RE: Samex Mining Corp.
Form 20-F for Fiscal Year ended December 31, 2007
Filed June 30, 2008
File No. 0-13391
SEC Comment Letter dated August 6, 2008

Dear Mr. Schuler:

Thank you for the helpful information you provided in our telephone conversation today concerning the Engineering Comments detailed in your August 6th Comments Letter. Our discussion helped me to better understand the information that is required to respond to the comments letter and to ensure that this information is included in our future filings.

We will require a little extra time in order to compile the additional information requested for our response letter, since some of our staff are currently away on summer vacation or working on our exploration properties in South America. Due to these circumstances, we please request that we be granted an extension until September 8, 2008 to submit our response. Thank you for your consideration of this extension. Please advise us by fax {(604) 870-9930} if this extension to September 8, 2008 is acceptable to you.

Thank you for your help in this matter.

Sincerely,

Larry McLean
Vice President – Operations & CFO
SAMEX Mining Corp.
