensive fashion, all of the elements of actual and potential future compensation that may be payable to the Named Executive Officers. This information assists the Compensation Committee in analyzing both the individual and mix of elements of compensation and the total amount of actual and potential future compensation for a particular performance year. In connection with setting compensation for the Named Executive Officers for fiscal 2024, the Compensation Committee met with management and the Compensation Committee's independent Compensation Consultant and reviewed the design of the executive compensation program and the suitability of individual compensation targets and awards.

The Compensation Committee also reviews information regarding the Peer Group, as well as other compensation data, provided by the Compensation Consultant, as described below. The Compensation Committee considers the following factors in setting the target total direct compensation for each Named Executive Officer:

- the individual responsibilities, skills, experience, tenure and achievements of the Named Executive Officers and their potential contributions to Company performance;
- recommendations from senior management (other than for the Chief Executive Officer); and
- the alignment of the Named Executive Officer's compensation with the executive compensation program's overall objectives and the interests of the shareholders.

In addition to its responsibilities with respect to executive compensation, the Compensation Committee reviews and makes recommendations to the Board of Directors as to the form and amount of compensation of the Company's non-employee directors.

The Compensation Committee retains the flexibility and discretion to set target total direct compensation levels for the Named Executive Officers at, above or below the median of comparable positions in the Peer Group to recognize factors such as market conditions, job responsibilities, performance, experience, skills, and ongoing or potential contributions to the Company.

Role of Compensation Consultant and Peer Group Comparison

The Compensation Committee has the authority under its charter to hire outside advisors to provide it with information as needed in making compensation decisions. The Compensation Consultant advised the Compensation Committee in connection with setting compensation for the Named Executive Officers and the Company's non-employee directors for fiscal 2024. The Compensation Consultant does not provide any other services to the Company.

The executive compensation program seeks to provide a mix of target total direct compensation that is aligned with the program's pay-for-performance principles and is competitive with compensation provided by a peer group of selected publicly traded companies. In determining executive compensation, the Compensation Committee considers a number of factors, including data provided by the Compensation Consultant on our peer group of companies, as well as each Named Executive Officer's performance and experience.

EXECUTIVE COMPENSATION

The Compensation Committee, together with the Compensation Consultant, periodically reviews the composition of the Peer Group and updates the Peer Group based on available market information when appropriate. The companies in the Peer Group were selected because, in the judgment of the Compensation Committee, such companies, when taken as a whole, represent companies with which the Company competes for executive talent. Market data for the Peer Group was size-adjusted using a common statistical technique, “regression analysis,” to remove significant variability between raw data points, and to construct market pay levels commensurate with the Company’s annual revenues.

The Compensation Committee reviewed and updated the Peer Group in November 2022 to ensure the Peer Group continued to represent companies that would provide the Company with relevant Peer Group data based on their current size, industry, revenue and market capitalization. For fiscal 2024, the Peer Group consisted of the following 19 companies from the specialty construction and engineering services industry (the “Peer Group”):

Peer Group

ABM Industries, Inc.	IES Holdings, Inc.	Primoris Services Corp.
Archrock, Inc.	KBR, Inc.	Quanta Services, Inc.
Arcosa, Inc.	MasTec, Inc.	Sterling Infrastructure, Inc.
Clean Harbors, Inc.	MYR Group, Inc.	Tetra Tech, Inc.
Comfort Systems USA, Inc.	NOV, Inc.	Tutor Perini Corporation
Emcor Group, Inc.	Oceaneering International, Inc.	Valmont Industries, Inc.
Granite Construction, Inc.		

In addition, the Compensation Consultant periodically conducts a competitive market positioning review as the Compensation Committee determines is needed. The most recent competitive market positioning review was prepared in February 2023. In years that the Compensation Committee does not commission a review, it establishes compensation targets for the Named Executive Officers by utilizing the prior year’s compensation amounts, generally making adjustments to those amounts for movements in market compensation levels based on a variety of third-party industry surveys, as well as the Compensation Consultant’s own proprietary information.

Peer Group data constituted one of several factors that the Compensation Committee considered in making compensation decisions for fiscal 2024. Other significant factors considered by the Compensation Committee in the evaluation and decision-making process included overall business and industry conditions, the general economic environment, the Company’s strategic business objectives, as well as the individual responsibilities, past performance, experience, skills and tenure and achievements of each Named Executive Officer and their expectations for future performance.

In February 2024, the Compensation Consultant provided information to the Compensation Committee regarding its independence under the rules of the SEC and the listing standards of the NYSE. The Compensation Committee concluded that no conflict of interest exists that would prevent the Compensation Consultant from independently representing the Compensation Committee.

Role of Executive Officers

The Chief Executive Officer, in consultation with the Compensation Committee, establishes the strategic direction of the executive compensation program. In the first quarter of each fiscal year, the Chief Executive Officer meets with the Compensation Committee to discuss the prior year’s financial results and to evaluate the performance of the other Named Executive Officers. This evaluation, together with the Compensation Committee’s own judgment, taking into account the results of the most recent competitive market positioning review, is used to determine the individual compensation of those Named Executive Officers. The Compensation Committee is responsible for evaluating the Chief Executive Officer’s performance and is solely responsible for setting the level and elements of his compensation. The Chief Executive Officer is not present when the Compensation Committee discusses and determines his compensation.

Core Pay Elements of the Executive Compensation Program

The Compensation Committee considers each pay element under the executive compensation program individually and in aggregate when making decisions regarding amounts that may be awarded to Named Executive Officers.

Base Salaries

Named Executive Officers are provided with a base salary which recognizes the value of the executive's skills, tenure, experience, prior record of achievement, and importance to the Company. Base salary levels are set to attract and retain quality executives, to provide a fixed base of cash compensation and to recognize the challenges and varied skill requirements of different positions.

Base salaries are reviewed at the beginning of each fiscal period and from time to time in connection with a change in the executive's responsibility. In making his recommendation to the Compensation Committee, the Chief Executive Officer reviews the performance of the other Named Executive Officers, market compensation levels for comparable positions, the succession planning strategies of the Company, the annual salary budget and the overall financial health and performance of the Company. The Compensation Committee reviews the Chief Executive Officer's recommendations and together with its own judgments, sets base salaries relative to the recommendations. The Compensation Committee utilizes a formal study of market compensation levels prepared by the Compensation Consultant in order to evaluate the executives' base salaries and the Chief Executive Officer's recommendations.

The Compensation Committee directly sets the base salary for the Chief Executive Officer. The Compensation Committee does so through an evaluation of the performance of the Chief Executive Officer, including an assessment of his contribution to the development of the Company's culture of ethics and compliance. This process includes a formal survey by all of the Company's non-employee directors. The survey is conducted annually and augmented by informal communications from the Company's non-employee directors to the Compensation Committee. In addition, the Compensation Committee evaluates market compensation levels as set forth in the independent compensation consultant's most recent study and other relevant information. The Compensation Consultant also conducted a competitive market positioning review for all executive officers in February 2023 to assess the current market compensation levels for each officer position across the Company's Peer Group and the broader marketplace. Based on that review and based upon each officer's positive performance for the prior year, all Named Executive Officers received an increase to their base salaries in fiscal 2024 in order to maintain compensation levels consistent with increases in the broader marketplace and for retention purposes. Mr. Peyovich received a slightly higher base salary increase to reflect his continuing tenure as the Executive Vice President and Chief Operating Officer and to bring his base salary more in line with market compensation levels for his position.

During the salary review in February and March 2023 for all Named Executive Officers below, the Compensation Committee recommended, based on the factors described above, and the Board approved, the following base salaries for the Named Executive Officers:

Named Executive Officer	Fiscal 2024 Base Salary	% Change From Prior Year
Steven E. Nielsen	\$ 1,191,300	5%
H. Andrew DeFerrari	\$ 600,000	3%
Daniel S. Peyovich	\$ 800,000	10%
Jason T. Lawson	\$ 395,000	5%
Ryan F. Urness	\$ 520,000	4%

Performance-Based Annual Cash Incentives

The Compensation Committee grants to Named Executive Officers the opportunity to earn an annual cash incentive award that recognizes and rewards individual performance which meaningfully enhances the operations of the Company during a fiscal year. Awards are designed to communicate to an executive that good performance and the execution of business goals and strategies are recognized and valued. The Company's "pay-for-performance" philosophy for such awards is simple and applies to all employees who are eligible to share in the Company's success through incentive bonuses: if we exceed our financial objectives, we will pay more; if we fail to reach them, we will pay less or nothing at all. Furthermore, the Compensation Committee believes annual cash incentive awards strongly encourage an executive to continuously improve their efforts in delivering annual results that are aligned with the Company's long-term goals.

Annual Incentive Plan—Chief Executive Officer and Chief Operating Officer

Annual cash incentive award opportunities for the Chief Executive Officer and the Chief Operating Officer are determined under the Company's annual incentive plan. These incentive compensation opportunities were determined based upon performance goals established by the Compensation Committee at the beginning of fiscal 2024.

In March 2023, the Compensation Committee established the fiscal 2024 performance measures under the annual incentive plan for Mr. Nielsen and Mr. Peyovich. The categories of performance measures for Mr. Nielsen and Mr. Peyovich for fiscal 2024 were unchanged from those established under the annual incentive plan for fiscal 2023. Awards paid under the plan are designed to be "at-risk" depending upon the performance of the Company and, accordingly, have exhibited significant variability from year to year. For fiscal 2024, the Compensation Committee modified the threshold percentage of contract revenues used to evaluate earnings quality and modified the pre-established payout percentages (as further explained below). Operating cash flow also excludes pre-paid discounts provided to a customer to obtain a new contract or extend or modify an existing contract. Over the period from fiscal 2016 through fiscal 2024, the annual cash incentive award to the Chief Executive Officer has ranged from approximately 41% to 230% of base salary, averaging approximately 138% of base salary, and the annual cash incentive award for the Chief Operating Officer has ranged from approximately 33% to 190% of base salary, averaging approximately 128% of base salary.

The terms of the annual incentive plan provide that the Compensation Committee shall adjust the performance goals and the award opportunities (either up or down) during a plan year if the Compensation Committee determines that external changes or other unanticipated business conditions have materially affected the fairness of the goals and have unduly influenced the Company's ability to meet them. No such adjustments were made in fiscal 2024.

As described in more detail below, for fiscal 2024, the annual incentive cash award opportunity under the annual incentive plan consisted of two parts:

- Part 1: A determination based on the operating earnings, contract revenues and cash flows of the Company.
- Part 2: A determination based on the Compensation Committee's consideration of the payout level under Part 1 of the plan, as well as the Compensation Committee's consideration of other financial and non-financial performance factors.

Fiscal 2024 Annual Incentive Award Determination

The following table sets forth the range of potential award payouts and the total determined payouts for Mr. Nielsen and Mr. Peyovich under Parts 1 and 2 of the annual incentive plan for fiscal 2024:

Name	Target Award as Percentage of Base Salary	Range of Potential Payout			Determined Payout	Determined Award as Percentage of Target	Determined Award as Percentage of Base Salary
		Minimum	Target	Maximum			
Steven E. Nielsen	120%	\$—	\$1,429,560	\$2,859,120	\$2,356,027	165%	198%
Daniel S. Peyovich	90%	\$—	\$720,000	\$1,440,000	\$1,264,231	176%	158%

The determined payouts for Mr. Nielsen and Mr. Peyovich are set forth in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table on page 51 of this Proxy Statement.

Part 1 of Annual Incentive Plan

The payout for Mr. Nielsen and Mr. Peyovich under Part 1 of the plan was determined by evaluating the earnings quality for fiscal 2024 in relation to operating margin performance against a pre-established threshold percentage of 2.0% of contract revenues to reflect the projected operating environment for fiscal 2024. Each year, the Compensation Committee reviews the Company's prior year performance, together with the forecasted financial results for the current fiscal year, and adjusts the threshold percentage of contract revenues in a manner that is anticipated to be challenging, yet achievable. This threshold percentage has historically ranged from 1% to 4%. The threshold percentage of contract revenues used to evaluate earnings quality for fiscal 2024 was set at 2.0%, which was increased from the 1.0% threshold percentage that was established for fiscal 2023, to reflect the forecasted financial results associated with fiscal 2024.

The performance goals established by the Compensation Committee for fiscal 2024 applied a pre-established payout percentage described below to the Company's operating earnings (before asset impairments, annual incentive plan compensation, amounts associated with the extinguishment of debt or modification or termination of debt-related agreements, the after-tax impact of amounts attributable to changes to the Company's capital structure (debt or equity), the impact of certain accounting charges and amounts for amortization of debt discount) ("Operating Earnings") above a pre-established threshold percentage of contract revenues. The pre-established payout percentage varies as a function of the Company's cash flow ratio, which is measured as the ratio of operating cash flow to net income before asset impairments, annual incentive plan compensation for the individual, amounts associated with changes to the Company's capital structure (debt or equity), including premium or other amounts associated with the extinguishment, modification or termination of debt and debt-related agreements and amounts associated with the issuance of new debt or equity instruments, payments made to a customer to obtain a new contract or extend or modify an existing contract, and amounts for amortization of debt discount. For purposes of determining net income before asset impairments and annual incentive plan compensation for the individual only, (i) the provision for income taxes excludes any impact of the application of FASB Accounting Standards Update No. 2016-09; and (ii) the impact on the Company's income taxes resulting from the re-measurement of certain assets and liabilities under Tax Reform is also excluded.

Each fiscal year, the Compensation Committee reviews each of the elements included in the annual incentive plan and sets performance goals that reflect the Compensation Committee's assessment of the Company's earnings potential, projected operating environment and the general economic climate. Accordingly, performance goals may vary from year to year in order to ensure that an appropriate base level of performance is achieved before any award is paid out, subject to the discretion of the Compensation Committee as described above. This review also ensures that the annual incentive plan performs as designed and incents superior performance aligned with achieving the Company's strategic goals and operating plans.

As part of its review for fiscal 2024, the Compensation Committee reviewed both the levels of the Company's cash flow ratio and the pre-established payout percentages to appropriately reflect the Company's projected operating environment and its impact on working capital. For fiscal 2024, the Compensation Committee did not modify the Company's cash flow ratio but did adjust the pre-established payout percentages to decrease them for each of Mr. Nielsen and Mr. Peyovich based upon expectations for fiscal 2024. The Compensation Committee determined that these modifications were necessary to ensure that the payout level under Part 1 continued to incent the plan participants for superior performance.

For fiscal 2024, the range of pre-established payout percentages was as follows:

Cash Flow Ratio ⁽¹⁾	Pre-established Payout Percentage of Eligible Operating Earnings Above Threshold Contract Revenues	
	Steven E. Nielsen	Daniel S. Peyovich
less than or equal to 0.25	0.31%	0.21%
0.50	0.55%	0.31%
1.00	0.79%	0.40%
greater than or equal to 2.00	1.22%	0.62%

⁽¹⁾ Results between 0.25 and 0.50, 0.50 and 1.00, and 1.00 and 2.00 are interpolated between the nearest two payout percentages based on the actual cash flow ratio achieved.

EXECUTIVE COMPENSATION

The use of a threshold amount of contract revenues ensures that the Company's performance exceeds a pre-established base level before any award is earned. Thus, under Part 1 of the plan, no incentive award is earned unless a base level of annual performance has been achieved. The reliance on cash flow and earnings measures in determining the payout amount reflects the importance to the Company of both operating margins and cash flow discipline.

The fiscal 2024 performance goals were structured so that acceptable margins without solid cash flows would have resulted in only a partial award payment, while solid cash flows absent acceptable margins would have resulted in no award payment at all. Once the threshold percentage is achieved, only incremental cash flows and incremental Operating Earnings generate an increase to the award payout. The use of both Operating Earnings and cash flow as performance measures ensures that only high-quality earnings and operating cash flow discipline result in the payout of awards, as both income statement and balance sheet performance is required.

As a result of the Company's annual performance for fiscal 2024, Operating Earnings were above the threshold contract revenues and the payout ratio percentage and cash flow ratios were exceeded applicable to each of Mr. Nielsen and Mr. Peyovich.

Following the completion of audited financial results for fiscal 2024, the Compensation Committee certified the level achieved of the performance goals. The following table sets forth the results achieved against the performance goals and the determined payouts for Mr. Nielsen and Mr. Peyovich under Part 1:

Name	Eligible Operating Earnings Above Threshold Contract Revenues Attained	Percentage of Maximum Amount Attained	Cash Flow Ratio	Payout Ratio Percentage	Determined Payout under Part 1		
					Maximum Payout as a Percentage of Base Salary ⁽¹⁾	Determined Payout as a Percentage of Base Salary	Determined Payout
Steven E. Nielsen	\$210,993,495	87.7%	1.188	0.87%	176%	154%	\$ 1,837,753
Daniel S. Peyovich	\$209,751,699	87.8%	1.193	0.44%	132%	116%	\$ 927,103

Part 2 of Annual Incentive Plan

The Compensation Committee initially considers the payout level under Part 1 of the plan when determining whether Mr. Nielsen and Mr. Peyovich should be awarded a payout under Part 2 of the plan. The Compensation Committee, in its discretion, then considers other financial, non-financial performance and individual performance factors to determine whether the payout level under Part 2 should deviate from the payout level under Part 1 of the plan.

For fiscal 2024, the maximum payout as a percentage of base salary available under Part 2 of the plan was 44.0% for Mr. Nielsen and 42.0% for Mr. Peyovich.

In making its decisions with respect to the amount to be paid to Mr. Nielsen and Mr. Peyovich under Part 2 for fiscal 2024, the Compensation Committee considered the payout level under Part 1 of the plan and concluded that the Determined Payout under Part 1 of the plan was warranted and no discretionary adjustments to the payout were necessary. As a result, the Compensation Committee determined that Mr. Nielsen and Mr. Peyovich should be awarded the maximum payout under Part 2 of the plan.

The following table sets forth the amounts determined for Mr. Nielsen and Mr. Peyovich under Part 2:

Name	Percentage of Maximum Amount Attained	Determined Payout under Part 2	
		Determined Payout as a Percentage of Base Salary	Determined Award Payout
Steven E. Nielsen	68%	44%	\$ 518,274
Daniel S. Peyovich	88%	42%	\$ 337,128

Annual Cash Incentive Awards—Named Executive Officers other than Chief Executive Officer and Chief Operating Officer

Each fiscal year, the Chief Executive Officer prepares a recommendation to the Compensation Committee regarding annual cash incentive awards for each of the other Named Executive Officers, other than the Chief Operating Officer. References under this subheading to other Named Executive Officers exclude the Chief Executive Officer and the Chief Operating Officer. The Chief Executive Officer's recommendations result from a two-step analysis. First, the overall financial performance of the Company is evaluated in order to determine the appropriate level of total annual cash incentive awards for all eligible employees, including the other Named Executive Officers. Second, the Chief Executive Officer evaluates the individual performance of the other Named Executive Officers against ranges of annual award opportunities that were established at the beginning of the fiscal year and correspond to minimum and maximum percentages of base salary earned for the fiscal period. The purpose of this process is to ensure that individual awards reflect an appropriate balance between the overall financial performance of the Company and the individual executive's performance.

The Chief Executive Officer presents his evaluation of the individual performance of the other Named Executive Officers and his recommendations regarding the annual cash incentive compensation for each of those officers to the Compensation Committee during the first quarter of the following fiscal year. Within the overall context of the financial performance of the Company, this evaluation depends on an overall analysis, including subjective elements, of the effectiveness of the individual executive and their ability to meet Company expectations.

After reviewing the recommendations of the Chief Executive Officer, the Company's financial performance for fiscal 2024 and the individual performances of each of Mr. DeFerrari, Mr. Lawson and Mr. Urness, the Compensation Committee determined the cash incentive awards set forth below for fiscal 2024.

- Mr. DeFerrari was awarded \$548,100, or 91.4% of his fiscal 2024 base salary, compared to \$548,100, or 94.5% of his base salary for fiscal year 2023. This amount reflected Mr. DeFerrari's continued leadership and management of the Company's financial function.
- Mr. Lawson was awarded \$276,500, or 70% of his fiscal 2024 base salary, compared to \$69,231, or 60.0% of his base salary for fiscal 2023. This amount reflected Mr. Lawson's contributions to the Company's human resources function.
- Mr. Urness was awarded \$444,600, or 85.5% of his fiscal 2024 base salary, compared to \$427,500, or 85.5% of his base salary for fiscal year 2023. This amount reflected Mr. Urness' continued leadership and management of the Company's strategic legal issues.

The annual incentive awards paid to each of the other Named Executive Officers is set forth in the "Bonus" column of the Summary Compensation Table on page 51 of this Proxy Statement.

Long-Term Equity-Based Compensation

During fiscal 2024, Named Executive Officers were eligible to receive grants of long-term equity-based compensation awards under the Company's 2012 Long-Term Incentive Plan. Equity-based awards made to the Named Executive Officers have historically consisted of time vesting restricted stock units, performance-based restricted stock units and time vesting stock options. Each year, the Compensation Committee determines which mix of equity-based instruments will best achieve the objectives of the executive compensation program.

In making this determination, the Compensation Committee takes into consideration key business priorities, Peer Group trends, potential shareholder dilution, general business and industry conditions, the general economic environment, the Company's strategic business objectives and each Named Executive Officer's experience, skills and potential contributions to Company performance. Using these factors, the Compensation Committee sets meaningful objectives for the Company's annual performance goals. In addition, the Compensation Committee considers the long-term incentive value of the equity-based awards to the Named Executive Officers as balanced against the corresponding compensation expense to the Company. As a result, this allocation of equity-based instruments may vary from year to year because of changes to one or more of the foregoing factors.

The Compensation Committee granted long-term equity awards to the Named Executive Officers in March 2023 and intends to consider making grants of long-term equity awards each March. While the Compensation Committee does not use a fixed percentage or formula, it generally targets the aggregate value of such long-term equity awards to the median of comparable positions in the Peer Group. For Named Executive Officers other than the Chief Executive Officer,

EXECUTIVE COMPENSATION

individual long-term equity awards are recommended by the Chief Executive Officer for consideration and approval by the Compensation Committee. In limited instances, long-term equity awards may also be granted to recognize outstanding performance during the year or at the initiation of employment for newly hired key executives. During fiscal 2024, no equity awards were made to the Named Executive Officers outside of the Company's regular equity grant cycle in March 2023.

For fiscal 2024, the Compensation Committee determined that a 40%, 40% and 20% allocation among performance vesting restricted stock units, time vesting stock options and time vesting restricted stock units (based on the grant date values provided to the Compensation Committee by the Compensation Consultant) would be appropriate for long-term equity awards to be granted to the Chief Executive Officer and the Chief Operating Officer. The Compensation Committee determined this allocation was appropriate for the Chief Executive Officer and Chief Operating Officer to properly incentivize their performance for fiscal 2024 and to reward their contributions to Company performance. In March 2023, the Compensation Committee also determined that a 47.5% allocation of time vesting restricted stock units and 52.5% allocation of performance vesting restricted stock units would be appropriate for the other Named Executive Officers, including Messrs. DeFerrari, Lawson and Urness. The Compensation Committee determined this allocation was appropriate for retaining these executive officers and rewarding their contributions to Company performance.

The Compensation Committee's usual practice in determining the number of performance vesting restricted stock units, time vesting restricted stock units and stock options to be awarded to the Named Executive Officers, is to use the average closing price of the Company's common stock on the New York Stock Exchange for the 45-day trading period ending on the second trading day prior to the applicable date of grant; provided that the 45-day average may not be more than 5% above or below the actual stock price at the end of such 45-day period. This methodology generally reduced the risk that short-term movements in the Company's stock price could positively or negatively impact the determination of the number of units or options to be awarded.

Performance-Vesting Restricted Stock Units

Performance-vesting restricted stock units focus on long-term operational performance, which creates shareholder value, while stock options and time vesting restricted stock units emphasize the Company's commitment to shareholder return. These grants are designed to align the interests of our executives with those of shareholders by encouraging executives to enhance the value of the Company and, hence, the price of the Company's stock. Furthermore, these long-term equity awards contain vesting provisions that require continuous service over multiple years and thereby promote executive retention. Except with respect to certain terminations following a change of control of the Company, continued employment at the time of vesting generally is required with respect to long-term equity awards.

On March 28, 2023, the Compensation Committee granted performance-vesting restricted stock units to each of the Named Executive Officers in line with the Company's pay-for-performance goals. These performance-vesting restricted stock units vest in three annual installments on each of March 30, 2024, March 30, 2025 and March 30, 2026, subject to the Company achieving annual pre-tax income and operating cash flow goals (the "Annual Goals") pre-established by the Compensation Committee for the applicable four-quarter period (a "Performance Year") ending on the last day of fiscal 2023, 2024 and 2025, respectively, consistent with the performance measurement period for outstanding performance vesting restricted stock units granted previously. We believe the use of annual operating performance goals demonstrates our commitment to pay-for-performance objectives as it keeps our executives focused on delivering results year-over-year that are aligned with enhancing shareholder value. As discussed below, in addition to the performance units earned when Annual Goals are met, each year the Named Executive Officers have the opportunity to earn supplemental restricted stock units if the Company achieves cumulative qualifying earnings and operating cash flow ratio goals based on the previous three applicable four-quarter periods (the "Three-Year Goals"). Upon the satisfaction of the relevant vesting requirements discussed below, each performance-vesting restricted stock unit is settled for one share of Company common stock.

The awards of performance-vesting restricted stock units granted to the Named Executive Officers for fiscal 2024 totaled \$3,750,776 in aggregate share value, based on the grant date fair value as of March 28, 2023. The Named Executive Officers received the following percentages of their respective base salaries in the form of performance vesting restricted stock units: Mr. Nielsen, 121%; Mr. DeFerrari, 122%; Mr. Peyovich, 103%; Mr. Lawson, 68%; and Mr. Urness, 91%.

For the annual performance unit awards granted in fiscal 2024 to vest, the Company's operating earnings with respect to the performance awards (before asset impairments, performance unit compensation, amounts recorded for changes to the Company's capital structure (debt or equity), including premium or other amounts associated with the

extinguishment, modification or termination of debt and debt-related agreements, and amounts associated with the issuance of new debt or equity instruments, and the impact of certain accounting charges and amounts for amortization of debt discount) (the "Performance Awards Operating Earnings") for the relevant Performance Year must exceed certain pre-established targets, which are set forth as a percentage of contract revenue. If Performance Awards Operating Earnings exceed the pre-established threshold target, the potential annual payout is determined based upon the ratio of operating cash flow to qualifying net income that is achieved for the relevant Performance Year. The components of the Annual Goals and the potential vesting percentage and annual payout of performance-vesting restricted stock units are set forth in the following table:

Performance Year Qualifying Performance Awards Operating Earnings	Potential Vesting Percentage⁽¹⁾	Performance Year Ratio of Operating Cash Flow to Qualifying Net Income⁽²⁾	Award Payout Percentage
2.5% or less of Contract revenue	None	Less than 0.25	75%
5.0% or more of Contract revenue	100%	1.0 or greater	100%

⁽¹⁾ For qualifying Performance Awards Operating Earnings between 2.5% and 5.0% of contract revenue, the percentage of the potential award vesting is interpolated between 0% and 100%.

⁽²⁾ For cash flow ratios between 0.25 and 1.0, the percentage of the potential award vesting is interpolated between 75% and 100%.

Due to the vesting requirements and the general uncertainty regarding the economy, including the industry in which the Company operates, the likelihood that the pre-established targets described above will be achieved may vary greatly from year to year. The use of a threshold amount ensures that performance exceeded a pre-established base level before any award is earned. The reliance on earnings and cash flow measures in determining the level of vesting reflects the importance to the Company of both operating margins and cash flows. Similar to the annual incentive plan, no award is earned absent acceptable margins and the level of award is reduced if the pre-established cash flow ratio is not met. The Compensation Committee believes that performance targets are set at a level consistent with superior performance.

If the Three-Year Goals are achieved, the Named Executive Officers will each vest in additional restricted stock units of up to 100% of the number of performance units vesting in that year upon the satisfaction of the relevant Annual Goals. Vesting of these supplemental units occurs only if cumulative Performance Awards Operating Earnings for the previous three-year periods exceed certain pre-established targets, which are set forth as a percentage of contract revenue for the previous three applicable three-year periods. No supplemental units will vest if the cash flow ratio does not equal or exceed 0.50, in each case over the same cumulative three-year periods.

The components of the Three-Year Goals for fiscal 2024 and the potential payout of performance units are set forth in the following table:

Cumulative Qualifying Earnings for the Applicable Three-Year Period	Potential Vesting Percentage⁽¹⁾	Cumulative Ratio of Operating Cash Flow to Qualifying Net Income for the Applicable Three-Year Period⁽²⁾	Supplemental Payout Percentage
5.0% or less of Contract revenue	None	Less than 0.50	0%
10% of Contract revenue or greater	100%	1.0 or greater	100%

⁽¹⁾ For qualifying earnings between 5.0% and 10% contract revenue, the percentage of the potential award vesting is interpolated between 0% and 100%.

⁽²⁾ For cash flow ratios between 0.50 and 1.0, the percentage of the potential award vesting is interpolated between 0% and 100%.

Supplemental units are only earned when the Annual Goals are met. Consequently, strong prior performance does not ensure vesting if unaccompanied by current performance. The three-year performance required to earn supplemental units is more difficult to achieve than that required to earn an annual target award and is based on the Company's three-year cumulative Performance Awards Operating Earnings (adjusted as described above) as a percentage of contract revenue and three-year cumulative operating cash flow performance attained. The performance measures selected, operating margin and cash flow, require both income statement and balance sheet performance on a three-year cumulative basis. These performance measures provide that good margins without acceptable cash flows result in reduced vesting of the annual awards or the elimination of vesting of any supplemental awards, while acceptable cash flows absent acceptable margins result in no vesting.

Stock Options

Stock options align employees' incentives with those of the Company's shareholders because stock options have value only if the Company's stock price increases from the date of grant. Stock options also inherently reward performance, as it is the Company's performance over an extended period that causes the value of its common stock, and the value of the stock options, to increase.

In March 2023, the Compensation Committee granted time vesting stock options having an aggregate grant date value of approximately \$2,321,732 based on the Black-Scholes model valuation to the Chief Executive Officer and the Chief Operating Officer at an exercise price equal to the closing price of the underlying Company common stock on the date of grant. The value of the individual stock option grant received by Mr. Nielsen and Mr. Peyovich was approximately 124% and 106% of their base salaries for fiscal 2024, respectively. No stock options were granted to Mr. DeFerrari, Mr. Lawson, or Mr. Urness for fiscal 2024.

Information regarding stock options awarded during fiscal 2024 is shown in the Grant of Plan-Based Awards Table on page 52 of this Proxy Statement.

Time Vesting Restricted Stock Units

A time vesting restricted stock unit is designed to enhance retention of the Named Executive Officers by rewarding continued employment, as terminating employment generally results in the forfeiture of the unvested awards. This retention effect is further enhanced if the price of the Company's common stock increases.

Because the value of time vesting restricted stock units increases as the market value of the Company's common stock increases, time vesting restricted stock units also incent award recipients to drive performance that leads to improvement in the market value of the Company's common stock. The shares of common stock received by the Named Executive Officers (other than the Chief Executive Officer) upon vesting of the time vesting restricted stock units are subject to shareholding requirements. See "Stock Ownership Guidelines for the Chief Executive Officer" and "Shareholding Requirements" beginning on page 49 of this Proxy Statement.

EXECUTIVE COMPENSATION

In March 2023, the Compensation Committee granted time vesting restricted stock units having an aggregate grant date value of approximately \$2,473,064 to the Named Executive Officers. The value of these individual grants was approximately 61% of Mr. Nielsen's base salary, 110% of Mr. DeFerrari's base salary, 52% of Mr. Peyovich's base salary, 62% of Mr. Lawson's salary, and 83% of Mr. Urness' base salary for fiscal 2024.

Information regarding the fair value and the number of time-vesting restricted stock units that the Named Executive Officers were granted during fiscal 2024 is shown in the Grant of Plan-Based Awards Table on page 52 of this Proxy Statement.

Other Benefits

The Company provides a range of retirement and health and welfare benefits that are designed to assist in attracting and retaining employees and to reflect general industry competitive practices. The Named Executive Officers are eligible for the following benefits:

401(k) Plan

The Company maintains a tax qualified defined contribution retirement plan (the "401(k) Plan") that covers substantially all salaried and hourly employees. Each of the Named Executive Officers participates in the 401(k) Plan. Participants may contribute up to 75% of their compensation on a before-tax basis into their 401(k) Plan accounts, subject to statutory limits. In addition, the Company matches an amount equal to 50% for each dollar contributed by participants on the first 6% of their eligible earnings. For calendar year 2023, the prescribed annual limit was \$20,500 and for calendar year 2024, the prescribed annual limit was \$22,500. The Compensation Committee believes that providing a vehicle for tax-deferred retirement savings through our 401(k) Plan, and making matching contributions adds to the overall desirability of our executive compensation package and further incentivizes our employees, including our executive officers, in accordance with the Company's compensation policies.

Health and Welfare Plans

Benefits for active employees such as medical, dental, vision, life insurance and disability coverage are available to substantially all salaried and hourly employees through the Company's flexible benefits plan. Employees contribute to the cost of the benefits plan by paying a portion of the premium costs.

Named Executive Officers participate in the medical, dental and vision plans on terms identical with those afforded all other employees. In addition, the Company provides certain key employees, including the Named Executive Officers, with additional life insurance and disability coverage at no cost to the individual. The amount paid on behalf of the Named Executive Officers is set forth in the "All Other Compensation" column of the Summary Compensation Table on page 51 of this Proxy Statement.

Perquisites and Executive Benefits

The Company provides executive officers, including the Named Executive Officers, with limited perquisites and executive benefits, namely, premiums paid by the Company for group term life insurance and long-term disability insurance. As described above, the Company also provides matching contributions to the 401(k) Plan on the same basis as those matching contributions made for all other employees of the Company. The Compensation Committee periodically reviews the perquisites provided to the Company's executive officers under the executive compensation program.

Severance and Change of Control Benefits

Messrs. Nielsen, DeFerrari, Peyovich, Lawson and Urness are provided with severance benefits under individual arrangements negotiated with the Company. The Company provides for the payment of severance benefits to these executives upon certain types of employment terminations both on or prior to and following a change of control. The terms and payment amounts reflect the Compensation Committee's determination of competitive practices at those companies that the Company competes with for executive talent at the time the arrangements were entered into and were based, in part, on market information provided by its independent compensation consultant. The terms of the

individual arrangements are described below under “Employment and Separation Agreements” beginning on page 64 of this Proxy Statement, and a calculation of the estimated severance benefits that would be payable to each executive under their respective arrangements upon the occurrence of certain events, is set forth under the Potential Payments Upon Termination of Employment or Change of Control table beginning on page 61 of this Proxy Statement.

Stock Ownership Guidelines for the Chief Executive Officer

The Board of Directors has established stock ownership guidelines for the Chief Executive Officer and the non-employee directors to further align their economic interests with those of the Company's shareholders. The stock ownership guidelines for the non-employee directors are further described under “Board of Directors and Corporate Governance Information—Board Practices, Policies and Processes—Shareholding Requirements and Stock Ownership Guidelines for Non-Employee Directors” on page 22 of this Proxy Statement. Under these guidelines, stock ownership includes shares (including time vesting restricted stock units) owned directly or held in trust by an individual. The guidelines do not include shares that an individual has the right to acquire through stock options, performance vesting restricted stock or performance vesting restricted stock units. The guidelines require share ownership expressed as a number of shares of Company common stock that approximates a value of five times the Chief Executive Officer's annual base salary as of the Effective Date. The Chief Executive Officer generally is expected to comply with the stock ownership guidelines within five years of becoming subject to the guidelines.

After the Effective Date, the number of shares expected to be owned by an individual initially appointed to the position of Chief Executive Officer shall be determined based on the value of a share of common stock of the Company on the date of his or her appointment and his or her annual base salary as of that date.

The Chief Executive Officer is required to retain 50% of the net after-tax time vesting restricted stock or time vesting restricted stock units he or she acquires under the Company's equity plans until the applicable threshold is achieved. Once achieved, ownership of the guideline amounts must be maintained for as long as the Chief Executive Officer is subject to these guidelines.

The Board of Directors periodically reviews the stock ownership guidelines and updates them as required. As of January 27, 2024, Mr. Nielsen held a total of approximately 680,732 shares of the Company's common stock under the guidelines and exceeded the stock ownership threshold requirement of 101,812 shares.

Prohibition on Hedging, Pledging and Short Sales

As further described under “Prohibition of Hedging or Pledging of Company Stock by Non-Employee Directors and Executive Officers” on page 23 of this Proxy Statement, no member of the Company's Board of Directors, officers or other employee of the Company, or consultant or contractor to the Company, may directly or indirectly participate in transactions involving trading activities that by their nature are aggressive or speculative, or may give rise to an appearance of impropriety. We prohibit such persons from engaging in short sales, pledges or derivative security transactions.

Shareholding Requirements

Named Executive Officers (other than the Chief Executive Officer) and other key employees who receive awards of time vesting restricted stock and time vesting restricted stock units are generally subject to shareholding requirements, which require them to retain a number of shares that vest from certain equity awards on account with the Company's stock transfer agent in an amount that is equal in value to the recipient's base salary then in effect. Once that threshold is reached, the recipient is free to sell shares in excess of that threshold with respect to those equity awards, but must continue to hold those shares required to satisfy the applicable threshold during the term of their employment with the Company.

Reflecting these requirements, as of January 27, 2024, Company employees (other than the Chief Executive Officer) collectively held, on account with the Company's stock transfer agent, a total of approximately 126,943 shares. As of January 27, 2024, all of the Named Executive Officers had either exceeded their respective goals or are expected to make satisfactory progress towards achieving their goals during fiscal 2025.

EXECUTIVE COMPENSATION

The table below presents the number of shares held individually by the Named Executive Officers (other than the Chief Executive Officer) pursuant to this shareholding requirement, as well as the total number of shares held individually by the Named Executive Officers (other than the Chief Executive Officer), in each case, as of January 27, 2024:

Name	Number of Shares Held Pursuant to Shareholding Requirement as of January 27, 2024	Total Number of Shares Held as of January 27, 2024

Ryan F. Urness	3,301	12,834

Compensation Committee Interlocks and Insider Participation

Jennifer M. Fritzsche, Eitan Gertel, Carmen M. Sabater and Richard K. Sykes are members of the Compensation Committee. No member of the Compensation Committee is a current or former officer or employee of the Company. In addition, there are no compensation committee interlocks between the Company and other entities involving the Company's executive officers and the members of the Board of Directors who serve as executive officers of those other entities.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the preceding Compensation Discussion and Analysis as required by Item 402(b) of Regulation S-K. ⁽¹⁾ For fiscal 2024, shows incentive compensation awards under the Annual Incentive Plan and bonuses, in each case as determined by the Compensation Committee. Mr. Lawson commenced his employment with the Company on October 10, 2022. During fiscal 2023, Mr. Lawson was entitled to a one-time “make whole” cash payment of \$100,000 paid in October 2022, subject to Mr. Lawson’s continued employment with the Company. This “make whole” payment was intended to replace a portion of Mr. Lawson’s then existing cash and equity awards from his former employer, which were forfeited.

⁽²⁾ Amounts in these columns represent the aggregate grant date fair value of stock and option awards granted during the relevant fiscal years computed in accordance with Financial Accounting Standards Board Accounting Standard Codification Topic 718, Compensation-Stock Compensation (“FASB ASC 718”). These amounts do not reflect whether the recipient has actually realized or will realize a financial benefit from the awards (such as by exercising stock options). For performance-based awards included in the “Stock Awards” column, the grant date fair value assumes that the Company achieves target performance measures for the applicable performance periods rather than the maximum potential value. Please refer to “—Compensation Discussion and Analysis—Long-Term Equity-Based Compensation” beginning on page 43 of this Proxy Statement for a description of the performance vesting restricted stock units, stock options and time vesting restricted stock units (see footnote 3 below for the maximum potential value of the performance vesting restricted stock units). For information on the valuation assumptions used in these computations, see Note 19 to the Consolidated Financial Statements included in the Company’s Annual Report on Form 10-K for fiscal 2024. The terms applicable to the stock awards and the option awards granted for fiscal 2024 are set forth below in the Grant of Plan-Based Awards Table.

⁽³⁾ The maximum potential grant date fair value for the fiscal 2024 performance vesting restricted stock units in the “Stock Awards” column for Mr. Nielsen was \$2,894,726. The number of performance vesting restricted stock units that will vest could be zero, depending on performance over the relevant period. The value realized of any units that vest will depend on the stock price at the time of vesting.

⁽⁴⁾ The grant date fair value for the fiscal 2024 time vesting restricted stock units included in the “Stock Awards” column was as follows: Mr. Nielsen - \$723,729; Mr. DeFerrari - \$662,935; Mr. Peyovich - \$413,586; Mr. Lawson - \$243,079; and Mr. Urness - \$429,735. The value realized will depend on the stock price at the time of vesting.

⁽⁵⁾ All Other Compensation for fiscal 2024 consists of: (i) Company contributions to the Dycom Industries, Inc. Retirement Savings Plan (Mr. Nielsen - \$9,974; Mr. DeFerrari - \$9,948; Mr. Peyovich - \$12,208; Mr. Lawson - \$9,571; Mr. Urness - \$10,367); (ii) premiums paid by the Company for group term life and long-term disability insurance (Mr. Nielsen - \$1,446; Mr. DeFerrari - \$1,386; Mr. Peyovich - \$1,386; Mr. Lawson - \$1,386; Mr. Urness - \$1,386); (iii) moving expense paid for Mr. Lawson - \$99,132.

⁽⁶⁾ Represents total of all columns in table.

⁽⁷⁾ Mr. Lawson commenced his employment with the Company on October 10, 2022.

⁽¹⁾ For fiscal 2024, shows incentive compensation awards under the Annual Incentive Plan and bonuses, in each case as preliminarily determined by the Compensation Committee subject to discretionary adjustment.

⁽²⁾ Represents performance vesting restricted stock units (“PRSUs”) awarded in fiscal 2024 under the Company’s 2012 Long-Term Incentive Plan. The PRSUs vest in three substantially equal annual installments commencing on or about the anniversary of the date of grant, subject to meeting certain one-year performance measures. The Named Executive Officers also have an opportunity to vest in supplemental units if the Company satisfies certain three-year performance measures. The relevant one- and three-year performance periods will end on the last day of each of fiscal 2024, fiscal 2025 and fiscal 2026.

⁽³⁾ Represents time vesting restricted stock units (“TRSUs”) granted under the Company’s 2012 Long-Term Incentive Plan. The TRSUs generally vest in four equal annual installments commencing on the anniversary date of the grant.

⁽⁴⁾ Represents stock options granted under the Company’s 2012 Long-Term Incentive Plan. The stock options vest in four equal annual installments commencing on the anniversary of the date of the grant.

⁽⁵⁾ The amounts in this column do not represent amounts that Named Executive Officers received or are entitled to receive. As required by SEC rules, this column represents the grant date fair value of PRSUs at target amounts, TRSUs, and stock options granted to the Named Executive Officers during fiscal 2024. The grant date fair value is the amount that the Company will recognize in its financial statements over the award’s vesting schedule, subject to any forfeitures. For PRSUs, the Company will recognize expense only to the extent performance measures are achieved. The grant date fair value was determined under FASB ASC 718. See Note 19 to Consolidated Financial Statements in the Company’s Annual Report on Form 10-K for fiscal 2024 regarding assumptions underlying valuation of equity awards.

CEO PAY RATIO

Pursuant to Item 402(u) of Regulation S-K and Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company is required to disclose the ratio of the annual total compensation of its Chief Executive Officer to the annual total compensation of the median employee of the Company (the "Pay Ratio Disclosure").

For fiscal 2024:

- The median of the annual total compensation for all of the Company's employees, other than the Chief Executive Officer (the "median employee") was \$58,761.48.
- The Chief Executive Officer's annual total compensation was \$7,207,277.

Based on this information, our Chief Executive Officer's annual total compensation is 123 times that of the annual total compensation of the median employee.

For fiscal 2024, we used the same median employee that we had identified as of December 31, 2021 because we believe that there have been no changes in our employee population or our compensation arrangements since December 2021 that would result in a significant change in our pay ratio disclosure or our median employee. We selected December 31, 2021, as the original determination date for identifying the median employee, based on base salary and overtime paid during the 12-month period ending on that date and have updated the median employee's compensation information for fiscal 2024, using a new determination date of January 27, 2024, because it was also the date of the final pay period for fiscal 2023 (the "Determination Period"). As in 2023, our median employee was a full-time, salaried employee working in the United States as a Supervisor of Administrative Services. To identify the median employee in fiscal 2021, we used the following compensation assumptions: (i) the compensation of any employee who was not employed during the entire Determination Period was annualized; (ii) the compensation of any temporary employee who did not work throughout the entire Determination Period was prorated, (iii) no cost of living adjustments were applied; and (iv) base salary and overtime were considered for our consistently applied compensation measure because we believe it reasonably reflects the annual compensation of all our employees as we do not grant equity awards or bonuses to a large percentage of the employee population.

To identify the compensation of our median employee in fiscal 2024, we considered base salary. As a salaried employee, overtime is not applicable. The resulting fiscal 2024 total compensation of our median employee was \$58,761.48. Our Chief Executive Officer's total compensation for fiscal 2024 was \$7,195,857, as reflected in the Summary Compensation Table.

With respect to our median employee, the Company then identified and calculated the elements of such employee's compensation for fiscal 2024 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K. With respect to the annual total compensation of our Chief Executive Officer, we used the amount reported in the "Total" column of the 2024 Summary Compensation Table included on page 51 of this Proxy Statement.

The Pay Ratio Disclosure presented above is a reasonable estimate. Because the SEC rules for identifying the median employee allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the Pay Ratio Disclosure reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

2024 PAY VERSUS PERFORMANCE TABLE AND SUPPORTING NARRATIVE

For further information about how we align executive compensation with the company's performance, see "Compensation Discussion & Analysis" on page 33 above.

Adjusted operating income is reduced by (a) income taxes using the Company's effective tax rate and (b) amounts included in the provision for income taxes due to the application of FASB Accounting Standards Update No. 2016-09, Compensation – Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting to arrive at Qualifying Net Income.
- (7) The following adjustments were made to SCT total compensation to determine "compensation actually paid" for our NEOs. No adjustments were required in respect of pension plans, modifications to prior option grants, or dividend payments as none of these items are applicable to Dycom during the reported timeframe.

POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT OR CHANGE OF CONTROL

The Company has entered into certain arrangements that will require it to provide compensation to each of Messrs. Nielsen, DeFerrari, Peyovich, Lawson and Urness in the event of certain terminations of employment or a change of control of the Company. The amount of compensation that is potentially payable in each situation is shown in the table below. The amounts assume that a termination of employment and/or change of control event occurred on January 27, 2024 and, where applicable, uses the closing price of a share of the Company's common stock as of January 27, 2024 (\$115.18).

The amounts for Mr. Nielsen, Mr. DeFerrari, Mr. Peyovich, Mr. Lawson and Mr. Urness are estimates based only on hypothetical assumptions and do not necessarily reflect the actual amounts that would be paid to each such Named Executive Officer, which would be known only at the time they become eligible for payment. The amounts are in addition to (i) vested or accumulated benefits generally under the Company's 401(k) plan; (ii) benefits paid by insurance providers under life and disability insurance policies; and (iii) accrued vacation payments.

- a pro-rata annual bonus for the year in which such termination or resignation occurs equal to the greater of (i) the average amount of the annual bonus paid to him during the three fiscal years immediately preceding such termination or resignation or (ii) the annual bonus that he would have received based on the actual performance achieved through the date of such termination or resignation. The annual bonus amount will be prorated based upon the number of days worked during the year of such termination or resignation and will be payable in a single lump sum within five days following such termination or resignation.
- continued participation in the Company’s health and welfare plans for a period of three years following his termination or resignation or a cash payment equal to the value of the benefit.
- all outstanding equity awards held by Mr. Nielsen at the time of his respective resignation of employment with the Company for Good Reason or termination of employment by the Company without Cause following a Change in Control will fully and immediately vest and all outstanding performance shares, performance share units or equivalent awards will vest at their target performance levels.

Non-Renewal of Nielsen Employment Agreement If the Company or Mr. Nielsen delivers a final non-renewal notice, Mr. Nielsen's employment will terminate due to retirement at the end of the one-year notice period (subject to a change in control not occurring during that period). In that event, Mr. Nielsen would be entitled to receive a pro rata annual bonus for the fiscal year of his separation from service based on actual results and payable after performance is certified. In addition, outstanding equity awards held by Mr. Nielsen at the time of his retirement would be treated as follows: (i) performance based full-value awards would continue to vest for two years and be earned based on actual performance measured at the end of the original performance period, (ii) time vesting full-value awards would continue to vest for three years, (iii) stock options would continue to vest on their terms as if Mr. Nielsen did not have a separation from service and remain exercisable until the original expiration date, and (iv) any other equity awards would continue to vest in accordance with their terms. Mr. Nielsen will be subject to customary non-competition and non-solicitation covenants during the continued vesting period. If Mr. Nielsen dies following the date of retirement, all outstanding equity awards at such time, to the extent unvested, would become fully vested, with performance-based awards vesting at target. Mr. Nielsen and his spouse also will continue to participate in the Company's health plans until such time that Mr. Nielsen is eligible for Medicare (or receive a cash payment in lieu of participation if participation is not permitted).

Restrictive Covenants and Release Mr. Nielsen is subject to a five-year confidentiality covenant and one-year non-competition and non-solicitation covenants. Mr. Nielsen is also subject to an assignment of inventions and developments agreement and severance payments will require a written release of any and all claims against the Company prior to payment. Severance payments will also require a written release of any and all claims against the Company prior to payment.

Accordingly, on April 12, 2024, the Company sent a Notice Regarding the Availability of Proxy Materials (the "Notice") to shareholders of record. How do I vote?

Shareholders of Record: Shares Registered in Your Name

If your shares are held in your name you are considered, with respect to those shares, the “shareholder of record.” If you are a stockholder of record, there are several ways for you to vote your shares. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure that your vote is counted:

- *By Mail.* If you are a shareholder of record, and you will receive your proxy materials by mail, you may vote using your proxy card by completing, signing, dating and returning the proxy card in the self-addressed, postage-paid envelope provided. You should mail the proxy card or voting instruction form in plenty of time to allow delivery prior to the meeting. Do not mail the proxy card or voting instruction form if you are voting over the Internet or by telephone. If you properly complete your proxy card and send it in time to vote, your proxy (one of the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your shares will be, as permitted, voted as recommended by our Board of Directors. If any other matter is presented at the Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote in accordance with his or her best judgment. As of the date of this proxy statement, we know of no matters to be acted on at the meeting, other than those discussed in this proxy statement.
- *Voting by Telephone or Internet.* Please call the toll-free telephone number on the proxy card and follow the recorded instructions. Simply complete and mail the proxy card to ensure that your vote is counted. You may be eligible to vote your shares electronically over the Internet or by telephone. A large number of banks and brokerage firms offer Internet and telephone voting. If you hold your shares in "street name" and wish to change your vote at the Annual Meeting, you will need the unique 16-digit control number printed on your Notice or proxy card provided by your broker, bank or other nominee that holds your shares, to enter the meeting. Follow the instructions provided to vote. We encourage you to access the meeting prior to the start time leaving ample time for the check in.

You also may revoke your proxy prior to the Annual Meeting without submitting a new vote by filing an instrument of revocation with the Secretary of the Company by 5:00 p.m. Eastern Time on Wednesday, May 22, 2024.

What constitutes a quorum?

The presence in person or by proxy of the holders of a majority of the Company's common stock will constitute a quorum. Shareholders who participate in the 2024 Annual Meeting online at www.virtualshareholdermeeting.com/DY2024 will be considered to be attending the meeting in person for purposes of determining whether a quorum has been met. A quorum is necessary to transact business at the Annual Meeting. Shares of common stock represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. The Annual Meeting may not commence if a quorum is not present.

Will my shares be voted if I do not provide my proxy?

If you are a shareholder of record and you do not vote or provide a proxy, your shares will not be voted.

Your shares may be voted if they are held in "street name," even if you do not provide the brokerage firm, bank or other nominee with voting instructions. Brokerage firms have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions at least 15 days before the date of the Annual Meeting on ratification of the appointment of the Company's independent auditor and certain other "routine" matters, but not for "non-routine" matters. As a result, if your shares are held in "street name" and you do not submit voting instructions to your brokerage firm, your shares will be treated as "broker non-votes" with respect to the election of directors (Proposal 1) and the non-binding advisory vote to approve executive compensation (Proposal 2) and will not be counted in determining the outcome of those proposals.

We urge you to give voting instructions to your brokerage firm, bank or other nominee on all proposals.

What is the effect of an "abstain" vote?

Abstentions are considered to be present and entitled to vote with respect to each relevant proposal but will not be considered a vote cast with respect to that proposal.

What if I return my proxy card but do not mark it to show how I am voting?

If you sign and return your proxy card but do not indicate instructions for voting, your shares will be voted "FOR" each of Proposals 1, 2, and 3. With respect to any other matter which may properly come before the Annual Meeting, your shares will be voted at the discretion of the proxy holders.

Will any other matters be voted on at the Annual Meeting?

As of the date of this Proxy Statement, management of the Company knows of no other matter that will be presented for consideration at the Annual Meeting other than those matters discussed in this Proxy Statement and matters incidental to the conduct of the Annual Meeting. If any other matters are proposed and properly come before the Annual Meeting and call for a vote of shareholders, your proxy will be voted in the discretion of the proxy holders.

Can I receive future proxy materials electronically?

You can help the Company conserve natural resources and reduce the cost of printing and mailing proxy statements and annual reports by opting to receive future mailings electronically. To enroll, please go to the website www.proxyvote.com, with your proxy card in hand, and follow the instructions.

What is the deadline for appointment of proxies by telephone or the internet, or by returning my proxy card?

Shareholders should complete and return the proxy card as soon as possible. To be valid, your proxy card must be completed in accordance with the instructions on it and received by the Company no later than **11:59 p.m., Eastern Time, on Wednesday, May 22, 2024**. If you appoint your proxy by telephone or the internet, the Company must receive your appointment no later than 11:59 p.m., Eastern Time, on Wednesday, May 22, 2024. If your shares of common stock are held in "street name," you should follow the voting directions provided by your bank, broker or other nominee.
