**Form 10-K for the Fiscal Year Ended December 31, 2008**  
**Filed March 16, 2009**  
**File No. 1-08524**

Dear Mr. Meril:

We have limited our review of your filing to disclosure relating to your contacts with countries that have been identified as state sponsors of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. We note the disclosure on page 8 of your Form 10-K that you sell your products in the Middle East, a region that is generally understood to include Iran, Syria, and Sudan. Also, we are aware of an October 2008 report that you agreed to pay a civil penalty of \$16,250 to settle allegations of Office of Foreign Asset Control ("OFAC") that, in April 2004, a foreign subsidiary of yours made an unlicensed sale of goods in which Cuba or a Cuban national had an interest. In this regard, we note disclosure in your 2007 Form 10-K regarding certain sales that may have been conducted in violation of U.S. and foreign laws.

Cuba, Iran, Syria, and Sudan are identified by the State Department as state sponsors of terrorism, and are subject to U.S. economic sanctions and export

- controls. We note that your Form 10-K does not include disclosure regarding contacts with Cuba, Iran, Syria, and Sudan. Please describe to us the nature and extent of your past, current, and anticipated contacts with those countries, whether through direct or indirect arrangements. Your response should describe any products, equipment, components, technology, and services you have provided to those countries, and any agreements, commercial arrangements, or other contacts you have had with the governments of those countries or entities controlled by those governments.
2. As regards the sale that was the basis your settlement with OFAC and the other sales made in possible violation of U.S. and foreign laws to which your 2007 Form 10-K refers, please describe the transactions at issue, including the products and customers involved, the possible violations of U.S. and foreign laws to which you refer, and how you became aware of possible problems with the sales. Discuss any specific preventative or remedial measures you have undertaken since the discovery of the sales, to prevent such occurrences in the future.
  3. Please discuss the materiality of any contacts with Cuba, Iran, Sudan, and Syria described in response to the foregoing comments, and whether those contacts constitute a material investment risk for your security holders. You should address materiality in quantitative terms, including the approximate dollar amounts of any associated revenues, assets, and liabilities for the last three fiscal years. Also, address materiality in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you may be aware, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with U.S.-designated state sponsors of terrorism. Your materiality analysis should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Cuba, Iran, Sudan, and Syria.
