Stamford, Connecticut, August 9, 2007. Independence Holding Company (NYSE: IHC) today reported 2007 second quarter and six months results.

Financial Results

Revenues increased 15% to \$105,121,000 for the three months ended June 30, 2007 compared to revenues for the three months ended June 30, 2006 of \$91,469,000. Net income per share increased 63% to \$.26 per share, diluted, or \$3,929,000, for the three months ended June 30, 2007 compared to \$.16 per share, diluted, or \$2,366,000 for the three months ended June 30, 2006.

Revenues increased 20% to \$214,192,000 for the six months ended June 30, 2007 compared to revenues for the six months ended June 30, 2006 of \$178,309,000. Net income per share increased 30% to \$.56 per share, diluted, or \$8,531,000 for the six months ended June 30, 2007 compared to \$.43 per share, diluted, or \$6,395,000 for the six months ended June 30, 2006.

Chief Executive Officer's Comments

Roy Thung, Chief Executive Officer, commented, "We are pleased to report that our revenues for the six months ended June 30, 2007 of \$214 million are 20% greater than those we reported for the comparable period in 2006. We are also gratified that our net income per share increased 63% to \$.26 per share, diluted, for the three months ended June 30, 2007 compared to \$.16 per share, diluted, for the comparable 2006 quarter. Although our fully insured premiums are growing significantly we had expected better earnings from this segment. Our second quarter results were impacted by the expensing of development and implementation costs associated with our expanding fully insured division. Specifically, we expended significant time and money in bringing to market eight new programs (including the recently announced Destiny and GBS relationships) that will not produce significant premiums until 2008. Moreover, we are still developing new programs and will continue to incur related expenses in the foreseeable future. We remain confident that we have built a solid foundation in fully insured health and expect to expand at favorable profit margins. We also would like to report that the Company's mortgage security portfolio has no exposure to sub-prime mortgages."

Continuation of Stock Buy Back Program

Independence Holding Company's Board of Directors has approved the continuation of its share repurchase program and authorized the acquisition in the open market of up to 100,000 additional shares of the Company's common stock. The timing and price of any purchases will be at the sole discretion of IHC's management, and the program may be discontinued or suspended at any time. Since the initiation of IHC's repurchase program in 1991, approximately 3.6 million net shares have been acquired at a cost of \$37.8 million.
