Some of the statements included in this Form 10-Q, particularly those included in Part I, Item 2 - Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A"), may be considered "forward-looking statements" because the statements relate to matters which have not yet occurred. For example, phrases such as "we anticipate," "believe," or "expect" indicate that it is possible that the event anticipated, believed or expected may not occur. If these events do not occur, the result which we expected also may not occur, or may occur in a different manner which may be more or less favorable to us. We do not undertake any obligations to publicly release the result of any revisions to these forward-looking statements that may be made to reflect any future events or circumstances.

Any forward-looking statements included in MD&A, or elsewhere in this report, reflect our general partner's best judgment based on known factors, but involve risks and uncertainties. Actual results could differ materially from those anticipated in any forward-looking statements as a result of a number of factors, including but not limited to those described in our filings with the Securities and Exchange Commission, particularly our Form 10-K for the year ended December 31, 2002. Any forward-looking information provided by us pursuant to the safe harbor established by securities legislation should be evaluated in the context of these factors.

A MARYLAND LIMITED PARTNERSHIP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

The unaudited consolidated financial statements included herein should be read in conjunction with NTS-Properties V's 2002 Annual Report on Form 10-K as filed with the Securities and Exchange Commission on March 31, 2003. In the opinion of our general partner, all adjustments, consisting only of normal recurring accruals, necessary for a fair presentation have been made to the accompanying consolidated financial statements for the three months ended March 31, 2003 and 2002. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the full year or any other interim period. As used in this Quarterly Report on Form 10-Q the terms "we," "us" or "our," as the context requires, may refer to the Partnership or its interests in its property and joint ventures.

Note 1 - Consolidation Policy

The consolidated financial statements include the accounts of all wholly-owned properties and majority-owned joint ventures. Intercompany transactions and balances have been eliminated.

Note 2 - Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in accordance with Accounting Principles Generally Accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3 - Concentration of Credit Risk

We own and operate or have a joint venture investment in one commercial property - Commonwealth Business Center Phase II, in Louisville, Kentucky and three commercial properties - Lakeshore Business Center Phases I, II and III, in Ft. Lauderdale, Florida. We also have a joint venture investment in an apartment community - The Willows of Plainview Phase II, in Louisville, Kentucky.

Our financial instruments that are exposed to concentrations of credit risk consist of cash and equivalents. We maintain our cash accounts primarily with banks located in Kentucky. Cash balances are insured by the FDIC up to \$100,000 per bank account. We may at times, in certain accounts, have deposits in excess of \$100,000.

**NTS-PROPERTIES V,
A MARYLAND LIMITED PARTNERSHIP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

Note 4 - Cash and Equivalents

Cash and equivalents include cash on hand and short-term, highly liquid investments with initial maturities of three months or less. We have a cash management program which provides for the overnight investment of excess cash balances. Under an agreement with a bank, excess cash is invested in a repurchase agreement for U.S. government or agency securities each night. As of March 31, 2003, approximately \$33,000 of our overnight investment was included in cash and cash equivalents.

Note 5 - Cash and Equivalents - Restricted

Cash and equivalents - restricted represents funds received for residential security deposits and funds which have been escrowed with mortgage companies for property taxes in accordance with the loan agreements with said mortgage companies.

Note 6 - Basis of Property and Depreciation

Land, buildings and amenities are stated at historical cost, less accumulated depreciation. Costs directly associated with the acquisition, development and construction of a project are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets which are 5-30 years for land improvements, 3-30 years for buildings and improvements, 3-7 years for amenities and the applicable lease term for tenant improvements. The aggregate cost of our properties for federal tax purposes is approximately \$41,271,000.

Statement of Financial Accounting Standards ("SFAS") No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," specifies circumstances in which certain long-lived assets must be reviewed for impairment. If the carrying amount of an asset exceeds the sum of its expected future cash flows, the asset's carrying value must be written down to fair value. Application of this standard during the period ended March 31, 2003 did not result in an impairment loss.

**NTS-PROPERTIES V,

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

We intend to seek permanent financing for the mortgage loan coming due September 8, 2003 and renewal of the mortgage loan coming due August 1, 2003. There can be no assurance that we will be successful in obtaining these financings or that the rates or terms will be acceptable.

Our mortgages may be prepaid but are generally subject to a yield-maintenance premium.

Note 8 - Related Party Transactions

Pursuant to an agreement with us, NTS Development Company, an affiliate of our general partner, receives property management fees on a monthly basis. The fees are paid in an amount equal to 5% of the gross revenues from our apartment community and 6% of the gross revenues from our commercial properties. Also pursuant to an agreement, NTS Development Company receives a repair and maintenance fee equal to 5.9% of costs incurred which relate to capital improvements. These repair and maintenance fees are capitalized as part of land, buildings and amenities.

We were charged the following amounts from NTS Development Company for the three months ended March 31, 2003 and 2002. These charges include items which have been expensed as operating expenses - affiliated or professional and administrative expenses - affiliated and items which have been capitalized as other assets or as land, buildings and amenities.

Note 9 - Commitments and Contingencies

As an owner of real estate, we are subject to various environmental laws of federal, state and local governments. Our compliance with existing laws has not had a material adverse effect on our financial condition and results of operations. However, we cannot predict the impact of new or changed laws or regulations on our current properties or properties that we may acquire in the future.

On March 14, 2003 we reached an agreement with the mortgage lender on the Lakeshore Business Center Phases I and II mortgages to suspend principal payments for twelve months beginning with the payments due May 1, 2003. The principal payments due will continue to be paid and deposited by the lender into an escrow account. We will then be allowed to draw upon the escrowed funds for specific capital improvements listed in the agreement. They include tenant finish costs, heating and air conditioning equipment and roof replacements, which are expected to total approximately \$987,000. The agreement does not change any terms of the existing mortgage loans. However, the suspension of principal payments will result in significant balances remaining due on the loans at maturity in 2008, currently estimated to be approximately \$757,000 and \$814,000, respectively.

On March 14, 2003 we signed a tenant to a lease for approximately 20,000 square feet of the Lakeshore Business Center Phase III. The lease agreement calls for us to provide tenant finish costing approximately \$705,000. We expect to use existing and new financing sources to make these expenditures. There can be no assurances that we will be successful in seeking new sources of financing for Lakeshore Business Center Phase III.

On December 12, 2001, three individuals filed an action in the Superior Court of the State of California for the County of Contra Costa against our general partner, the general partners of four public partnerships affiliated with us and several individuals and entities affiliated with us. The action purports to bring claims on behalf of a class of limited partners based on, among other things, tender offers made by the public partnerships and an affiliate of our general partner. The plaintiffs allege, among other things, that the prices at which limited partnership interests were purchased in these tender offers were too low. The plaintiffs are seeking monetary damages and equitable relief, including an order directing the disposition of the properties owned by the public partnerships and the distribution of the proceeds. No amounts have been accrued as a liability for this action in our consolidated financial statements. Under an indemnification agreement with our general partner, we are responsible for the costs of defending this action. For the three months ended March 31, 2003, our share of these legal costs was approximately \$41,000, which was expensed.

**NTS-PROPERTIES V,
A MARYLAND LIMITED PARTNERSHIP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

On September 24, 2002, in connection with the above-described lawsuit, the plaintiffs voluntarily dismissed two of the individuals and one of the entities that had objected to the lawsuit on personal jurisdiction grounds. This dismissal was the result of an agreement under which some defendants agreed not to contest jurisdiction and the plaintiffs agreed to dismiss other defendants. Additionally, on October 22, 2002, the court issued an order sustaining the demurrer of the general partners of three limited partnerships affiliated with us. The effect of this ruling is that these three general partners are no longer parties to the lawsuit. On the same date the court overruled the demurrer of our general partner, the general partner of one other partnership affiliated with us and one individual and two entities affiliated with us. The entities and individuals whose demurrers were overruled, including our general partner, remain defendants in the lawsuit. Our general partner believes the lawsuit is without merit, and is vigorously defending it.

On February 27, 2003, two individuals filed a class and derivative action in the Circuit Court of Jefferson County, Kentucky against our general partner, the general partners of three public partnerships affiliated with us and several individuals and entities affiliated with us. On March 21, 2003, the complaint was amended to include the general partners of a public partnership affiliated with us and a partnership that was affiliated with us but is no longer in existence. In the amended complaint, the plaintiffs purport to bring claims on behalf of a class of limited partners and derivatively on behalf of us and affiliated public partnerships based on alleged overpayments of fees, prohibited investments, improper failures to make distributions, purchases of limited partnership interests at insufficient prices and other violations of the limited partnership agreements. The plaintiffs are seeking, among other things, compensatory and punitive damages in an unspecified amount, an accounting, the appointment of a receiver or liquidating trustee, the entry of an order of dissolution against the public partnerships, a declaratory judgment, and injunctive relief. No amounts have been accrued as a liability for this action in our consolidated financial statements. Our general partner believes that this action is without merit, and is vigorously defending it.

We do not believe there is any other litigation threatened against us other than routine litigation arising out of the ordinary course of business, some of which is expected to be covered by insurance, none of which is expected to have a material effect on our financial position or results of operations, except as discussed herein.

Note 10 - Segment Reporting

Our reportable operating segments include - Residential and Commercial Real Estate Operations. The residential operations represent our ownership and operating results relative to an apartment community known as The Willows of Plainview Phase II. The commercial operations represent our ownership and operating results relative to suburban commercial office space known as Commonwealth Business Center Phase II and Lakeshore Business Center Phases I, II and III.

**NTS-PROPERTIES V,

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

The financial information of the operating segments has been prepared using a management approach, which is consistent with the basis and manner in which our management internally reports financial information for the purposes of assisting in making internal operating decisions. Critical Accounting Policies

The accompanying consolidated financial statements were prepared in conformity with accounting principles generally accepted in the United States. Application of these accounting principles requires us to make estimates about the future resolution of existing uncertainties; as a result, actual results could differ from these estimates. In preparing these financial statements, we have made our best estimates and judgements of the amounts and disclosures included in the financial statements, giving due regard to materiality.

Our most critical business assumption is that our properties' occupancy will remain at a level which provides for debt payments and adequate working capital, currently and in the future. If occupancy were to fall below that level and remain at or below that level for a significant period of time, then our ability to make payments due under our debt agreements and to continue paying daily operational costs would be greatly affected.

We review properties for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying value may not be recoverable. These circumstances include, but are not limited to, declines in cash flows and occupancy. We may recognize an impairment of property when the estimated undiscounted operating income before depreciation and amortization is less than the carrying value of the property. To the extent an impairment has occurred, we charge to income the excess of the carrying value of the property over its estimated fair value. We may decide to sell properties that are held for use. The sales prices of these properties may differ from their carrying values.

Results of Operations

The following tables include our selected summarized operating data for the three months ended March 31, 2003 and March 31, 2002. This data should be read in conjunction with our financial statements, including the notes thereto, in Part I, Item 1 of this report.

Net loss	(27,265)	(11,685)	(78,320)	(117,270)

Several general trends have affected our recent operating results. Net revenues for residential have increased slightly due to higher average occupancy at The Willows of Plainview Phase II, while commercial net revenues have decreased slightly due to occupancy losses at Lakeshore Business Center Phases I and II and Commonwealth Business Center Phase II. Operating expenses decreased from 2002 levels primarily due to decreased repairs and maintenance expense and personnel costs. Interest expense has remained relatively stable.

Rental and other income generated by our properties and joint ventures for the three months ended March 31, 2003 and 2002 were as follows:

We are making efforts to increase the occupancy levels at our properties. At Commonwealth Business Center Phase II, the leasing and renewal negotiations are conducted by leasing agents, who are employees of NTS Development Company, located in Louisville, Kentucky. The leasing agents are located in the same city as the property. All advertising is coordinated by NTS Development Company's marketing staff located in Louisville, Kentucky. The leasing and renewal negotiations at Lakeshore Business Center Phases I, II and III are managed by an off-site leasing agent. At The Willows of Plainview Phase II, we have an on-site leasing staff, who are employees of NTS Development Company. The staff facilitates all on-site visits from potential tenants, makes visits to local companies to promote fully furnished apartments, negotiates lease renewals with current residents and coordinates all local advertising with NTS Development Company's marketing staff.

The following discussion relating to changes in our results of operations includes only those line items within our Statements of Operations for which there was a material change between the three months ending March 31, 2002 and March 31, 2003.

Rental Income

Rental income decreased approximately \$56,000, or 4%, for the three months ended March 31, 2003, as compared to the same period in 2002, primarily as the result of decreased average occupancy at Commonwealth Business Center Phase II and Lakeshore Business Center Phases I and II, partially offset by increased average occupancy at The Willows of Plainview Phase II.

Interest and Other Income

Interest and other income decreased approximately \$17,000, or 85%, for the three months ended March 31, 2003, as compared to the same period in 2002, primarily as the result of decreased miscellaneous income at Lakeshore Business Center Phases I and II.

Operating Expenses

Operating expenses decreased approximately \$33,000, or 10%, for the three months ended March 31, 2003, as compared to the same period in 2002, primarily due to decreased repairs and maintenance expense at The Willows of Plainview Phase II and Lakeshore Business Center Phase I and decreased landscaping and utilities expense at The Willows of Plainview Phase II. The decrease is partially offset by an increase in legal and professional fees for tenant matters and utilities expense for vacant units at Commonwealth Business Center Phase II.

Operating Expenses - Affiliated

Operating expenses - affiliated decreased approximately \$41,000, or 23%, for the three months ended March 31, 2003, as compared to the same period in 2002, primarily as a result of decreased personnel costs. Operating expenses - affiliated are expenses for services performed by employees of NTS Development Company, an affiliate of our general partner. These employee services include property management, leasing, maintenance, security and other services necessary to manage and operate our properties.

Professional and Administrative Expenses

Professional and administrative expenses increased approximately \$137,000, for the three months ended March 31, 2003, as compared to the same period in 2002. The increase is primarily due to an increase in legal and professional fees related to our potential consolidation and litigation related to limited partner actions.

Professional and Administrative Expenses - Affiliated

Professional and administrative expenses - affiliated increased approximately \$4,000, or 10%, for the three months ended March 31, 2003, as compared to the same period in 2002. The increase is due to increased salary costs. Professional and administrative expenses - affiliated are expenses incurred for services performed by employees of NTS Development Company, an affiliate of our general partner. The employee services include legal, financial and other services necessary to manage and operate the Partnership.

Depreciation and Amortization

Depreciation and amortization decreased approximately \$22,000, or 7%, for the three months ended March 31, 2003, as compared to the same period in 2002, as a result of assets becoming fully depreciated.

Liquidity and Capital Resources

The following table sets forth the cash provided by or used in operating activities, investing activities and financing activities for the three months ended March 31, 2003 and 2002.

Cash flows provided by (used in):

	Three Months Ended March 31,	
	2003	2002
Operating activities	\$ 222,335	\$ 261,921
Investing activities	(4,754)	(297,356)
Financing activities	(243,172)	(218,179)
Net decrease in cash and equivalents	\$ (25,591)	\$ (253,614)

Cash Flows

Net cash provided by operating activities decreased approximately \$40,000, or 15%, for the three months ended March 31, 2003, as compared to the same period in 2002. This decrease was primarily a result of a decrease in other liabilities and increased net loss, partially offset by an increase in accounts payable.

Net cash used in investing activities decreased approximately \$293,000, or 98%, for the three months ended March 31, 2003 as compared to the same period in 2002. The decrease is primarily the result of decreased capital expenditures, primarily for tenant improvements at Lakeshore Business Center Phases I, II and III and the clubhouse renovation at The Willows of Plainview Phase II.

Net cash used in financing activities increased approximately \$25,000, or 11%, for the three months ended March 31, 2003, as compared to the same period in 2002, primarily as a result of continued principal payments on the mortgages at Lakeshore Business Center Phases I and II and The Willows of Plainview Phase II.

Due to the fact that no distributions were paid during the three months ended March 31, 2003 or 2002, the table which presents that portion of the distributions that represents a return of capital in accordance with Accounting Principles Generally Accepted in the United States has been omitted.

Future Liquidity

We believe the current occupancy levels are considered adequate to continue the operations of our properties without additional financing, with the exception of Lakeshore Business Center Phase III. Our future liquidity depends significantly on our properties' occupancy remaining at a level which provides for debt payments and adequate working capital, currently and in the future. If occupancy were to fall below that level and remain at or below that level for a significant period of time, then our ability to make payments due under our debt agreements and to continue paying daily operational costs would be greatly impaired.

In the next 12 months, we expect the demand on future liquidity to increase as a result of replacing the roofs at Lakeshore Business Center Phase I and of future leasing activity at Commonwealth Business Center Phase II and Lakeshore Business Center Phases I, II and III.

On March 14, 2003 we reached an agreement with the mortgage lender on the Lakeshore Business Center Phases I and II mortgages to suspend principal payments for twelve months beginning with the payments due May 1, 2003. The principal payments due will continue to be paid and deposited by the lender into an escrow account. We will then be allowed to draw upon the escrowed funds for specific capital improvements listed in the agreement. They include tenant finish costs, heating and air conditioning equipment and roof replacements, which are expected to total approximately \$987,000. The agreement does not change any terms of the existing mortgage loans. However, the suspension of principal payments will result in significant balances remaining due on the loans at maturity in 2008, currently estimated to be approximately \$757,000 and \$814,000, respectively.

On March 14, 2003 we signed a tenant to a lease for approximately 20,000 square feet of the Lakeshore Business Center Phase III. The lease agreement calls for us to provide tenant finish costing approximately \$705,000. We expect to use existing and new financing sources to make these expenditures. There can be no assurances that we will be successful in seeking new sources of financing for Lakeshore Business Center Phase III.

Currently, our plans for renovations and other major capital expenditures include tenant improvements at our properties as required by lease negotiations at our commercial properties. Changes to current tenant finish improvements are a typical part of any lease negotiation. Improvements generally include a revision to the current floor plan to accommodate a tenant's needs, new carpeting and paint and/or wallcovering. The extent and cost of the improvements are determined by the size of the space being leased and whether the improvements are for a new tenant or incurred because of a lease renewal. The tenant finish improvements will be funded by cash flow from operations, cash reserves or additional financing where necessary.

We have no other material commitments for renovations or capital improvements as of March 31, 2003.

Impact of Inflation

Leases at our commercial properties provide for tenants to contribute their proportionate share of common area maintenance expenses, insurance, utilities and real estate taxes. These lease provisions, along with the fact that residential leases are generally for a period of one year, are intended to protect us, in part, from the impact of inflation and changing prices.

Ownership of Joint Ventures

On June 25, 2002, NTS-Properties Plus Ltd. merged with ORIG, LLC, (“ORIG”) an affiliate of our general partner. ORIG is the surviving entity as a result of this merger. NTS-Properties V continues to hold a 81.19% interest in the L/U II Joint Venture after the completion of the NTS-Properties Plus Ltd./ORIG Merger. ORIG now holds a 7.69% interest in the L/U II Joint Venture.

Potential Consolidation

Our general partner, along with the general partners of four other public limited partnerships affiliated with us, is investigating a consolidation with other affiliated entities. In addition to these affiliated entities, the consolidation would likely involve several private partnerships and our general partner. The new combined entity would own all of the properties currently owned by the public limited partnerships, and the limited partners or other owners of these entities would receive an ownership interest in the combined entity. The number of ownership interests to be received by limited partners and the other owners of the entities participating in the consolidation would likely be determined based on the relative value of the assets contributed to the combined entity by each public limited partnership, reduced by any indebtedness assumed by the entity. The majority of the contributed assets would consist of real estate properties, whose relative values would be based on appraisals. The potential benefits of consolidating the entities include: reducing the administrative costs as a percentage of assets and revenues by creating a single public entity; diversifying limited partners’ investments in real estate to include additional markets and types of properties; and creating an asset base and capital structure that may enable greater access to the capital markets. There are, however, also a number of potential adverse consequences to a consolidation such as, the expenses associated with a consolidation and the fact that the interests of our limited partners in the combined entity would be smaller on a percentage basis than their interests in us. A consolidation requires approval of our limited partners and the limited partners and other equity holders of the other proposed participants to the consolidation. Accordingly, there is no assurance that the consolidation will occur.

Website Information

Our website address is www.ntsdevelopment.com. Our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act are available and may be accessed free of charge through the “About NTS” section of our website as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC. Our website and the information contained therein or connected thereto are not incorporated into this Quarterly Report on Form 10-Q.

Item 3 - Quantitative and Qualitative Disclosures About Market Risk

Our primary market risk exposure with regard to financial instruments stems from changes in interest rates. All of our debt bears interest at a fixed rate with the exception of the \$1,915,659 mortgage payable on Lakeshore Business Center Phase III, the \$800,000 mortgage payable on Commonwealth Business Center Phase II and the various notes payable on The Willows of Plainview Phase II. On March 31, 2003, a hypothetical 100 basis point increase in interest rates would result in an approximate \$356,000 decrease in the fair value of the debt and would increase interest expense on the variable rate mortgage and notes by approximately \$27,000 annually.

Item 4 - Controls and Procedures

The Chief Executive Officer and Chief Financial Officer of NTS Capital Corporation, the general partner of our general partner, have concluded, based on their evaluation within 90 days of the filing date of this report, that our disclosure controls and procedures are effective for gathering, analyzing and disclosing the information we are required to disclose in our reports filed under the Securities Exchange Act of 1934. There have been no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of the previously mentioned evaluation.

PART II - OTHER INFORMATION

Item 1 - Legal Proceedings

On February 27, 2003, two individuals filed a class and derivative action in the Circuit Court of Jefferson County, Kentucky against our general partner, the general partners of three public partnerships affiliated with us and several individuals and entities affiliated with us. On March 21, 2003, the complaint was amended to include the general partners of a public partnership affiliated with us and a partnership that was affiliated with us but is no longer in existence. In the amended complaint, the plaintiffs purport to bring claims on behalf of a class of limited partners and derivatively on behalf of us and affiliated public partnerships based on alleged overpayments of fees, prohibited investments, improper failures to make distributions, purchases of limited partnership interests at insufficient prices and other violations of the limited partnership agreements. The plaintiffs are seeking, among other things, compensatory and punitive damages in an unspecified amount, an accounting, the appointment of a receiver or liquidating trustee, the entry of an order of dissolution against the public partnerships, a declaratory judgment, and injunctive relief. No amounts have been accrued as a liability for this action in our consolidated financial statements. Our general partner believes that this action is without merit, and is vigorously defending it.
