INFORMATION RELATING TO THE BOARD OF DIRECTORS AND COMMITTEES

In General

The Board currently consists of ten Directors, eight of whom are Independent Directors as that term is defined under NASDAQ listing standards and the Company's Corporate Governance Guidelines, and two of whom are not Independent Directors by virtue of the fact that they are the Company's Chief Executive Officer and Chief Financial Officer, respectively.

In January of 2004, the Company retained the services of Korn/Ferry International to work with it in the recruitment of new Directors to add to the Board. On June 3, 2004, Ms. Monaco and Mr. Montgoris were elected to the Board. On October 4, 2004, Sharon Mosse was extended an invitation to join the Board and she accepted effective that date.

Corporate Governance

Corporate Governance Guidelines. The Board has adopted written Corporate Governance Guidelines (the "Governance Guidelines") to assist the Board in the exercise of its corporate governance responsibilities. The purpose of the Governance Guidelines is to provide a structure within which Directors and the Company's management can monitor the effectiveness of policy and decision making both at the Board and management level, with a view to enhancing shareholder value over the long term. The Governance Guidelines are available on the Company's website at www.stagestoresinc.com. They can be accessed by clicking "Investor Relations", then "Corporate Governance", then "Corporate Governance Guidelines."

Director Independence. The Governance Guidelines require that a majority of the Directors must be Independent Directors and that no more than two of the Company's executive officers may serve on the Board at the same time. Eight of the Company's ten Directors are Independent Directors and all members of the Audit, Compensation and Corporate Governance and Nominating Committee are Independent Directors.

Lead Independent Director. The Governance Guidelines provide that if the Chairman of the Board is not an Independent Director, the Independent Directors must appoint a Lead Independent Director. Since Mr. Scarborough, the Chairman of the Board, is not an Independent Director, the Independent Directors have appointed Mr. Gilman as the Lead Independent Director. The Lead Independent Director is required to perform the following duties:

- Coordinate the activities of the Independent Directors;
- Provide the Chairman of the Board with input on agendas for the Board and Board committee meetings;
- Coordinate and develop the agenda for, and chair executive sessions and other meetings of, the Independent Directors;
- Facilitate communications between the Chairman of the Board and the other members of the Board, including communicating other members' requests to call special meetings of the Board;
- Discuss the results of the Chief Executive Officer's performance evaluation with the Chairman of the Compensation Committee; and
- Convey to the Chief Executive Officer, together with the Chairman of the Compensation Committee, the results of the Chief Executive Officer's performance evaluation.

Code of Ethics for Senior Officers. The Board, in order to promote ethical conduct in the practice of financial management throughout the Company, has adopted a Code of Ethics for Senior Officers (the “Code”). The Company believes that, in addition to the Chief Executive Officer, the Chief Financial Officer and the Controller each holds an important and elevated role in corporate governance. The Code is designed to deter wrongdoing and provides principles to which the Company’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions are expected to adhere and advocate. These principles embody rules regarding individual and peer responsibilities, as well as responsibilities to the shareholders, the public and others who have a stake in the Company’s continued success and reputation for excellence. The Code is available on the Company’s website at www.stagestoresinc.com. It can be accessed by clicking “Investor Relations”, then “Corporate Governance”, then “Code of Ethics for Senior Officers.” The Company intends to disclose future amendments to certain provisions of the Code, or waivers of such provisions granted to Directors and executive officers, if any, on its website within four business days following the date of such amendment or waiver or as otherwise may be required by the SEC.

Code of Ethics and Business Conduct. The Board has also adopted a Code of Ethics and Business Conduct (the “Code of Ethics”), which is the basic set of policies and procedures governing the behavior of all Directors, executive officers, and other employees of the Company (each employee an “Associate” and collectively the “Associates”) in conformance with NASDAQ Rule 4350(n). It is the Company’s policy to adhere to the highest standards of business ethics in all of its business activities. When Associates are engaged in any activity concerning the Company, its customers, competitors, suppliers, other Associates, shareholders or the general public, they must maintain standards of uncompromising integrity and conduct themselves in a professional manner with a positive, supportive attitude about the Company. The Code of Ethics is available on the Company’s website at www.stagestoresinc.com. It can be accessed by clicking “Investor Relations”, then “Corporate Governance”, then “Code of Ethics and Business Conduct.” The Company intends to disclose future amendments to certain provisions of the Code of Ethics, or waivers of such provisions granted to Directors and executive officers, if any, on its website within four business days following the date of such amendment or waiver or as otherwise may be required by NASDAQ or the SEC.

Non-Accounting Complaints. The Company has established procedures to enable anyone who has a concern about a violation of the Code of Ethics and Business Conduct or any other Company policy to report that concern through normal Company channels or anonymously. An Anonymous Ethics Hotline is maintained by an independent third party and is available 24 hours a day, 7 days a week.

Accounting Complaints. The Audit Committee has established procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters. These procedures, which are incorporated into the Company’s Code of Ethics and Business Conduct, (i) set forth a statement about the Company’s commitment to comply with the laws; (ii) encourage employees to inform the Company of conduct amounting to a violation of the applicable standards; (iii) describe prohibited conduct; (iv) set forth compliance procedures that employees can easily use, including making anonymous complaints, and (v) provide assurances that there will be no retaliation for reporting suspected violations.

Stock Ownership by Directors

The Board believes that Directors should be shareholders and have a financial stake in the Company in an amount that a Director deems appropriate. While the Board does not believe it appropriate to specify the level of stock ownership for individual Directors, it is anticipated that each Director will develop and maintain a stock position in the Company with an original investment of at least \$50,000 (the “Original Investment”). In determining whether the Director has achieved the Original Investment, the Director can include (i) a Director’s tax basis in any stock acquired by the Director in open market purchases, and (ii) the amount of any Director fees which the Director has designated to be used for the acquisition of restricted stock or Deferred Stock Units under the Company’s 2003 Non-Employee Director Equity Compensation Plan. Directors have three years from the date of their initial election to the Board to achieve the Original Investment.

Directors Meetings

Board Meetings. The Board held four meetings during 2004. During 2004, no current Director attended fewer than 75% of the aggregate of the total number of meetings of the Board and of meetings held by committees of the Board on which he or she was a member. In addition to regularly scheduled meetings, a number of Directors were involved in numerous informal meetings with management, offering valuable advice and suggestions on a broad range of corporate matters.

Executive Sessions. As described in the Governance Guidelines, the Independent Directors meet in regularly scheduled executive sessions without members of the Company's management.

Annual Meeting. It is the Board's policy that Directors should attend the Company's annual meeting of shareholders absent exceptional cause. Last year, all Directors attended the annual meeting of shareholders with the exception of Ms. Mosse, who did not become a Director until October 4, 2004.

Standing Committees

The Board has the following standing committees: Audit, Compensation, and Corporate Governance and Nominating. Each committee operates under a written charter which is periodically reviewed by the respective committee and the Corporate Governance and Nominating Committee.

Audit Committee

In General. The members of the Audit Committee are Alan Gilman (Chairman), Scott Davido, William Montgoris and Walter Salmon, all of whom are Independent Directors. The primary function of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and the audits of the financial statements and internal controls of the Company. The Audit Committee's primary responsibilities and duties are (i) to monitor the integrity of the Company's financial process and systems of internal controls regarding finance, accounting and legal compliance, (ii) to select, retain, terminate, determine compensation and oversee the work of the Company's independent registered public accounting firm, (iii) to ensure the independence and monitor the performance of the Company's independent registered public accounting firm and the performance of the Company's internal auditing department, (iv) to provide an avenue of communication between the independent registered public accounting firm and the Company's internal auditing department, and (v) to provide an avenue of communication among the independent registered public accounting firm, management, the Company's internal auditing department and the Board. The Audit Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities and duties, and it has direct access to the independent registered public accounting firm as well as anyone in the Company. The Audit Committee has the ability to engage, at the Company's expense, independent counsel and other advisers as it determines necessary to carry out its duties. The Audit Committee met eight times in 2004. The Audit Committee Report begins on page 22.

Audit Committee Charter. A copy of the Charter for the Audit Committee is included as Appendix A to this Proxy Statement. The Charter is also available on the Company's website at www.stagestoresinc.com. It can be accessed by clicking "Investor Relations", then "Corporate Governance", then "Audit Committee Charter."

Compensation Committee

In General. The members of the Compensation Committee are Michael Glazer (Chairman), Alan Gilman, John Mentzer, Margaret Monaco and Sharon Mosse, all of whom are Independent Directors. The primary function of the Compensation Committee is to administer the salary, bonus and other long-term incentive programs for the executive officers of the Company. The Compensation Committee met four times in 2004. The Compensation Committee Report begins on page 12.

Compensation Committee Charter. The Compensation Committee Charter is available on the Company's website at www.stagestoresinc.com. It can be accessed by clicking "Investor Relations", then "Corporate Governance", then "Compensation Committee Charter."

Corporate Governance and Nominating Committee

In General. The members of the Corporate Governance and Nominating Committee are Scott Davido (Chairman), Michael Glazer, John Mentzer, Margaret Monaco, William Montgoris and Walter Salmon, all of whom are Independent Directors. The Corporate Governance and Nominating Committee's primary functions are (i) to maintain and review the Governance Guidelines and propose changes to the Governance Guidelines as corporate governance developments warrant, (ii) to consider any Director candidates recommended by shareholders, (iii) to identify, recruit and recommend potential candidates for nomination as Directors to the Board and to nominate Directors for membership on Board committees, and (iv) to evaluate the overall performance of the Board. The Corporate Governance and Nominating Committee assists the Board in fulfilling its corporate governance and oversight responsibilities by reviewing corporate governance issues that may be brought before the Board, by exercising oversight over the Governance Guidelines, by nominating qualified individuals as Directors and reviewing their performance, and by reviewing applicable laws and regulations related to corporate governance matters. Annually, the Corporate Governance and Nominating Committee evaluates the overall performance of the Board and the Governance Guidelines. Periodically, the Corporate Governance and Nominating Committee reviews the compensation paid to the Directors. The Corporate Governance and Nominating Committee met four times during 2004.

Corporate Governance and Nominating Committee Charter. The Charter for the Corporate Governance and Nominating Committee is posted on the Company's website at www.stagestoresinc.com. It can be accessed by clicking "Investor Relations", then "Corporate Governance", then "Charter for the Corporate Governance and Nominating Committee."

Evaluation of the Directors, the Guidelines and the Board's Performance. With input from the other Directors, the Corporate Governance and Nominating Committee reports annually to the Board on its evaluation of the Directors, the Governance Guidelines, the committee charters, any other corporate governance policies, and the overall performance of the Board and any and all related party transactions (transactions involving the Company and any executive officer, Director, employee or their affiliates and immediate families), if any. Its evaluation is discussed with the full Board. With respect to the Board, the evaluation is of the Board's overall performance as a whole and specifically reviews areas in which the Board and management believes a better contribution could be made. The purpose of the evaluation is to increase the corporate governance effectiveness of the Board, not to target individual Directors. The Corporate Governance and Nominating Committee is responsible for establishing the evaluation criteria and implementing the process for the annual evaluation.

Director Qualifications; Process for Identifying and Evaluating Nominees. Nominees for Director must possess the following minimum qualifications: broad experience, wisdom, integrity, the ability to make independent analytical inquiries, an understanding of the Company's business environment, and a willingness to devote adequate time to Board duties. The Corporate Governance and Nominating Committee is responsible for assessing the appropriate balance of skills and qualifications required of Directors. In identifying and evaluating nominees for Director, including nominees recommended by shareholders, the Corporate Governance and Nominating Committee will implement such process as it deems appropriate including, in its sole discretion, retaining a third party or third parties to identify or evaluate or assist in identifying or evaluating potential nominees. However, at a minimum, each nominee for Director must (i) meet the minimum qualifications set forth above, (ii) have at least one interview

with the Corporate Governance and Nominating Committee and with any other Board member who requests an interview, and (iii) complete and sign the Company's Director Questionnaire in a form deemed appropriate by the Board prior to his or her nomination to the Board. Each Director must no less than annually complete and sign a Director Questionnaire in a form deemed appropriate by the Board. In the event any information contained on a Director's most recent Director Questionnaire becomes incomplete or inaccurate, it is the responsibility of the Director to provide complete and accurate information to the Corporate Governance and Nominating Committee within thirty days. When formulating its Director recommendations, the Corporate Governance and Nominating Committee will also consider any advice and recommendations offered by the Company's Chief Executive Officer and any other members of the Board.

Consideration of Shareholder Nominees. When formulating its Director recommendations, the Corporate Governance and Nominating Committee will also consider any written recommendations received from shareholders of the Company identifying the nominee and stating his or her qualifications. The Corporate Governance and Nominating Committee evaluates all nominees for Director in the same manner regardless of the source of the recommendation. For the Annual Meeting of Shareholders in 2006, recommendations for Director nominees must be submitted in writing by January 11, 2006 to the Corporate Governance and Nominating Committee, c/o Michael E. McCreery, Secretary, Stage Stores, Inc., 10201 Main Street, Houston, Texas 77025, and must include the names of such nominees, together with their qualifications for service as a Director of the Company.

Compensation of Directors

Directors who are full-time employees of the Company receive no additional compensation for serving on the Board. Directors who are not full-time employees of the Company receive the following compensation:

Annual Retainer. Directors receive a \$30,000 Annual Retainer, which is earned and paid pro rata over their term at the beginning of each month. The Annual Retainer is intended to compensate the Director for attendance at regularly scheduled quarterly Board meetings and Board Committee meetings held in conjunction with quarterly Board meetings, as well as periodic consultation and participation in teleconference meetings held for periodic Board updates.

Lead Independent Director Retainer. In addition to the Annual Retainer, the Lead Independent Director receives a \$70,000 Lead Independent Director Retainer, which is earned and paid pro rata over his or her term at the beginning of each month. The Lead Independent Director Retainer is intended to compensate the Lead Independent Director for the additional duties set forth in the Governance Guidelines.

Special Meeting Fee. Directors receive a Special Meeting Fee of \$1,500 per meeting for (a) their preparation and attendance at periodic meetings of the Board and Board Committees (which may be held by teleconference) called for the purpose of specific actions by the Board or Board Committee (consents, resolutions, etc.) and held at times other than in conjunction with regular quarterly meetings of the Board, and (b) their preparation and attendance at "ad hoc" Board Committee assignments held at times other than in conjunction with regular quarterly meetings of the Board.

Committee Chairman Fee. The Chairman of each Board Committee receives a Committee Chairman Fee of \$3,000 per year, which is earned and paid pro rata over the Chairman's term at the beginning of each month.

Stock Options. Upon their initial election to the Board on August 24, 2001, Messrs. Davido, Gilman, Glaser, Mentzer and Salmon were granted options to purchase 20,000 shares of the Company's common stock in three equal groupings with per share exercise prices of \$13.75, \$15.00 and \$16.25, respectively. Those options vest 25% of each grouping per year over four years from the date of grant and will expire if not exercised ten years from the date of grant.

As was the case with Ms. Monaco, Mr. Montgoris and Ms. Mosse, upon a new Director's initial election to the Board, the Director will be granted options to purchase 20,000 shares of the Company's common stock with an exercise price equal to the average high and low prices of the Company's common stock for the five trading days prior to the date the Director is elected to the Board (the "Base Options"). The exercise price of Ms. Monaco's and Mr. Montgoris' Base Options was \$37.50 and of Ms. Mosse's Base Options was \$34.20. The Base Options will vest

25% per year over four years from the date of grant and will expire if not exercised within ten years from the date of grant.

Upon a Director's reelection to the Board, the Director will be granted options to purchase 2,500 shares of the Company's common stock with an exercise price equal to the average high and low prices of the Company's common stock for the five trading days prior to the date the Director is reelected to the Board (the "Reelection Options"). The Reelection Options will vest 50% after two years and 50% after four years from the date of grant and will expire if not exercised within ten years from the date of grant.

A Director will forfeit any unvested Base Options and Reelection Options if the Director ceases to be a Director at any time prior to their vesting date other than due to (i) the fact that the Director's age prohibits the Director from serving as a Director, (ii) death, or (iii) permanent disability (as determined by the Board), at which time the unvested Base Options and Reelection Options will fully vest.

Restricted Stock; Deferred Stock Units. Under the Company's 2003 Non-Employee Director Equity Compensation Plan (the "Directors' Plan"), a Director may elect to receive the Annual Retainer, the Lead Independent Director Retainer, the Committee Chairman Fee and such other compensation as the Board may deem appropriate, as the case may be, either (a) in restricted stock, Deferred Stock Units ("DSU"), cash, or a combination of restricted stock, Deferred Stock Units and cash at the time that such compensation is earned, or (b) in cash or restricted stock at a later date. Any issuance of restricted stock in lieu of cash will be made by the Company on such terms and conditions as the Board may establish. In any event, in order to receive restricted stock, a Director must, at a minimum, (a) notify the Company of his or her election to receive restricted stock by executing an applicable Election Form, and (b) execute a Shareholder Agreement by which the Director agrees not to sell any of the restricted stock until the Director leaves the Board.

Each DSU is equal in value to a share of Company stock, but does not have voting rights. Individuals do not have investment power with respect to DSUs. The number of DSUs credited to a Director's account will be adjusted, as appropriate, to reflect any stock split, any dividend paid in cash and any dividend payable in shares of Company stock. At the election of the Director upon termination of his or her service as a Director, the DSUs will be distributed to the Director either (i) in cash, or (ii) in shares of Company stock.

Reimbursement of Expenses. Directors are reimbursed for actual expenses they incur while attending, or otherwise participating in, Board meetings, Board Committee meetings and "ad hoc" committee assignments.

COMPENSATION COMMITTEE REPORT

Compensation Policies for Executive Officers

In General. The Compensation Committee of the Board (the “Committee”) is comprised of the five Directors listed below, all of whom are Independent Directors. The Committee administers all executive officer compensation plans and approves all of the policies under which compensation is paid or awarded to the Company’s executive officers, including the Named Executive Officers. The Company’s executive officer compensation program is designed to align the interests of senior management with those of the Company’s shareholders. It is primarily intended to (i) provide appropriate incentives designed to aid in ensuring the accomplishment of the Company’s performance and financial objectives, (ii) help ensure that the Company is able to attract, motivate and retain top-quality management personnel, and (iii) ensure that an appropriate portion of executive officer compensation is variable and dependent upon the accomplishment of specific performance and financial objectives as well as increases in shareholder value.

The Company’s basic compensation program for executive officers currently consists of the following three elements: (i) base salary (“Base Salary”), (ii) pay for performance (“Incentive Bonus”) and (iii) long-term performance based incentives including stock options, restricted stock, performance shares, and other performance based stock unit vehicles (“Equity Incentive Awards”). It is the philosophy of the Committee to allocate a significant portion of compensation to variable performance-based compensation in order to reward executive officers for high achievement. As described below, each element of the Company’s executive compensation program has a somewhat different purpose. To enable the Company to obtain tax deductions for the full amount of performance-based compensation and awards under pertinent tax law, the Company’s shareholders approved the material terms of performance goals for the five-year period between the 2004 and 2009 annual meetings at the 2004 Annual Meeting.

The Committee believes that its principal responsibility is to incentivize and reward executive officer performance that will lead to long-term enhancement of shareholder value. Therefore, the Committee’s judgments regarding executive officer compensation in 2004 were primarily based upon the Committee’s assessment of each executive officer’s leadership performance and potential to enhance long-term shareholder value, rather than short term changes in the Company’s stock price.

Key factors affecting the Committee’s judgments included the nature and scope of the executive officer’s responsibilities and his or her effectiveness in leading the Company’s initiatives to successfully increase customer satisfaction, enhance Company growth, and propose, implement and ensure compliance with Company policies. The Committee also considered the compensation practices and performances of other major corporations that are most likely to compete with the Company for the services of executive officers. Based upon all factors which it considered relevant, the Committee considered it appropriate, and in the best interest of the shareholders, to set the overall level of the executive officer Base Salary, Incentive Bonus and Equity Incentive Awards in order to enable the Company to continue to attract, retain and motivate the highest level of executive officer leadership possible.

Base Salary. Base Salaries for executive officers are based upon a combination of factors including past individual performance, competitive salary levels, and the individual’s potential for making significant contributions to future Company performance.

Incentive Bonuses. Incentive Bonuses for executive officers and other key employees of the Company and its subsidiaries are determined annually and paid under the Company’s Bonus Incentive Plan. The Committee selects employees eligible to participate in the Bonus Incentive Plan. Each year, the Committee determines the specific annual bonus for each executive officer of the Company. Incentive Bonuses under the Bonus Incentive Plan are based on (i) the Company’s Pre-Tax Income and (ii) the Company’s comparable stores sales increases versus a designated comparator group, or some combination of those business criteria. Normal Incentive Bonus amounts paid can range from 0% up to 150% of Base Salary based upon actual results, subject to certain adjustments

specified by the Committee in writing. Incentive Bonuses are paid as soon as practicable following these determinations, except that the Committee may require deferral of, or may permit a participant to elect to defer, all or part of his or her Incentive Bonus.

Fiscal 2004 Incentive Bonuses and Payments. On March 18, 2005, the Committee approved the payment of Incentive Bonuses in 2005 for 2004 fiscal year performance to eight executive officers, including all Named Executive Officers. The Committee recognized that the Incentive Bonuses were negatively affected by the impact of the lease accounting changes reported by the Company in a Form 8-K filed on March 21, 2005. The Committee considered the fact that the lease accounting changes did not impact the trend of operations or net cash flow. As approved by the Company's shareholders, the business criteria described above are subject to adjustments by the Committee to remove or add the effect of unusual events. In addition, the Incentive Bonuses are subject to modification at the discretion of the Committee. The Committee, after consulting with its outside compensation consultant and considering all relevant information, concluded that the impact of the lease accounting changes constituted an unusual event which should not negatively affect the amount of the Incentive Bonuses to be paid in 2005. Therefore, the Committee approved the payment of additional, discretionary Incentive Bonuses to each of the eight executive officers in the aggregate amount of approximately \$268,000 to offset the negative impact of the lease accounting changes and to reward those individuals to the full extent they would have been rewarded had the lease accounting changes not been made.

Equity Incentive Awards. Equity Incentive Awards are long-term performance awards and are an important performance-based component of senior executive compensation. Equity Incentive Awards are granted under the Company's Amended and Restated 2001 Equity Incentive Plan (the "Plan"), which was designed to motivate executive officers and other key employees to contribute to the long-term growth of shareholder value. This approach is designed to encourage the creation of long-term shareholder value since the full benefit of such awards cannot be realized unless the stock price exceeds the exercise price. All Equity Incentive Awards are made under the Plan. Awards under the Plan can include, but are not be limited to, one or more of the following types, either alone or in any combination thereof: (i) stock options, (ii) stock appreciation rights, (iii) restricted stock, (iv) restricted stock units, (v) performance shares or units, or (vi) other stock-based awards.

Perquisites. The Company provides its Named Executive Officers with perquisites that the Company believes are reasonable, competitive and consistent with the Company's overall executive compensation plan. These perquisites include an automobile allowance and a financial planning allowance.

Other Compensation. The Committee reviewed the Company's executive retirement plans and the methods by which benefits are earned under the plans. The Committee found the plans to be appropriate components of the Company's executive officer compensation program.

Policy on Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to a company's chief executive officer or any of the company's four other most highly compensated executive officers who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by shareholders.) The Committee's policy is to design compensation programs that further the best interests of the Company and its shareholders and that preserve the tax deductibility of compensation expenses. Incentive Bonuses paid to executive officers under the Company's Bonus Incentive Plan and stock options and Performance Shares granted under the Company's Amended and Restated 2001 Equity Incentive Plan are designed to qualify as performance-based compensation.

Basis for Chief Executive Officer Compensation

The compensation policies described above also applied to the compensation of Mr. Scarborough. The Committee is directly responsible for making recommendations to the Board for approval of his salary level. The overall compensation package of Mr. Scarborough is designed to recognize the fact that he bears primary responsibility for effective management and operation of the Company's business, the development of a successful business plan, the implementation of changes in long-term strategy initiatives to lay the foundation for the

Company's stable and steady growth and for increasing shareholder value. Accordingly, a substantial portion of his compensation is incentive-based, providing greater compensation as the direct and indirect financial measures of shareholder value increase.

For 2004, Mr. Scarborough earned \$930,769 in Base Salary and was awarded a \$486,638 Incentive Bonus. In 2004, the Committee awarded Mr. Scarborough 9,000 performance shares based on his responsibilities, prior year performance and Base Salary. The specific basis for the Committee's determinations regarding Mr. Scarborough's compensation in 2004 included the Company's performance for the 2004 fiscal year, his leadership role in the strategic repositioning of the Company's assets in 2004, specifically the sale of Peebles' private label credit card portfolio, and his commitment to shaping an agenda to enhance long-term shareholder value. Mr. Scarborough's Base Salary was raised to \$1,000,000 effective April 3, 2005.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee has ever been an officer or an employee of the Company or its subsidiaries. No executive officer of the Company serves on any other boards of directors with any of the Company's Directors other than the Company's Board.

Conclusion

In order to ascertain that compensation levels of executive officers are generally reasonable and competitive, the Committee reviews compensation surveys and certain publicly available compensation information disclosed by comparable companies and other retailers in their proxy statements and retains the services of outside compensation consultants. Through the programs described above, a significant portion of the Company's executive officers' compensation is linked directly to performance. The Committee believes that existing compensation policies and programs are competitive and effectively align executive officer compensation with the Company's goal of maximizing the return to shareholders.

The foregoing Compensation Committee Report is provided by the following Directors, who constitute all of the members of the Compensation Committee:

Michael L. Glazer (Chairman)
Alan L. Gilman
John T. Mentzer

Margaret T. Monaco
Sharon B. Mosse

CONTINGENT LONG-TERM PERFORMANCE SHARE AWARDS IN 2004

In 2004, Named Executive Officers were awarded an aggregate of 12,230 performance shares based on each executive's responsibilities, prior year performance, and Base Salary. The following table provides information concerning the performance shares awarded to the Named Executive Officers in 2004:

<u>Name of Executive</u>	<u>Number of Performance Shares ⁽¹⁾</u>	<u>Performance Period ⁽¹⁾</u>
James R. Scarborough	9,000	2004 to 2007

- (1) The performance shares have a three-year performance period commencing on February 1, 2004 and ending on February 3, 2007. The payout of the performance shares is contingent upon the relative performance of the value of the Company's common stock versus a designated comparator group over the three-year period. Depending on actual shareholder return performance at the end of the three year performance period, the actual aggregate number of shares that could be issued ranges from zero to a maximum of two times the amount reflected. Performance shares earned for a given performance period will only be issued to a participant following the Compensation Committee's review and certification of the actual performance results for the applicable performance period.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table is as of January 29, 2005 and provides information concerning (a) the Company's Amended and Restated 2001 Equity Incentive Plan (the "2001 Plan"), under which the Company's common stock is authorized for issuance to officers, Directors and other key employees in the form of restricted stock, upon the exercise of stock options granted to them and as the result of performance shares granted to them, and (b) the Company's 2003 Non-Employee Director Compensation Plan (the "Directors' Plan"), under which the Company's common stock is authorized for issuance to non-employee Directors in lieu of all or a portion of their cash compensation if they so elect.

- (2) Reflects Deferred Stock Units (“DSUs”) issued under the Directors’ Plan. The number of DSUs credited to a Director’s account is computed by dividing (i) the amount of compensation the Director has elected to defer by (ii) the average of the high and low prices of the Company’s stock for the five trading days prior to the first day of the term of the Director during which the election has been made. An election, once made, is irrevocable for the applicable period to which it relates. The number of shares of common stock to be distributed to a Director will be equal to the number of DSUs credited to a Director’s account.

RETIREMENT BENEFITS

Deferred Compensation Plans

The Company has two deferred compensation plans (the “Deferred Compensation Plans”) which provide executives, certain officers and key employees of the Company with the opportunity to participate in unfunded, deferred compensation programs that are not qualified under the Internal Revenue Code of 1986, as amended (the “Code”). Generally, the Code and the Employee Retirement Income Security Act of 1974, as amended, restrict contributions to a 401(k) plan by highly compensated employees. The Deferred Compensation Plans are intended to allow participants to defer income on a pre-tax basis. Under the Deferred Compensation Plans, participants may defer up to 50% of their base salary and up to 100% of their bonus and earn a rate of return based on actual investments chosen by each participant. The Company has established grantor trusts for the purposes of holding assets to provide benefits to the participants. For the plan involving the executive officers and certain other officers, the Company will match 100% of each participant’s contributions, up to 10% of the sum of their base salary and bonus. For the plan involving other key employees, the Company currently matches 50% of each participant’s contributions, up to 6% of the participant’s compensation offset by what contribution the Company makes to the participant’s 401(k) account, if any. For both plans, Company contributions are vested 100%. In addition, the

Company may, with approval by the Board of Directors, at its sole discretion, make an additional employer contribution in any amount with respect to any participant as is determined in its sole discretion. The Company's matching contribution expense for the Deferred Compensation Plans was approximately \$1.0 and \$0.7 million for 2004 and 2003, respectively.

401(k) Savings Plans

The Company has a contributory 401(k) savings plan (the "401(k) Plan") covering substantially all qualifying employees. Under the 401(k) Plan, participants may contribute up to 25% of their qualifying earnings, subject to certain restrictions. The Company currently matches 50% of each participant's contributions, limited up to 6% of each participant's compensation under the Plan. The Company may make an annual discretionary matching contributions. The Company's matching contributions expense for the 401(k) Plan were approximately \$1.0 million in 2004, \$0.7 million in 2003 and \$0.8 million in 2002.

Frozen Defined Benefit Plans

The Company sponsors a defined benefit plan, which covered substantially all employees who had met eligibility requirements and were enrolled prior to June 30, 1998. This plan was frozen effective June 30, 1998. In connection with the Acquisition, the Company acquired the Employees Retirement Plan of Peebles Inc., which covers certain participants who, in 1997, had reached certain age and years of service requirements. This plan was closed to new participants at February 1, 1998. Benefits for both plans (the "Retirement Plans") are administered through a trust arrangement, which provides monthly payments or lump sum distributions. Benefits under the plans were based upon a percentage of the participant's earnings during each year of credited service. Any service after the date the plans were frozen will continue to count toward vesting and eligibility for normal and early retirement for existing participants.

AUDIT COMMITTEE REPORT

The Audit Committee is comprised of the four Directors listed below, all of whom the Board has determined are Independent Directors. As described in "Information Relating to the Board of Directors and Committees-Audit Committee" and in the Audit Committee Charter attached as Appendix A to this Proxy Statement, the purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and the audits of the financial statements and internal controls of the Company by the Company's independent registered public accounting firm. Management of the Company prepares financial statements, establishes the system of internal controls, and assesses the effectiveness of the Company's internal control over financial reporting. The Audit Committee met eight times in 2004.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the Company's audited financial statements with management, which has primary responsibility for the financial statements, and with the Company's independent registered public accounting firm, Deloitte & Touche LLP, which is responsible for expressing an opinion on the conformity of the Company's audited financial statements with accounting principles generally accepted in the United States of America.

The Audit Committee met with Deloitte & Touche LLP, with and without management present, to discuss the results of their audits, management's assessment of the Company's internal control over financial reporting, Deloitte & Touche's opinions regarding the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting. The Audit Committee also reviewed Management's Report on Internal Control Over Financial Reporting contained the Company's Annual Report on Form 10-K for the year ended January 29, 2005 as filed with the SEC, as well as Deloitte & Touche LLP's Report of Independent Registered Public Accounting Firm included in the same Annual Report on Form 10-K related to its audits of (i) the Company's consolidated financial statements, (ii) management's assessment of the effectiveness of internal control over financial reporting, and (iii) the effectiveness of internal control over financial reporting.

The Audit Committee discussed with Deloitte & Touche LLP the matters that are required to be discussed by Statement on Auditing Standards No. 61, as amended by Statements 89 and 90 as well as other regulations and standards (*Communications with Audit Committees*). The Audit Committee also discussed with internal audit and management any significant matters as a result of the internal audit work.

The Audit Committee received from Deloitte & Touche LLP the written disclosures and the letter required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*) and discussed with Deloitte & Touche LLP that firm's independence. The Audit Committee has concluded that Deloitte & Touche LLP's provision of non-audit services to the Company and its affiliates is compatible with Deloitte & Touche LLP's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for 2004 for filing with the SEC. The Audit Committee also selected Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2005.

The foregoing report is provided by the following Directors, who constitute all of the members of the Audit Committee:

Alan L. Gilman (Chairman)

PRINCIPAL ACCOUNTANT FEES AND SERVICES

The Company retained Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (collectively, the "Deloitte Entities") as its independent registered public accounting firm to audit the consolidated financial statements for 2003 and 2004 and to provide various advisory, auditing, and consulting services in 2003 and 2004. The Company understands the need for the Deloitte Entities to maintain objectivity and independence in their audit of the Company's financial statements and internal controls. The Company does not use the Deloitte Entities for internal audit work and will only use the Deloitte Entities for non-audit work when the Audit Committee concludes that the Deloitte Entities are the most appropriate provider of that service. The Audit Committee annually evaluates whether the Company's use of the Deloitte Entities for non-audit services is compatible with the

Deloitte Entities' independence. The aggregate fees billed by the Deloitte Entities in 2003 and 2004 for these various services were as follows:

Annually, the Audit Committee pre-approves services to be provided by the Company's independent registered public accounting firm. The Audit Committee also considers the engagement of the Company's independent registered public accounting firm to provide other services during the year. Requests for approval are submitted to the Audit Committee by the Company's management. In determining whether to approve the engagement of the Company's independent registered public accounting firm, the Audit Committee considers whether such service is consistent with the independence of the registered public accounting firm. The Audit Committee also considers the amount of audit related fees in comparison to all other fees paid to the registered public accounting firm and reviews such comparison each year.
