Part I - Financial Information

Myers Industries, Inc. Notes to Financial Statements

(1) Statement of Accounting Policy

The accompanying financial statements include the accounts of Myers Industries, Inc. and subsidiaries (Company), and have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations, although the Company believes that the disclosures are adequate to make the information not misleading. It is suggested that these financial statements be read in conjunction with the financial statements and notes thereto included in the Company's latest annual report on Form 10-K.

In the opinion of the Company, the accompanying financial statements contain all adjustments (consisting of only normal recurring accruals) necessary to present fairly the financial position as of June 30, 2004, and the results of operations and cash flows for the three and six months ended June 30, 2004 and 2003. The results of operations for the six months ended June 30, 2004 are not necessarily indicative of the results of operations that will occur for the year ending December 31, 2004.

(2) Subsequent Event

On July 7, 2004, the Company acquired the operations and assets of Productivity California, Inc. (ProCal), a leading manufacturer of plastic nursery containers and specialty printed containers for professional growers. Based in South Gate, California, ProCal had net sales of approximately \$28 million in 2003. The total acquisition cost was approximately \$16.5 million including approximately \$3.3 million in cash and 942,857 shares of the Company's stock. In addition, for a one-year period ending July 7, 2005, the Company agreed to issue additional shares of common stock in the event that shares issued in connection with the ProCal acquisition are sold at a price below the \$14.00 per share value at issuance. In connection with the acquisition the Company also assumed approximately \$10 million of ProCal debt. The purchase price will be allocated to the assets acquired and liabilities assumed based upon their estimated fair values when appraisals and additional information become available. The results of ProCal will be included in the consolidated results of operations of the Company from the date of acquisition.

On July 15, 2004, the Company announced that it was reporting to the U.S. Department of Justice and the Securities and Exchange Commission (SEC) certain international business practices that are believed to be in violation of U.S. and, possibly, foreign laws. The practices, which involved a limited number of customers, related to the invoicing of certain sales to foreign customers of the Company's distribution segment and sales made by a foreign subsidiary to prohibited customers in certain international jurisdictions. These business practices have been discontinued and an investigation, which is not yet completed, is being conducted by outside counsel under the authority of the Audit Committee of the Company's Board of Directors. If the government determines that these incidents were unlawful, the government could take action against the Company and/or some of its employees. The Company will seek to settle any enforcement issues arising from these matters, however, at this time the Company cannot reasonably estimate its potential liability and, therefore, has not recorded any provision for any resulting settlement or potential fines and penalties as of June 30, 2004. Such amounts could be material to the Company's financial statements. The Company believes that the practices in question had no effect on previously filed financial statements, and that the final findings from the investigation will not lead to any restatement of reported financial results.

Part I - Financial Information

**Myers Industries, Inc.
Notes to Financial Statements**

(3) Acquisition

On March 10, 2004, the Company acquired all of the shares of ATP Automotive, Inc. (ATP), a subsidiary of Applied Tech LLC. ATP and its operating subsidiaries Michigan Rubber Products (MRP) and WEK Industries (WEK) are a manufacturer of molded rubber and plastic products for the automotive industry with manufacturing facilities in Michigan (MRP) and Ohio (WEK). The acquired businesses had 2003 annual sales of approximately \$60 million. The total purchase price was approximately \$61 million, which includes the assumption of ATP debt outstanding as of the acquisition date. The purchase price will be allocated to the assets acquired and liabilities assumed based upon their estimated fair values when appraisals, other studies and additional information become available. The assets acquired and liabilities assumed were recorded at estimated fair market values. The preliminary allocation of the purchase price and the estimated goodwill are as follows:

(In thousands)	
Assets acquired:	
Accounts receivable	\$9,996
Inventory	3,618
Property, plant & equipment	15,181
Other	2,712
	<u>31,507</u>
Liabilities assumed:	
Long-term debt	(26,045)
Other	(10,724)
	<u>(36,769)</u>
Goodwill	40,027
Less cash acquired	153
Net Cash Paid	<u><u>\$34,918</u></u>

The results of ATP's operations are included in the Company's consolidated results of operations from the date of acquisition and are reported within the Company's manufacturing segment. The following unaudited proforma information presents a summary of consolidated results of operations for the Company and ATP as if the acquisition had occurred January 1, 2003.

Part I - Financial Information

**Myers Industries, Inc.
Notes to Financial Statements**

(In thousands, except per share)	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2004	2003	2004	2003
<u>Net Sales</u>				
Sales	\$196,755	\$184,388	\$394,565	\$362,612
Net Income	6,103	4,701	15,362	12,682
Net Income Per Share	.20	.16	.51	.42

These unaudited proforma results have been prepared for comparative purposes only and may not be indicative of results of operations which actually would have resulted had the acquisition taken place on January 1, 2003, or future results.

(4) Net Income Per Share

Net income per share, as shown on the Condensed Statement of Consolidated Income, is determined on the basis of the weighted average number of common shares outstanding during the period, and for all periods shown basic and diluted earnings per share are indential.

(5) Supplemental Disclosure of Cash Flow Information

The Company made cash payments for interest expense of \$4,627,000 and \$2,508,000 for the three months ended June 30, 2004 and 2003, respectively. Cash payments for interest totaled \$6,161,000 and \$5,067,000 for the six months ended June 30, 2004 and 2003, respectively. Cash payments for income taxes totaled \$7,271,000 and \$4,513,000 for the three months ended June 30, 2004 and 2003, respectively. Cash payments for income taxes were \$8,018,000 and \$5,543,000 for the six months ended June 30, 2004 and 2003, respectively.

(6) Long-Term Debt and Credit Agreements

On February 27, 2004, the Company entered into a new unsecured revolving credit facility (the Credit Facility) which enables the Company to borrow up to \$225 million, including up to \$50 million available for multi-currency loans in freely traded foreign currencies. Borrowings under the new Credit Facility were used to refinance the Company's existing Multi-Currency Loan Agreement, fund the acquisition of ATP Automotive, Inc. and for general corporate purposes. Interest is based on the Prime rate or Euro dollar rate (for U.S. or Canadian dollar loans) or Eurocurrency Rate (for other multi-currency loans) plus an applicable margin that varies depending on the Company's ratio of total debt to earnings before interest, taxes, depreciation and amortization. Related financing costs will be amortized over the term of the new Credit Facility which expires in February 2009.

Part I - Financial Information

**Myers Industries, Inc.
Notes to Financial Statements**

(7) Retirement Plans

For the Company's two defined benefit plans, the net periodic benefit cost for the six months ended June 30, 2004 and 2003 were as follows:

<u>(In thousands)</u>	<u>2004</u>	<u>2003</u>
Service cost	\$120,156	\$99,153
Interest cost	166,886	159,646
Expected return on assets	(172,796)	(119,943)
Amortization of prior service cost	21,388	21,388
Amortization of a net loss	33,768	38,374
Amortization of transition obligation	-0-	(1,473)
Net periodic pension cost	<u>\$169,402</u>	<u>\$197,145</u>

The Company previously disclosed in its financial statements for the year ended December 31, 2003, that it expects to contribute approximately \$996,000 to its defined benefit plans in 2004. As of June 30, 2004, approximately \$455,000 in contributions have been made, however, the Company still anticipates contributing approximately \$996,000 to fund its defined benefit pension plans in 2004.

(8) Segment Information

The Company's business units have separate management teams and offers different products and services. Using the criteria of FASB No. 131, these business units have been aggregated into two reportable segments; Distribution of after-market repair products and services and Manufacturing of polymer products. The aggregation of business units is based on management by the chief operating decision maker for the segment as well as similarities of production processes, distribution methods and economic characteristics (e.g. average of gross margin and the impact of economic conditions on long-term financial performance).

The Company's distribution segment is engaged in the distribution of equipment, tools and supplies used for tire servicing and automotive underbody repair. The distribution segment operates domestically through 39 branches located in major cities throughout the United States and in foreign countries through export and businesses in which the Company holds an equity interest.

The Company's manufacturing segment designs, manufactures and markets a variety of plastic and rubber products. These products are manufactured primarily through various molding processes in facilities throughout the United States and Europe.

Sales to external customers for manufactured plastic products were \$126.0 million for the quarter and \$256.9 million for the six months ended June 30, 2004, while sales of rubber products were \$27.2 million and \$44.3 million for the quarter and year-to-date periods, respectively. In the prior year, sales of plastic products to external customers were \$114.3 million for the quarter and \$233.7 million for the six months ended June 30, 2003 while sales of rubber products were \$13.2 million for the quarter and \$25.1 million for the year-to-date periods, respectively.

Part I - Financial Information

**Myers Industries, Inc.
Notes to Financial Statements**

(8) Segment Information (con't)

Operating income for each segment is based on net sales less cost of products sold, and the related selling, administrative and general expenses. In computing segment operating income, general corporate overhead expenses and interest expenses are not included.

	<u>\$9,719</u>	<u>\$5,132</u>	<u>\$23,727</u>	<u>\$16,535</u>

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Net sales for the quarter ended June 30, 2004 were \$196.8 million, an increase of 16 percent from the \$169.0 million reported last year as the Company had sales growth in both of its business segments. Favorable foreign currency translation, primarily related to the euro, increased second quarter sales by \$3.0 million, or 2 percent compared with the prior year quarter. In addition, the acquisition of ATP Automotive, Inc., (ATP) comprised of Michigan Rubber Products (MRP) and WEK Industries (WEK), increased sales by \$16.0 million or 9 percent. Excluding the impact of foreign currency translation and acquisitions, total sales increased \$8.8 million or 5 percent and sales in the manufacturing segment increased \$6.5 million or 5 percent. The improvement in manufacturing segment sales was primarily the result of higher volume as the Company continued to experience strong demand in most of its major markets. In the distribution segment sales increased \$2.2 million or 5 percent on the strength of higher unit volumes for both supplies and equipment

Part I - Financial Information

Myers Industries, Inc. Notes to Financial Statements

For the six months ended June 30, 2004, net sales were \$382.3 million, an increase of \$50.1 million or 15 percent over the prior year. Favorable foreign currency translation increased sales by \$9.7 million or 3 percent compared to the prior year period and the acquisition of MRP and WEK added sales of \$20.4 million in the current year. Without the benefit of acquired companies and foreign currency translation, sales for the six months ended June 30, 2004 increased \$20 million or 6 percent as the Company experienced sales growth in both business segments. In the manufacturing segment, sales increased by \$42.7 million or 16 percent; however, without the impact of foreign currency translation or acquired businesses, sales increased \$12.8 million or 5 percent primarily due to higher unit volume. Sales in the distribution segment increased \$7.8 million or 11 percent also reflecting higher unit sales.

Cost of sales increased \$18.9 million for the quarter and \$34.0 million for the six months ended June 30, 2004 reflecting the higher sales reported for each period compared to the prior year. Gross profit, expressed as a percent of sales, was consistent between years at 29.8 percent for the quarter and 31.3 percent for the six months ended June 30, 2004 compared with 29.4 percent and 31.2 percent for the prior year quarter and six months, respectively. In the distribution segment, stable selling prices and costs resulted in consistent gross profit margins between years. In the manufacturing segment, slightly higher selling prices and improved capacity utilization offset increased plastic resin raw material costs for the three and six month periods ended June 30, 2004.

Total operating expenses increased \$3.9 million or 9 percent for the quarter ended June 30, 2004 compared to the prior year. Foreign currency translation accounted for approximately \$1.1 million of this increase and the acquisition of MRP and WEK increased operating expenses by an additional \$1.9 million. Excluding the impact of foreign currency translation and acquired companies, operating expenses increased only 2 percent due to increased selling expenses related to higher sales volume. Expressed as a percentage of sales, operating expenses were reduced to 23.3 percent from 24.8 percent reflecting operating efficiency initiatives and improved leverage of fixed expenses. For the six months ended June 30, 2004, operating expenses increased \$7.9 million or 10 percent compared with the prior year period. Approximately 44 percent of this increase was due to the impact of foreign currency translation with additional increases of \$2.3 million related to the acquired businesses. Excluding these items, operating expenses increased by \$2.1 million or 3 percent, primarily due to higher selling costs. Expressed as a percent of sales operating expenses for the six months ended June 30, 2004 declined to 23.5 percent compared to 24.6 percent in the prior year.

Net interest expense increased 14 percent to \$3.0 million in the quarter ended June 30, 2004, compared to \$2.7 million in the prior year. For the six months June 30, 2004 interest expense increased \$1.0 million to \$6.2 million. The higher interest expense in the current year periods was primarily the result of higher interest rates, particularly for the \$100 million of senior notes at 6.08 percent and 6.81 percent issued in December 2003. In addition, the Company increased borrowing by approximately \$60 million in March 2004 in connection with the ATP acquisition.

Income taxes as a percent of income before taxes increased slightly to 37.2 percent for the quarter ended June 30, 2004 compared to 36.2 percent in the prior year. The increase was the result of the impact of foreign tax differences. For the six months ended June 30, 2004, the effective tax rate of 37.0 percent was virtually identical with the prior year.

Part I - Financial Information

Myers Industries, Inc. Notes to Financial Statements

Liquidity and Capital Resources

Cash provided by operating activities was \$30.3 million for the six months ended June 30, 2004 compared with \$16.6 million for same period in the prior year. The increased cash flow was the result of increased net income and strong working capital management. During the quarter, total debt was reduced by \$2.9 million to \$269.3 million, however, compared with December 31, 2003 debt has increased \$53.8 million as a result of the acquisition of ATP. Debt as a percentage of total capitalization increased to 47 percent at June 30, 2004 compared with 42 percent at December 31, 2003. At June 30, 2004, the Company had working capital of \$135.7 million and a current ratio of 2.3.

On February 27, 2004, the Company entered into a new five year, \$225 million unsecured revolving credit facility. Borrowings under the new credit facility were used to refinance the Company's then outstanding bank debt and fund the acquisition of ATP for approximately \$61 million. At June 30, 2004, the Company had approximately \$65 million available under the new credit facility.

Capital expenditures for the six months ended June 30, 2004 were \$10.8 million and are expected to be in the range of \$20 million to \$25 million for the full year. Management believes that cash flows from operations and available credit facilities will be sufficient to meet expected business requirements including capital expenditures, dividends, working capital and debt service.

On July 15, 2004, the Company announced that it was reporting to the U.S. Department of Justice and the Securities and Exchange Commission (SEC) certain international business practices that are believed to be in violation of U.S. and, possibly, foreign laws. The practices, which involved a limited number of customers, related to the invoicing of certain sales to foreign customers of the Company's distribution segment and sales made by a foreign subsidiary to prohibited customers in certain international jurisdictions. These business practices have been discontinued and an investigation, which is not yet completed, is being conducted by outside counsel under the authority of the Audit Committee of the Company's Board of Directors. If the government determines that these incidents were unlawful, the government could take action against the Company and/or some of its employees. The Company will seek to settle any enforcement issues arising from these matters, however, at this time the Company cannot reasonably estimate its potential liability and, therefore, has not recorded any provision for any resulting settlement or potential fines and penalties as of June 30, 2004. Such amounts could be material to the Company's financial statements. The Company believes that the practices in question had no effect on previously filed financial statements, and that the final findings from the investigation will not lead to any restatement of reported financial results.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

The Company has financing arrangements that require interest payments based on floating interest rates. As such, the Company's financial results are subject to changes in the market rate of interest. Our objective in managing the exposure to interest rate changes is to limit the volatility and impact of rate changes on earnings while maintaining the lowest overall borrowing cost. At present, the Company has not entered into any interest rate swaps or other derivative instruments to fix the interest rate on any portion of its financing arrangements with floating rates.

Part I - Financial Information

**Myers Industries, Inc.
Notes to Financial Statements**

Some of the Company's subsidiaries operate in foreign countries and, as such, their financial results are subject to the variability that arises from exchange rate movements. The Company believes that foreign currency exchange rate fluctuations do not represent a significant market risk due to the nature of the foreign countries in which we operate, primarily Canada and Western Europe, as well as the size of those operations relative to the total Company.

The Company uses certain commodities, primarily plastic resins, in its manufacturing processes. As such, the cost of operations is subject to fluctuation as the market for these commodities changes. The Company monitors this risk but currently has no derivative contracts to hedge this risk, however, the Company also has no significant purchase obligations to purchase fixed quantities of such commodities in future periods.

Item 4. Controls and Procedures

As of the end of the period covered by this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Exchange Act rule 13a-14. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective as of June 30, 2004. There have been no significant changes in the Company's internal controls or in other factors that could significantly affect internal controls subsequent to June 30, 2004.

Part II - Other Information

Myers Industries, Inc.

Item 1. Legal Proceedings

On July 15, 2004, the Company announced that it was reporting to the U.S. Department of Justice and the Securities and Exchange Commission (SEC) certain international business practices that are believed to be in violation of U.S. and, possibly, foreign laws. The practices, which involved a limited number of customers, related to the invoicing of certain sales to foreign customers of the Company's distribution segment and sales made by a foreign subsidiary to prohibited customers in certain international jurisdictions. These business practices have been discontinued and an investigation, which is not yet completed, is being conducted by outside counsel under the authority of the Audit Committee of the Company's Board of Directors. If the government determines that these incidents were unlawful, the government could take action against the Company and/or some of its employees. The Company will seek to settle any enforcement issues arising from these matters, however, at this time the Company cannot reasonably estimate its potential liability and, therefore, has not recorded any provision for any resulting settlement or potential fines and penalties as of June 30, 2004. Such amounts could be material to the Company's financial statements. The Company believes that the practices in question had no effect on previously filed financial statements, and that the final findings from the investigation will not lead to any restatement of reported financial results.

Item 4. Submission of Matters to a Vote of Security Holders.

The Annual Meeting of Shareholders was held on April 21, 2004, and the following matters were voted on at that meeting.

1. At the meeting, nine Directors were elected. The results of this voting are as follows:

Name of Director	Votes for	Votes Withheld
Stephen E. Myers	25,461,627	2,722,036
Milton I. Wiskind	25,426,336	2,757,327
Karl S. Hay	25,561,754	2,621,909
Richard P. Johnston	25,969,805	2,213,858
Richard Osborne	25,996,386	2,187,279
Jon H. Outcalt	25,595,724	2,587,940
Michael Kane	26,078,359	2,105,305
Edward Kissel	26,087,451	2,096,213
Keith A. Brown	25,599,723	2,583,941

Item 5. Other Information.

Effective April 23, 2004, Kevin C. O'Neil was appointed by the Board of Directors to the positions of Vice President, General Counsel and Assistant Secretary. Previously he was the General Counsel and Assistant Secretary.

* Indicates executive compensation plan or arrangement.

Certification Per Section 302 of the Sarbanes-Oxley Act of 2003

I, Stephen E. Myers, Chief Executive Officer of Myers Industries, Inc., certify that:

1. I have reviewed this quarterly report on Form 10-Q of Myers Industries, Inc.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e); and 15d-15(e)) for the registrant and we have:
 - a) Designed such disclosure controls and procedures or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - b) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - c) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls over financial reporting.
