Report of Independent Certified Public Accountants

Administrator of  
The UNITIL Corporation Tax Deferred  
Savings and Investment Plan

We have audited the accompanying statements of net assets available for benefits of The UNITIL Corporation Tax Deferred Savings and Investment Plan (the "Plan") as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for each of the three years in the period ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The UNITIL Corporation Tax Deferred Savings and Investment Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for each of the three years in the period ended December 31, 2000, in conformity with accounting principles generally accepted in the United States of America.

The UNITIL Corporation Tax Deferred Savings and Investment Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2000, 1999 and 1998

*NOTE A - DESCRIPTION OF PLAN*

The following description of The UNITIL Corporation (the "Company") Tax Deferred Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company and its wholly owned subsidiaries UNITIL Service Corporation, Concord Electric Company, Exeter and Hampton Electric Company and Fitchburg Gas and Electric Light Company (the "subsidiaries"), who satisfy the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 1998, the Plan Administrator directed the transfer of all Plan assets from the Fleet Boston to Putnam Investments ("Putnam"). The transfer was made as a result of a change in custodianship of the assets.

Contributions

A member may authorize a Basic Employee Contribution from 1% to 15% with a maximum contribution not to exceed \$10,500 for 2000.

The Employer shall contribute as of December 31, of each plan year from current or accumulated net profits on behalf of each member participating in the Plan on December 31, of each plan year, an amount equal to 100% of the first 3% of salary the employee puts into the plan (except Fitchburg Gas and Electric Light Company Union Employees whose matching is as follows: first year 1%, second year 2%, third year and after 3%).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged (as applicable) with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan administrator will pay for substantially all expenses of the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of credited service. If a participant terminates employment for any reason other than disability or retirement, he will be entitled to the full amount of contributions he has deposited, plus a percentage of his account balance derived from employer contributions based upon the following schedule:

Year of Service	% Vested
0-1	0%
1-2	33%
2-3	67%
3+	100%

A member will become 100% vested in his account as a result of disability, death or retirement.

Participant Loans Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Net loan transactions are treated as a transfer to (from) the Investment Fund from (to) the Participant Loan Fund. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus one percent (1%). Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a fixed number of calendar quarters or years.

Forfeitures

A member who terminates his employment prior to becoming eligible for benefits and does not have a 100% vested right to Company contributions, forfeits the amounts not vested. Such forfeited amounts are used to reduce future Company contributions.

Effective Date

The Plan's effective date is July 1, 1987, as amended effective May 8, 1992 and January 1, 1994. The Plan as amended effective May 8, 1992, provided for the merger of the Fitchburg Gas and Electric Tax Deferred Savings and Investment Plan with The Plan. The Plan as amended effective January 1, 1994, provided for the merger of the Fitchburg Gas and Electric Light Company Union Tax Deferred Savings and Investment Plan into the Plan.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Management Estimates

In preparing the financial statements in conformity with generally accepted accounting principles in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan is administered by a trustee. The Plan's investments (including investments bought, sold and held during the year) are carried at current fair value. The difference between current fair value and the cost of investments are included in net appreciation or (depreciation) in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.
