Investor Presentation - April 2020

Forward-looking Statements

“Safe Harbor” Statement under the Private Securities Litigation Reform Act of 1995: This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements in this presentation that are not statements of historical fact are hereby identified as “forward-looking statements” for the purpose of the safe harbor provided by Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking Statements include, without limitation, statements regarding (i) the plans and objectives of management for future operations, including plans or objectives relating to acquisitions and related integration, development of commercially viable products, novel technologies, and modern applicable services, (ii) projections of income (including income/loss), EBITDA, earnings (including earnings/loss) per share, free cash flow (FCF), capital expenditures, cost reductions, capital structure or other financial items, (iii) the future financial performance of Digirad Corporation (“Digirad,” “DRAD” or the “Company”) or acquisition targets and (iv) the assumptions underlying or relating to any statement described above. Moreover, forward-looking statements necessarily involve assumptions on the Company’s part. These forward-looking statements generally are identified by the words “believe”, “expect”, “anticipate”, “estimate”, “project”, “intend”, “plan”, “should”, “may”, “will”, “would”, “will be”, “will continue” or similar expressions. Such forward-looking statements are not meant to predict or guarantee actual results, performance, events or circumstances and may not be realized because they are based upon the Company’s current projections, plans, objectives, beliefs, expectations, estimates and assumptions and are subject to a number of risks and uncertainties and other influences, many of which the Company has no control over. Actual results and the timing of certain events and circumstances may differ materially from those described above as a result of these risks and uncertainties. Factors that may influence or contribute to the inaccuracy of forward-looking statements or cause actual results to differ materially from expected or desired results may include, without limitation, the substantial amount of debt of the Company and the Company’s ability to repay or refinance it or incur additional debt in the future; the Company’s need for a significant amount of cash to service and repay the debt and to pay dividends on the Company Preferred Stock; the restrictions contained in the debt agreements that limit the discretion of management in operating the business; the length of time associated with servicing customers; losses of significant contracts; disruptions in the relationship with third party vendors; accounts receivable turnover; insufficient cash flows and resulting illiquidity; the Company’s inability to expand the Company’s business; unfavorable changes in the extensive governmental legislation and regulations governing healthcare providers and the provision of healthcare services and the competitive impact of such changes (including unfavorable changes to reimbursement policies); high costs of regulatory compliance; the liability and compliance costs regarding environmental regulations; the underlying condition of the technology support industry; the lack of product diversification; development and introduction of new technologies and intense competition in the healthcare industry; existing or increased competition; risks to the price and volatility of the Company’s Common Stock and Preferred Stock; stock volatility and illiquidity; risks to preferred stockholders of not receiving dividends and risks to the Company’s ability to pursue growth opportunities if the Company continues to pay dividends according to the terms of the Company Preferred Stock; the Company’s ability to execute on its business strategy (including any cost reduction plans); the Company’s failure to realize expected benefits of restructuring and cost-cutting actions; the Company’s ability to preserve and monetize its net operating losses; risks associated with the Company’s possible pursuit of acquisitions; the Company’s ability to consummate successful acquisitions and execute related integration, including to successfully integrate ATRM’s operations and realize the synergies from the acquisition, as well as factors related to the Company’s business (including ATRM) including economic and financial market conditions generally and economic conditions in the Company’s markets; failure to keep pace with evolving technologies and difficulties integrating technologies; system failures; losses of key management personnel and the inability to attract and retain highly qualified management and personnel in the future; and the continued demand for and market acceptance of the Company’s services. For a detailed discussion of cautionary statements and risks that may affect the Company’s future results of operations and financial results, please refer to the Company’s filings with the Securities and Exchange Commission, including, but not limited to, the risk factors in the Company’s most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q. This presentation reflects management’s views as of the date presented. All forward-looking statements are necessarily only estimates of future results, and there can be no assurance that actual results will not differ materially from expectations, and, therefore, you are cautioned not to place undue reliance on such statements. Further, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events.

Non-GAAP Financial Measures: The information provided herein includes certain non-GAAP financial measures. These non-GAAP financial measures are intended to supplement the GAAP financial information by providing additional insight regarding results of operations of the Company. The non-GAAP adjusted EBITDA financial measures used by the Company are intended to provide an enhanced understanding of our underlying operational measures to manage the Company’s business, to evaluate performance compared to prior periods and the marketplace, and to establish operational goals. Certain items are excluded from these non-GAAP financial measures to provide additional comparability measures from period to period. These non-GAAP financial measures will not be defined in the same manner by all companies and may not be comparable to other companies. Specifically, this presentation presents the non-GAAP financial measures “Adjusted EBITDA” (defined as “earnings before interest, taxes, depreciation, amortization adjusted for stock-based compensation and other one-time transaction costs such as merger and acquisitions, financing and etc. ”) and “Free Cash Flow” (defined as “net cash from operating activities excludes expenditures on purchases of property and equipment, net of dispositions”). The most directly comparable measures for these non-GAAP financial measures are net income and diluted net income per share. All future figures based on guidance after conversion into a diversified holding company (“HoldCo”).

Real Estate & Investments

3

Real Estate & Investments

Real Estate

- Owns the real estate assets of HoldCo
- Future acquisition targets could have underappreciated real estate assets

Investments

- Strategic investments could be made in potential acquisition targets for HoldCo

Real Estate & Investments

Formed in April 2019 with two segments:

Real Estate:

Star Real Estate Holdings USA, Inc. ("SRE")

- Acquired and manages three manufacturing plants in Maine; two plants were purchased from KBS and a third from a private company
- All involved in the construction of modular buildings for residential, multi-family, and commercial projects

Investment Management:

Lone Star Value Management, LLC (LSVM)

- LSVM is the investment advisor for all LSV funds and Ascent Oil Fund
- New funds could be added in the future to increase revenue and cash flow for HoldCo

SIGNIFICANT STRATEGIC VALUE & UPSIDE POTENTIAL

- Three plants are within 15 miles of each other with **no other capable plants within several hundred miles**
- Currently one plant is idle, one is sublet to a local steel manufacturer, and one is operating at a reduced rate; plenty of **available capacity to handle increased demand**

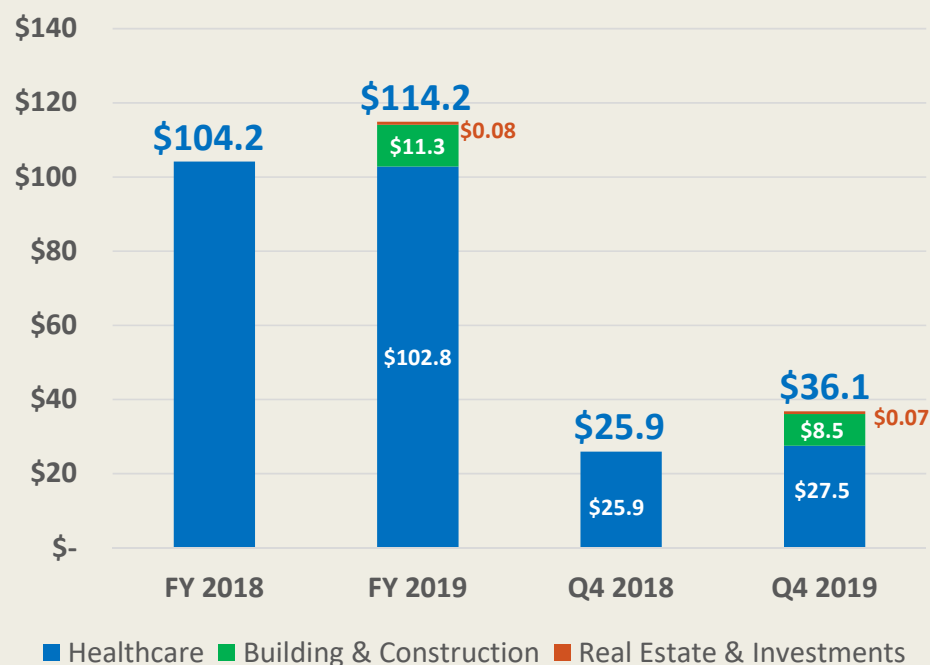

STRATEGY

- Future **acquisition targets could have underappreciated** real estate assets that could be placed into SRE
- SRE has raised its own debt and is self-funded

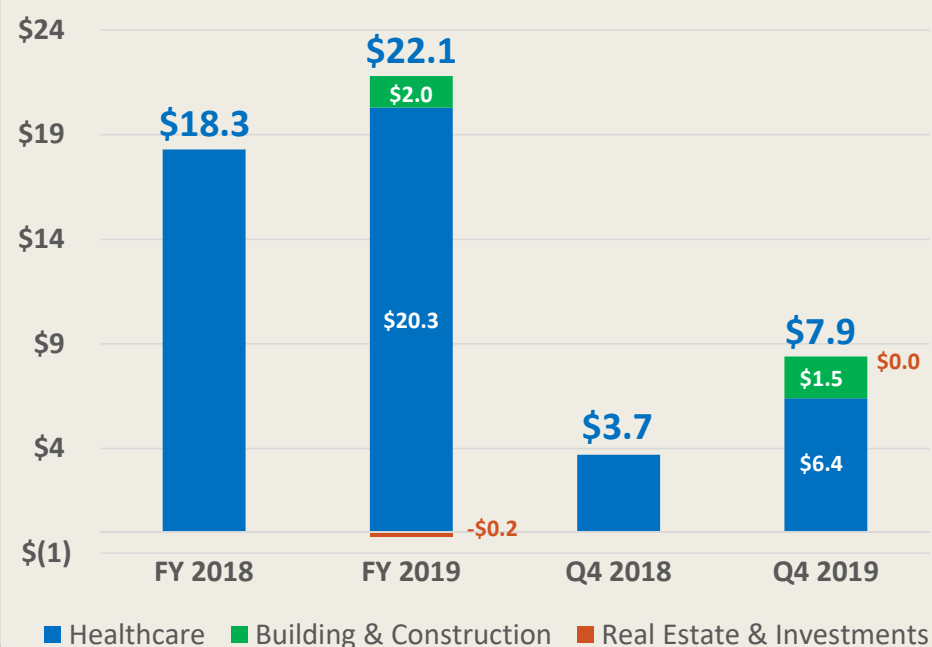

2019 FINANCIAL HIGHLIGHTS & GROWTH INITIATIVES

HoldCo: 2019 Financial Highlights

Revenue by Business Division
(\$ in million)

Gross Profit by Business Division
(\$ in million)

Notes: Revenues for Q4 2018 and FY 2018 periods include \$0.3 M and \$3.4 M, respectively, from the Telerhythmics business sold in October 2018. Building & Construction division was created on 9/10/19.

Growth Strategy

Organic Growth

Healthcare

- Expand geographic and client footprint for higher margin segments such as camera sales and mobile scanning services

Building & Construction

- In discussions for several new commercial construction projects to be built in 2020 in the New England area - this could lead to:
 - Increased utilization rate at the factory in South Paris, Maine
 - Opening of an idle facility in Oxford, Maine

Real Estate & Investment

- Completed a financing via commercial mortgages for its three plants: proceeds used to fund working capital requirements for Building & Construction division

Acquisitions

Seeking attractive acquisition opportunities to:

- **Expand existing business divisions** through bolt-on acquisitions
- Create **new business divisions** for HoldCo

HoldCo: Future Acquisitions Strategy

TARGETS: PUBLIC OR PRIVATE COMPANIES

- **Market cap of \$5-50M** that can benefit from lower overhead costs as part of HoldCo structure
- **Existing assets, earnings, and cash flows** (no start-ups or venture capital-type situations)
- **High SG&A and public company costs** as a percentage of revenue
- **Opportunities for improved operating / financial performance**
- **Bolt-on** for existing platform or **create new** operating segments
- Operating in **growth markets**
- Sellers interested in **taking HoldCo common or preferred stock** instead of cash

ACQUISITION SYNERGIES:

- Operating management teams freed up to **focus on maximizing operations and pursuing growth opportunities**
- Sharing many corporate functions **reduces corporate overhead costs**
- **NOL at HoldCo level should offset US taxable income** generated by operating businesses
- **Lower cost of capital**
- **Better access to capital**
- **Better capital allocation**

HoldCo: Organization Chart

GROWTH STRATEGY

Organic Growth

Healthcare

- Expand geographic and client footprint for higher margin segments such as camera sales and mobile scanning services

Building & Construction

- In discussions for several new commercial construction projects to be built in 2020 in the New England area - this could lead to:
 - Increased utilization rate at the factory in Maine
 - Opening of a second facility in Maine (currently idle)

Real Estate & Investment

- Completed a financing via commercial mortgages for its three plants: proceeds used to fund working capital requirements for Building & Construction division

Acquisitions

Seeking attractive acquisition opportunities to:

- **Expand existing business divisions** through bolt-on acquisitions
- Create **new business divisions** for HoldCo
