File No. 0-11336

Dear Mr. Hansen:

This is to advise you that we have limited our review of the above filing to the matters addressed in the comments below. After reviewing your response, we may or may not raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. General

- 1. We note your disclosure on page 9 in connection with your proposal to increase your authorized shares of common stock that you are considering a public offering to ensure that you have sufficient capital to pay off your outstanding convertible promissory notes. In your response letter, please direct us to the relevant prior disclosure regarding this offering and describe the transaction to us in more detail. In your proxy statement, please revise your disclosure to state that, except as disclosed, you have no other plans, proposals or arrangements for the issuance of the newly authorized shares of common stock.
- 2. Please refer to Release No. 34-15230 and discuss the possible anti-takeover effects of the increase in your authorized shares. Please also discuss other anti-

takeover mechanisms that may be present in your governing documents or otherwise and whether there are any plans or proposals to adopt other provisions or enter into other arrangements that may have material anti-takeover consequences. Inform holders that management might use the additional shares to resist or frustrate a third-party transaction, favored by a majority of the independent stockholders, that would provide an above-market premium.
