GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY
Notes to Condensed Consolidated Financial Statements
Six Months Ended June 30, 2008 and 2007
(Dollars in Thousands)
(Unaudited)

1. Organization and Basis of Presentation

Organization - Great-West Life & Annuity Insurance Company and its subsidiaries (collectively, the "Company") is a direct wholly-owned subsidiary of GWL&A Financial Inc. ("GWL&A Financial"), a holding company formed in 1998. GWL&A Financial is an indirect wholly-owned subsidiary of Great-West Lifeco Inc. ("Lifeco"). The Company offers a wide range of life insurance and retirement and investment products to individuals, businesses and other private and public organizations throughout the United States. The Company is an insurance company domiciled in the State of Colorado, and is subject to regulation by the Colorado Division of Insurance.

Basis of presentation - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates are required to account for policy reserves, allowances for credit losses on mortgage loans on real estate, deferred acquisition costs and value of business acquired, goodwill and other intangible assets, derivative instruments, valuation of privately placed and non-actively traded public investments, employee benefits plans and taxes on income. Actual results could differ from those estimates. However, in the opinion of management, these condensed consolidated financial statements include all normal recurring adjustments necessary for the fair presentation of the financial position and the results of operations.

These financial statements should be read in conjunction with the audited consolidated financial statements and the accompanying notes included in the Company's latest Annual Report on Form 10-K for the year ended December 31, 2007. Operating results for the six months ended June 30, 2008 are not necessarily indicative of the results that may be expected for the full year ending December 31, 2008.

Reclassifications were made to the accompanying condensed consolidated statement of income for the six months ended June 30, 2007 and to the condensed consolidated balance sheet at June 30, 2007 to reflect the Company's discontinued operations. See Note 2. A \$7,193 reclassification was made to the December 31, 2007 balance sheet to reflect the reclassification of certain real estate investments from mortgage loans on real estate to other investments. A \$247,634 reclassification was also made to the condensed consolidated statement of cash flows for the six months ended June 30, 2007 to reflect interest credited to contractholders separately. Formerly, it was included in policy benefit liabilities.

2. Discontinued Operations and Assets and Liabilities Held for Sale

On April 1, 2008, the Company and certain of its subsidiaries completed the sale of substantially all of their healthcare insurance business to a subsidiary of CIGNA Corporation ("CIGNA") for \$1.5 billion (the "Purchase Price") in cash. The transaction was announced in November 2007. The purchase price is subject to adjustment based upon certain operating results of the business sold during the six-month period ending June 30, 2008. The Company recognized a gain in the amount of \$684,105, net of income taxes, upon completion of the transaction. Income (loss) from discontinued operations for the three and six-month periods ended June 30, 2008 includes charges in the amount of \$51,739, net of income taxes, related to costs associated with the sale. The business that was sold, formerly reported as the Company's Healthcare segment, was the vehicle through which it marketed and administered group life and health insurance to small, mid-sized and national employers. CIGNA acquired from the Company the stop loss, group life, group disability, group medical, group dental, group vision, group prescription drug coverage and group accidental death and dismemberment insurance business in the United States and the Company's supporting information technology infrastructure through a combination of 100% indemnity reinsurance agreements, renewal rights, related administrative service agreements and the acquisition of certain of the Company's subsidiaries. The Company retained a small portion of its Healthcare business and reports it within its Individual Markets segment. The Company's business is comprised of its Individual Markets, Retirement Services and Other segments (See Note 12). As required by Statement of Financial Accounting

GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY
Notes to Condensed Consolidated Financial Statements
Six Months Ended June 30, 2008 and 2007
(Dollars in Thousands)
(Unaudited)

Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," the statements of income and balance sheets of the disposed business activities are presented as discontinued operations for all periods presented in the condensed consolidated financial statements.

In addition, the Company and CIGNA entered into a Transition Services Agreement (the "Transition Agreement") whereby the Company will provide certain intellectual technology and administrative and legal services on behalf of CIGNA for a period of up to twenty-four months. CIGNA will pay the Company pre-determined monthly fees for these services and will reimburse it for other expenditures it makes under the terms of the Transition Agreement.

The following table summarizes the major classifications of assets and liabilities of discontinued operations at June 30, 2008 and December 31, 2007:

	June 30, 2008	December 31, 2007
Assets		
Fixed maturities, available-for-sale	\$ -	\$181,051
Short-term investments, available-for-sale	-	70,044
Receivables related to uninsured accident and health plan claims, net	-	134,397
Reinsurance receivable	120,771	46,772
Goodwill and other intangible assets	-	58,238
Premiums in course of collection	-	91,162
Deferred income taxes	-	(9,673)
Other	-	152,775
Total assets	\$120,771	\$724,766
Liabilities		
Policy reserves	\$45,642	\$103,219
Policy and contract claims	75,129	84,662
Policyholders' funds	-	106,563
Other	-	174,052
Total liabilities	\$120,771	\$468,496

The following table summarizes selected financial information included in income from discontinued operations in the condensed consolidated statements of income for the three and six-month periods ended June 30, 2008 and 2007:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2008	2007	2008	2007
Revenue from discontinued operations	\$ -	\$327,896	\$314,431	\$701,053
Benefits and expenses from discontinued operations	51,739	288,988	331,166	606,410
Income (loss) from discontinued operations, net of income tax expense (benefit) of (\$49,805), \$20,674, (\$31,256) and \$49,344	(51,739)	38,908	(16,735)	94,643
Gain on sale of discontinued operations, net of income taxes of \$405,753, \$ - , \$405,753 and \$ -	684,105	-	684,105	-
Total income from discontinued operations	\$632,366	\$38,908	\$667,370	\$94,643

Included in income (loss) from discontinued operations for the three and six months ended June 30, 2008 is an accrual of \$49,724 for severance and other employee related costs of which \$522 was paid during the three months ended June 30, 2008.

(Dollars in Thousands)
(Unaudited)

3. Undistributed Earnings on Participating Business

During the first quarter of 2008, undistributed earnings on participating business decreased by \$207,785 in connection with a long-standing assumption reinsurance agreement under which the Company had reinsured a block of participating policies. On January 1, 2008, the Company was no longer required to maintain the related liability to meet the obligations under the terms of the agreement. An income tax provision was recorded on the undistributed earnings when those earnings occurred. Accordingly, there was no income tax provision recorded at the time of the liability release. On January 1, 2008, the Company began recognizing the net earnings on these policies in its net income.

4. New Accounting Pronouncements

Recently adopted accounting pronouncements

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans" ("SFAS No. 158"). For fiscal years ending after December 15, 2006, SFAS No. 158 requires a company to recognize in its balance sheet an asset for a defined benefit postretirement plan's overfunded status or a liability for a plan's underfunded status and recognize changes in the funded status of a defined benefit postretirement plan in the other comprehensive income section of stockholder's equity in the year in which the changes occur, and provide additional disclosures. The Company adopted the recognition and disclosure provisions of SFAS No. 158 as of December 31, 2006. The adoption of SFAS No. 158 decreased accumulated other comprehensive income (loss) by \$6,734. The adoption of SFAS No. 158 did not affect the results of operations for the year ended December 31, 2006. For fiscal years ended after December 15, 2008, SFAS No. 158 requires a company to measure a defined benefit postretirement plan's assets and obligations that determine its funded status as of the end of its fiscal year. The Company is evaluating the impact that the adoption of the measurement date provision of SFAS No. 158 will have on its consolidated financial position and results of operations.

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("SFAS No. 157"). SFAS No. 157 provides enhanced guidance for using fair value to measure assets and liabilities. SFAS No. 157 also provides expanded information about the extent to which a company measures assets and liabilities at fair value, the information used to measure fair value and the effect of fair value measurements on earnings. SFAS No. 157 is applicable whenever other authoritative pronouncements require or permit assets or liabilities to be measured at fair value. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007. The Company adopted the provisions of SFAS No. 157 on January 1, 2008. The adoption of SFAS No. 157 did not have a material effect on the Company's consolidated financial position or results of its operations.

In February 2008, the FASB issued Staff Position No. 157-2, "Effective Date of FASB Statement No. 157" ("FSP No. 157-2"), which defers the effective date of SFAS 157 for all nonrecurring fair value measurements of non-financial assets and non-financial liabilities until fiscal years beginning after November 15, 2008. Non-financial assets include assets associated with business acquisitions and impairment testing of tangible and intangible assets. The Company is evaluating the impact of adopting FSP No. 157-2 on its financial position, results of operations and cash flows.

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities - Including an Amendment of FASB Statement No. 115" ("SFAS No. 159"). SFAS No. 159 permits an entity to measure financial instruments and certain other items at estimated fair value. Most of the provisions of SFAS No. 159 are elective; however, the amendment to FASB No. 115, "Accounting for Certain Investments in Debt and Equity Securities", applies to all entities that own trading and available-for-sale securities. The fair value option created by SFAS No. 159 permits an entity to measure eligible items at fair value as of specified election dates. The fair value option (a) may generally be applied instrument by instrument, (b) is irrevocable unless a new election date occurs, and

GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY
Notes to Condensed Consolidated Financial Statements
Six Months Ended June 30, 2008 and 2007
(Dollars in Thousands)
(Unaudited)

(c) must be applied to the entire instrument and not to only a portion of the instrument. SFAS No. 159 is effective as of the beginning of the first fiscal year that begins after November 15, 2007. The Company adopted the provisions of SFAS No. 159 on January 1, 2008. The adoption of SFAS No. 159 did not have an impact on the Company's consolidated financial position or results of its operations.

Accounting pronouncements that will be adopted in the future

In December 2007, the FASB issued Statement of Financial Accounting Standards No. 141(R), "Business Combinations" ("SFAS No. 141(R)") and Statement of Financial Accounting Standards No. 160, "Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51" ("SFAS No. 160"). These statements change the accounting for and reporting of business combination transactions and noncontrolling (minority) interests in consolidated financial statements. Some of the significant changes include the recognition of one hundred percent of the fair value of assets acquired, liabilities assumed and non-controlling interest of acquired businesses; recognition of contingent consideration arrangements at their acquisition date fair values, with subsequent changes in fair value reflected in net income; recognition of acquisition related transaction costs as expense when incurred; and recognition of acquisition related restructuring cost accruals in acquisition accounting only if certain criteria are met as of the acquisition date. SFAS No. 141(R) and SFAS No. 160 are required to be adopted simultaneously and are effective for fiscal years beginning after December 15, 2008. The Company will adopt the provisions of these statements for its fiscal year beginning January 1, 2009. The Company is evaluating the impact that the adoption of SFAS No. 141(R) and SFAS No. 160 will have on its consolidated financial position and the results of its operations.

In March 2008, the FASB issued Statement of Financial Standards No. 161, "Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133" ("SFAS No. 161"). SFAS No. 161 applies to all derivative instruments and related hedged items accounted for under Statement of Financial Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS No. 133"). SFAS No. 161 requires entities to provide enhanced disclosures regarding (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under SFAS No. 133 and its related interpretations and (c) how derivative instruments and related hedged items affect an entity's financial position, results of operations and cash flows. SFAS No. 161 is effective for fiscal years beginning after November 15, 2008. The Company will adopt the provisions of SFAS No. 161 for its fiscal year beginning January 1, 2009. The adoption of SFAS No. 161 will not have an impact on the Company's consolidated financial position or the results of its operations. The Company is evaluating the impact that the adoption of SFAS No. 161 will have on its disclosures regarding its derivative instruments and hedged items.

5. Related Party Transactions

Included in the condensed consolidated balance sheets at June 30, 2008 and December 31, 2007 are the following related party amounts:

	<u>June 30, 2008</u>	<u>December 31, 2007</u>
Reinsurance receivable	\$407,860	\$381,931
Policy reserves	2,442,875	2,493,511

GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY

(Dollars in Thousands)

(Unaudited)

Included in the condensed consolidated statements of income for the three and six-month periods ended June 30, 2008 and 2007 are the following related party amounts:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2008	2007	2008	2007
Premium income, net of related party premiums ceded of \$1,650, \$1,701, \$19,250 and \$17,318	\$39,045	(\$1,309,549)	\$76,425	(\$1,247,788)
Increase (decrease) in policy reserves	(16,957)	(1,568,703)	(7,395)	(1,558,666)

On June 1, 2007, the Company's Individual Markets segment terminated its reinsurance agreement with an affiliate, The Canada Life Assurance Company ("CLAC"), pursuant to which it had assumed 80% of certain United States life, health and annuity business on a coinsurance and coinsurance with funds withheld basis.

The Company recorded, at fair value, the following on June 1, 2007 in its condensed consolidated balance sheet in connection with the termination of the reinsurance agreement:

Assets		Liabilities and Stockholder's Equity	
Fixed maturities	(\$1,177,180)	Policy reserves	(\$1,976,028)
Mortgage loans on real estate	(196,743)	Policy and contract claims	(20,256)
Policy loans	(219,149)	Policyholders' funds	(20,464)
Reinsurance receivable	(310,865)	Provision for policyholder dividends	(31,841)
Deferred policy acquisition costs and value of business acquired	(68,809)	Undistributed earnings on participating business	8,161
Investment income due and accrued	(15,837)	Other liabilities	103
Premiums in course of collection	(3,540)	Total liabilities	<u>(2,040,325)</u>
Deferred income taxes	(18,274)	Accumulated other comprehensive income	7,684
		Retained earnings	<u>22,244</u>
		Total stockholder's equity	<u>29,928</u>
Total assets	<u><u>(\$2,010,397)</u></u>	Total liabilities and stockholder's equity	<u><u>(\$2,010,397)</u></u>

The Company recorded the following on June 1, 2007 in its condensed consolidated statement of income in connection with the termination of the reinsurance agreement:

Premium income	(\$1,387,179)
Net investment income	58,569
Net realized losses on investments	(14,797)
Total revenues	<u>(1,343,407)</u>
Decrease in reserves	(1,453,145)
Provision for policyholders' share of earnings on participating business	8,161
Amortization of deferred acquisition costs and value of business acquired	62,961
Total benefits and expenses	<u>(1,382,023)</u>
Income before income taxes	38,616
Income taxes	16,372
Net income	<u><u>\$22,244</u></u>

On July 3, 2007, Great-West Life & Annuity Insurance Company of South Carolina ("GWSC"), a wholly-owned subsidiary of the Company, and CLAC amended their reinsurance agreement pursuant to which GWSC assumed additional term life insurance from CLAC. GWL&A Financial obtained two letters of credit for the benefit of the Company as collateral under the GWSC and CLAC reinsurance agreement for on-

Notes to Condensed Consolidated Financial Statements
Six Months Ended June 30, 2008 and 2007
(Dollars in Thousands)
(Unaudited)

balance sheet policy liabilities and capital support. The first letter of credit is for \$802,100 and renews automatically until it expires on December 31, 2025. The second letter of credit is for \$70,000 and renews automatically. At June 30, 2008 and December 31, 2007 there were no outstanding amounts related to the letters of credit.

The Company's separate accounts invest in shares of Maxim Series Fund, Inc., an open-end management investment company, and Putnam Funds, which are affiliates of the Company, and shares of other non-affiliated mutual funds and government and corporate bonds. The Company's separate accounts include mutual funds or other investment options that purchase guaranteed interest annuity contracts issued by the Company. During the three and six-month periods ended June 30, 2008 and 2007, these purchases totaled \$33,256, \$45,462, \$19,200 and \$44,963, respectively. As the general account investment contracts are also included in the separate account balances in the accompanying condensed consolidated balance sheets, the Company has reduced the separate account assets and liabilities by \$392,931 and \$383,319 at June 30, 2008 and December 31, 2007, respectively, to eliminate these amounts in its condensed consolidated balance sheets at those dates.

During the three and six months ended June 30, 2008, the Company paid dividends in the amounts of \$1,365,000 and \$1,664,989, respectively to its parent, GWL&A Financial, in part using the proceeds received from the sale of its Healthcare business as discussed in Note 2.

6. Fair Value Measurements

In September 2006, the FASB issued SFAS No. 157, which defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. SFAS No. 157 is applicable in conjunction with other accounting pronouncements that require or permit fair value measurements, but does not expand the use of fair value to any new circumstances. More specifically, SFAS No. 157 emphasizes that fair value is a market-based measurement, not an entity-specific measurement and sets out a fair value hierarchy with the highest priority given to quoted prices in active markets and the lowest priority to unobservable inputs. Further, SFAS No. 157 requires tabular disclosures of the fair value measurements by level within the fair value hierarchy.

The Company's assets and liabilities recorded at fair value have been categorized based upon a fair value hierarchy in accordance with SFAS No. 157. The levels of the fair value hierarchy are described below.

- Level 1 inputs utilize observable, quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access. Financial assets and liabilities utilizing Level 1 inputs include actively exchange-traded equity securities.
- Level 2 inputs utilize other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves that are observable at commonly quoted intervals. The fair values for some Level 2 securities were obtained from a pricing service. The list of inputs used by the pricing service is reviewed on a quarterly basis. The pricing service inputs include, but are not limited to, benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, offers and reference data. Level 2 securities include those priced using a matrix which are based on credit quality and average life, U.S. government and agency securities, restricted stock, some private equities, certain fixed maturity investments and some over-the-counter derivatives.
- Level 3 inputs are unobservable and include situations where there is little, if any, market activity for the asset or liability. The prices of the majority of Level 3 securities were obtained from single broker quotes. Financial assets and liabilities utilizing Level 3 inputs include certain private equity, fixed maturity and over-the-counter derivative investments.

Six Months Ended June 30, 2008 and 2007
(Dollars in Thousands)
(Unaudited)

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

The following table presents information about the Company's financial assets and liabilities measured at fair value on a recurring basis as of June 30, 2008 and indicates the fair value hierarchy of the valuation techniques utilized by the Company to determine such fair value:

Assets and Liabilities Measured at Fair Value on a Recurring Basis June 30, 2008				
	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total

GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY
Notes to Condensed Consolidated Financial Statements
Six Months Ended June 30, 2008 and 2007
(Dollars in Thousands)
(Unaudited)

Realized and unrealized gains and losses included in net income for the six months ended June 30, 2008 are reported in net realized gains (losses) on investments and net investment income as follows:

	Six Months Ended June 30, 2008	
	Net realized gains (losses) on investments	Net investment income
Realized and unrealized gains and losses included in net income for the period	\$4,904	\$ -

The Company has no assets or liabilities measured at fair value on a non-recurring basis as of June 30, 2008.

7. Impairment of Fixed Maturity and Equity Investments Classified as Available-For-Sale

The Company classifies the majority of its fixed maturity and all of its equity investments as available-for-sale and records them at fair value with the related net unrealized gain or loss, net of policyholder related amounts and deferred taxes, being recorded in accumulated other comprehensive income in the stockholder's equity section in the accompanying condensed consolidated balance sheets. All available-for-sale securities with gross unrealized losses at the balance sheet date are subjected to the Company's process for the identification and evaluation of other-than-temporary impairments.

The Company writes down to fair value securities that it deems to be other-than-temporarily impaired in the period the securities are deemed to be so impaired. The Company records write-downs as investment losses and adjusts the cost basis of the securities accordingly. The Company does not adjust the revised cost basis for subsequent recoveries in value.

The assessment of whether an other-than-temporary impairment has occurred is based upon management's case-by-case evaluation of the underlying reasons for the decline in fair value. Management considers a wide range of factors, as described below, regarding the security issuer and uses its best judgment in evaluating the cause of the decline in its estimated fair value and in assessing the prospects for near-term recovery. Inherent in management's evaluation of the security are assumptions and estimates about the operations and future earnings potential of the issuer.

Considerations used by the Company in the impairment evaluation process include, but are not limited to, the following:

- Fair value is significantly below cost;
- The decline in fair value is attributable to specific adverse conditions affecting a particular instrument, its issuer, an industry or geographic area;
- The decline in fair value has existed for an extended period of time;
- A debt security has been downgraded by a credit rating agency;
- The financial condition of the issuer has deteriorated and
- Dividends have been reduced or eliminated or scheduled interest payments have not been made.

While all available information is taken into account, it is difficult to predict the ultimate recoverable amount from a distressed or impaired security.

	December 31, 2007					
	Less than twelve months		Twelve months or longer		Total	
	Estimated Fair Value	Unrealized Loss	Estimated Fair Value	Unrealized Loss	Estimated Fair Value	Unrealized Loss
Fixed Maturities						
U.S. government direct obligations and U.S. agencies	\$93,564	\$1,035	\$584,237	\$6,252	\$677,801	\$7,287
Obligations of U.S. states and their subdivisions	18,748	427	83,482	702	102,230	1,129
Foreign governments	-	-	1,770	31	1,770	31
Corporate debt securities	483,359	19,290	1,907,778	75,113	2,391,137	94,403
Mortgage-backed and asset-backed securities	873,956	74,461	2,097,427	82,244	2,971,383	156,705
Total fixed maturities	\$1,469,627	\$95,213	\$4,674,694	\$164,342	\$6,144,321	\$259,555
Equity investments	\$3,615	\$587	\$ -	\$ -	\$3,615	\$587
Total number of securities in an unrealized loss position	133		667		800	

Fixed maturity investments – Total unrealized losses increased by \$560,798 from December 31, 2007 to June 30, 2008. Unrealized losses on mortgage-backed and asset-backed securities comprise \$400,041 of this increase. Approximately \$211,000 of the \$400,041 was related to securities on which the monoline insurer had a credit rating downgrade. The insured securities are primarily investment grade without the benefit of the insurance provided by the monoline insurer. The Company currently believes the combination of the underlying collateral of these securities and the guarantee of the monoline insurer is sufficient to support full repayment of the debt. The increase in unrealized losses on mortgage-backed and asset-backed securities is also attributable to widening of credit spreads which resulted from a lack of market liquidity. The market disruption has impacted valuations at June 30, 2008. Future changes in the fair value of these securities will be dependent upon the return of market liquidity and changes in general market conditions including interest rates and credit spread movements. The Company has the ability and intent to hold the securities with unrealized losses until a recovery of the fair value, which may be maturity; therefore the Company does not consider these investments to be other-than-temporarily impaired at June 30, 2008.

GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY
Notes to Condensed Consolidated Financial Statements
Six Months Ended June 30, 2008 and 2007
(Dollars in Thousands)
(Unaudited)

At June 30, 2008 and December 31, 2007, the Company had \$242,954 and \$94,403, respectively, of unrealized losses related to its corporate debt fixed maturity securities. Management has classified these securities by sector, calculated as a percentage of total unrealized losses, as follows:

<u>Corporate sector</u>	June 30, 2008	December 31, 2007
Finance	59%	53%
Utility	17%	19%
Consumer	7%	10%
Natural resources	6%	8%
Transportation	6%	5%
Other	5%	5%
	<u>100%</u>	<u>100%</u>

The increase in unrealized losses in the Finance industry was primarily related to perpetual floating-interest-rate securities issued by Canadian and foreign banks and securities in the insurance industry. None of the losses were related to a ratings downgrade. All these securities are rated BBB or above. The Company does not consider these investments to be other-than-temporarily impaired at June 30, 2008.

Equity investments - The increase in unrealized losses from December 31, 2007 to June 30, 2008 is primarily related to issues in the airline industry. At June 30, 2008, the Company is continuing to monitor conditions impacting the industry, such as fuel prices, and has not made a determination that these securities are other-than-temporarily impaired.

Other-than-temporary impairment recognition - The Company recorded other-than-temporary impairments on fixed maturity investments of \$111 and \$22,283 during the three months ended June 30, 2008 and 2007, respectively. During the six months ended June 30, 2008 and 2007, the Company recorded other-than-temporary impairments on fixed maturity investments of \$16,272 and \$22,283, respectively. Of the \$16,272 recorded during the six months ended June 30, 2008, \$9,913 is related to discontinued operations and \$6,359 is related to continuing operations. The Company did not record any other-than-temporary impairments on equity securities during the three months ended June 30, 2008 or 2007. During the six months ended June 30, 2008 and 2007, the Company recorded other-than-temporary impairments on equity securities in the amounts of \$0 and \$23, respectively.

8. Reinsurance

The Company enters into reinsurance transactions as both a provider and purchaser of reinsurance. In the normal course of business, the Company seeks to limit its exposure to loss on any single insured and to recover a portion of benefits paid by ceding risks to other insurance enterprises under excess coverage and coinsurance contracts. The Company retains a maximum liability in the amount of \$3,500 of coverage per individual life.

Ceded reinsurance contracts do not relieve the Company from its obligations to policyholders. The failure of reinsurers to honor their obligations could result in losses to the Company. The Company evaluates the financial condition of its reinsurers and monitors concentrations of credit risk arising from similar geographic regions, activities or economic characteristics of the reinsurers to minimize its exposure to significant losses from reinsurer insolvencies.

9. Share-Based Compensation

Lifeco, of which the Company is an indirect wholly-owned subsidiary, has a stock option plan that provides for the granting of options on its common shares to certain of its officers and employees and those of its subsidiaries, including the Company. During the three and six-month periods ended June 30, 2008 and 2007, the Company recognized \$423, \$1,251, \$1,161 and \$1,918, respectively, in its condensed consolidated statements of income related to share-based compensation expense under the Lifeco stock option plan. In addition, during the three-month period ended June 30, 2008, the Company recorded \$1,980 of compensation expense related to share-based compensation due to the acceleration of vesting of certain stock options related to the sale of the Healthcare business and it is included in income from discontinued operations in the condensed consolidated statement of income.

During the six months ended June 30, 2008, Lifeco granted 535,000 stock options to employees of the Company. The stock options vest over seven and one half year periods ending in September and November 2015. Compensation expense in the amount of \$1,849, computed using the accelerated method of recognition, will be recognized in the Company's financial statements over the vesting periods of these stock option grants.

10. Components of Net Periodic Benefit Cost

Net periodic (benefit) cost of the Defined Benefit Pension Plan and the Post-Retirement Medical Plan included in general insurance expenses in the accompanying condensed consolidated statements of income for the three and six-month periods ended June 30, 2008 and 2007 include the following components:

	Three Months Ended June 30,			
	2008	2007	2008	2007
	Defined benefit pension plan		Post-retirement medical plan	
Components of periodic (benefit) cost:				
Service cost	\$1,259	\$2,421	\$275	\$513
Interest cost	4,554	4,323	280	372
Expected return on plan assets	(5,036)	(5,041)	-	-
Amortization of transition obligation	(379)	(379)	-	-
Amortization of unrecognized prior service cost	22	55	(412)	(932)
Amortization of loss from earlier periods	226	1,219		163
Net periodic (benefit) cost	<u>\$646</u>	<u>\$2,598</u>	<u>\$143</u>	<u>\$116</u>

	Six Months Ended June 30,			
	2008	2007	2008	2007
	Defined benefit pension plan		Post-retirement medical plan	
Components of periodic (benefit) cost:				
Service cost	\$3,226	\$4,877	\$714	\$1,023
Interest cost	9,249	8,670	695	742
Expected return on plan assets	(10,428)	(10,084)	-	-
Amortization of transition obligation	(757)	(758)	-	-
Amortization of unrecognized prior service cost	76	110	(1,344)	(1,864)
Amortization of loss from earlier periods	226	2,450	85	321
Net periodic (benefit) cost	<u>\$1,592</u>	<u>\$5,265</u>	<u>\$150</u>	<u>\$222</u>

During the three-month period ended June 30, 2008, the Company recorded defined benefit pension plan costs of \$672 and post-retirement medical plan benefits of \$19,346 as adjustments to income from discontinued operations due to plan curtailments related to the sale of the Healthcare business. The Company does not expect to make contributions to its Defined Benefit Pension Plan during the year ended December 31, 2008. The Company expects to contribute approximately \$1,000 to its Post-Retirement Medical Plan during the year ended December 31, 2008.

(Dollars in Thousands)
(Unaudited)

11. Federal Income Taxes

The provision for income taxes from continuing operations is comprised of the following:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2008	2007	2008	2007
Current	\$20,490	\$23,285	\$39,602	\$38,334
Deferred	(20,107)	19,535	(28,409)	36,418
Income tax expense	<u>\$383</u>	<u>\$42,820</u>	<u>\$11,193</u>	<u>\$74,752</u>

The following table presents a reconciliation between the statutory federal income tax rate and the Company's effective federal income tax rate from continuing operations for the six months ended June 30, 2008 and 2007:

	Six Months Ended June 30,	
	2008	2007
Statutory federal income tax rate	35.0%	35.0%
Income tax effect of:		
Investment income not subject to federal tax	(3.1%)	(1.2%)
Tax credits	(2.4%)	(2.6%)
State income taxes, net of federal benefit	0.3%	0.1%
Provision for policyholders' share of earnings on participating business	(20.8%)	2.6%
Other, net	(5.8%)	2.2%
Effective federal income tax rate from continuing operations	<u>3.2%</u>	<u>36.1%</u>

During the six months ended June 30, 2008, the Company did not recognize any material changes in unrecognized tax benefits relating to FASB Financial Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). The Company does not expect any material changes relating to unrecognized tax benefits within the next twelve months.

Tax years 2005 and 2006 are open to federal examination by the Internal Revenue Service. The Company is not currently under federal examination and therefore does not expect significant increases or decreases to the unrecognized tax benefits in 2008 as a result of a federal audit. Also, the Company does not expect significant increases or decreases relating to state and local audits.

Deferred income taxes represent the tax effect of the differences between the book and tax bases of assets and liabilities. The change in the deferred income tax asset between January 1, 2008 and June 30, 2008 is as follows:

Balance, January 1, 2008	\$155,548
Increase in deferred tax asset included in other comprehensive income related to the change in unrealized (gains) losses on investment assets, net of policyholder related amounts	186,684
Increase in deferred tax asset related to FIN 48	19,560
Increase in deferred tax asset related to the condensed consolidated statement of income	28,409
Increase in deferred tax asset related to the sale of the Healthcare segment	89,632
Other, net	4,151
Balance, June 30, 2008	<u>\$483,984</u>

12. Segment Information

The Company has three business segments: Individual Markets, Retirement Services and Other. The Individual Markets segment distributes life insurance and individual annuity products to both individuals and businesses through various distribution channels. Life insurance products in-force include participating and non-participating term life, whole life, universal life and variable universal life. The Retirement Services segment provides full service bundled and unbundled employer-sponsored defined contribution/defined benefit products as well as comprehensive administrative and record-keeping services for financial institutions. Defined contribution plans provide for benefits based upon the value of contributions to, and investment returns on, an individual's account. The Company's Other segment includes corporate items not directly allocated to any of its other business segments, interest expense on long-term debt and the activities of a wholly-owned subsidiary whose sole business is the assumption of a certain block of term life insurance from an affiliated company. The Company's reportable segments are strategic business units that offer different products and services. They are managed separately as each segment has its own unique distribution channels.

As discussed in Note 2, substantially all of the Company's former Healthcare segment has been sold and reclassified as discontinued operations and, accordingly, is no longer reported as a separate business segment. The Company retained a small portion of its Healthcare business and reports it within its Individual Markets segment. The segment reporting for the three and six-month periods ended June 30, 2007 has been reclassified to reflect this change in business segments.

The following table summarizes the financial results of the Company's Individual Markets segment for the three and six-month periods ended June 30, 2008 and 2007:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2008	2007	2008	2007
Revenues:				
Premium income	\$65,785	(\$1,314,379)	\$178,560	(\$1,180,994)
Fee income	13,600	21,940	28,028	43,552
Net investment income	170,882	238,922	343,830	429,679
Net realized gains (losses) on investments	13,665	(16,303)	18,925	(12,342)
Total revenues	<u>263,932</u>	<u>(1,069,820)</u>	<u>569,343</u>	<u>(720,105)</u>
Benefits and expenses:

13. Commitments and Contingencies

The Company is involved in various legal proceedings that arise in the ordinary course of its business. This business includes the activities of the discontinued healthcare insurance business prior to the April 1, 2008 sale to CIGNA as discussed in Note 2. In the opinion of management, after consultation with counsel, the resolutions of these proceedings are not expected to have a material adverse effect on the Company's consolidated financial position or results of operations.

The Company has entered into a corporate credit facility agreement in the amount of \$50,000 for general corporate purposes. The credit facility matures on May 26, 2010. Interest accrues at a rate dependent on various conditions and terms of borrowings. The agreement requires the Company to maintain a minimum adjusted net worth of \$900,000 plus 50% of its net income, if positive (both compiled by the unconsolidated statutory accounting basis prescribed by the National Association of Insurance Commissioners), for each quarter ending after June 30, 2008. The Company had no borrowings under the credit facility at either June 30, 2008 or December 31, 2007 and was in compliance with all covenants.

GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY
Notes to Condensed Consolidated Financial Statements
Six Months Ended June 30, 2008 and 2007
(Dollars in Thousands)
(Unaudited)

The Company makes commitments to fund partnership interests and other investments in the normal course of its business. The amounts of these unfunded commitments at June 30, 2008 and December 31, 2007 were \$62,376 and \$97,201, respectively, all of which is due within one year from the dates indicated.

In connection with certain acquisitions, the Company agreed to pay additional consideration in future periods, based upon the attainment by the acquired entity of defined operating objectives. The contingent consideration obligations are not considered contractual obligations and are not accrued for prior to the attainment of the objectives. Any such contingent payments will be considered as additional purchase consideration and will result in an adjustment to the purchase price allocation in the period in which the contingency is resolved.

14. Subsequent Event

On July 3, 2008, the Company paid a dividend in the amount of \$38,254 to its parent, GWL&A Financial.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

General

This Form 10-Q contains forward-looking statements. Forward-looking statements are statements not based on historical information and that relate to future operations, strategies, financial results or other developments. In particular, statements using verbs such as "expect," "anticipate," "believe," or words of similar import generally involve forward-looking statements. Without limiting the foregoing, forward-looking statements include statements which represent the Company's beliefs concerning future or projected levels of sales of its products, investment spreads or yields or the earnings or profitability of its activities. Forward-looking statements are necessarily based upon estimates and assumptions that are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond the Company's control and many of which, with respect to future business decisions, are subject to change. These uncertainties and contingencies can affect actual results and could cause actual results to differ materially from those expressed in any forward-looking statements made by, or on behalf of, the Company. Whether or not actual results differ materially from forward-looking statements may depend on numerous foreseeable and unforeseeable events or developments, some of which may be national in scope, such as general economic conditions and interest rates, some of which may be related to the insurance industry generally, such as pricing competition, regulatory developments and industry consolidation and others of which may relate to the Company specifically, such as credit rating, volatility and other risks associated with its investment portfolio and other factors. Readers should also consider other matters, including any risks and uncertainties discussed in documents filed by the Company and certain of its subsidiaries with the Securities and Exchange Commission.

Discontinued Operations

On April 1, 2008, the Company and certain of its subsidiaries completed the sale of substantially all of their healthcare insurance business to a subsidiary of CIGNA Corporation ("CIGNA") for \$1.5 billion in cash. The transaction was announced in November 2007. The Company recognized a gain in the amount of \$1,090 million (\$684 million net of income taxes) upon completion of the transaction. Income (loss) from discontinued operations includes charges in the amount of \$101 million (\$52 million net of income taxes) which represents costs associated with the sale. The business that was sold, formerly reported as the Company's Healthcare segment, was the vehicle through which it marketed and administered group life and health insurance to small, mid-sized and national employers. CIGNA acquired from the Company the stop loss, group life, group disability, group medical, group dental, group vision, group prescription drug coverage and group accidental death and dismemberment insurance business in the United States and the Company's supporting information technology infrastructure through a combination of 100% indemnity reinsurance agreements, renewal rights, related administrative service agreements and the acquisition of certain of the Company's subsidiaries. The Company retained a small portion of its Healthcare business and reports it within its Individual Markets segment. The Company's business is comprised of its Individual Markets, Retirement Services and Other segments. As required by Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," the statements of income and balance sheets of the disposed business activities are presented as discontinued operations for all periods presented in the condensed consolidated financial statements.

Company Results of Operations

The following discussion addresses the Company's consolidated results of operations for the three and six-month periods ended June 30, 2008, compared with the same periods in 2007. The discussion should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2007 under Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations," to which the reader is directed for additional information.

As more fully described in Note 5 to the accompanying condensed consolidated financial statements, on June 1, 2007, the Company's Individual Markets segment terminated its reinsurance agreement with an affiliate, The Canada Life Assurance Company ("CLAC"), pursuant to which it had assumed 80% of certain United States life, health and annuity business on a coinsurance and coinsurance with funds withheld basis.

As more fully described in Note 3 to the accompanying condensed consolidated financial statements, during the first quarter of 2008, undistributed earnings on participating business decreased by \$208 million in connection with a long-standing assumption reinsurance agreement under which the Company had reinsured a block of participating policies. On January 1, 2008, the Company was no longer required to maintain this liability to meet the obligations under the terms of the agreement. On January 1, 2008, the Company began recognizing the net earnings on these policies in its net income.

Three months ended June 30, 2008 compared with the three months ended June 30, 2007

Income statement data (In millions)	Three Months Ended June 30,	
	2008	2007
Revenues:		
Premium income	\$105	(\$1,275)
Fee income	111	120
Net investment income	267	335
Net realized gains (losses) on investments	24	(19)
Total revenues	507	(839)
Benefits and expenses:		
Policyholder benefits	287	(1,153)
Operating expenses	130	196
Total benefits and expenses	417	(957)
Income from continuing operations before income taxes	90	118
Income tax expense	-	43
Income from continuing operations	\$90	\$75

The Company's consolidated net income from continuing operations increased by \$15 million, or 20.0%, to \$90 million during the three months ended June 30, 2008 when compared to 2007.

Excluding the one time recording of negative premium revenue of \$1,387 million resulting from the termination of the CLAC reinsurance agreement on June 1, 2007, premium income decreased by \$7 million, or 6.3%, to \$105 million for the three months ended June 30, 2008 when compared to 2007. This decrease is primarily related to \$21 million of reinsured life, health, and annuity premiums in 2007 that are absent in 2008 as a result of the termination of the reinsurance agreement with CLAC. The decrease is partially offset by higher premiums in 2008 from improved sales activity in the Individual Markets segment and \$14 million higher premiums in the Other segment as the result of the July 2007 amended reinsurance agreement between Great-West Life & Annuity Insurance Company of South Carolina ("GWSC"), a wholly-owned subsidiary of the Company, and CLAC as discussed in Note 5 to the condensed consolidated financial statements.

Fee income decreased by \$9 million, or 7.5%, to \$111 million for the three months ended June 30, 2008 when compared to 2007. The decrease is primarily related to lower variable fee income due to the weak performance of the U.S. equities market in 2008, one time gains on the BOLI block of business in 2007 due to surrender activity and a fee transfer from the Participating Policyholder Experience Account block of business during 2007 which has now been discontinued.

Excluding the one time recording of \$59 million of net investment income resulting from the termination of the CLAC reinsurance agreement, net investment income decreased by \$9 million, or 3.3%, to \$267 million for the three months ended June 30, 2008 when compared to 2007. The decrease is primarily due to \$14 million of net investment income in 2007 that is absent in 2008 as a result of the termination of the CLAC reinsurance agreement, partially offset by higher policy loan interest income.

Excluding the one time recording of negative policy benefits of \$1,445 million resulting from the termination of the CLAC reinsurance agreement, policyholder benefits remained stable during the three months ended June 30, 2008 when compared to 2007, decreasing by \$5 million, or 1.7%, to \$287 million.

Excluding the one time recording of \$63 million additional amortization of deferred acquisition costs resulting from the termination of the CLAC reinsurance agreement, operating expenses remained stable during the three months ended June 30, 2008 when compared to 2007, decreasing by \$3 million to \$130 million.

Income tax expense for the three months ended June 30, 2008 includes a \$23 million benefit related to a prior year tax adjustment.

The segment information below discusses the reasons for these changes.

Income From Discontinued Operations

As more fully described in Note 2 to the accompanying condensed consolidated financial statements, the Company sold substantially all of its healthcare insurance business on April 1, 2008 resulting in a gain in the amount of \$1,090 million (\$684 million net of income taxes) upon completion of the transaction. Income (loss) from discontinued operations includes charges in the amount of \$101 million (\$52 net of income taxes) which represents costs associated with the sale. The healthcare insurance business comprised all of the Company's discontinued operations. Accordingly, the Company ceased recording operating activity from its discontinued operations on April 1, 2008.

Six months ended June 30, 2008 compared with the six months ended June 30, 2007

Income statement data (In millions)	Six Months Ended June 30,	
	2008	2007
Revenues:		
Premium income	\$253	(\$1,119)
Fee income	221	237
Net investment income	536	623
Net realized gains (losses) on investments	32	(13)
Total revenues	1,042	(272)
Benefits and expenses:		
Policyholder benefits	406	(831)
Operating expenses	287	352
Total benefits and expenses	693	(479)
Income from continuing operations before income taxes	349	207
Income tax expense	11	75
Income from continuing operations	\$338	\$132

The Company's consolidated net income from continuing operations increased by \$206 million for the six months ended June 30, 2008 when compared to 2007. The net income of the Company's Other segment included a gain in the amount of \$208 million as a result of the release of the liability associated with certain participating policies as discussed in Note 3 to the condensed consolidated financial statements.

Excluding the one time recording of negative premium revenue of \$1,387 million resulting from the termination of the CLAC reinsurance agreement, premium income decreased by \$15 million, or 5.6%, to \$253 million for the six months ended June 30, 2008 when compared to 2007. This decrease is primarily related to \$59 million of reinsured life, health, and annuity premiums in 2007 that are absent in 2008 as a result of the termination of the CLAC reinsurance agreement. This decrease is partially offset by higher premiums in 2008 from improved sales activity in the Individual Markets segment and \$15 million higher premiums during 2008 as the result of the July 2007 amended reinsurance agreement between Great-West Life & Annuity Insurance Company of South Carolina, a wholly-owned subsidiary of the Company, and CLAC as discussed in Note 5 to the condensed consolidated financial statements.

Fee income decreased by \$16 million, or 6.8%, to \$221 million for the six months ended June 30, 2008 when compared to 2007. The decrease is primarily related to lower variable fee income due to the weak performance of the U.S. equities market, \$4 million of fee income in 2007 that is absent in 2008 as a result of the termination of the CLAC reinsurance agreement and one time gains on the BOLI block of business in 2007 due to surrender activity.

Excluding the one time recording of \$59 million of net investment income resulting from the termination of the CLAC reinsurance agreement, net investment income decreased by \$28 million, or 5.0%, to \$536 million for the six months ended June 30, 2008 when compared to 2007. The decrease is primarily due to \$43 million of net investment income in 2007 that is absent in 2008 as a result of the termination of the CLAC reinsurance agreement partially offset by higher policy loan income.

Excluding the impact of the aforementioned \$208 million gain upon the release of participating policy liabilities on January 1, 2008 and the one time recording of negative policy benefits of \$1,445 million resulting from the termination of the CLAC reinsurance agreement, policyholder benefits remained unchanged for the six months ended June 30, 2008 when compared to 2007.

Excluding the one time recording of \$63 million additional amortization of deferred acquisition costs resulting from the termination of the CLAC reinsurance agreement, operating expenses remained stable during the six months ended June 30, 2008 when compared to 2007, decreasing by \$2 million to \$287 million.

Income tax expense for the six months ended June 30, 2008 includes a \$23 million benefit related to a prior year tax adjustment.

The segment information below discusses the reasons for these changes.

Segment Results

The Company has three business segments: Individual Markets, Retirement Services and Other. The Individual Markets segment distributes life insurance and individual annuity products to both individuals and businesses through various distribution channels. Life insurance products in-force include participating and non-participating term life, whole life, universal life and variable universal life. The Retirement Services segment provides full service bundled and unbundled employer-sponsored defined contribution/defined benefit products as well as comprehensive administrative and record-keeping services for financial institutions. Defined contribution plans provide for benefits based upon the value of contributions to, and investment returns on, an individual's account. The Company's Other segment includes corporate items not directly allocated to any of its other business segments, interest expense on long-term debt and the activities of a wholly-owned subsidiary whose sole business is the assumption of a certain block of term life insurance from an affiliated company.

Individual Markets Results of Operations

Three months ended June 30, 2008 compared with the three months ended June 30, 2007

As more fully described in Note 5 to the accompanying condensed consolidated financial statements, on June 1, 2007, the Company's Individual Markets segment terminated its reinsurance agreement with an affiliate, The Canada Life Assurance Company ("CLAC"), pursuant to which it had assumed 80% of certain United States life, health and annuity business on a coinsurance and coinsurance with funds withheld basis.

The following is a summary of certain financial data of the Company's Individual Markets segment:

Income statement data (In millions)	Three Months Ended June 30,	
	2008	2007
Revenues:		
Premium income	\$66	(\$1,314)
Fee income	14	22
Net investment income	171	239
Net realized gains (losses) on investments	14	(16)
Total revenues	265	(1,069)
Benefits and expenses:		
Policyholder benefits	196	(1,245)
Operating expenses	28	90
Total benefits and expenses	224	(1,155)
Income from continuing operations before income taxes	41	86
Income tax expense	1	30
Income from continuing operations	\$40	\$56

The following is a summary of the Individual Markets segment policies and participant accounts at June 30 and March 31, 2008:

(In thousands)	June 30, 2008	March 31, 2008
Policies and Participant Accounts	414	418

Net income for the Individual Markets segment decreased by \$16 million, or 28.6%, to \$40 million during the three months ended June 30, 2008 when compared to 2007. This decrease is primarily related to a one time gain of \$22 million resulting from the aforementioned termination of the CLAC reinsurance agreement on June 1, 2007 and \$7 million of net income associated with the CLAC reinsurance agreement for the three months ended June 30, 2007 that was absent in 2008, offset by higher realized gains on investments in 2008 and a favorable \$11 million prior year tax adjustment.

Excluding the one time recording of negative premium revenue of \$1,387 million resulting from the termination of the CLAC reinsurance agreement, premium income decreased by \$7 million, or 9.6%, to \$66 million during the three months ended June 30, 2008 when compared to 2007. The decrease includes \$21 million of reinsured life, health, and annuity premiums in 2007 that are absent in 2008 as a result of the termination of the CLAC reinsurance agreement. This decrease is offset by higher premiums in 2008 from improved sales activity.

Fee income has decreased by \$8 million, or 36.4%, to \$14 million during the three months ended June 30, 2008 when compared to 2007. The decrease is primarily related to lower variable fee income due to the weak performance of the U.S. equities market in 2008 and one time gains on the BOLI block of business in 2007 due to surrender activity. Variable asset-based fees fluctuate with changes in participant account balances. Participant account balances change due to cash flow and unrealized market gains and losses associated with changes in the United States equities market.

Excluding the one time recording of \$58 million of net investment income resulting from the termination of the CLAC reinsurance agreement, net investment income decreased by \$10 million or 5.5%, to \$171 million during the three months ended June 30, 2008 when compared to 2007. The decrease is primarily due to \$14 million of net investment income in 2007 that is absent in 2008 as a result of the termination of the CLAC reinsurance agreement, partially offset by higher policy loan interest income.

Excluding the one time recording of negative benefits and expenses of \$1,382 resulting from the termination of the CLAC reinsurance agreement, total benefits and expenses decreased by \$3 million, or 1.3%, to \$224 million during the three months ended June 30, 2008 when compared to 2007.

Although income from continuing operations before income taxes decreased by \$45 million during the three months ended June 30, 2008 when compared to 2007, income tax expense decreased disproportionately due to a favorable \$11 million prior year tax adjustment during the quarter ended June 30, 2008.

Six months ended June 30, 2008 compared with the six months ended June 30, 2007

The following is a summary of certain financial data of the Company's Individual Markets segment:

Income statement data (In millions)	Six Months Ended June 30,	
	2008	2007
Revenues:		
Premium income	\$178	(\$1,181)
Fee income	28	43
Net investment income	344	430
Net realized gains (losses) on investments	19	(12)
Total revenues	569	(720)
Benefits and expenses:		
Policyholder benefits	434	(995)
Operating expenses	50	139
Total benefits and expenses	484	(856)
Income from continuing operations before income taxes	85	136
Income tax expense	15	49
Income from continuing operations	\$70	\$87

The following is a summary of the Individual Markets segment policies and participant accounts at June 30, 2008 and 2007:

(In thousands)	June 30,	
	2008	2007
Policies and Participant Accounts	414	430

Net income for the Individual Markets segment decreased by \$17 million, or 19.5%, to \$70 million during the six months ended June 30, 2008 when compared to 2007. This decrease is primarily related to a gain of \$22 million resulting from the termination of the CLAC reinsurance agreement and \$10 million of net income associated with the CLAC reinsurance activity during the six months ended June 30, 2007 that is absent in 2008, offset by higher realized gains on investments in 2008 and a favorable \$11 million prior year tax adjustment.

Excluding the one time recording of negative premium revenue of \$1,387 million resulting from the termination of the CLAC reinsurance agreement, premium income decreased by \$28 million, or 13.6%, to \$178 million during the six months ended June 30, 2008 when compared to 2007. This decrease is primarily due to \$59 million of reinsured life, health, and annuity premiums in 2007 that are absent in 2008 as a result of the termination of the CLAC reinsurance agreement partially offset by higher premiums in 2008 from improved sales activity.

Fee income has decreased by \$15 million, or 34.9%, to \$28 million during the six months ended June 30, 2008 when compared to 2007. The decrease is primarily related to lower variable fee income due to the weak performance of the U.S. equities market in 2008, one time gains on the BOLI block of business in 2007 due to surrender activity and \$4 million of fee income in 2007 that is absent in 2008 as a result of the termination of the CLAC reinsurance agreement. Variable asset-based fees fluctuate with changes in participant account balances. Participant account balances change due to cash flow and unrealized market gains and losses associated with changes in the United States equities market.

Excluding the one time recording of \$58 million of net investment income resulting from the termination of the CLAC reinsurance agreement, net investment income decreased by \$28 million or 7.5%, to \$344 million during the six months ended June 30, 2008 when compared to 2007. The decrease is primarily due to \$43 million of net investment income in 2007 that is absent in 2008 as a result of the termination of the CLAC reinsurance agreement partially offset by higher policy loan interest income.

Excluding the one time recording of negative benefits and expenses of \$1,382 resulting from the termination of the CLAC reinsurance agreement, total benefits and expenses decreased by \$42 million, or 8.0%, to \$484 million during the six months June 30, 2008 when compared to 2007. The decrease is primarily due to \$96 million of benefits and expenses in 2007 that were absent in 2008 as a result of the termination of the CLAC reinsurance agreement. This decrease is partially offset by an increase in policy reserves due to increased sales of guaranteed products and increases in interest paid or credited to contractholders due to larger account balances.

Although income from continuing operations before income taxes decreased by \$51 million during the six months ended June 30, 2008 when compared to 2007, income tax expense decreased disproportionately due to an \$11 million prior year tax adjustment during the quarter ended June 30, 2008.

Retirement Services Results of Operations

Three months ended June 30, 2008 compared with the three months ended June 30, 2007

The following is a summary of certain financial data of the Company's Retirement Services segment:

Income statement data (In millions)	Three Months Ended June 30,	
	2008	2007
Revenues:		
Premium income	\$1	\$2
Fee income	96	97
Net investment income	87	86
Net realized gains (losses) on investments	10	(3)
Total revenues	194	182
Benefits and expenses:		
Policyholder benefits	56	56
Operating expenses	82	86
Total benefits and expenses	138	142
Income from continuing operations before income taxes	56	40
Income tax expense	3	12
Income from continuing operations	\$53	\$28

With the exception of realized gains (losses) on investments and income taxes, net income and its components for the Retirement Services segment remained stable for the three months ended June 30, 2008 when compared to 2007. Net income increased by \$25 million, or 89.3%, to \$53 million during the three months ended June 30, 2008 when compared to 2007. Net realized gains on investments increased by \$13 million to \$10 million from a loss of \$3 million in 2007. Income from continuing operations before income taxes increased by \$16 million during the three months ended June 30, 2008 when compared to 2007. Income tax expense decreased by \$9 million over these periods due to a favorable \$12 million prior year tax adjustment during the quarter ended June 30, 2008.

The following is a summary of the Retirement Services segment participant accounts at June 30 and March 31, 2008:

(In thousands)	June 30, 2008	March 31, 2008
Policies and Participant Accounts	3,908	3,886

Six months ended June 30, 2008 compared with the six months ended June 30, 2007

The following is a summary of certain financial data of the Company's Retirement Services segment:

Income statement data (In millions)	Six Months Ended June 30,	
	2008	2007
Revenues:		
Premium income	\$2	\$4
Fee income	191	191
Net investment income	174	174
Net realized gains (losses) on investments	13	(1)
Total revenues	380	368
Benefits and expenses:		
Policyholder benefits	114	111
Operating expenses	173	175
Total benefits and expenses	287	286
Income from continuing operations before income taxes	93	82
Income tax expense	12	25
Income from continuing operations	\$81	\$57

With the exception of realized gains (losses) on investments and income taxes, net income and its components for the Retirement Services segment remained stable for the six months ended June 30, 2008 when compared to 2007. Net income increased by \$24 million, or 42.1%, to \$81 million during the three months ended June 30, 2008 when compared to 2007. Net realized gains on investments increased by \$14 million to \$13 million from a loss of \$1 million in 2007. Income from continuing operations before income taxes increased by \$11 million during the three months ended June 30, 2008 when compared to 2007. Income tax expense decreased by \$13 million over these periods primarily due to a favorable \$12 million prior year tax adjustment during the quarter ended June 30, 2008.

The following is a summary of the Retirement Services segment participant accounts at June 30, 2008 and 2007:

(In thousands)	June 30,	
	2008	2007
Policies and Participant Accounts	3,908	3,493

Participant accounts, including third party administration and institutional accounts, at June 30, 2008 increased by 11.9% to 3,908 thousand from 3,493 thousand at June 30, 2007, primarily as the result of acquiring the Commonwealth of Massachusetts deferred compensation plan reflecting 254,000 accounts during the current year.

The following table provides information for the Retirement Services' segment participant account values at June 30, 2008 and 2007:

(In thousands)	June 30,	
	2008	2007
<u>General Account - Fixed Options:</u>		
Public / Non-profit	\$3,329	\$3,428
401(k)	2,920	2,579
	<u>\$6,249</u>	<u>\$6,007</u>
<u>Separate Account - Fixed Options:</u>		
Public / Non-profit	\$6,270	\$6,365
401(k)	6,522	6,937
	<u>\$12,792</u>	<u>\$13,302</u>
<u>Unaffiliated Retail:</u>		
<u>Investment Options and Administrative Services Only:</u>		
Public / Non-profit	\$49,493	\$44,901
401(k)	18,327	23,632
Institutional	29,461	28,930
	<u>\$97,281</u>	<u>\$97,463</u>

Account values invested in the general account fixed investment options have increased by \$242 million, or 4.0% at June 30, 2008 compared to June 30, 2007 primarily due to transfers from variable investment options to the general account.

Account values invested in the separate account variable investment options have decreased by \$510 million, or 3.8% at June 30, 2008 compared to June 30, 2007. The decrease is primarily due to the decrease in the U.S. equity markets and participant redemptions.

Participant account values invested in unaffiliated retail investment options and participant account values where only administrative services and recordkeeping functions are provided have decreased slightly by \$182 million, or less than 1.0% at June 30, 2008 compared to June 30, 2007. The decrease is primarily attributable to the decrease in the U.S. equity markets offset by a large deposit of \$4.4 billion from the Commonwealth of Massachusetts deferred compensation plan.

Other Results of Operations

Three months ended June 30, 2008 compared with the three months ended June 30, 2007

The following is a summary of certain financial data of the Company's Other segment:

Income statement data (In millions)	Three Months Ended June 30,	
	2008	2007
Revenues:		
Premium income	\$38	\$37
Fee income	1	1
Net investment income	9	10
Total revenues	48	48
Benefits and expenses:		
Policyholder benefits	34	36
Operating expenses	20	20
Total benefits and expenses	54	56
Income from continuing operations before income taxes	(6)	(8)
Income tax expense (benefit)	(4)	1
Loss from continuing operations	(\$2)	(\$9)

Net income and its components for the Company's Other segment remained stable for the three months ended June 30, 2008 when compared to 2007. The net loss decreased from \$9 million to \$2 million primarily due to income tax adjustments in 2007.

Six months ended June 30, 2008 compared with the six months ended June 30, 2007

The following is a summary of certain financial data of the Company's Other segment:

Income statement data (In millions)	Six Months Ended June 30,	
	2008	2007
Revenues:		
Premium income	\$73	\$58
Fee income	2	3
Net investment income	18	19
Total revenues	93	80
Benefits and expenses:		
Policyholder benefits	(142)	53
Operating expenses	64	38
Total benefits and expenses	(78)	91
Income from continuing operations before income taxes	171	(11)
Income tax expense (benefit)	(16)	1
Income (loss) from continuing operations	\$187	(\$12)

Net income for the Company's Other segment was \$187 million for the six months ended June 30, 2008 compared to a net loss of \$12 million for 2007. The increase is primarily related to a \$208 million gain as a result of the release of the liability associated with certain participating policies. This increase is partially offset by a \$15 million after tax charge from an adjustment to cumulative deferred policy acquisition cost amortization related to additional overhead that the Individual Markets and Retirement Service segments will incur as a result of the sale of the Company's Healthcare business. See Notes 2 and 3 to the accompanying condensed consolidated financial statements.

General Account Investments

The Company's primary investment objective is to acquire assets with duration and cash flow characteristics reflective of its liabilities, while meeting industry, size, issuer, and geographic diversification standards. Formal liquidity and credit quality parameters have also been established.

The Company follows rigorous procedures to control interest rate risk and observes strict asset and liability matching guidelines. These guidelines ensure that even under changing market conditions, the Company's assets will meet the cash flow and income requirements of its liabilities. Using dynamic modeling to analyze the effects of a range of possible market changes upon investments and policyholder benefits, the Company works to ensure that its investment portfolio is appropriately structured to fulfill financial obligations to its policyholders.

Fixed Maturities

Fixed maturity investments include public and privately placed corporate bonds, government bonds, and mortgage-backed and asset-backed securities. The Company's strategy related to mortgage-backed and asset-backed securities is to focus on those investments with low prepayment risk and minimal credit risk. The Company does not invest in higher-risk collateralized mortgage obligations such as interest-only and principal-only strips, and currently has no plans to invest in such securities.

Private placement investments are generally less marketable than publicly traded assets, yet they typically offer enhanced covenant protection that allows the Company, if necessary, to take appropriate action to protect its investment. The Company believes that the cost of the additional monitoring and analysis required by private placements is more than offset by their enhanced yield.

One of the Company's primary objectives is to ensure that its fixed maturity portfolio is maintained at a high average quality so as to limit credit risk. If not externally rated, the securities are rated by the Company on a basis intended to be similar to that of the rating agencies.

The following table contains the rating distribution of the Company's fixed maturity investment portfolio at June 30, 2008 and December 31, 2007:

Credit rating	June 30, 2008	December 31, 2007
AAA	51.4%	59.5%
AA	11.3%	7.9%
A	17.4%	14.3%
BBB	18.1%	16.5%
BB and below (non-investment grade)	1.8%	1.8%
Total	100.0%	100.0%

Impairment of Fixed Maturity and Equity Investments Classified as Available-for-Sale

The Company classifies the majority of its fixed maturity and equity investments as available-for-sale and records them at fair value with the related net gain or loss, net of policyholder related amounts and deferred taxes, being recorded in accumulated other comprehensive income in the stockholder's equity section in the accompanying condensed consolidated balance sheets. All available-for-sale securities with gross unrealized losses at the balance sheet date are subjected to the Company's process for identification and evaluation of other-than-temporary impairments.

The Company's portfolio of fixed maturities fluctuates in value based upon interest rates in financial markets and other economic factors. These fluctuations have little bearing on whether or not the investment will be ultimately recoverable. Therefore, the Company considers these declines in value as temporary. At June 30, 2008, the Company's unrealized losses were \$820 million compared to \$260 million at December 31, 2007. Investments in a loss position for less than twelve months had losses that totaled \$192 million, which was an increase of \$97 million from December 31, 2007. Investments in a loss position for greater than twelve months had losses that totaled \$628 million, which was an increase of \$464 million from December

31, 2007. The increase in losses was generally attributable to the widening of spreads during the first six months of the year, most notably in the mortgage-backed and asset-backed class.

The Company holds approximately \$6,200 million in various asset-backed, mortgage-backed and collateralized mortgage securities of which \$3,448 million are experiencing unrealized losses of approximately \$400 million since December 31, 2007 due to the lack of liquidity in this sector. Future changes in the fair value of these securities will be dependent upon the return of market liquidity and changes in general market conditions including interest rates and credit spread movements. Approximately \$211 million of the \$400 million in unrealized losses was related to securities on which the monoline insurer had a credit rating downgrade. The insured securities are primarily investment grade without the benefit of the insurance provided by the monoline insurer. The Company currently believes the combination of the underlying collateral of these securities and the guarantee of the monoline insurer is sufficient to support full repayment of the debt. The Company has the intent and ability to hold the securities until maturity; therefore, the Company considers these investments to be only temporarily impaired.

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company's management to adopt accounting policies to make a significant variety of estimates and assumptions. These estimates and assumptions affect, among other things, the reported amounts of assets and liabilities, the disclosure of contingent liabilities and the reported amounts of revenues and expenses. Actual results can differ from the amounts previously estimated, which were based on information available at the time the estimates were made.

The critical accounting policies are those that management believes are important to the portrayal of the Company's results of operations and financial condition and which require management to make difficult, subjective and/or complex judgments. Critical accounting policies cover accounting matters that are inherently uncertain because the future resolution of such matters is unknown.

Management has identified the following as critical accounting policies:

- Valuation of investments, other-than-temporary impairments and recognition of income on certain investments;
- Valuation and accounting for derivative instruments;
- Policy and contract reserves and claims;
- Deferred acquisition costs and value of business acquired;
- Goodwill;
- Employee benefit plans and
- Taxes on income.

A discussion of each of these critical accounting policies may be found in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 under Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations."

New Accounting Pronouncements

See Note 4 to the accompanying condensed consolidated financial statements for a discussion of new accounting pronouncements that the Company has recently adopted or will adopt in the future.

Liquidity and Capital Resources

Liquidity refers to a company's ability to generate sufficient cash flows to meet the needs of its operations. The Company manages its operations to create stable, reliable and cost-effective sources of cash flows to meet all of its obligations.

The principal sources of the Company's liquidity are premium, fee, and investment income and investment maturities and sales. The principal uses of the Company's liquidity relate to benefit payments, payments to policy and contract holders in connection with surrenders and withdrawals, purchase of investments, commissions and general and administrative expenses.

The Company's operations have liquidity requirements that vary among its principal product lines. Life insurance and pension plan reserves are primarily long-term liabilities. Accident and health reserves, including long-term disability, consist of both short-term and long-term liabilities. Life insurance and pension plan reserve requirements are usually stable and predictable, and are supported primarily by long-term, fixed income investments. Accident and health claim demands are usually stable and predictable but generally shorter term, requiring greater liquidity.

Generally, the Company has met its operating requirements by maintaining appropriate levels of liquidity in its investment portfolio and utilizing cash flows from operations. Liquidity for the Company has remained strong, as evidenced by the amounts of short-term investments and cash that totaled \$702 million and \$527 million as of June 30, 2008 and December 31, 2007, respectively. In addition, at both June 30, 2008 and December 31, 2007, 98.2% of the bond portfolio carried an investment grade rating, thereby providing significant liquidity to the Company's overall investment portfolio.

Funds provided by premiums and fees, investment income and maturities of investment assets are reasonably predictable and normally exceed liquidity requirements for payment of claims, benefits and expenses. However, since the timing of available funds cannot always be matched precisely to commitments, imbalances may arise when demands for funds exceed those on hand. In addition, a demand for funds may arise as a result of the Company taking advantage of current investment opportunities. The sources of the funds that may be required in such situations include the issuance of commercial paper or other debt instruments. Management believes that the liquidity profile of its assets is sufficient to satisfy the liquidity requirements of reasonably foreseeable scenarios.

The Company's financial strength provides the capacity and flexibility to enable it to raise funds in the capital markets through the issuance of commercial paper. The Company continues to be well capitalized, with sufficient borrowing capacity to meet the anticipated needs of its business. The Company had \$99.4 million and \$95.7 million of commercial paper outstanding at June 30, 2008 and December 31, 2007, respectively. The commercial paper has been given a rating of A-1+ by Standard & Poor's Ratings Services and a rating of P-1 by Moody's Investors Service, each being the highest rating available.

The Company also has available a corporate credit facility agreement in the amount of \$50 million for general corporate purposes. The Company had no borrowings under the credit facility at either June 30, 2008 or December 31, 2007.

Capital resources provide protection for policyholders and financial strength to support the underwriting of insurance risks and allow for continued business growth. The amount of capital resources that may be needed is determined by the Company's senior management and Board of Directors, as well as by regulatory requirements. The allocation of resources to new long-term business commitments is designed to achieve an attractive return, tempered by considerations of risk and the need to support the Company's existing business.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company has established processes and procedures to effectively identify, monitor, measure and manage the risks associated with its invested assets and its interest rate sensitive insurance and annuity products. Management has identified investment portfolio management, including the use of derivative instruments, insurance and annuity product design and asset/liability management as three critical means to accomplish a successful risk management program.

The major risks to which the Company is exposed include the following:

- Market risk - the potential of loss arising from adverse fluctuations in interest rates and equity market prices and the levels of their volatility;
- Insurance risk - the potential of loss resulting from claims and expenses exceeding reserves held;
- Credit risk - the potential of loss arising from an obligator's inability or unwillingness to meet its obligations to the Company;
- Sub-prime market risk - the potential for loss associated with the sub-prime mortgage security market and
- Operational and corporate risk - the potential of direct or indirect loss resulting from inadequate or failed internal processes, people and systems or from other external events.

A discussion of each of these risk factors may be found in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 under Item 7A, "Quantitative and Qualitative Disclosures About Market Risk."

Item 4T. Controls and Procedures

- (a) As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934). Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer have concluded that our current disclosure controls and procedures are effective in facilitating timely decisions regarding required disclosure of any material information relating to us that is required to be disclosed by us in the reports we file or submit under the Securities Exchange Act of 1934.
- (b) There have been no changes in our internal control over financial reporting that occurred during the six months ended June 30, 2008 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II - Other Information

Item 1. Legal Proceedings

There are no material pending legal proceedings to which the Company or any of its subsidiaries are a party or of which any of their property is the subject.

Item 1A. Risk Factors

In the normal course of its business, the Company is exposed to certain operational, regulatory and financial risks and uncertainties. The most significant risks include the following:

- Competition could negatively affect the ability of the Company to maintain or increase market share or profitability;
- The insurance industry is heavily regulated and changes in regulation may reduce profitability;
- A downgrade or potential downgrade in the Company's financial strength or claims paying ratings could result in a loss of business and negatively affect results of operations and financial condition;
- Deviations from assumptions regarding future persistency, mortality and interest rates used in calculating reserves for future policyholder benefits and claims could adversely affect the Company's results of operations and financial condition;
- The Company may be required to accelerate the amortization of deferred acquisition costs or valuation of business acquired, or recognize impairment in the value of goodwill, which could adversely affect its results of operations and financial condition;
- If the companies that provide reinsurance default or fail to perform or the Company is unable to obtain adequate reinsurance for some of the risks underwritten, the Company could incur significant losses adversely affecting results of operations and financial condition;

- Interest rate fluctuations could have a negative impact on results of operations and financial condition;
- Market fluctuations and general economic conditions may adversely affect results of operations and financial condition;
- Changes in U.S. federal income tax law could make some of the Company's products less attractive to consumers and increase its tax costs;
- The Company may be subject to litigation resulting in substantial awards or settlements, and this may adversely affect its reputation and results of operations;
- The Company's risk management policies and procedures may leave it exposed to unidentified or unanticipated risk, which could adversely affect its business, results of operations and financial condition and
- The Company may experience difficulty in marketing and distributing products through its current and future distribution channels.

A discussion of each of these risk factors may be found in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 under Item 1A, "Risk Factors." There are no material changes from Risk Factors as previously disclosed in the Annual Report on Form 10-K for the year ended December 31, 2007 under Item 1A, "Risk Factors."

Item 4. Submission of Matters to a Vote of Security Holders

On May 15, 2008, the Company held an annual meeting of its shareholders at which all of the directors as reported in the Company's annual report on Form 10-K for the period ended December 31, 2007, were unanimously re-elected, with the exception of Robert Gratton who did not stand for reelection and William T. McCallum who resigned. Mitchell T.G. Graye was unanimously elected as a director for the first time. In addition, Philip K. Ryan, first elected on February 11, 2008, was unanimously re-elected as a director.

Item 6. Exhibits

Pursuant to the requirements of the Securities Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

Great-West Life & Annuity Insurance Company

By: /s/Glen R. Derback Date: August 14, 2008
 Glen R. Derback, Senior Vice President and Controller
 (Duly authorized officer and chief accounting officer)

Exhibit 31.1

Certification

I, Mitchell T.G. Graye, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Great-West Life & Annuity Insurance Company (the "Registrant");
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15(d)-15(f)) for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this quarterly report based on such evaluation; and
 - d) disclosed in this quarterly report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Exhibit 32

Certification

**Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002
(Subsections (a) and (b) of Section 1350, Chapter 63 of Title 18, United States Code)**

Pursuant to section 906 of the Sarbanes-Oxley Act of 2002 (subsections (a) and (b) of section 1350, chapter 63 of title 18, United States Code), each of the undersigned officers of Great-West Life & Annuity Insurance Company, a Colorado corporation (the "Company"), does hereby certify, to such officer's knowledge, that:

The Quarterly Report on Form 10-Q for the quarter ended June 30, 2008 (the "Form 10-Q") of the Company fully complies with the requirements of section 13(a) or 15(d) of the Securities Exchange Act of 1934 and information contained in the Form 10-Q fairly presents, in all material respects, the financial condition and results of operations of the Company.

Dated: August 14, 2008 /s/ Mitchell T.G. Graye
Mitchell T.G. Graye
President and Chief Executive Officer

Dated: August 14, 2008 /s/ James L. McCallen
James L. McCallen
Senior Vice President and Chief Financial Officer

The foregoing certification is being furnished solely pursuant to section 906 of the Sarbanes-Oxley Act of 2002 (subsections (a) and (b) of section 1350, chapter 63 of title 18, United States Code) and is not being filed as part of the Form 10-Q or as a separate disclosure document.
