**PROXY STATEMENT**

---

**FOR THE ANNUAL MEETING OF SHAREHOLDERS  
TO BE HELD ON TUESDAY, MAY 8, 2007**

We are providing this Proxy Statement in connection with the solicitation of proxies by the Board of Directors of CNB Corporation, a South Carolina Corporation (the "Company"), for use at the Annual Meeting of Shareholders to be held on Tuesday, May 8, 2007 (the "Annual Meeting"), at 5:15 p.m., Conway, South Carolina time, in the Conway Banking Office of The Conway National Bank at 1411 Fourth Avenue, Conway, South Carolina, or any adjournment thereof. Throughout this Proxy Statement, we use terms such as "we", "us", "our" and "our Company" to refer to CNB Corporation, the term "our Bank" to refer to our wholly-owned subsidiary, The Conway National Bank, and terms such as "you" and "your" to refer to our shareholders.

A Notice of Annual Meeting is attached to this Proxy Statement, and a form of proxy is enclosed. We first began mailing this proxy statement to our shareholders on or about April 9, 2007. We are paying the costs of this solicitation. The only method of solicitation we plan to use, other than this proxy statement, is personal contact, including contact by telephone or other electronic means, by our directors and regular employees, who will not be specially compensated for their services. We will also request banking institutions, brokerage firms, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of our common stock held of record by such persons, and we will reimburse the forwarding expenses.

**ANNUAL REPORT**

The annual report to shareholders covering our fiscal year ended December 31, 2006, including financial statements, is enclosed. The annual report to shareholders does not form any part of the material for the solicitation of proxies.

**VOTING PROCEDURES AND MATTERS RELATING TO PROXIES**

**Voting**

If you hold your shares of record in your own name, you may vote your shares by marking the enclosed proxy form, dating it, signing it, and returning it to us in the enclosed postage-paid envelope. If you are a shareholder of record, you can also attend the Annual Meeting and vote in person. If you hold your shares in street name with a broker or other nominee, you can direct your vote by submitting voting instructions to your broker or nominee in accordance with the procedure on the voting card provided by your broker or nominee. If you hold your shares in street name,

you may attend the Annual Meeting, but you may not vote in person without a proxy appointment from a shareholder of record.

### **Revocation of Proxy**

If you are a record shareholder and execute and deliver a proxy, you have the right to revoke it at any time before it is voted by: (a) giving written notice of revocation to W. Jennings Duncan, President, CNB Corporation, 1400 Third Avenue, Conway, South Carolina 29526; (b) voting in person at the Annual Meeting; or (c) executing and delivering to us a later dated proxy. Written notice of revocation or delivery of a later dated proxy will be effective when we receive it. Your attendance at the Annual Meeting will not in itself constitute revocation of a proxy. However, if you are a record shareholder and desire to do so, you may attend the meeting and vote in person in which case the proxy will not be used. If you hold your shares in street name with a broker or other nominee, you may change or revoke your proxy instructions by submitting new voting instructions to the broker or other nominee.

### **Quorum, Vote Required and Method of Counting Votes**

At the close of business on March 1, 2007, 784,968 shares of our common stock (\$10.00 par value) were outstanding and were held of record by approximately 809 persons. Each share outstanding will be entitled to one vote upon each matter submitted at the meeting. You are only entitled to notice of and to vote at the meeting if you were a stockholder of record at the close of business on March 30, 2007 (the "Record Date").

The presence in person or by proxy of the holders of one-third of the outstanding shares of our common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting or any adjournment thereof. If a share is represented for any purpose at the Annual Meeting by the presence of the record owner or a person holding a valid proxy for the record owner, it is deemed to be present for the purposes of establishing a quorum. Therefore, valid proxies which are marked "Abstain" or "Withhold" or as to which no vote is marked, including proxies submitted by brokers that are the record owners of shares (so-called "broker non-votes"), will be included in determining the number of shares present or represented at the Annual Meeting. If a quorum is not present or represented at the meeting, the shareholders entitled to vote, present in person or represented by proxy, have the power to adjourn the meeting from time to time, without notice other than an announcement at the meeting, until a quorum is present or represented. If the meeting is to be reconvened within thirty days, we will not give any notice of the reconvened meeting other than an announcement at the adjourned meeting. If the meeting is to be adjourned for thirty days or more, we will give notice of the reconvened meeting as provided in the Bylaws. At any such reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally noticed.

If a quorum is present at the meeting, directors will be elected by a plurality of the votes cast by shares present and entitled to vote at the meeting. "Plurality" means that, if there are more nominees than positions to be filled, the individuals who receive the largest number of votes cast for the positions to be filled will be elected as directors. Because the number of nominees for election at the 2007 Annual Meeting is the same as the number of positions to be filled, we expect that all of the Board of Directors' nominees will be elected. Votes that are withheld or shares that are not voted in the election of directors will have no effect on the outcome of election of directors. Cumulative voting is not permitted.

If a quorum is present, all other matters that may be considered and acted upon by our shareholders at the Annual Meeting, including ratification of appointment of the independent registered public accounting firm, will be approved if the votes cast in favor of the proposal at the Annual Meeting exceed the votes cast against the proposal.

### **Actions to be Taken by the Proxies**

Our Board of Directors selected the persons named as proxies in the enclosed form of proxy. When the form of proxy enclosed is properly executed and returned, the shares that it represents will be voted at the meeting. Unless you otherwise specify therein, your proxy will be voted:

- "For" the election of the six persons named in this Proxy Statement as our Board of Directors' nominees for election to the Board of Directors; and
- "For" the ratification of the appointment of Elliott Davis, LLC as our independent registered public accounting firm for the fiscal year ending December 31, 2007.

In each case where you have appropriately specified how your shares are to be voted, they will be voted in accordance with your specifications. Our Board of Directors is not aware of any other matters that may be presented for action at the Annual Meeting of Shareholders; but if other matters do properly come before the meeting, the persons named as proxies in the form of proxy intend to vote on such matters in accordance with their best judgment.

### **SHAREHOLDER PROPOSALS**

If you wish to present a proposal for action at the 2008 Annual Meeting of Shareholders, you may do so by delivering the proposal in writing to the President of CNB Corporation, 1400 Third Avenue, Conway, South Carolina 29526. You must send or deliver such written proposals in time for us to receive them prior to December 10, 2007, if you want us to include them, if otherwise appropriate, in our proxy statement and form of proxy relating to that meeting. If we do not receive notice of a shareholder proposal prior to February 8, 2008, the persons named as proxies in the proxy materials relating to that meeting will use their discretion in voting the proxies when the proposal is raised at the meeting. Only proposals that are proper for shareholder action and otherwise appropriate may be included in the Company's proxy statement and proxy.

### **ELECTION OF DIRECTORS**

Our Articles of Incorporation provide for our Board of Directors to be divided into three classes, each as nearly equal in number as possible, and each serving a three-year staggered term.

Our Board of Directors has, by resolution, fixed the number of directors at ten. Three directors will be elected at the Annual Meeting to each serve a three-year term; one director will be elected at the Annual Meeting to serve a two-year term; and two directors will be elected at the Annual Meeting to each serve a one-year term. Directors serve until their successors are elected and have qualified to serve. The Board has nominated for re-election James W. Barnette, Jr. and W. Jennings Duncan, each of whom is presently serving as a director, as Class I directors, each to serve a three-year term. The Board has also nominated Harold G. Cushman, III to serve as a Class I director for a three-year term. The Board has nominated William O. Marsh and John C. Thompson to serve as Class II directors for one-year terms. The Board has nominated Lynn Gatlin Stevens, who is presently serving as a director, to serve as a Class III director for a two-year term. Ms. Stevens was elected by our Board of Directors in August 2006 to fill the seat vacated by the death of Mr. Willis J. Duncan, and she has not previously been elected by shareholders. Under South Carolina law, directors elected by the Board of Directors may only serve until the next annual meeting of shareholders, at which time they may be nominated for election by the shareholders. Accordingly, Ms. Stevens has been nominated for election by the

shareholders at the Annual Meeting. All nominees were recommended for election to the Board by the Governance, Nominating, and Compensation Committee of the Board of Directors. The Governance, Nominating, and Compensation Committee is comprised of non-management directors.

Information about the nominees is set forth below under “INFORMATION ABOUT NOMINEES AND DIRECTORS WHOSE TERMS WILL CONTINUE AFTER THE ANNUAL MEETING OF SHAREHOLDERS AND EXECUTIVE OFFICERS– Nominees for Election to Serve until the 2010 Annual Meeting of Shareholders;” “Nominee for Election to Serve until the 2009 Annual Meeting;” and “Nominees for Election to Serve until the 2008 Annual Meeting.” Each of the nominees has consented to be named in this Proxy Statement. The nominees have advised our Board of Directors that they will stand for election and will serve if elected. However, if any nominee should become unable or unwilling to serve for any reason, the persons acting as proxies intend to vote for the election, in his or her stead, of such other persons as our Board of Directors may recommend. The Board of Directors has no reason to believe that any nominee named above will be unable or unwilling to serve if elected.

## **Family Relationships**

Harold G. Cushman, III, nominee for election to the Board of Directors, is the son of Harold G. Cushman, Jr., Chairman of the Board of Directors.

## **GOVERNANCE MATTERS**

### **Director Independence**

Our Board of Directors has determined that none of James W. Barnette, Jr., Harold G. Cushman, Jr., Edward T. Kelaher, George F. Sasser, or Lynn G. Stevens has a relationship which, in the opinion of our Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and that each such director is independent as defined in The Nasdaq Stock Market, Inc. Marketplace Rules, as modified or supplemented (the “Nasdaq Rules”). As disclosed under “Transactions with Related Persons”, each of our independent directors and some of their affiliates have loan and deposit relationships with our Bank. These relationships are not considered by our Board to compromise their independence.

### **Director Attendance at Board and Committee Meetings and the Annual Meeting of Shareholders**

During 2006, our Board of Directors met eight times. Each Director attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during the period for which he or she served as Director and (ii) the total number of meetings held by all committees of the Board of Directors on which he or she served.

The Company encourages, but does not require, directors to attend annual meetings of shareholders. All of our directors attended the 2006 Annual Meeting.

### **Committees of the Board of Directors**

#### *Governance Committee (Nominating and Compensation Committee)*

Our Governance Committee serves as our nominating committee and our executive compensation committee. The current members of the Committee are James W. Barnette, Jr., Harold G. Cushman, Jr., and Edward T. Kelaher. Each member of the Compensation Committee is independent as defined in the “Nasdaq Rules.” The Governance Committee met five times in 2006.

In its capacity as nominating committee, our Governance Committee acts pursuant to a written Governance Committee Charter adopted by our Board of Directors, which was attached to our 2006 Proxy Statement. In its capacity as our executive compensation committee, our Governance Committee acts pursuant to a written Compensation Committee Charter adopted by our Board of Directors, which is attached to this Proxy Statement as Appendix A.

In serving as the executive compensation committee, our Governance Committee reviews our compensation policies and recommends to the Board the compensation levels and compensation programs for executive officers and board and committee fees paid to the directors. The ultimate decisions about compensation levels and compensation programs are made by our full Board, which may accept or reject the recommendations of the Committee. The Chief Executive Officer provides information to assist the Committee in its deliberations, but does not make recommendations relating to the elements and amounts of executive officer compensation. The Compensation Committee does not delegate its authority to any other persons. However, the Committee does delegate responsibility for administering parts of our

compensation programs to our Human Resources Department. As discussed under the caption “—Compensation Discussion and Analysis—Compensation Consultants,” the Governance Committee utilizes compensation studies provided by Clark Consulting, Inc. to assist it in its deliberations about executive compensation.

#### *Audit Committee*

We have an Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee is responsible for appointment of the independent auditors and oversees the internal and external audit functions. The Audit Committee acts pursuant to a written charter adopted by the Board of Directors, a copy of which was attached to our 2006 Proxy Statement. The members of the Audit Committee are James W. Barnette, Jr., Harold G. Cushman, Jr., and George F. Sasser. Each member of the Audit Committee is independent as defined in the “Nasdaq Rules.” The Audit Committee met twelve times in 2006.

#### **Director Nomination Process**

As noted above, our Governance Committee functions as our nominating committee. In recommending director candidates, the Governance Committee takes into consideration such factors as it deems appropriate based on the Company’s current needs. These factors may include skills such as understanding of banking and general finance, decision-making ability, interpersonal skills, experience with businesses and other organizations of comparable size, community activities and relationships, and the interrelationship between the candidate’s experience and business background, and other Board members’ experience and business background, as well as the candidate’s ability to devote the required time and effort to serve on the Board.

Our Governance Committee will consider for nomination by the Board those director candidates recommended by shareholders if the shareholders comply with the following requirements. If you wish to recommend a candidate to the Board for consideration as a Board of Directors’ nominee, you must submit in writing to the Governance Committee the recommended candidate’s name, a brief resume setting forth the recommended candidate’s business and educational background and qualifications for service, and a notarized consent signed by the recommended candidate stating the recommended candidate’s willingness to be nominated and to serve. This information must be delivered to the Chairman of the Governance Committee at our address and must be received no later than December 11 in any year for a potential candidate to be considered as a potential Board of Directors’ nominee. The Governance Committee may request further information if it determines a potential candidate may be an appropriate nominee. Director candidates recommended by shareholders that comply with these requirements will receive the same consideration that the Governance Committee candidates receive.

Director candidates recommended by shareholders will not be considered for recommendation by the Board as potential Board of Directors’ nominees if the shareholder recommendations are received later than December 11 in any year. Nevertheless, shareholders may make their own nominations of director candidates for election at the annual meeting if they follow the procedures set forth in the Company’s Bylaws. Such nominations must be made in writing and must be delivered or mailed to the Secretary of the Company not later than (i) with respect to an election to be held at an Annual Meeting of shareholders, 90 days prior to the

anniversary date of the immediately preceding Annual Meeting of shareholders, and (ii) with respect to an election to be held at a special meeting of shareholders, the close of business on the tenth day following the date on which notice of such meeting is first given to shareholders. Our Bylaws further provide that the notice must set forth certain information concerning such shareholder and his or her nominee(s), including their names and addresses, a representation that the shareholder is entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, a description of all arrangements or understandings between the shareholder and each nominee, such other information as would be required to be included in a proxy statement soliciting proxies for the election of the nominees of such shareholder, and the consent of each nominee to serve as Director of the Company if so elected. The Chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedures. Nominations not made in accordance with this requirement may be disregarded by the presiding officer of the meeting; and upon his instructions, the Corporate Secretary shall disregard all votes cast for each such nominee.

## COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

### Compensation Discussion and Analysis

#### *Overview*

Our Board of Directors believes that, to continue its success, our Company and our Bank must focus on retaining and attracting highly qualified key executives, officers, and directors. Setting compensation levels that are competitive in the market is key to that initiative. Equally important with setting competitive levels of compensation is tying compensation to personal and company performance. Accordingly, our Board of Directors is committed to developing an overall compensation program that is designed to attract, motivate, reward, and retain senior management by providing competitive total compensation opportunities based on performance, leadership, teamwork, and the creation of shareholder value.

Our Governance Committee, which acts as our executive compensation committee, has undertaken to design an overall compensation strategy that is intended to:

- Compensate executives fairly and commensurate with their relative duties and responsibilities within our Company and/or our Bank;
- Compensate executives with competitive salaries based on a comparison of their positions with positions at financial institutions of a similar size in our market area; and
- Align performance criteria on which compensation decisions are based with our performance and our shareholders' interests.

#### *Components of Compensation and Performance Measures*

The Board has adopted a Compensation Committee Charter which breaks out executive compensation into the following components:

- Base salary;
- Performance-based bonuses and incentive awards;
- Retirement benefits; and
- Other benefits and perquisites comparable to those provided by peer institutions.

The Governance Committee makes its decisions about allocations between long-term and current compensation, allocations between cash and non-cash compensation, and allocations among various forms of compensation, in its discretion based on its subjective assessment of how these allocations will best meet our overall compensation goals outlined above.

A primary goal in the determination of base salaries is to establish an appropriate framework for ensuring that base salaries are competitive and consequently provide some assurance of the executive's continued employment. Performance based awards are designed to align the goals of management with those of the shareholders in the form of both short and long term rewards. Retirement benefits are designed to assist executives in providing themselves with a financially secure retirement. Reasonable other benefits and perquisites are provided to executives on a basis comparable to those provided by peer institutions. The Company's overall compensation objectives are broadly defined. The specific percentage award of any individual component as a percentage of total awards is a function of: 1) the subjective opinion of the

Governance Committee as to the appropriateness of an individual award, and 2) the prevailing mix of award privileges in the banking industry. All recommendations for awards are subject to the discretion of the full Board.

Because performance awards are based on predetermined criteria established by the Board of Directors upon the recommendation of the Governance Committee, existing gains associated with prior awards are not considered in the process of determining current awards. The Committee does, however, periodically review the appropriateness of percentage awards through reviews of trends including peer practices. The CEO of the Company assists the Governance Committee in any manner appropriate which the committee may from time to time request. This includes providing market data in the form of salary surveys, other available peer data, and financial and other performance information. The CEO may also meet with the committee, at the committee's request, to answer questions or address other concerns the committee may have. However, the CEO does not participate in the formation of recommendations determined by the committee; and all executive compensation is approved by the full Board.

For 2006, base salary comprised approximately 68.4% of total executive officer compensation, phantom stock awards generated as a result of the operation of the existing agreements comprised approximately .8% of total executive officer compensation, bonuses and incentive compensation comprised approximately 7.9% of total executive officer compensation, gains from previously granted phantom stock awards and growth in the benefit value from the Executive Supplemental Income Plan comprised approximately (1.8)% of total executive officer compensation, and all other compensation comprised approximately 24.7% of total executive officer compensation, including perquisites comprised approximately .4% of total executive officer compensation.

A more detailed discussion of each of these components of executive compensation, the reasons for awarding such types of compensation, the considerations in setting the amounts of each component of compensation, the amounts actually awarded for the periods indicated, and various other related matters is set forth in the sections below.

### *Compensation Consultants*

The Governance Committee uses Clark Consulting, Inc. to assist in setting appropriate levels of compensation, including:

- Collecting and analyzing market data for comparably sized and located peer institutions;
- Reviewing all elements of compensation to offer a clearer picture of our Company's and our Bank's current compensation programs;
- Examining our Company's and our Bank's compensation program in relation to peer financial institutions and evaluating how well it supports our stated objectives; and
- Evaluating the structure of the existing annual and long-term incentive programs to ensure that they are objective-based, performance-driven, and understandable to participants.

## *Use of Market Surveys and Peer Group Data*

To remain competitive in the executive workforce marketplace, we believe it is important to consider comparative market information about compensation paid to executive officers of other financial institutions in our market area, the State of South Carolina and the Southeastern United States, as well as compensation paid to other executives with similar levels of skills and responsibility in those areas. We want to be able to attract and retain highly skilled and talented executive officers who have the ability to carry out our short- and long-term goals. To do so, we must be able to compensate them at levels that are competitive with compensation offered by other companies in our business or geographic marketplace that seek similarly skilled and talented executives. The market survey information we use is derived from publicly available compilations prepared by regional investment banking firms in the southeast.

During 2006 the Committee reviewed the following market survey information:

- America's Community Bankers 2006 Compensation and Benefits Survey (Southeast and National)
- Bank Administration Institute 2006 Compensation and Benefits Survey (Southeast and National)
- South Carolina Bankers Association 2006 Compensation and Benefits Survey
- Salary Source (web-based subscription service)
- Watson Wyatt 2006 Compensation and Benefits Survey (Middle Southeast and National)

## *Other Factors Considered*

In addition to considering market survey comparisons in setting compensation, we consider each executive's knowledge, skills, scope of authority and responsibilities, job performance and tenure with us as an executive officer, as well as our perception of the fairness of the compensation paid to each executive in relation to what we pay our other executive officers.

We review our compensation program and levels of compensation paid to all of our executive officers annually and make adjustments based on the foregoing factors as well as other subjective factors.

## *Timing of Executive Compensation Decisions*

Annual salary reviews and adjustments and incentive and phantom stock awards are routinely made in December of each year. Compensation determinations may also be made at other times during the year in the case of newly hired executives or promotions of existing employees. The committee does not time any form of compensation award, including equity-based awards, to coincide with the release of material non-public information. Awards are made and/or accrued in December of each year based on projected performance for the current operating year.

## *Base Salaries*

Base salaries are initially set at levels believed to be externally competitive and internally equitable. As noted above, in determining external competitiveness, we consider peer group comparisons from survey data for executives with similar levels of skill and responsibility at other financial institutions of comparable size and complexity in our market area, the State of South Carolina and the Southeastern United States. In determining internal equity, we consider criteria such as the executive's knowledge, experience, skill, scope of decisions to be made, and level of authority.

Increases in base salary are determined based upon the performance of the Company and the performance evaluation of the individual executive.

For 2006, base salaries were set within the salary range determined appropriate by the Governance Committee for each individual executive based upon the survey data listed above and commensurate with the individual executive's skill, experience, and performance.

## *Incentive Compensation*

Incentive compensation is awarded based on individual performance with reference to specified criteria related to annual compensation and the specific relationship of corporate performance to the following:

- return on assets;
- return on equity, and;
- earnings per share growth.

The Board of Directors upon the recommendation of the Governance Committee has set the target performance for low to moderate percentage awards at reasonably obtainable levels. Targets for higher and top percentage awards have been established at levels which would represent excellent and/or unusual performance. The targets are more specifically described in the notes to the "-- Executive Compensation--2006 Grants of Plan-Based Awards table."

## *Phantom Stock Deferred Compensation Plan and Executive Supplemental Income Agreements*

From time to time, we award phantom stock units under the Phantom Stock Deferred Compensation Plan. Each phantom stock unit is equivalent in value to one share of our common stock at market value. The number of units is required to be equitably adjusted and restated to reflect changes in the number of common shares outstanding resulting from stock splits, stock dividends, stock issuances, and stock redemptions, and to reflect cash dividends paid to our common shareholders. The units are credited with appreciation, if any, in the market value of the unit as compared to the initial value per unit. The cash value of the units, together with interest, is paid in installments after the executive's death, retirement, or separation from service.

Our Board believes that phantom stock awards provide an incentive that focuses each executive's attention on managing our Company from the perspective of a shareholder with an equity stake in the business. We believe that the costs to our Company of granting phantom stock units as opposed to paying additional cash compensation, including the impact on earnings under the new accounting rules for stock-based compensation, are far outweighed by the benefits provided to us in terms of providing incentives to our executive officers to increase earnings and shareholder value. We do not award phantom stock units every year. Awards are made based

upon pre-defined criteria established by the Board of Directors, barring any unusual activities involving the Company. The Committee did not grant phantom stock awards in 2005 or 2006. The phantom stock units are discussed in more detail in the section “--Phantom Stock Deferred Compensation Plan.”

We have also entered into Executive Supplemental Income Agreements that provide our executive officers (or their beneficiaries, if applicable) with pre-retirement death and disability benefits and post-retirement annuity benefits. These arrangements are designed to encourage our executive officers to continue their employment with us by providing increased benefit levels as their years of service with us increase. The agreements are discussed in more detail in the section “--Executive Supplemental Income Agreements.”

The events set forth as triggering events for the payments in the Phantom Stock Plan and in the Executive Supplemental Income Agreements were selected because they are events the Committee believes to be similar to those provided for in many similar agreements for executive officers of financial institutions throughout South Carolina. It has become increasingly common in South Carolina for community financial institutions to provide for such payments under such conditions. We believe the change of control arrangements in the plan and the agreements are an important factor in attracting and retaining our executive officers by assuring them financial and employment status protections in the event control of our Company changes. We believe such assurances of financial and employment protections help free executives from personal concerns over their futures, and, thereby, can help to align their interests more closely with those of shareholders.

#### *Other Benefits*

We also provide our executive officers with insurance benefits provided to all other employees and make contributions to our 401(k) Profit Sharing and Savings Plan on their behalf on the same basis as contributions are made for all other employees. The Governance Committee has determined that providing such benefits helps to retain key executives and is an important factor in keeping our executive compensation packages competitive in our market area.

We also pay club dues for each of our executives participating in clubs, automobile allowances, and life insurance. In addition, we pay for our executives and their spouses to attend certain banking conventions and seminars. The Governance Committee has determined that these benefits play an important role in our executive officers’ business development activities on behalf of our Company.

All of the foregoing additional elements of compensation awarded to named executives in 2006 were set at levels believed to be competitive with other employers in South Carolina.

#### *Federal Tax Considerations Related to Executive Compensation*

The various forms of compensation provided by the Company involve differing tax consequences. The tax consequences of the major components of compensation are outlined below:

Base salaries, cash incentives, and automobile allowances represent tax deductible expenses for the Company and taxable income for the recipient executive. Amounts expensed under the Company’s 401(k) plan are tax deductible expenses for the Company and represent deferred taxable income to recipient employees. The Phantom Stock and Executive

Supplemental Income Plans are not qualified under the Internal Revenue Code and amounts expensed under the plans are not tax deductible for the Company. These amounts represent deferred income to the recipient executives which become taxable at the time the sums are payable.

*Specific 2006 Compensation Decisions for Messrs. Duncan, Sanders, and Benson*

Mr. Duncan was re-appointed as our Interim President and Chief Executive Officer on May 22, 2006. Upon his re-appointment, we set his annualized base salary at \$192,072. This salary amount was the same salary previously approved for Mr. Duncan for 2005. For 2006, we awarded Mr. Duncan incentive compensation of \$25,564 based on predetermined criteria established by the Board of Directors.

Mr. Sanders was appointed as our Interim Executive Vice President and Chief Financial Officer on May 22, 2006. Upon his appointment, we did not change his base salary of \$98,424, the amount at which it had previously been set for service in his prior position. However, on November 14, 2006, we increased Mr. Sanders' annualized base salary to \$175,000, retroactive to May 22, 2006. This base compensation was set within the range determined by the Governance Committee based on the survey data noted in the "Use of Market Surveys and Peer Group Data" above. For 2006, we awarded Mr. Sanders incentive compensation of \$38,225 based on the predetermined criteria outlined in the "Incentive Compensation" section above.

We set 2006 base compensation for Mr. Benson, our Senior Vice President and Inland Area Executive of The Conway National Bank at \$125,075. This base compensation was set within the range of comparative compensation data obtained from our JESAP consulting reports. More information about the JESAP is provided below. For 2006, we awarded Mr. Benson incentive compensation of \$27,730 based on the predetermined criteria outlined in the "Incentive Compensation" section above.

*Specific 2006 Compensation Decisions for Messrs. Hucks and Dusenbury*

R. Phil Hucks served as our President and Chief Executive Officer until May 22, 2006. His base salary for 2006 was \$244,380. Although Mr. Hucks' service in these positions was suspended on May 22, 2006, we continued to pay his 2006 base salary until the effective date of his resignation on December 31, 2006. We did not award Mr. Hucks any incentive compensation for 2006.

Paul R. Dusenbury served as our Executive Vice President and Chief Financial Officer until May 22, 2006. His base salary for 2006 was \$201,396. Although Mr. Dusenbury's service in these positions was suspended on May 22, 2006, we continued to pay his 2006 base salary until the effective date of his resignation, October 31, 2006. We did not award Mr. Dusenbury any incentive compensation for 2006.

On December 28, 2006 the Company entered into a settlement agreement settling the lawsuit initiated on September 6, 2005 by Willis J. Duncan, Harriette B. Duncan, and W. Jennings Duncan against certain directors, including Mr. Hucks and Mr. Dusenbury, and our Company and Bank as nominal defendants. The agreement, in part, provided for the payment of \$87,006.78 to Mr. Hucks and \$71,187.37 to Mr. Dusenbury in consideration of cancellation of their employment agreements.

### *Job Evaluation Salary Administration Program (JESAP)*

The Job Evaluation Salary Administration Program Committee (JESAP), composed of five Bank officers, is charged with responsibility for establishing job position descriptions; applying values to each job position in the form of a salary range; and obtaining salary surveys at a local, regional, and national level to determine that salary ranges were consistent with the industry and peers. The JESAP Committee uses an independent management consulting firm to aid it in this process. Pursuant to the JESAP process, for each Bank employee, including the Chief Executive Officer and all executive officers, a salary minimum, midpoint, and maximum is established. The Governance Committee utilizes the survey data, the ranges resulting from the JESAP process, and other executive compensation reports from Clark Consulting to determine recommended ranges and salaries for executive management.

### *Executive Compensation Agreements*

The Company has not entered into any Executive Compensation agreement with Messrs. Duncan, Benson, or Sanders. The former Executive Compensation Agreements existing between the Company and Messrs. Dusenbury and Hucks were settled and cancelled on December 28, 2006. See “--Specific 2006 Compensation Decisions for Messrs. Hucks and Dusenbury” above.

### *Security Ownership Guidelines and Hedging*

We do not have any formal security ownership guidelines for our executive officers or any policies regarding our executive officers’ hedging the economic risk of ownership of our shares.

### *Financial Restatement*

The Board of Directors does not have a policy with respect to adjusting retroactively any cash or equity based incentive compensation paid to our executive officers where payment was conditioned on achievement of certain financial results that were subsequently restated or otherwise adjusted in a manner that would reduce the size of an award or payment, or with respect to recovery of any amount determined to have been inappropriately received by an individual executive. If such a restatement were ever to occur, the Board would expect to address such matters on a case-by-case basis in light of all of the relevant circumstances.

### **Compensation Committee Report**

Our Governance Committee (acting as Compensation Committee), has reviewed and discussed the “Compensation Discussion and Analysis” included in this Proxy Statement with management of our Company. Based on that review and discussion, the Committee recommended that the “Compensation Discussion and Analysis” be included in our 2006 Annual Report on Form 10-K and in this Proxy Statement.

## Executive Compensation Agreements

The Company entered into Executive Compensation Agreements with R. Phil Hucks, our former President and Chief Executive Officer, and Paul R. Dusenbury, our former Executive Vice President and Chief Financial Officer. Under each of the agreements, the employment period commenced on June 14, 2005, and were to continue until June 14, 2010 (unless terminated sooner pursuant to the terms therein), with automatic successive one-year extensions, unless the executive was given 90 days written notice of non-renewal. Mr. Hucks' employment agreement provided for an initial annual base salary of \$230,000, and Mr. Dusenbury's employment agreement provided for an initial annual base salary of \$190,000, each of which might be increased at the discretion of the Board of Directors. The Board increased the base salaries for Mr. Hucks and Mr. Dusenbury to \$244,380 and \$201,396, respectively, for 2006. Mr. Hucks and Mr. Dusenbury were each eligible for an annual target bonus opportunity of 25% of his base salary and a maximum bonus payout of two times the target bonus.

The Executive Compensation Agreements for both Messrs. Hucks and Dusenbury were cancelled on December 28, 2006 as part of the settlement agreement settling the lawsuit initiated on September 6, 2005 by Willis J. Duncan, Harriette B. Duncan, and W. Jennings Duncan against certain directors, including Mr. Hucks and Mr. Dusenbury, and our Company and Bank as nominal defendants. The agreement, in part, provided for the payment of \$87,006.78 to R. Phil Hucks and \$71,187.37 to Paul R. Dusenbury in consideration of cancellation of their employment agreements.

## Outstanding Equity Awards at 2006 Fiscal Year-End

The following table provides information about unvested phantom stock units our executive officers held at the end of 2006.

Stock Awards		
Name	Number of Shares or Units of Stock That have Not Vested #(1)	Market Value of Shares or Units of Stock That Have Not Vested (\$)
W. Jennings Duncan	295.25	47,831
William R. Benson	131.91	21,370

- (1) Phantom stock awards are considered by the Board of Directors on an annual basis for award on December 31 of each year. The Board did not make any phantom stock awards in 2005 or 2006. The rate of vesting is determined based on the age of each participant at the time he or she is entered into the plan. All participants are vested at 68% at the time they are entered into the plan. The vesting percentage is increased by 4% each year up to the year the participant becomes 80% vested. From this point, the participant remains vested at 80% until age 56 when the vesting percentage is increased by 2%. The vesting percentage is increased by 2% each year thereafter until the participant is 100% vested at age 65.

## Pension Benefits

The following table provides information about benefits payable to our executive officers and former executive officers under the Executive Supplemental Income Agreements, which are described below.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (1) (\$)	Payments During Last Fiscal Year (\$)
W. Jennings Duncan	Executive Supplemental Income Agreement	24	50,334	0
L. Ford Sanders, II	Executive Supplemental Income Agreement	19	3,980	0
William R. Benson	Executive Supplemental Income Agreement	21	24,358	0
R. Phil Hucks	Executive Supplemental Income Agreement	36	139,284	0
Paul R. Dusenbury	Executive Supplemental Income Agreement	21	0	0

- (1) The present value is calculated as of December 31, 2006, which is the same pension plan measurement date used for financial statement reporting purposes with respect to our audited financial statements for the year ended December 31, 2006. The assumptions used to calculate the amounts in this column are set forth in Note 14 to our audited financial statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2006.

## Executive Supplemental Income Agreements

As reflected in the “Pension Benefits” table above, we have entered into Executive Supplemental Income Agreements with our executive officers. The Executive Supplemental Income Agreements provide for pre-retirement death or disability benefits and post-retirement annuity benefits. The agreements are designed to encourage executive officers to continue their employment by providing increased benefit levels as their years of service increase.

The agreements provide for post-retirement benefits designed to supplement the executive's retirement benefits from Social Security in order to provide him with a certain percentage of his final average income at retirement age. The agreements provide that, if the executive reaches age 65 (or later at the election of the Board and the executive) while covered by the agreement, his retirement benefit will be fully vested and non-forfeitable, and he may elect to terminate his employment and begin receiving payments in equal monthly installments beginning on the first business day of the month following such termination. The retirement benefit payable is calculated as follows. The post-retirement benefit is set at 45% of salary existing at the time the Company and the executive entered into the agreement, less anticipated social security benefits. We currently project that, upon their

reaching age 65, we would be required to pay each of Messrs. Duncan, Sanders, Benson, and Hucks \$3,098, \$562, \$1,046, and \$2,569, respectively, in 180 equal monthly installments.

The agreements provide that, if the executive dies while covered by the agreement and prior to retirement or disability, his beneficiary will be paid a pre-retirement death benefit calculated as follows. The Executive Supplemental Income Agreements provide a pre-retirement death benefit based upon a percentage of salary existing at the time the Company and the executive enter into the agreement paid to the named beneficiary over a period of 15 years on a decreasing basis. The percentage of salary paid for each of the fifteen years is as follows: Year 1 -- 75%, Years 2 through 5 -- 50%, and Years 6 through 15 -- 35%. Such benefit will be paid in equal monthly installments beginning on the first business day of the month following death. If Mr. Duncan had died on December 31, 2006, we would have been required to pay his beneficiary \$7,625 in 12 equal monthly installments for Year 1, \$5,083 in 48 equal monthly installments for Years 2-5, and \$3,583 in 120 equal monthly installments for Years 6-15. If Mr. Sanders had died on December 31, 2006, we would have been required to pay his beneficiary \$3,167 in 12 equal monthly installments for Year 1, \$2,125 in 48 equal monthly installments for Years 2-5, and \$1,500 in 120 equal monthly installments for Years 6-15. If Mr. Benson had died on December 31, 2006, we would have been required to pay his beneficiary \$4,250 in 12 equal monthly installments for Year 1, \$2,833 in 48 equal monthly installments for Years 2-5, and \$2,000 in 120 equal monthly installments for Years 6-15. If Mr. Hucks had died on December 31, 2006, we would have been required to pay his beneficiary \$6,750 in 12 equal monthly installments for Year 1, \$4,500 in 48 equal monthly installments for Years 2-5, and \$3,167 in 120 equal monthly installments for Years 6-15.

If the executive becomes disabled, as determined by the Board of Directors, while covered by the agreement, he may elect to begin to receive a disability benefit at any time after being declared disabled. The disability benefit is calculated, at the officer's election, in monthly installments for a period certain of a payment amount necessary to amortize the Benefit Accrual at the interest rate used for deferring the accounting liability or a life annuity utilizing the UP84 Mortality Table and the interest rate used for determining the accounting liability, the present value of such annuity equaling the present value of the benefit. The executive may only elect to receive such a disability benefit if he is not receiving any other benefit payments under the Executive Supplemental Income Agreement.

The agreements provide further that, if the executive reaches age 55 while covered by the agreement, his early retirement benefit will be fully vested and non-forfeitable, and he may elect early termination of his employment and begin receiving payments in equal monthly installments beginning on the first business day of the month following such termination. The early retirement benefit payable is calculated as follows. The early retirement benefit, at the officer's election, is payable in monthly installments for a period certain of a payment amount necessary to amortize the benefit accrual at the interest rate used for determining the accounting liability or a life annuity utilizing the UP84 Mortality Table and the interest rate used for determining the accounting liability, the present value of such annuity being equal to the present value of the benefit. If the executive dies after commencement of retirement or early retirement benefits, his remaining benefits will continue to be paid to his beneficiary.

To continue to be covered by the agreements, the executive must be continuously employed by us from the date of the agreement until the earlier of the date he (i) reaches age 65, (ii) elects early retirement between ages 55 and 65, (iii) is declared disabled under the agreement, or (iv) dies. The

agreements further provide that, while the executive is receiving benefits under the agreement (except in the case of a change of control), the executive is prohibited from competing with us and require the executive to be available for consulting work for us. Subject to these coverage qualifications, our executives are currently fully vested in, and have a non-forfeitable interest in their benefit accruals. “Benefit accrual” means the aggregate of the accruals for accounting under generally accepted accounting methods of our obligation for the annual retirement benefit amount set forth in the agreement. The aggregate of the accruals is from the effective date of the agreement to the date of termination of employment. Upon termination of employment, interest will accrue on the outstanding balance at the interest rate used for determining the accounting liability.

The agreements provide that, if we are subject to a change of control while the executive is covered by the agreement, he will be fully vested and have a non-forfeitable interest in his benefits under the agreement. In such case, continuous employment will only be required if the executive voluntarily terminates his employment, is declared disabled or is discharged without just cause. “Change of control” is defined by the agreements as: (i) a transaction or series of transactions by which ownership of more than 25% of our common stock or of our Bank’s common stock is sold, or substantially all of our Bank’s assets are sold, to a person who does not already hold at least 25% of our common stock or of our Bank’s common stock; (ii) a transaction or series of transactions in which our Bank is combined with another business entity after which combination the persons who had owned at least 25% of our common stock or our Bank’s common stock on the effective date of the Executive Supplemental Income Agreement no longer own at least 25% of the voting stock of the combined entity; or (iii) a transaction or series of transactions in which at least 25% of our common stock or the common stock of our Bank is acquired by a person who did not own at least 25% of our common stock or our Bank’s common stock on the effective date of the Executive Supplemental Income Agreement.

We may accelerate the benefits payable under the agreements to a single present value payment with the written consent of the executive or his beneficiary. In such case, the present value of the future payments will be calculated using the interest rate used for determining the accounting liability of the agreement.

The agreements are not qualified under the Internal Revenue Code. The agreements are unfunded, but certain benefits under the agreements are presently expected to be paid with funds provided by insurance policies owned by the Bank on the lives of the covered executives.

*The foregoing summary discussion of certain provisions of the Executive Supplemental Income Agreements is qualified in its entirety by reference to the agreements which have been filed with the Securities and Exchange Commission and does not create legal or equitable rights to any person.*

## **Profit Sharing and Savings Plan**

The Conway National Bank Profit Sharing and Savings Plan is a defined contribution pension plan that covers all employees who have attained age twenty-one and have a minimum of one year of service. Upon ongoing approval of the Board of Directors, the Bank matches one hundred percent of employee contributions up to three percent of salary deferred, and fifty percent of employee contributions in excess of three percent and up to five percent of salary deferred. The Board of Directors may also make discretionary contributions to the Plan. For the year ended December 31, 2006, the Company contributed \$605,000 under the plan.

## **2006 Nonqualified Deferred Compensation**

Neither our Company nor our Bank has plans which provide for the deferral of compensation, by executives or other staff, on a basis that is not tax-qualified.

## **Plans or Agreements that Provide for Potential Payments upon Termination or a Change of Control**

We provide supplemental benefits to certain key officers under The Conway National Bank Executive Supplemental Income Plan and a Phantom Stock Deferred Compensation Plan. These plans are not qualified under the Internal Revenue Code. These plans are unfunded, but certain benefits under the Executive Supplemental Income Plan are presently expected to be paid with funds provided by insurance policies owned by the Bank on the lives of the covered executives.

### *Phantom Stock Deferred Compensation Plan*

Our Phantom Stock Deferred Compensation Plan provides that we may, at our discretion, award phantom stock units to certain key employees, including Messrs. Duncan, Sanders, and Benson. Awards have also previously been made to Messrs. Hucks and Dusenbury. Under the plan, “phantom stock” is defined as the hypothetical number of shares that could be purchased on December 31 of the year in which an award was made as determined by dividing the dollar amount of the award by the fair market value of our common stock. For purposes of the plan, “fair market value” of our common stock is defined as the appraised value of our common stock based on the appraisal performed in the September preceding the date of the award. For example, if on December 31, 2005, we credited the executive’s phantom stock account with \$15,500 (100 shares at \$155 per share), and the September 2006 appraised value of the common stock were \$162 per share, the executive’s account would be credited with 4.32 shares of phantom stock associated with this award. (Dollar amount of the award divided by fair market value equals number of shares of phantom stock credited to the executive’s phantom stock account.)

The number of units in an executive’s account is required to be equitably adjusted and restated to reflect changes in the number of common shares outstanding resulting from stock splits, stock dividends, stock issuances, and stock redemptions. The number of units is also required to be equitably adjusted and restated to reflect cash dividends paid to our common shareholders. The units are credited with appreciation, if any, in the market value of the unit as compared to the initial value per unit. As discussed in more detail below, the cash value of the units, together with interest, is paid to the executive in installments after the executive’s death, retirement, or separation from service. No

stock is ever issued to employees pursuant to the plan, and the executive has no rights as a shareholder with respect to phantom stock credited to his account.

The plan provides that, if the executive's employment with us is terminated upon his reaching age 65, we are required to pay him the fair market value of the phantom stock credited to his account. Fair market value is to be determined immediately prior to the date of his termination. We are also required to pay interest on that amount at the rate of eight percent per year, compounded monthly, from the December 31<sup>st</sup> of the year immediately prior to the date of termination of employment until the commencement of payments. We are required to make the payments in 240 equal monthly installments, including interest at the rate of eight percent per year, compounded monthly, beginning on the first day of the calendar month following termination of employment.

If the executive's employment with us is terminated before he reaches age 65 for any reason other than death or disability, we are required to pay him the fair market value of the phantom stock credited to his account (valued immediately prior to termination of employment), multiplied by a vesting percentage for the year immediately prior to the termination of employment as provided in his phantom stock agreement. We are also required to pay interest on that amount at the rate shown in his agreement, compounded monthly, from the date of termination of employment until the commencement of payments. The non-vested portion of the benefit will be forfeited. We are required to make the payments in 240 equal monthly installments, including interest at the rate set forth in his agreement, compounded monthly, beginning on the first day of the calendar month following the executive's reaching age 65. If the executive was employed by us for fewer than ten years at the date of termination of employment, the interest rate will be reduced for each year fewer than ten years for which the executive was employed by us. If Mr. Duncan's employment had terminated under this provision of the agreement as of December 31, 2006, we would have been required to pay him approximately \$4,915 in 240 equal monthly installments commencing on the first day of the month after his reaching age 65. If Mr. Benson's employment had terminated under this provision of the agreement as of December 31, 2006, we would have been required to pay him approximately \$1,724 in 240 equal monthly installments commencing on the first day of the month after his reaching age 65. If Mr. Hucks' employment had terminated under this provision of the agreement as of December 31, 2006, we would have been required to pay him approximately \$2,137 in 240 equal monthly installments commencing on the first day of the month after his reaching age 65. If Mr. Dusenbury's employment had terminated under this provision of the agreement as of December 31, 2006, we would have been required to pay him approximately \$4,827 in 240 equal monthly installments commencing on the first day of the month after his reaching age 65.

If the executive terminates his employment as a result of disability before he reaches age 65, we are required to pay him the fair market value of the phantom stock credited to his account. Fair market value is to be determined immediately prior to the date of his termination. We are also required to pay interest on that amount at the rate of eight percent per year, compounded monthly, from the December 31<sup>st</sup> of the year immediately prior to the date of termination of employment until the commencement of payments. We are required to make the payments in 240 equal monthly installments, including interest at the rate of eight percent per year, compounded monthly, beginning on the first day of the calendar month following the executive's reaching age 65.

If we are subject to a change of control while the executive is employed by us, we are required to pay him the fair market value of the phantom stock credited to his account. Fair market

value is to be determined on the date of the change of control. We are also required to pay interest on that amount at the rate of eight percent per year from the date of the change of control until the commencement of payments. We are required to make the payments in 240 equal monthly installments, including interest at the rate of eight percent per year, compounded monthly, beginning on the first day of the calendar month following the executive's reaching age 65. The agreement defines "change of control" as (i) a tender offer made and consummated for 25% or more of our outstanding voting securities; (ii) our merger or consolidation with another entity after which less than 75% of the voting securities of the surviving or resulting entity are owned by persons who were our shareholders immediately prior to the transaction; (iii) a sale of substantially all of our assets to an entity that is not our wholly owned subsidiary; or (iv) an acquisition by any person of 25% or more of our outstanding voting securities.

If the executive dies while he is employed by us, we are required to pay his beneficiary the fair market value of the phantom stock credited to his account. Fair market value is to be determined immediately prior to the date of his death. We are also required to pay interest on that amount at the rate of eight percent per year, compounded monthly, from the December 31<sup>st</sup> of the year immediately prior to the date of death until the commencement of payments. We are required to make the payments in 240 equal monthly installments, including interest at the rate of eight percent per year beginning on the first day of the calendar month following the executive's death.

If the executive dies after benefit payments have commenced, any remaining benefits will be paid to his beneficiary at the same times and in the same amounts as they would have been paid had he lived. If the executive dies after termination of employment but before commencement of payment of benefits, payment of benefits will be accelerated to the first day of the calendar month following his death.

The amounts payable under the plan may be reduced to the extent they would be deemed to constitute an "excess parachute payment" under Section 280G of the Internal Revenue Code.

The plan makes payment of benefits contingent upon the executive not engaging in activities that are competitive to us, without our consent, during the period of his employment and for a period of five years following termination of his employment with us. Such prohibited competitive activities include engaging in, or becoming interested in, as an owner, member, sole proprietor, partner, or shareholder, or becoming associated with in the capacity of employee, consultant, director, officer, principal, agent, trustee, or in any other capacity, an enterprise conducted within a 25-mile radius of our main office, which enterprise is, or may be deemed to be competitive with our business. This prohibition on competition does not, however, apply in the event we are subject to a change of control. Payment of benefits is also contingent upon the executive not soliciting any of our employees or customers without our consent for a period of five years following termination of his employment with us. If the executive breaches any of these prohibitions, all payments owed to him under his phantom stock agreement will terminate and no further amounts will be due him.

*The foregoing summary discussion of certain provisions of the Phantom Stock Deferred Compensation Plan is qualified in its entirety by reference to the plan which has been filed with the Securities and Exchange Commission and does not create legal or equitable rights to any person.*

## **SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership on Form 3 and changes in ownership on Form 4 or 5 with the Securities and Exchange Commission (the "SEC"). Such officers, directors, and 10 percent shareholders are also required by SEC rules to furnish us with copies of all Section 16(a) forms that they file.

## **TRANSACTIONS WITH RELATED PERSONS**

In the ordinary course of its business, our Bank makes loans to, accepts deposits from, and provides other banking services to certain of our directors and executive officers, their associates, and members of their immediate families. Loans are made on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable transactions with persons not affiliated with the Bank, and do not involve more than the normal risk of collectibility or present other unfavorable features. Rates paid on deposits and fees charged for other banking services and other terms of these transactions are also the same as those prevailing at the time for comparable transactions with other persons. Our Bank expects to continue to enter into transactions in the ordinary course of business on similar terms with our directors, officers, principal shareholders, their associates, and members of their immediate families. Loans outstanding to such persons at December 31, 2006 totaled \$1,162,000. None of such loans have been on non-accrual status, 90 days or more past due, or restructured at any time.

From time to time we may also enter into other types of business transactions or arrangements for services with our directors, officers, principal shareholders, or their associates.
