Dear Mr. Falger:

We have reviewed your filings and have the following comments. Please be as detailed as necessary in your explanation. In our comments, we may ask you to provide us with supplemental information so we may better understand your disclosure. After reviewing this information, we may or may not raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Form 10-Q, filed August 8, 2008

1. We note the reconciliation of your Level 3 assets for the three-months ended June 30, 2008 as presented on page 11. Please tell us the gross amount (if netted with transfers into Level 3), the types of assets, and reasons for the transfers from Level 3 to Level 2 during this period.

Form 10-Q, filed November 7, 2008

2. We note your tabular presentation of the amortized cost and estimated market values of your available-for-sale securities as of September 30, 2008 as presented on page 12. We also note your disclosure that 39% of the unrealized loss position as of September 30, 2008 relates to structured trust preferred securities, primarily from issuers in the financial services industry. Please confirm whether these trust preferred securities are included within corporate notes and bonds, which have an unrealized loss and amortized cost of \$8.6M and \$32.9M, respectively, as of September 30, 2008. If so, please tell us the unrealized loss for each security as of December 31, 2007 and for each subsequent quarterly period up to December 31, 2008 in addition to providing the following:

- the specific issuer and name of each security held;
- for each security, clearly distinguish the type of underlying issuer (i.e. community banks, thrifts, insurance companies, or REITS);
- the initial and current credit rating, as applicable;
- the severity and duration of each unrealized loss; and
- how you considered the financial condition and near term prospects of each issuer, including any specific events which may have existed or occurred previously which influenced your decision not to record an other-than-temporary impairment.

Additionally, please tell us if there have been any events subsequent to the filing of your most recent Form 10-Q that has changed your conclusion that an other-than-temporary impairment does not exist.

As appropriate, please respond to these comments within 10 business days or tell us when you will provide us with a response. Please furnish a cover letter that keys your response to our comments and provides any requested supplemental information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your response to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing reviewed by the staff to be certain that they have provided all information investors require for an informed decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.
