Management's Discussion and Analysis

Allowance for Loan Losses, page 27

2. Please clarify your discussion in future filings to provide the following information related to your non-performing loans and the allowance for loan losses to address the following:
 - Please provide a tabular breakdown of your nonperforming loans by loan category for each period presented.
 - Please discuss the trends leading to the significant increase in nonperforming loans separately for each category.
 - Please expand your disclosure regarding the specific allowance related to these loans to discuss the reasons why such a low specific reserve was required. Discuss the levels of the collateral value related to these loans, if applicable, and the significance of any trends related to the collateral. For example, for real estate collateral dependent loans, discuss the trends in real estate values in your market area and discuss specifically how these trends impact your assessment of the necessary level of allowance for loan losses.
 - Please expand your disclosure to discuss the reasons why your levels of non-performing loans has increased but your provision for loan losses does not appear to have increased with the same magnitude.

Closing Comments

As appropriate, please amend your filing and respond to these comments within 10 business days or tell us when you will provide us with a response. You may wish to provide us with marked copies of the amendment to expedite our review. Please furnish

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filing or in response to our comments on your filing.
