to our SHAREHOLDERS

AUGUST 7, 2014

We are pleased to share your company's financial results for the second quarter of 2014. Net Income for the quarter was \$1.9 million, or \$0.43 per share, compared to \$1.8 million, or \$0.40 per share, for 2013, an increase of 6.8% quarter over quarter. Year to date earnings for 2014 were \$3.7 million, or \$.83 per share, compared to \$3.5 million, or \$.79 per share, for 2013, an increase of 4.2% year over year.

Total assets grew to \$571.5 million at the end of the second quarter 2014 as compared to \$546.7 million at the end of the same period in 2013. This represents 4.5% growth year over year. Total loans grew to \$462.2 million as of June 30, 2014 from \$449.4 million as of June 30, 2013, an increase of 2.9%. Total deposits reached \$490.9 million compared to the prior year of \$474.0 million, and increase of 3.6%. The Company had total capital of \$51.9 million with a book value per share of \$11.64 as of June 30, 2014 compared to \$45.8 million and \$10.27 per share at June 30, 2013.

Notable in year to date results is a \$435 thousand increase in net interest income coupled with a decrease of \$309 thousand in gain on real estate loans sold. While we have been fortunate to have a strong level of gains on real estate loans sold over the last few years, we have been seeking to rely less on this source of revenue and shift our focus to increasing "core" earnings by improving sustainable revenues and becoming more efficient. We are making progress in both areas.

When we last wrote at the end of the first quarter, many of us were wondering if there would be a maple sugar crop, as the sugaring season had barely begun. Most of the old timers counseled patience, and they were right, sap flowed during a couple of weeks in April and most maple producers ended up with an "average" crop. Good news for those who produce maple and good for the local economy as well.

Speaking of the economy, we are seeing continued improvement in many sectors. The local travel and tourism industry has been stringing several good seasons together including last fall and winter. This summer season has started off well allowing many businesses to begin to make up for the prolonged travel recession faced beginning in 2008, though there is still room for improvement.

Those who live nearby can attest that the road construction industry is booming. Morrisville in particular, is inundated by road improvement projects, from literally every direction coming into town. Home building is also fairly busy, with some geographies busier than others.

In general, there has been a tightening in the labor market which, though a bit painful for employers, tends to be a positive sign in the long term. There is still uncertainty as the economy

gradually improves. Not all parts of our footprint are recovering equally, and the real estate market is still not solid in all of the areas we serve. Fortunately, things seem to be going in the right direction, which is certainly helpful to the banking business.

We are pleased to let you know that we have opened our newest branch office in Lincoln, New Hampshire this June. Should you be in the area, be sure and stop by and see the great job our Facilities Manager Paul Grogan did coordinating the conversion of a pancake restaurant back into a bank.

Enclosed, please find a check or advice of deposit for a cash dividend of \$.26 per share. If you have not done so, please consider signing up for direct deposit of your dividend.

Sincerely,

Kenneth D. Gibbons
Chairman
