Northern Trust

Forward Looking Statement

This presentation may include forward-looking statements such as statements that relate to Northern Trust's financial goals, dividend policy, expansion and business development plans, anticipated expense levels and projected profit improvements, business prospects and positioning with respect to market, demographic and pricing trends, strategic initiatives, re-engineering and outsourcing activities, new business results and outlook, changes in securities market prices, credit quality including reserve levels, planned capital expenditures and technology spending, anticipated tax benefits and expenses, and the effects of any extraordinary events and various other matters (including developments with respect to litigation, other contingent liabilities and obligations, and regulation involving Northern Trust and changes in accounting policies, standards and interpretations) on Northern Trust's business and results. These statements speak of Northern Trust's plans, goals, targets, strategies, beliefs, and expectations, and refer to estimates or use similar terms. Actual results could differ materially from those indicated by these statements because the realization of those results is subject to many risks and uncertainties. Our 2008 annual report and periodic reports to the SEC contain information about specific factors that could cause actual results to differ, and you are urged to read them. Northern Trust disclaims any continuing accuracy of the information provided in this presentation after today.
