1. We note your response to comment 6 of our letter dated June 26, 2009. We have the following additional comments:
 - We reiterate our request from our previous comment letter for you to provide us with the following information:
 - a) The relative significance you place on each piece of evidence used in your impairment analysis;

- b) The primary evidence you relied on to support a realizable value equal to or greater than the carrying value of the investment;
 - c) The class of each security that you hold (mezzanine, senior ...)
- Please tell us and revise future filings to disclose if principal and interest payments are still being made on a timely basis for each security.
- Please provide us with the cash flow analyses you used to support a realizable value equal to or greater than the carrying value of the PreTSL IX B-3 and PreTSL X B-1 securities. Please confirm that you use the same methodology for all of your trust preferred securities. Please identify all of the key assumptions and explain how you determined the assumptions were appropriate and consistent with FSP FAS 115-1 and FAS 124-1 and related guidance. Specifically address the following related to the assumptions used in your cash flow analysis:
 - a) Discount rate: tell us the discount rate used and how you determined it;
 - b) Deferrals and defaults:
 - 1) Please tell us in detail how you developed your estimate of future deferrals and defaults. Specifically tell us if and how you considered the specific collateral underlying each individual security;
 - 2) Please tell us the dollar amount of deferrals and defaults experienced by the trust by quarter;
 - 3) Please tell us your estimate of future deferrals and defaults and compare your estimate to actual amounts experienced to date;
 - 4) Tell us how you treat deferrals (e.g. – do you treat deferrals the same as defaults); and
 - 5) Tell us about your recovery rate.
- Please tell us how you considered information received after the balance sheet date but before you issued your financial statements in your other-than-temporary impairment analysis at December 31, 2008 and March 31, 2009. Specifically tell us if you received information regarding interest deferrals or defaults or credit rating downgrades and how this information affected your analysis at each period end.
