This Proxy Statement is furnished to stockholders in connection with the solicitation of proxies by the Board of Directors of Veramark Technologies, Inc. (the “Company”) in connection with the Annual Meeting of Stockholders of the Company to be held on May 15, 2003 at 10:00 a.m., local time, at the Company’s office at 3750 Monroe Avenue, Pittsford, New York (the “Meeting”). SOLICITATION AND REVOCABILITY OF PROXIES

The enclosed proxy for the Meeting is being solicited by the directors of the Company. Any person giving a proxy may revoke it at any time prior to the exercise thereof by filing with the Secretary of the Company a written revocation or duly executed proxy bearing a later date. The proxy may also be revoked by a stockholder attending the Meeting, withdrawing the proxy and voting in person.

The expense of preparing, printing and mailing the form of proxy and the material used in the solicitation thereof will be borne by the Company. In addition to solicitation by mail, proxies may be solicited by the directors, officers and regular employees of the Company (who will receive no additional compensation therefore) by means of personal interview, telephone or facsimile. It is anticipated that banks, brokerage houses and other institutions, custodians, nominees, fiduciaries or other record holders will be requested to forward the soliciting material to persons for whom they hold shares and to seek authority for the execution of proxies; in such cases, the Company will reimburse such holders for their charges and expenses.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The close of business on March 25, 2003 has been fixed as the record date for determination of the stockholders entitled to notice of, and to vote at, the Meeting. The presence, in person or by properly executed proxy, of the holders of shares of Common Stock entitled to cast a majority of all the votes entitled to be cast at the Meeting is necessary to constitute a quorum. Holders of shares of Common Stock represented by a properly signed, dated and returned proxy will be treated as present at the Meeting for purposes of determining a quorum. Proxies relating to “street name” shares that are voted by brokers will be counted as shares present for purposes of determining the presence of a quorum but will not be treated as votes cast at the Meeting as to any proposal as to which the brokers abstain.

During 2002, the full Board of Directors held eight meetings. The Audit Committee of the board, consisting of Messrs. Constantino, Gould and Reilly, which is responsible for evaluating audits performed by the Company’s independent auditors and for reviewing the Company’s internal accounting principles and controls, met seven times during the year. The Compensation and Stock Option Committee of the board, consisting of Messrs. Scielzo, Gould and Reilly, which reviews and sets compensation for the Company’s officers and approves grants of stock options to employees, including officers, met three times during 2002. The Executive Committee, consisting of Messrs. Mazzella, Constantino and Reilly, has authority to act on behalf of the full Board of Directors during intervals between meetings of the full board. The Executive Committee did not meet in 2002. The board has a Nominating Committee, consisting of Messrs. Mazzella, Reilly and Scielzo, which did not meet during 2002. Audit Committee Report. The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of the Company’s accounting functions and policies, internal controls, and the selection and oversight of the Company’s independent accountants, and providing laws, regulations and policies relating to the Company’s accounting and reporting practices, and the quality and integrity of the Company’s financial reports. The Audit Committee is composed of three directors, Messrs. Constantino, Gould and Reilly, each of whom is independent and meets the requirements of the National Association of Securities Dealers. The Audit Committee operates under a written charter approved by the Board of Directors, a copy of which is attached as Exhibit A.

Management is responsible for the Company’s financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Company’s independent auditors are responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures. We are not employees of the Company and we may not be, and we may not represent ourselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management’s representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company’s financial statements. Our oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company’s financial statements are presented in accordance with accounting principles generally accepted in the United States, that the audit of our Company’s financial statements has been carried out in accordance with generally accepted auditing standards or that our Company’s independent accountants are in fact “independent.”

In this context, the Audit Committee reviewed and discussed with management the Company’s audited financial statements as of and for the year ended December 31, 2002. The Audit Committee also met with representatives of the Company’s auditors to discuss and review the results of the independent auditors’ examination of the financial statements for the year ended December 31, 2002 and the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee reviewed with management and representatives of the Company’s auditors each 10-Q report prior to its filing with the SEC.

The Audit Committee has also received from the Company’s auditors the written disclosures required pursuant to the Independence Standards Board Standard No. 1 (Independent Discussions with Audit Committees) addressing all relationships between the auditors and the Company that might bear on the auditors’ independence and has discussed the same with representatives of the Company’s auditors.

Based upon the Audit Committee’s discussions with management and the independent auditors, and the Audit Committee’s review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2002, to be filed with the SEC.

Employment Agreement

The Company has an employment agreement with David G. Mazzella to serve as President, Chief Executive Officer and a Director of the Company until December 31, 2004. The agreement provides for a minimum gross salary of \$300,000 per year. Pursuant to the agreement, in the event of a change in control of the Company, or in the event Mr. Mazzella’s management responsibilities are materially diminished, the agreement may be terminated at Mr. Mazzella’s option and he will be entitled to separation pay in a lump sum equal to three times his aggregate annual compensation (including salary, bonus and benefits). In addition, unless otherwise provided pursuant to specific option grant, all of his options to purchase stock of the Company will immediately vest at 50% of the original option price and be exercisable for the option’s original term. For purposes under the agreement, a change in control of the Company may occur through a sale, merger, consolidation, sale of substantially all assets, the acquisition of more than 20% of the securities of the Company directly or indirectly by any person or entity, or a change within two years of a majority of the Board of Directors.

Retirement Benefits

The Named Executives listed below are participants in an unfunded defined benefit retirement plan of the Company. The amount of the retirement benefit, payable from age 65, will vary depending upon length of service, retirement age and average salary. For Mr. Mazzella the benefit will equal 45% to 60% of the average of his three highest years of compensation depending upon his age at retirement. Mr. Mazzella’s retirement benefit is payable for fifteen years. For the other Named Executives the annual benefit will be between 20% and 50% of average salary for the last three full fiscal years of employment with the Company and is payable until death.

Assuming continued employment with the Company until age 65 with average salary increases of 3% per year, the following table indicates the projected retirement benefit at age 65 for each of the Named Executives who are eligible and vested under the Company’s retirement plan:

Name	Current Age	Years of Service to Date	Annual Benefit at Age 65

Paul T. Babarik	61	16	\$ 56,075

Stock Options

The Company has a stock option plan under which employees may be granted incentive stock options and non-qualified stock options to purchase the Company’s Common Stock. All full-time employees of the Company and its subsidiary are eligible to receive stock options. The Compensation and Stock Option Committee of the Board of Directors administers the plan and makes all determinations with respect to eligibility, option price, term and exercisability, except that the option price on incentive stock options may not be less than 100% of fair market value on the date of grant and the term of any option may not exceed ten years.

Stock Option Grants. There were no stock options granted to Named Executives during the year ended December 31, 2002.

Report of the Compensation and Stock Option Committee of the Board of Directors

The Compensation and Stock Option Committee of the Board (the “Compensation Committee”) sets compensation levels for the Chief Executive Officer and all other officers of the Company, establishes compensation and incentive plans for officers and approves payments under such incentive plans. The Compensation Committee is composed of three independent, non-employee directors who have no interlocking relationships as defined by the SEC. For 2002, these three directors were Messrs. Scielzo, Gould and Reilly.

The Compensation Committee’s compensation policies are designed to attract and retain highly skilled executives, reward outstanding individual performance, encourage cooperative team efforts and provide an incentive to enhance long term stockholder value. The Company’s executive officer compensation program consists of base salary, annual contingent bonus compensation, long-term stock options and retirement benefits tied to age and years of service.

In establishing salaries for the Company’s Chief Executive Officer and other officers, consideration is given to salary ranges for comparable positions in similar size companies. Data for such comparisons is obtained from nationwide surveys conducted by independent compensation consulting firms and from reviewing other companies’ compensation information included in their proxy statements. As a result of basing compensation in part on overall performance of the Company, in any particular year the Company’s executives may be paid more or less than the average executive compensation levels of comparably sized companies. In view of the performance of the Company since 2000, certain of the Company’s officers and other senior managers voluntarily reduced their salaries by 15% to 18% in 2001 and 2002.

In setting salaries within competitive ranges, the Compensation Committee considers performance related factors including the Company’s overall results during the past year and its performance relative to a budgeted plan or stated objectives. Consideration also is given to an individual’s contribution to the Company and the accomplishments of departments for which that officer has management responsibility. Potential for future contributions to the Company is also taken into account for all officers.

The Company has a bonus compensation plan for officers and middle management, other than the Chief Executive Officer. Under this plan, the Compensation Committee each year establishes a schedule for calculating aggregate incentive compensation based upon the Company’s performance against targets for net income before tax. The total plan award is allocated to the managers by the Chief Executive Officer and the Compensation Committee through a combination of objective formulas based upon salaries and subjective performance related considerations. The net income performance standards set by the Compensation Committee were not met by the Company during 2002 and accordingly no bonuses were paid to officers and managers.

The Compensation Committee is responsible for selecting the recipients of stock options, establishing the timing of grants, and setting the option exercise price within the terms of the Option Plan. The Compensation Committee considers the recommendations of the Chief Executive Officer with respect to officers in this regard. Stock options are viewed as a long-term incentive for officers and a means to more closely align the interests of officers with those of stockholders.

This Compensation and Stock Option Committee Report shall not be deemed incorporated by reference by any general statement incorporating by reference this document or any portion thereof into any filing under the Securities Act of 1933, as amended, or the Exchange Act and shall not otherwise be deemed filed under such acts.

Directors' Stock Options. Each outside director receives each year an option to purchase 10,000 shares of the Common Stock at a price based upon the closing price of the Common Stock on the last trading day of the prior year. The option price will be 100% of such closing price if an incentive stock option and 85% of such closing price if a non-qualified option. In addition, outside directors receive \$1,000 for each board meeting attended in person and \$200 for each meeting attended by telephone conference.

Common Stock Performance Comparison

The following graph shows a five-year comparison of cumulative total returns for owners of the Common Stock compared to an Index for NASDAQ stocks and the NASDAQ Telecommunications Index based upon year-end closing prices including a closing price on December 31, 2002 of \$0.33 per share for the Common Stock.

Certain Relationships and Related Transactions

- (1) The Company has an employment agreement with Mr. Mazzella. See “— Employment Agreement” above.
- (2) Pursuant to Board of Director approval, the remaining principal and interest payable on a loan, in the amount of \$106,218, by the Corporation to the President and Chief Executive Officer, David G. Mazzella, was forgiven. The loan made in 1997, and due in 2002, was specifically for the purchase of Common Stock of the Corporation. In forgiving the loan, the Board of Directors acknowledged that over the past several years, and currently, the President and Chief Executive Officer had (i) voluntarily reduced his annual salary and otherwise waived the economic value of several benefits to which he was entitled to under his Employment Agreement, and (ii) provided outstanding leadership during a period of downturn and uncertainty in the telecommunications industry.

PROPOSAL NO. 2 — RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

On the recommendation of the Audit Committee, the Board of Directors has appointed Deloitte and Touche LLP as independent auditors for the fiscal year ending December 31, 2003. Deloitte and Touche LLP acted as the independent auditors for the Company for the fiscal year ended December 31, 2002. PricewaterhouseCoopers LLP acted as the independent auditors for the Company for the fiscal years ending December 31, 2000 and December 31, 2001. Representatives of Deloitte and Touche LLP are expected to be present at the Meeting. They will be available to respond to appropriate questions and will have an opportunity to make a statement if they so desire.

The Audit Committee of the Board of Directors of the Company approved on November 15, 2002, the engagement of the accounting firm of Deloitte & Touche, LLP as independent accountants for the Company for the year ending December 31, 2002 and dismissed its past accountants, PricewaterhouseCoopers LLP. PricewaterhouseCoopers LLP indicated that, although no decision had been reached, it was informing the Company that it might decline to stand for re-election in 2003. The Company determined that it was in the best interests of Shareholders that alternative independent auditors be selected and to effect an orderly transition as expeditiously as possible. PricewaterhouseCoopers LLP's reports on the financial statements for the past two years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle. In connection with its audits for the two most recent fiscal years and through November 15, 2002, there have been no disagreements with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of PricewaterhouseCoopers LLP would have caused them to make reference thereto in their report on the financial statements for such years.

Although the appointment of independent auditors is not required to be submitted to a vote by stockholders, the Board believes as a matter of policy that it is appropriate that the stockholders ratify the Board's appointment. If the stockholders should not ratify the appointment of Deloitte and Touche LLP, the Audit Committee and Board of Directors will consider other certified public accountants for appointment.

Audit Fees. During fiscal year 2002, the aggregate fees billed to the Company by its independent auditors were \$60,480 for the annual audit of the financial statements and review of the financial statements included in the Company's quarterly reports on Form 10-Q.

Financial Information Systems Design and Implementation Fees. Our independent auditors did not render information technology services to us during the fiscal year ending December 31, 2002.

All Other Fees. The aggregate fees billed by its independent auditors for professional services rendered to us during fiscal year 2002, other than the audit services referred to above, were \$9,568, all of which was for tax preparation and tax consulting fees.

The Audit Committee of the Board has considered whether provision of the non-audit related services described above is compatible with maintaining the independent accountants' independence and has determined that those services have not adversely affected PricewaterhouseCoopers LLP's independence.

PROPOSAL NO. 3 — OTHER MATTERS

As of the date of this Proxy Statement, the Board of Directors does not intend to present, and has not been informed that any other person intends to present, any matter for action at the Meeting other than those described above. If any other matters properly come before the Meeting, it is intended that the persons named in the enclosed Proxy will vote the shares of Common Stock represented by signed proxies in accordance with their best judgment.
