Compensation Discussion and Analysis, page 19

2008 Compensation, page 22

Annual Bonus Award, page 24

1. We note your disclosure that you make “progress payments” to your named executive officers based on quarterly EPS targets. In future filings, please disclose the quarterly EPS targets that must be achieved in order for your named executive officers to earn their annual bonus award. To the extent you believe that disclosure of the targets is not required because it would result in competitive harm such that the targets could be excluded under Instruction 4 to Item 402(b) of Regulation S-K, please provide us with a detailed explanation for such conclusion. Please also note that to the extent that you have an appropriate basis for omitting the specific targets, you must discuss how difficult it would be for the named executive officers or how likely it will be for you to achieve the undisclosed target levels or other factors. General statements regarding the level of difficulty, or ease, associated with achieving performance goals either corporately or individually are not sufficient.

In this regard, please revise your disclosure to clarify whether the named executive officer must repay the progress payments in the event that annual bonus amount is determined to be less than the amount of progress payments paid to that named executive officer during the fiscal year.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company’s disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
