Re: Continental Resources, Inc.
Amendment No. 6 to Registration Statement
on Form S-1
Filed May 1, 2007
Response Letter dated May 4, 2007
File No. 333-132257

Dear Mr. Monroe:

We have reviewed your amended filing and have the following comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. We have considered your response in its entirety and, as discussed in our telephone conversation on May 8, 2007, are unable to agree with your determination that the "re-purchase price contained in the grants represents fair value as it is tied to the value of [y]our underlying oil and gas reserves." In this

regard, the methodology you have used does not appear to represent fair value as contemplated by applicable accounting literature, including, without limitation, FAS 123R and SAB 107. Therefore, please reconsider your position and/or further support your methodology. In the event you revise your accounting methodology, please ensure that you enhance your disclosures throughout your Form S-1 as necessary, including, without limitation, MD&A, significant accounting policies, and footnote disclosure.

Closing Comments

As appropriate, please amend the above filing in response to these comments. You may wish to provide us with a marked copy of the amendment to expedite our review. Please furnish a cover letter with your amendment that keys your responses to our comments and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your amendment and responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Act of 1933 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

We will consider a written request for acceleration of the effective date of the registration statement as confirmation of the fact that those requesting acceleration are aware of their respective responsibilities under the Securities Act of 1933 and the Securities Exchange Act of 1934 as they relate to the proposed public offering of the securities specified in the above registration statement. We will act on the request and, pursuant to delegated authority, grant acceleration of the effective date.

We direct your attention to Rules 460 and 461 regarding requesting acceleration of a registration statement. Please allow adequate time after the filing of any amendment for further review before submitting a request for acceleration. Please provide this request at least two business days in advance of the requested effective date.
