### Explanation of Responses:

(1) These options were granted under the Isuer's Stock Option Plans between 7/28/97 and 7/24/02 at exercise prices ranging from \$26.64 to \$33.9375. Options generally expire 10 years from the date of its grant. The options become exercisable 50% annually after the grant date. The exercisability of some options which were intended to qualify as ISO's may be further limited by the IRC. Additional options granted in connection with the exercise of an origianl stock option grant become exercisable 6 months after grant and have the same termination date as the underlying original option.
