1. We note your disclosure on page 15 indicating your Stendal Mill operation engages in trading activities to sell or trade with others in order to optimize fiber mix for the mill. Tell us how you are accounting for these transactions. Quantify the effects of revenue and expense recognition for each period presented. Describe the manner of presentation.

Pulp Cash Production Costs, page 17

2. We note you disclose various non-GAAP measures, including Pulp Cash Production Costs, Operating EBITDA, and consolidated results excluding derivative items relating to the Stendal Mill. As such, it appears you may need to revise your disclosure to provide the additional information required by Item 10(e)(1)(i) of Regulation S-K and Question 8 of the Frequently Asked Questions Regarding the Use of Non-GAAP Financial Measures, located on our website at <http://www.sec.gov/divisions/corpfin/faqs/nongaapfaq.htm>. Please contact us regarding this matter if you require further clarification.

Report of Independent Registered Chartered Accountants, page 82

3. We note your audit report was signed by the Deloitte & Touche, LLP office based in Vancouver, Canada. Please tell us how you concluded that it is appropriate to have an audit report issued by an auditor licensed in Canada, given that the majority of your assets are located Germany; the majority of your revenues are derived from Europe; and your corporate offices are located in the United States. Indicate whether your management and accounting records are located in the United States or Canada; identify the location where the majority of audit work is conducted.

Please understand that we generally interpret the guidance in Article 2 of Regulation S-X as requiring the audit report of a domestic filer to be rendered by an auditor licensed in the United States. For further clarification, refer to Section V.K of "International Reporting and Disclosure Issues in the Division of Corporation Finance" located on our website at: <http://www.sec.gov/divisions/corpfin/international/cfirdissues1104.htm>.

Consolidated Statements of Cash Flows, page 88

4. We note that although you have received investment grants from the German Government, you have not reflected the cash flows arising from these grants in your Statement of Cash Flows. Tell us why you believe your Statement of Cash Flows should not include the receipt of grants as a financing activity, and the disbursements as an

increase in the purchases of property plant and equipment. Identify the authoritative guidance you believe supports your presentation of the investment grant cash flows.

5. Please expand your disclosure to clarify whether you have recorded asset retirement obligations in your financial statements. Please provide the disclosures required by paragraph 22 of SFAS 143. If you believe the information is not material, you may submit this on a supplemental basis for purposes of this review. Indicate the extent to which costs relating to landfills are covered by your asset retirement obligations.

Note 6 – Property Plant and Equipment, page 96

6. Tell us whether the financial statement impact of your change in useful life of your Rosenthal mill represents the reduced depreciation expense for only the six-month period ended December 31, 2004, or if your adjustment also includes a reversal of amounts expensed prior to July 1, 2004.
