Dear Mr. Kirk:

We have reviewed your January 26, 2010 response to December 14, 2009 letter and have the following comments. In our comments, we ask you to provide us with information to better understand your disclosure. Where a comment requests you to revise disclosure, the information you provide should show us what the revised disclosure will look like and identify the annual or quarterly filing, as applicable, in which you intend to first include it. If you do not believe that revised disclosure is necessary, explain the reason in your response. After reviewing the information provided, we may raise additional comments and/or request that you amend your filing.

1. We acknowledge your response to prior comment one. Please revise your proposed disclosure to state, if true, that delivery of the device occurs after all associated services are performed. At a minimum, you should disclose that you have no further obligations to the patient upon delivery of an O&P device.

2. We note your response to our prior comment 5 and your argument that the chief executive officer's actual recommendations to the compensation committee are not required to be disclosed under Item 402(b) of Regulation S-K. As we consider these recommendations a part of how the registrant determines the amount (and, where applicable, the formula) for each element to be paid, pursuant to Item 402(b)(1)(v), we believe this information should be disclosed. Please confirm that you will include in your 2010 proxy statement a discussion of the actual recommendations provided to the committee by the CEO for each named executive officer regarding base salaries, bonuses and any other compensation awarded.
