Management's Discussion and Analysis..., Page 16

1. We note your press release filed with the Form 8-K on May 5, 2017 and the references to velocity per outlet and velocity per capita. You state that you "magnify these measures and this creates growth never before thought possible." You also state that you are "creating velocity per capita through proven velocity predictors." To the extent that VPO and VPC are key performance indicators used in managing your business, please include a discussion of these measures along with comparative period amounts or explain why you do not believe this disclosure is necessary. Refer to Section III.B.1 of SEC Release No. 33-8350.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
