PART I

Item 1. Description of Business

Background

During the nine months ended March 31, 1998 the Company conducted its business as Food Concepts, Inc. Its primary business activity was retail and wholesale sales of gourmet and specialty coffees. Food Concepts was a roaster, packer and seller of roasted coffees and produced over 70 flavored coffees.

On March 31, 1998, the Company divested itself of its coffee operations by spinning off this business operation to It's Coffee Lovers, Inc., a Nevada corporation. On this same date, the Company acquired Insecta Sales and Research, Inc. Effective with this acquisition the Company changed its name to Viropro, Inc. Also on this date, the entire management of the Company changed with the resignations of Herb and Francis Glaubman and the appointment of Donald Grummer, as President; and Pat Quinlan as Vice President.

From March 31, 1998 through the fiscal year ended June 30, 2001, Viropro's sole operational division was Insecta Sales and Research, Inc., which marketed a line of insecticide products under the brand name Insecta. The change in business focus manifested through the acquisition of Insecta allowed the Company to effectively develop and aggressively market high quality, preemptive and efficacious insect control products which were marketed to consumers and industrial users and insect control professionals.

The Company received notification from the EPA (Environmental Protection Agency) that the active ingredient in the Company's products would be no longer available for sale for consumer or professional use effective December 2001. The Company had until that date to sell its inventory of products containing this ingredient. The Company sought a replacement product without success. The Company has written off its inventory and has substantially curtailed its operations.

In October of 2002, the Company assigned all of its rights, title and interest of its wholly-owned subsidiary Insecta Sales & Research, Inc. to Prime Time Insects, Inc. (A Bahamian Corporation) owned by a related party. In consideration for these assets and the use of the "Insecta" name and abandoned EPA registration, "Prime Time" will assume in its entirety an accounts payable of \$210,125 of Insecta Sales & Research, Inc.

It is actively looking for revenue producing acquisition targets in diverse business areas in an effort to provide a potential of continued shareholder value. No potential acquisition targets have been found as of this date and there can be no guarantees that a suitable company can be found.

Employees

The Company has no employees.

Item 2. Description of Property

The Company presently maintains its corporate offices in a 1,000 square foot location in Jersey City, New Jersey. The term of the lease the Corporate space is month to month. Management believes that these facilities provide adequate space for its operations and that should the need arise it would be able to lease additional or replacement space.

Item 3. Legal Proceedings

The Company is not a party to any legal proceeding.

Item 4. Submission of Matters to Vote of Security Holders

No matter was submitted to a vote of security holders during the fourth quarter of fiscal year 2003.

PART II

Item 5. Market for Common Equity and Related Stockholder Matters

The Company's Common Stock is traded on the OTCBB under the symbol "VROP".

On October 25, 1995 Granite, Ltd. the predecessor of Food Concepts, Inc. acquired all of the outstanding stock of Savon Coffee, Inc. for 20,000,000 shares of Granite common stock \$.0001 par value which was subsequently reverse split one for ten leaving 2,000,000 shares \$.001 par value which then constituted approximately 85.6 percent of the corporation. Granite reserved or issued outstanding securities in consideration for the conveyance of all shares of Savon stock which then constituted 100 percent of Savon's authorized issued and outstanding securities. In conjunction therewith the Certificate of Incorporation of Granite was amended affecting a one for ten reverse split of the corporations common stock \$.0001 par value (converting the 50,000,000 shares then authorized into 5,000,000 shares, \$.001 par value, and the 3,327,300 then outstanding into 332,700 shares, \$.0001 par value, followed by an increase in the resulting authorized capitalization of Granite from 5,000,000 shares, \$.0001 par value to 20,000,000, \$.0001 par value. Subsequent thereto the name of the Company was changed from Granite, Ltd. to Savon Coffee, Inc. a Nevada corporation and said Savon subsequently had its name changed to Food Concepts, Inc. a Nevada corporation on March 26, 1996. Effective March 31, 1998 the Company changed its name to Viropro, Inc. The common stock is traded on the OTCBB. There is no other established market for the Company's securities.

The following table sets forth the range of high and low bid prices for the Company's common stock as quoted by the OTCBB. These quotations set forth below represent prices between dealers in securities and do not reflect retail markups, markdowns, or commissions and do not necessarily represent actual transactions.

FORM 10-KSB
JUNE 30, 2003

As of June 30, 2003 there were in excess of 380 shareholders (based on the number of shareholders of record and an approximation of the number of beneficial owners of common stock). Holders of common stock are entitled to dividends when, as, and if declared by the Board of Directors out of funds legally available therefore. The Company has not paid any cash dividends on its common stock and, for the immediate future, intends to retain earnings, if any, to finance development and expansion of its business. Future dividends policy is subject to the discretion of the Board of Directors.

In general, under Rule 144, as currently in effect, subject to the satisfaction of certain other conditions, a person, including an affiliate of the Company (in general, a person who has a control relationship with the Company) who has owned restricted securities of common stock beneficially for at least one year is entitled to sell, within any three-month period, that number of shares of a class of securities that does not exceed the greater of (i) one percent (1%) of the shares of that class then outstanding or, if the common stock is quoted on NASDAQ, (ii) the average weekly trading volume of that class during the four calendar weeks preceding such sale. A person who has not been an affiliate of the Company for at least the three months immediately preceding the sale and has beneficially owned shares of common stock for at least two (2) years is entitled to sell such shares under Rule 144 without regard to any of the limitations described above.

Item 6. Management's Discussion and Analysis or Plan of Operation

The following discussion and analysis should be read in conjunction with the Financial Statements appearing elsewhere in this report.

RESULTS OF OPERATIONS

TWELVE MONTHS ENDED JUNE 30, 2003 AND 2002

During the twelve month period ending June 31, 2003, the Company incurred a loss of \$39,290 compared to a loss of \$58,320 for the same period ended June 30, 2002. Losses reflect the interest on loans payable and modest administrative expenses.

REVENUES

During the twelve month period ending June 30, 2003, the Company's revenues were zero dollars the same as during for the fiscal year ended June 30, 2002. Revenue from sales activities are recognized when the product is shipped to the client. Revenue is totally dependant on the Company's ability to sell and distribute its products.

The Company had a onetime gain of \$210,125 during fiscal 2003 from the assignment of its Insecta subsidiary to a related party. This party, Prime Time Insects, Inc. assumed all of the liabilities of this discontinued subsidiary in return for the assignment of the "Insecta" name and the abandoned EPA registration.

OPERATING EXPENSES

During the twelve months ended June 30, 2003, the Company incurred zero dollars in operating expenses, the same during the previous fiscal year. This decrease reflects the cessation of sales due to the EPA ruling.

VIROPRO, INC.
FORM 10-KSB
JUNE 30, 2003

MATERIAL CHANGES IN FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2003, as well as at June 30, 2002, the Company had no cash and cash equivalents. Company operations are not generating sufficient cash to maintain operations. The Company's cash resources were determined entirely on the volume of sales and services generated. The Company reviewed all non-essential activities and expenditures and aggressively curtailed these items to assist in reducing the cash used in operating activities. To cover expenditures, the Company had borrowed \$583,200 from a shareholder from the years 1997-1999. This loan is a demand note bearing a 10% interest rate. Interest of \$268,166 had been accrued at December 31, 2002. On February 20, 2003, the outstanding note balance of \$851,366 was settled with the issuance of 42,500,000 shares of common stock.

The Company has written off its inventory and has substantially curtailed its operations. The Company is cognizant of the fact that it will in all likelihood be unable to find a replacement active ingredient to use with in its Insecta brand products. It is therefore actively looking for revenue producing acquisition targets in diverse business areas in an effort to provide a potential for continued shareholder value.

No potential acquisition targets have been found as of this date and there can be no guarantees that a suitable company can be found.

AUDITED FINANCIAL STATEMENTS

JUNE 30, 2003 and 2002

INDEPENDENT AUDITORS' REPORT

Board of Directors
Viropro, Inc.

I have audited the accompanying balance sheets of Viropro, Inc. as of June 30, 2003 and 2002 and the related statements of operations, shareholders' equity (deficiency) and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audits provide a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Viropro, Inc. at June 30, 2003 and 2002, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America. .

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company has experienced an operating loss and management has determined that it will require additional capital to continue funding operations and meet its obligations as they come due. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Notes to Financial Statements
June 30, 2003

NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION

Viropro, Inc. (fka Food Concepts, Inc.) was organized under the laws of the State of Nevada on June 16, 1982. On October 27, 1995 the Company reorganized and acquired Savon Coffee, Inc. as a wholly owned subsidiary. On January 1, 1996, the Company acquired Palm Beach Gourmet Coffee, Inc. as a wholly owned subsidiary. On March 31, 1998 the Company divested itself of its coffee operations. It acquired Insecta Sales and Research, Inc. as a wholly owned subsidiary. The principal business of the Company which had been the wholesale distribution of various insecticides, has shut down.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and all of its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Certain amounts included in the financial statements are estimated based on currently available information and management's judgment as to the outcome of future conditions and circumstances. Changes in the status of certain facts or circumstances could result in material changes to the estimates used in the preparation of financial statements and actual results could differ from the estimates and assumptions. Every effort is made to ensure the integrity of such estimates.

Fair value of Financial Instruments

The carrying amounts reported in the balance sheet for cash and cash equivalents, accounts receivable, other receivables, accounts payable and accrued expenses and other liabilities approximate fair value because of the immediate or short-term maturity of these financial instruments.

Earnings(Loss) Per Share of Common Stock

Earnings (Loss) per common share are calculated under the provisions of SFAS No. 128, "Earnings per Share," which establishes standards for computing and presenting earnings per share. SFAS No. 128 requires the Company to report both basic earnings (loss) per share, which is based on the weighted-average number of common shares outstanding during the period, and diluted earnings (loss) per share, which is based on the weighted-average number of common shares outstanding plus all potential dilutive common shares outstanding. Options and warrants are not considered in calculating diluted earnings (loss) per share since considering such items would have an anti-dilutive effect.

Statement of Cash Flows

For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements:

The Statement of Financial Accounting Standards Board (SFAS) No. 141, "Business Combinations," was issued by the Financial Accounting Standards Board (FASB) in July 2001. This Statement establishes standards for accounting and reporting for business combinations. This statement requires the purchase method of accounting to be used for all business combinations, and prohibits the pooling-of-interests method of accounting. This Statement is effective for all business combinations initiated after June 30, 2001 and supercedes APB Opinion No. 16, "Business Combinations" as well as Financial Accounting Standards Board Statement of Financial Accounting Standards No. 38, "Accounting for Preacquisition Contingencies of Purchased Enterprises." The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

The Statement of Financial Accounting Standards Board (SFAS) No. 142, "Goodwill and Other Intangible Assets," was issued by the Financial Accounting Standards Board (FASB) in July 2001. This Statement addresses how intangible assets that are acquired individually or with a group of other assets should be accounted for in financial statements upon their acquisition. This statement requires goodwill amortization to cease and for goodwill to be periodically reviewed for impairment, for fiscal years beginning after October 31, 2001. SFAS No. 142 supercedes APB Opinion No. 17, "Intangible Assets." The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

The Statement of Financial Accounting Standards Board (SFAS) No. 143, "Accounting for Asset Retirement Obligation," was issued by the Financial Accounting Standards Board (FASB) in August 2001. This Statement will require companies to record a liability for asset retirement obligations in the period in which they are incurred, which typically could be upon completion or shortly thereafter. The FASB decided to limit the scope to legal obligation and the liability will be recorded at fair value. This Statement is effective for fiscal years beginning after June 15, 2002. The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

The Statement of Financial Accounting Standards Board (SFAS) No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," was issued by the Financial Accounting Standards Board (FASB) in October 2001. This Statement provides a single accounting model for long-lived assets to be disposed of and replaces SFAS No. 121 "Accounting for the Impairment of Long-Lived Assets and Long-Lived Assets to Be Disposed Of." This Statement is effective for fiscal years beginning after December 15, 2001. The adoption of this statement by the Company did not have a material impact on its financial condition or results of operations.

NOTE 3 – GOING CONCERN

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. The company reported a net loss of \$39,290 from continuing operations for the year ended June 30, 2003. Continuation of the Company as a going concern is dependent upon obtaining sufficient working capital for its planned activity. Additional capital and/or borrowings will be necessary in order for the Company to continue in existence until attaining and sustaining profitable operations. The Company is aggressively pursuing strategic alliances which will bring a cash infusion, restructuring and a forward looking business plan.

NOTE 4 -RELATED PARTY TRANSACTIONS

Between September 1997 through June 1999, the Company borrowed funds under notes payable aggregating \$583,200 from Jade Investments, a major shareholder controlled entity, with interest at 10%. The notes are payable on demand. Interest of \$268,166 had been accrued at December 31, 2002. On February 20, 2003, the outstanding note balance of \$851,366 was settled with the issuance of 42,500,000 shares of common stock.

NOTE 5 – ASSIGNMENT OF WHOLLY-OWNED SUBSIDIARY

On October 16, 2002, the Company assigned all of its rights, title and interest of its wholly-owned subsidiary Insecta Sales & Research, Inc. to Prime Time Insects, Inc. (A Bahamian Corporation) owned by a related party. In consideration for these assets and the use of the "Insecta" name and abandoned EPA registration, "Prime Time" will assume in its entirety an accounts payable of \$210,125 of Insecta Sales & Research, Inc.

NOTE 6 – INCOME TAXES

The Company did not provide any current or deferred United States federal, state or foreign income tax provision or benefit for the period presented because it has experienced operating losses since inception. The Company has provided a full valuation allowance on the deferred tax asset, consisting primarily of net operating loss carryforwards, because of uncertainty regarding its realizability.

CERTIFICATION

I, Hugh D. Johnson, certify that:

1. I have reviewed this annual report on Form 10KSB of Viropro, Inc;
2. Based on my knowledge, this (insert period) report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this annual report;
3. Based on my knowledge, the financial statements, and other financial information included in this annual report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this annual report.
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the small business issuer and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the small business issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the small business issuer's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the small business issuer's internal control over financial reporting that occurred during the small business issuer's most recent fiscal quarter (the small business issuer's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the small business issuer's internal control over financial reporting; and
5. I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. The small business issuer's other certifying officer(s) and I have indicated in this (insert period) report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
