REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholder and Board of Directors
of Archipelago Trading Services, Inc.

Opinion on the Statement of Financial Condition

We have audited the accompanying statement of financial condition of Archipelago Trading Services, Inc. (the "Company") as of December 31, 2020 and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2020, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

The financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2015.

Archipelago Trading Services, Inc.
Notes to the Statement of Financial Condition
Year Ended December 31, 2020

(\$ in thousands)

1. Organization

Archipelago Trading Services, Inc. (the "Company"), a Florida corporation, is a registered broker-dealer under the Securities Exchange Act of 1934 ("Exchange Act") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is a wholly-owned subsidiary of NYSE Group, Inc. (the "Parent"), a Delaware corporation. The Parent is a wholly-owned subsidiary of NYSE Holdings LLC.

The Company's principal activities consist of the operation of an Alternative Trading System ("ATS") designed particularly to facilitate trading of small-cap securities typically traded on the Over-the-Counter Bulletin Board market. The Company does not carry security accounts for subscribers or perform custodial functions relating to subscriber securities, and, accordingly, is exempt from the provisions of Rule 15c3-3 of the Securities Exchange Act of 1934. The Company clears all transactions through Archipelago Securities, LLC (the "Clearing Broker"), a wholly-owned subsidiary of the Parent.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statement is prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The preparation of the financial statement in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statement. Actual results could differ from these estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

Investments in money market funds are considered to be cash equivalents. The carrying value of such cash equivalents approximates their fair value due to the short-term nature of these instruments. Cash equivalents at December 31, 2020, include \$1,499 invested in money market funds that are governed under Rule 2a-7 of the Investment Company Act of 1940.

Receivables from Brokers, Dealers and Subscribers

Receivables consist of accrued commissions for trade executions and amounts due from the Clearing Broker. The Company maintains an allowance for doubtful accounts based upon the estimated collectability of accounts receivable. Additions to (reductions of) the allowance are charged to (reversed against) bad debt expense.

Income Taxes

The Company is included in the consolidated federal and certain state unitary income tax returns filed by the Parent. The Company also files separate state and local income tax returns in certain other states. Federal and unitary state income tax receivables or payables with the Parent on behalf of the Company are included as a component of receivables or payables with related parties. Income taxes reflected in the accompanying financial statement are calculated as if the Company filed separate income tax returns and are accounted for under the liability method. The Company recognizes a current tax liability or tax asset for the estimated taxes payable or refundable on tax

2. Significant Accounting Policies(continued)

returns for the current year. The Company recognizes deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial statement carrying amounts and the tax basis of its assets and liabilities. The Company establishes valuation allowances if it believes that it is more likely than not that some or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are measured using current enacted tax rates in effect.

3. Related Party Transactions

The Company pays clearing fees to the Clearing Broker. The Parent employs corporate, marketing, and information technologies staff to support the Company. Under a contract, required by FINRA, the Parent provides the Company with operational and support services. The contract is the Parent Subsidiary Expense Agreement, whereby the Parent shall provide all material hardware, software and personnel necessary to facilitate the operation of the ATS and to provide certain other corporate and business services.

The agreement was revised effective December 18, 2007, and provides for the Company's expenses and liquidity needs to be met by the Parent without expectation of repayment. Customary and reasonable direct expenses attributable to the Company are recorded as expenses in the Company's financial statements. The Parent retains ownership and control of all such employed hardware, software and personnel and the Company is dependent on the Parent providing the services in order for the Company to carry out its operations.

Throughout the year a related party, the Securities Industry Automation Corporation ("SIAC") incurs costs for trade technology support provided to all the NYSE-affiliated markets. These costs include payroll and technology costs and are allocated to the parties to which it provides support.

Amounts payable to the Parent for income taxes as of December 31, 2020 were \$35. This balance represents the amount owed to its Parent related to its share of the Parent's federal and unitary state income taxes. As part of operations, certain cash receipts/disbursements are received and paid through related parties. Balances resulting from the above transactions resulted in receivables from related parties of \$39 and payables to related parties of \$396 net of taxes, at December 31, 2020.

On March 26, 2018, the Company entered into an unsecured Revolving Note and Cash Subordination Agreement (the "Agreement") with its Ultimate Parent, Intercontinental Exchange, Inc. (the "Lender"). The Lender has committed \$5 million of credit to the Company that can be accessed at any time and repaid at any time, subsequent to FINRA's approval, without premium or penalty. Credit under the Agreement may be advanced through August 18, 2022, with all unpaid principal and interest due on August 18, 2023. Interest is payable at current rates at the advance date. The Lender may accelerate payment date with six months' notice. The Company pays an annual commitment fee for unutilized amounts payable in arrears. There was no outstanding loan balance at December 31, 2020, and the Company does not anticipate drawing on this loan over the next six months.

Archipelago Trading Services, Inc.
Notes to the Statement of Financial Condition
Year Ended December 31, 2020

(\$ in thousands)

4. Concentration and Credit Risk

In the normal course of business, the Company's activities involve the execution of securities transactions for broker-dealers, which are cleared and settled by the Clearing Broker. Pursuant to the clearing agreement, the Company is required to reimburse the Clearing Broker for any losses incurred due to a counterparty's failure to satisfy its contractual obligations. Therefore, the Company is exposed to risk of loss in the event of the subscriber's or broker's inability to meet the terms of their contracts. Should the subscriber or Clearing Broker fail to perform, the Company may be required to complete the transaction at prevailing market prices. Subscriber trades pending at December 31, 2020, were settled without an adverse effect on the Company's financial statement taken as a whole. The maximum exposure the Company is exposed to varies based on daily trading activities and the maximum potential losses to such exposure cannot be estimated.

The Company's cash is held at an individual U.S. financial institution, which potentially exposes the Company to counterparty risk. The Company has not experienced any losses in these accounts.

The Company has credit risk related to transaction fees that are billed to subscribers on a monthly basis, in arrears. The Company's exposure to credit risk can be directly impacted by volatile securities markets that may impair the ability of counterparties to satisfy their contractual obligations. The Company seeks to control its credit risk through a variety of reporting and control procedures and by applying uniform credit standards maintained for all activities with credit risk.

As of December 31, 2020, five subscribers accounted for 56% of receivables from brokers, dealers, and subscribers.

5. Commitments and Contingencies

The Company has agreed to indemnify its Clearing Broker for losses that it may sustain from subscriber accounts introduced by the Company. However, in the Company's experience there have not been claims or losses pursuant to these contracts, and the Company expects the risk of loss to be remote. As such, the Company has not recorded any liability related to this indemnification. The Company is unable to quantify the potential exposure related to the indemnification as it constantly fluctuates based on the number and size of the unsettled transactions outstanding and the difference between the contractual trade price and the current fair value of the stock underlying the unsettled transactions.

6. Income Taxes

As of December 31, 2020, the Company had approximately \$3,343 federal and state net operating loss carry forwards which are set to expire beginning in 2021 through 2022, resulting in deferred tax assets of \$244. The Company had a \$155 valuation allowance for the net operating loss deferred tax asset since the Company believes it is more likely than not that this amount will not be realized in the foreseeable future. Remaining deferred tax assets are attributable to stock based compensation and other accrued expenses. The Company's 2010-2020 tax years remain subject to examination by the relevant tax authorities.

Archipelago Trading Services, Inc.
Notes to the Statement of Financial Condition
Year Ended December 31, 2020

7. Regulatory Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (the rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). Under Rule 15c3-1, the Company is required to maintain minimum net capital equal to the greater of \$5 or 6- 2/3% of aggregate indebtedness. As of December 31, 2020, the Company had net capital of \$3,476 which was \$3,386 in excess of its required net capital of \$90. The ratio of the Company's aggregate indebtedness to net capital was 0.39 to 1.

Advances to affiliates, distribution payments and other equity withdrawals are subject to certain notification and other provisions of SEC Rule 15c3-1 and other regulatory bodies.

8. Subsequent Events

The Company has evaluated subsequent events through February 26, 2021, which is the date this financial statement was issued, and determined that no events or transactions met the definition of a subsequent event for purpose of recognition or disclosure in the accompanying financial statement.
