**Re: Movado Group, Inc.  
Form 10-K for the Fiscal Year Ended January 31, 2010  
Filed April 1, 2010  
File No. 1-16497**

Dear Mr. Grinberg:

We have limited our review of your filing to disclosure relating to your contacts with countries that have been identified as a state sponsor of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comment or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. We note that your website lists a Syrian location as an authorized service center for your BOSS watches and lists a store in Syria called Al Zaman under the "Find a Retailer" section. We also note that you filed an amended license agreement with Tommy Hilfiger with your Form 10-Q for the quarterly period ended October 31, 2009, which includes Syria as part of the regions covered by the agreement. Finally, we note that a third party website provides a list of Movado watch dealers in Syria. As you know, Syria is identified by the U.S. State Department as a state sponsor of terrorism. Please provide us with an update relating to your business activities in Syria since your letter to us dated September

14, 2006 including any agreements, commercial arrangements, or other contacts you have had with the government of Syria or entities controlled by Syria's government since that time.

2. Please discuss the materiality of any contacts with Syria described in response to our prior comment, or confirm to us that the nature and extent of your Syria contacts is substantially the same as described in your letter dated September 14, 2006. If they are not substantially the same, you should address materiality in quantitative terms, including the approximate dollar amounts of any associated revenues, assets, and liabilities for the last three fiscal years and the subsequent interim period, and also address materiality in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you know, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with U.S.-designated state sponsors of terrorism. Your materiality analysis should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Syria.

Please respond to these comments within 10 business days or tell us when you will provide us with a response. Please submit your response letter on EDGAR.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filings include all information required under the Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to the company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filings;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filings; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
