Dear Mr. Dubois:

We have reviewed your registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you provide in response to these comments, we may have additional comments.

General

1. We note the statement on page 3 that the Provant equity holders approved the merger. In light of the approval of the merger by Provant equity holders, it appears that the transaction has commenced privately. Once begun privately, the merger transaction must be completed privately. Please revise the registration statement accordingly or advise.
2. Please provide the disclosure required by Item 1(c) of Schedule 14A, as required by Item 18(a)(1) of Form S-4.
3. Please provide the disclosure required by Items 5 and 6 of Schedule 14A for Provant, as required by Item 18(a)(5)(i) of Form S-4.

4. Please disclose, in comparative columnar form, the historical and pro forma per share data of the registrant and historical and equivalent pro forma per share data of the company being acquired. Refer to Item 3(f) of Form S-4, including the related Instruction to paragraph (f).

Prospectus Cover Page

5. We note that the calculation of the shares to be issued to Provant is based upon the amount of Hooper shares outstanding minus the Requirement Shares and the Banker Shares. We are unable to locate this calculation as it applies to the Banker Shares discussed in the merger agreement. Please advise or revise.
6. We note that the amount of shares to be issued to Provant is based upon a formula calculation. Please provide a more detailed discussion of the formula, including how you calculated the amount to be issued, and a discussion of the potential range of securities to be issued.
7. Please add disclosure, when discussing the market price, to discuss the market price immediately before the merger transaction was announced.
