HCP AND MORGAN STANLEY REAL ESTATE INVESTING EXPAND STRATEGIC MEDICAL OFFICE JOINT VENTURE RELATIONSHIP

HCP entered into a definitive agreement to form a new \$605 million 51%/49% joint venture (the “Venture”) on a two million square foot medical office portfolio with Morgan Stanley Real Estate Investing (“MSREI”). This will be the second medical office joint venture between HCP and MSREI.

"We are excited to build on our successful relationship with Morgan Stanley Real Estate Investing," said Scott Brinker, Executive Vice President and Chief Investment Officer of HCP. "The Venture demonstrates our ability to use strong relationships with capital partners, owners, and health systems to source and structure creative investments that are accretive to earnings and aligned with our strategy of owning on-campus medical office properties affiliated with leading health systems."

To form the Venture, MSREI will contribute cash and HCP will contribute nine wholly-owned medical office buildings (the “Contributed Assets”). The Contributed Assets are primarily located in Texas and Florida, have a combined 1.2 million square feet of leasable space and are 80% occupied. The Contributed Assets are valued at approximately \$320 million, representing a 4% disposition cap rate on a trailing 12-month basis.

The Venture intends to use the cash contributed by MSREI to fund the acquisition of a medical office portfolio (the “Portfolio”) in Greenville, South Carolina. HCP’s initial yield on the transaction is approximately 6% inclusive of joint venture fees.

Excluding three small non-strategic assets the Venture expects to immediately market for sale, the Portfolio consists of 13 assets with a combined 832,000 square feet and is 95% on-campus. The Portfolio is anchored by A-rated Greenville Health System (“GHS”), which leases 94% of the square footage and is the largest health system in South Carolina. The Venture has reached an agreement with GHS to enter into new 10-year leases concurrent with the closing of the acquisition, which is expected to occur in the third quarter.

The Portfolio is accretive to a number of HCP's key portfolio metrics including on-campus percentage, occupancy, rent per square foot, and percentage of space leased to a health system. The Portfolio acquisition and formation of the Venture are expected to be immediately accretive to HCP's FFO and FAD.

The Venture between HCP and MSREI builds on a portfolio of medical office buildings that was acquired in 2015 for \$225 million. On a combined basis, the HCP and MSREI relationship will span 3.2 million square feet of leasable space across 33 properties.

TRANSACTION UPDATES

22-COMMUNITY PORTFOLIO SALE

As previously disclosed, HCP entered into definitive agreements to sell a portfolio of 22 Brookdale-managed senior housing communities to an investment fund managed by affiliates of Apollo Global Management for \$428 million. The transaction is expected to close in two installments, with the first closing in the third quarter and the second closing in the fourth quarter, as regulatory license transfer approvals are granted.

U.K. PORTFOLIO TRANSACTION

In June, we closed on the previously announced joint venture through which we sold a 51% interest in our U.K. holdings, generating net proceeds of approximately \$402 million, including \$146 million of third party property-level financing at our share. As part of the transaction, we expect to sell our remaining 49% interest in the joint venture in 2019.

Additionally, we expect to sell an £11 million loan at par to a separate buyer in the third quarter.

RIDEA II JOINT VENTURE SALE

As previously announced, in June we closed on the disposition of our remaining investment in RIDEA II, generating \$332 million of proceeds. At the time of the sale, the RIDEA II joint venture owned 49 communities, of which 46 were managed by Brookdale.

ADDITIONAL SIGNIFICANT DISPOSITION TRANSACTIONS

As previously announced, we sold five senior housing assets to Brookdale for \$243 million in April 2018. Additionally, during the quarter, we sold five senior housing communities, four of which were managed by Brookdale, to third parties for \$61 million.

In June, we reached a definitive agreement to sell a parcel of land in San Diego for \$35 million and expect this transaction to close by year end. The land parcel was originally acquired as part of HCP's purchase of Slough Estates USA Inc. in August 2007.

In July, a tenant in our life science portfolio in South San Francisco exercised its purchase option on four properties, generating proceeds of \$269 million.

OPERATOR TRANSITION UPDATES

SUNRISE

We reached an agreement with Sunrise Senior Living, LLC ("Sunrise") to transition management on a portfolio of six HCP-owned senior housing communities from Brookdale to Sunrise. To date, we have completed five transitions and expect the remaining community to transition in the third quarter.

ATRIA

To date, we have completed transitions of 20 HCP-owned senior housing communities from Brookdale to Atria Senior Living and expect to transition the remaining properties in the third quarter.

ECLIPSE

In July, we completed transitions of two HCP-owned senior housing communities from Brookdale to Elmcroft by Eclipse Senior Living ("ESL") and expect to transition one additional community to ESL in the third quarter.

DEVELOPMENT UPDATES

HAYDEN CAMPUS EXPANSION

In June, we broke ground on 75 Hayden, a 214,000 square foot Class A development at our Hayden Research Campus ("Hayden") located in the Boston suburb of Lexington. The \$160 million campus expansion, expected to stabilize in 2022, will capitalize on the strong demand from tenants expanding from current locations in the Cambridge and suburban Boston submarkets. When complete, the Hayden campus will encompass 600,000 square feet of state-of-the-art Class A life science space.

PHASE III OF THE COVE 100% LEASED; COMMENCING PHASE IV DEVELOPMENT

We have signed 324,000 square feet of leases at our \$224 million Phase III development of The Cove in South San Francisco. With Phase III 100% leased, we recently commenced development on the 160,000 square foot, \$107 million final phase of the project ("Phase IV"). Upon Phase IV's completion in early 2020, The Cove will be a one million square foot, LEED silver, fully-integrated, waterfront life science campus located at the entrance to South San Francisco's life science cluster.

BALANCE SHEET

At June 30, 2018, we had \$1.5 billion of liquidity from a combination of cash and availability under our \$2.0 billion credit facility.

On July 16, 2018, we repaid \$700 million of our 5.375% senior notes due 2021 using capital recycling proceeds received subsequent to June 30. In connection with the repayment, we expect to incur an extinguishment of debt charge of approximately \$44 million in the third quarter.

BOARD OF DIRECTORS

HCP appointed Katherine Sandstrom as a new independent director to its Board of Directors. Ms. Sandstrom's career spanned over two decades at Heitman LLC, a real estate investment management firm, where she held a series of senior leadership positions. Most recently, she served as head of Heitman's real estate securities business, overseeing more than \$5 billion of assets invested through domestic and global funds, as well as separately managed accounts. Additionally, she led the firm's buy-side investment teams for REIT securities strategies and assets held by institutional and private wealth clients. Ms. Sandstrom continues to serve as an advisor to Heitman's securities business leaders.

DIVIDEND

On July 26, 2018, our Board declared a quarterly cash dividend of \$0.37 per common share. The dividend will be paid on August 21, 2018 to stockholders of record as of the close of business on August 6, 2018.
